VOL 1

1863

No. 3467 of 1863.

REVENUE DEPARTMENT.

From the REVENUE COMMISSIONER,
Southern Division,

To the SECRETARY TO GOVERNMENT.

*Poona*, 16*th October* 1863.

SIR,

I have the honour to submit the following Report on the Land and Sayer Revenues of the Collectorates of the Southern Division (except North Canara) for the year 1861-62. The usual appendices numbered **I.** to **VII.** as described in the margin, illustrative of the year's settlement, are annexed.

No. **I.** Showing by whom and when the Revenue Settlement of each District was commenced and completed.
No. **II.** Contrasting the Land Revenue of the year in each Collectorate with those of the year preceding.
No. **III.** Contrasting the Tuccavee advances, &c., of the year with those of the year preceding.
No. **IV.** Showing the objects of the advances made in the year and the sums recovered, &c., on account of previous years' advances.
No. **V.** Contrasting the culturable and cultivated lands of the year with those of the year preceding.
No. **VI.** Showing the area devoted to the cultivation of the principal products in this and in the preceding year.
No. **VII.** Contrasting the Sayer and entire Revenue of the year with that of the year preceding.

## REVENUE SETTLEMENTS.

2. Appendix No. **I.** exhibits in detail the names of the Officers by whom, and the dates on which, the settlement of each district was commenced and completed. In Belgaum a paucity of Assistants, consequent on the absence on leave of Mr. Pritchard, Third Assistant Collector, and the grant of a pension to the late District Deputy, Mr. Wittulrow Narayen, during the fair season necessitated the delegating, by the Collector, to his Probationary Dufterdar, of the settlement of the two talookas of Chikodee and Gokak; and in Dharwar the changes consequent on which Mr. Gordon, First Assistant Collector, was placed in charge of the Collectorate for a protracted period, rendered necessary the settlement of part of the Dumbul talooka of this Collectorate also being entrusted to the Collector's Dufterdar.

## THE SEASON.

3. The season was on the whole very favourable in all the Collectorates of the Southern Division except Dharwar and Sattara. In the former Collectorate the unseasonableness, and in the latter the excessiveness, of the rain-fall occasioned damage to the early crops. Throughout the Southern Division there appears to have been a greater than the average fall of rain this year. Cholera was more or less

extensively pre[illegible] or, Belgaum and Dharwar Collectorates throughout the rainy season; a[illegible] in the town of Pundurpoor, belonging to the Sattara Collectorate, it raged violently during the fair held there in November; excepting in the Rutnagherry Collectorate (where also a severe, though short, visitation of cholera occurred) there was scarcely any disease prevalent amongst cattle.

## VILLAGES.

4. Compared with the year 1860-61 there is an increase of 13 in the entire number of villages brought to account in the Southern Division this year—this increase pertaining to the Sattara Collectorate exclusively, in which 13 surinjam villages belonging to the Punt Suchew of Bhore, hitherto improperly excluded from the general list of villages of that Collectorate, have this year been brought on it.

5. Taking each Collectorate separately, there is, as will be seen from the table subjoined to this paragraph, an increase 5, 76½, 1, 2, and 5 respectively in the total number of *Government* villages in the Collectorates of Poona, Ahmednuggur, Sholapoor, Belgaum and Dharwar, and an increase of 17 in the total number of *alienated* villages in the Sattara Collectorate. The increases in the number of Government villages in the Poona and Ahmednuggur Collectorates are due to the transfer of His Highness Scindia's villages to Government; and in the Collectorates of Sholapoor, Belgaum, and Dharwar, to the lapse of alienated villages. The cause of increase of 13 in the number of alienated villages in the Sattara Collectorate, has already been explained in the preceding paragraph; and the further increase of 4 is due to the restoration of 5 formerly alienated villages to their holders, counterbalanced in part by the receipt of one village, by transfer, from His Highness Scindia—

| Collectorates. | Villages. | | | | | | In 1861-62. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Number in 1861-62. | | | Number in 1860-61. | | | Increase. | | | Decrease. | | |

| Net.... | .. | .. | .. | .. | .. | .. | 85½ | .. | 13 | .. | 72½ | .. |

## HAMLETS.

6. In the total number of hamlets there is a net increase of 3 in 1861-62 as compared with the year preceding, which is attributable to the bringing to account this year, for the first time, in Sattara, of the 13 villages of the Punt Suchew of Bhore, referred to above in my 4th and 5th paragraphs, and with them four hamlets; and to this increase being in part counterbalanced by the erasure from the list of hamlets, in Belgaum, of one hamlet, erroneously brought on it with the Kagwar villages, in excess of the actual number.

7. There has also been an increase of 2 and 3 respectively in the number of *Government* hamlets in the Collectorates of Poona and Ahmednuggur respectively. In both these Collectorates the increase results from the transfer to Government of His Highness Scindia's villages, to which allusion is made in paragraph 5 above.

| Collectorates. | Hamlets. | | | | | | In 1861-62. | | | | | |

## GROSS REVENUE.

9. The Gross Land Revenue of the year, for the entire division, amounted to Rs. 1,35,45,295-11-5. In the preceding year 1860-61 it amounted to Rs. 1,34,87,093-10-2. There is thus an increase of Rs. 58,202-1-3 in favour of the year now reported on, excepting the Collectorate of Dharwar, where there has been a decrease of Rs. 28,246-6-6; all the other Collectorates of the division have contributed towards this increase.

## ALIENATIONS.

10. The total alienated revenues of the year 1861-62 amounted in the several Collectorates of the division to Rs. 35,25,604-1-3, or Rs. 4,48,703-2-9 less than in the preceding year. There has been a decrease in every Collectorate of the division, except Rutnagherry, in which there is an increase of trifling amount. The causes of decrease and increase in each Collectorate are explainable as follows: —

11. There is a decrease of Rs. 28,671-10-2 in the Poona Collectorate, which is due mainly to the levy of Chouthaee and Nuzzerana under the Summary Settlement, as well as to the transfer of villages by his Highness Scindia to the British Government.

12. In the Ahmednuggur Collectorate there is a decrease amounting to Rs. 1,64,879-1-2, which is caused principally by the transfer of His Highness Scindia's villages to Government, and the levy of quit-rent, &c., on Villages, Umuls, and Inams according to the terms of the Summary Settlement.

13. In the Sholapoor Collectorate the decrease amounts to Rs. 23,476-5-3, and is owing mainly to the operation of the Summary Settlement and the lapse of an alienated village to Government.

14. There is an increase of Rs. 22-1-5 in the alienated revenues of the Rutnagherry Collectorate. This is due to the Collector having brought on his books, this year, certain cash allowances in the Salsee Mahal, in pursuance of the Government order No. 3942, dated 28th August 1857; and to the expiration of the rent free term of certain Cowls or Leases granted for the improvement of waste lands in alienated villages.

15. The Belgaum Collectorate shows a decrease of Rs. 83,488-12-5 which is caused chiefly by the levy of Chouthaee, &c., under the Summary Settlement, and by the introduction of Major Wingate's scale for the remuneration of village officers, and the Government order for the levy of half assessment on the balanee of the village officers' emoluments after providing the remuneration of officiators; as also by the resumption and lapse of Inam villages and lands in conformity with existing orders and decisions by the Inam Commission.

16. In the Dharwar Collectorate there is a decrease of Rs. 55,761-13-2, arising chiefly from levies made under the Summary Settlement, from the resumption

and lapse of alienated villages and lands and Shetsundee holdings, and from the substitution of the Survey for the old Rukhum rates in the valuation of certain Inam villages and lands in the Nurgoond Mahal.

17. There is a decrease amounting to Rs. 92,447-10-0 in the Sattara Collectorate, which is occasioned by the imposition of Chouthaee, &c., on Inams under the operation of the Summary Settlement, and by the resumption of excess in, and reduction of assessment on, alienated lands by the Survey Department.

## GOVERNMENT REVENUE.

18. The total Government Revenue of the year 1861-62 amounted in the several Collectorates of the division to Rs. 1,00,19,691-10-2. In the year preceding it amounted to Rs. 95,12,786-6-2, thus giving an increase of Rs. 5,06,905-4-0 in favour of the year now reported on. There has been an increase under this head in every Collectorate of the division.

19. In the Poona Collectorate the increase amounts to Rs. 36,159-9-4, and is caused mainly by the operation of the Summary Settlement, by the transfer of His Highness Scindia's villages to Government, by the realization of a larger sum this year than last from the sale of occupancies of Government land, and by the extension of cultivation.

20. The increase in the Ahmednuggur Collectorate amounts to Rupees 1,81,297-10-11, and is principally due to the transfer of villages by His Highness Scindia to the British Government, to the operation of the Summary Settlement, to the extension of cultivation, and to the levy of quit rent from villages granted under Sunnuds from His Highness Scindia, in accordance with Government order No. 755, dated 25th February 1862.

21. There is in the Sholapoor Collectorate an increase of Rs. 36,688-11-7, which is chiefly owing to the application to Inam holdings of the Summary Settlement, to the extension of cultivation, to the levy of half Joodee on Inams of useless village servants, and to increased revenue derived from the sale of farms of Kooruns, &c.

22. In the Rutnagherry Collectorate there is an increase to the extent of Rs. 32,739-15-3, which is caused almost entirely by the market price of grain being higher in this than in the preceding year, owing to which the commutation rates for the portion of the Government revenue receivable in kind were higher, and yielded a larger amount of revenue than in the year 1860-61.

23. The increase in the Belgaum Collectorate amounts to Rs. 87,634-14-6, and is ascribable mainly to the operation of the Summary Settlement, to the bringing to account, under orders from this office, of certain items of revenue, such as Fines on Wuttundars, &c., to the lapse, &c., of Inam villages and lands, to enhanced realizations from the sale of grazing and other farms, and to the extension of cultivation.

24. In the Dharwar Collectorate the increase amounts to Rs. 27,515-6-8, and is due principally to the levy of Chouthaee and Nuzzerana under the Summary Settlement, to the resumption and lapse of Inam villages and lands under decisions of the Inam Commission, and to larger realizations from the sale of grazing and other farms.

25. The increase in the Sattara Collectorate inclusive of Mahableshwur amounts to Rs. 1,04,868-14-9, and is caused chiefly by the operation of the Summary Settlement, and the imposition of half assessment on the service Inams of village officers and minor village servants.

## REMISSIONS.

26. The entire remissions of the year 1861-62 amounted in the several Collectorates of the division to Rs. 34,928-15-0, being Rs. 994-1-8 in excess of the total sum remitted in the year preceding. In the Collectorates of Poona, Rutnagherry and Belgaum the remissions were less this year than in the preceding year; but in each of the other Collectorates they exceeded the remissions of the year 1860-61.

27. In the Ahmednuggur Collectorate Rs. 3,488-5-7 more were remitted this year than in 1860-61. Of the entire sum (Rs. 3,995-4-2) remitted by the Collector, however, Rs. 3,865-2-2 were remitted in the villages transferred by His Highness Scindia, in which the Survey rates are not in force, and only Rs. 130-2-0 were remitted in villages under the Survey rates, which were given after buying in at the sales the occupancy of the ryots who did not pay their assessment.

28. The remissions granted this year in the Sholapoor Collectorate were in excess of those of 1860-61 by Rs. 33-11-5, the cause of which is that there were a few more desertions this year than in the preceding season. The remissions granted this year in Dharwar, in which Collectorate none were granted in the year 1860-61, were given in a single village of the Hooblee Talooka into which revised rates of assessment were this year introduced by the Survey Department, and in accordance with the usual practice of remitting, the first year of the Survey, the difference between the former and the revised rates of assessment.

29. In the Sattara Collectorate the aggregate of the remissions granted in 1861-62 exceeds that of the year 1860-61 by Rs. 12,505-0-7, which is entirely due to the remissions made by the Superintendent of Survey this year, at the time of introducing the revised rates into the Districts of Sattara, Jowlee, and Targaum, being larger in amount than the remissions made by him on like occasions in the year preceding.

30. The following table exhibits the various causes for which remissions were granted in the usual detailed manner required by Government. The Collectors report that measures were in every case adopted to ensure the relief granted reaching the ryots for whom it was intended :—

| Collectorate. | For failure of Crops. | Lands left unsown in unsurveyed Villages. | On account of Gair Dakla lands remitted pending adjudications of title. | Remitted in terms of agreement entered into with the holders. | Poverty, Deaths, and Desertions. | Remitted at the time of Survey on account of excess of old rates over new Survey assessment. | Lands taken for Railway, Forest Reserves, and other public purposes. | Amount of Chouthaee and Nuzzerana erroneously highly assessed and written off. | Lands sold for the recovery of assessment having been bought in by Government, and the amount due written off. | Other causes. | Total. |

## COLLECTIONS AND CURRENT YEAR'S BALANCES.

31. Of the sum of Rs. 99,84,762-11-2 set down as the aggregate realizable revenue of the several Collectorates for the year 1861-62, the sum actually realized by the end of July 1862 amounted to Rs. 99,60,841-15-8, leaving as an outstanding balance on account of the current year on 1st August 1862 the sum of Rs. 23,920-11-6. No balances remained for collection in the Collectorates of Dharwar and Sattara at the end of the year 1861-62. In the Poona Collectorate, of the sum of Rs. 3,297-7-3, all, but the trifling sum of Rs. 6-9-0, was recovered before the transmission of the Collector's report in February 1863. The balance of Rs. 5,498-7-7 in Ahmednuggur was also in like manner reduced by subsequent realizations to Rs. 2,028-8-3, somewhat more than three-fourths of which sum remain uncollected on account of certain Inamdars, who have accepted the Summary Settlement, objecting to the amount at which their liabilities have been assessed. In Sholapoor the balance, amounting to Rs. 503-0-10, has all since been recovered. In Rutnagherry, of the balance of Rs. 4,295-2-5, Rs. 3,929-1-6 were collected before the date of the Collector's report, when the sum actually outstanding was Rs. 366-0-11 which also was then in course of recovery. And in Belgaum, of the balance amounting to Rs. 10,326-9-5, there have been since collected Rs. 9,252-3-8, leaving Rs. 1,074-5-9 only outstanding, and for recovery, at the date of the Collector's report.

## FORMER YEARS' BALANCES.

32. These amounted at the beginning of the year 1861-62 to Rs. 11,178-10-3; but the realizations made and sums written off (as shown in the margin) during the year, reduced this sum to Rs. 2,834-15-11 at the close of it. There are no balances for former years outstanding in the Collectorates of Ahmednuggur, Sholapoor, Rutnagherry and Dharwar.

| | *Collected.* | *Written off.* | *Total.* |
|---|---|---|---|
| In Poona .... Rs. | 15 1 0 | 35 6 7 | 50 7 7 |
| Sholapoor... „ | 24 14 11 | .... | 24 14 11 |

| | Total.. | 23,920 11 6 | 2,834 15 11 | 26,755 11 5 |

## TUCCAVEE ADVANCES AND BALANCES.

34. No Tuccavee advances were made in the year 1861-62 in any of the Collectorates of the division. Appendices Nos. **III.** and **IV.** show the recoveries made, and balances outstanding on account of the advances given in previous years. Of the sum of Rs. 4,350-2-6 which remained as an outstanding balance for recovery at the beginning of the year, all but Rs. 460-8-0 were collected by the end of it, and this sum also will be recovered as the instalments fall due; the balance, as

will be seen from the subjoined table, pertaining to the Collectorates of Poona, Ahmednuggur and Sattara only :—

| Collectorates. | Current year's Balances. | Former years' Balances. | Total. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona | .... | 115 0 0 | 115 0 0 |
| Ahmednuggur | .... | 55 0 0 | 55 0 0 |
| Sholapoor | .... | .... | .... |
| Rutnagherry | ... | .... | .... |
| Belgaum | .... | .... | .... |
| Dharwar | .... | .... | .... |
| Sattara | .... | 290 8 0 | 290 8 0 |
| Total..... | .... | 460 8 0 | 460 8 0 |

## CULTIVATION.

35. Appendices Nos. **V.** and **VI.** show the former the entire culturable and cultivated area in the several Collectorates in contrast for the years 1861-62 and 1860-61, and the latter, the area devoted in each of those years to the cultivation of the principal products. The subjoined abstract statement, compiled from Appendix No. **V.**, shows the area under cultivation in each Collectorate in the years 1861-62 and 1860-61,—that left waste in the former of these years,—and the percentage proportion which the waste bears to the culturable area in each Collectorate. For Rutnagherry, as in past years, the information is based on estimate merely—

| Collectorates. | Cultivated in | | In 1861-62. | | Left Waste in 1861-62. | Percentage of Waste on Culturable lands. |
|---|---|---|---|---|---|---|
| | 1861-62. | 1860-61. | Increase. | Decrease. | | |

## SAYER REVENUE, FINANCIAL RESULTS.

36. Appendix No. **VII.** contrasts the Sayer Revenues of the year 1861-62 with those of the year preceding in the several Collectorates of the division, and the following table is an abstract of it. The fluctuations which appear in each Collectorate will be found explained in the succeeding paragraphs.

| Collectorates. | Gross Revenue. | | Alienations. | | Government Revenue. | | Remissions. | |
|---|---|---|---|---|---|---|---|---|
| | 1861-62. | 1860-61. | 1861-62. | 1860-61. | 1861-62. | 1860-61. | 1861-62. | 1860-61. |

## GROSS REVENUE.

37. The gross Sayer Revenue of the year 1861-62 in the several Collectorates of the division amounts to Rs. 28,91,238-0-5. In the year preceding it amounted to Rs. 30,21,744-8-10, showing a decrease in the year under notice of Rs. 1,30,506-8-5.

## ALIENATIONS.

38. The alienated Sayer Revenues amount for the year 1861-62 to the aggregate sum of Rs. 21,380-13-0, or Rs. 2,263-4-9 less than in the year preceding, in which they amounted to Rs. 23,644-1-9. There are no alienations of Sayer Revenue in the Collectorates of Ahmednuggur and Dharwar.

39. In the Poona Collectorate there is, under this head, only the insignificant sum of Rupee 1 and annas 7 for the year 1861-62. The decrease of Rs. 10, as compared with the alienations of 1860-61, is due to "Nuzzur Bhet," received by certain alienees from village Patels, having been this year excluded from the Collector's accounts, agreeably to instructions issued by me.

40. There is an increase of Rs. 152-5-10 in the alienated Sayer Revenues of the Sholapoor Collectorate in 1861-62 as compared with the year preceding, which is due to larger receipts by Zumeendars from liquor farmers, and to increased realizations from saltpetre farms in alienated villages.

41. In the Rutnagherry Collectorate there has been neither increase nor decrease; the Sayer alienations continuing to be represented by the sum of Rs. 38-15-7, as in the past and preceding years.

42. In the Belgaum Collectorate the alienations have decreased by a sum of Rs. 30-9-4, owing to the omission this year of the amount of cess which was hitherto brought on the accounts as due to the Gudkurees of Parghur by carpenters and other village artisans, but which in reality was never collected since the introduction of the British rule.

43. In Sattara the alienations show a decrease of Rs. 2,375-1-3, which is mainly due to certain items of Land Revenue, hitherto erroneously brought to account as Sayer Revenue, having this year been carried to their proper head.

## GOVERNMENT REVENUE.

44. The Government Sayer Revenue of the several Collectorates amounts in 1861-62 to Rs. 28,69,857-3-5. In the year preceding it amounted to Rs. 29,98,100-7-1, there being thus a decrease in the year under notice of Rs. 1,28,243-3-8 under this head. There is an increase in the Collectorates of Sholapoor, Dharwar and Sattara; but this is more than counterbalanced by the decrease in the other Collectorates.

45. In Poona there is a decrease of Rs. 1,27,107-11-1, which is principally caused by diminished adjustments in items coming under the head of Profit and Loss by less realizations from the Income tax and from tolls and ferries, and by smaller receipts from the sale of stamps and licenses for the sale of opium.

46. In Ahmednuggur the decrease amounts to Rs. 9,246-10-10, and is due mainly to the smaller sale of stamps this year as compared with the preceding year,

as also in a minor degree to a deficiency in the amount realized as tolls on roads this year.

47. The increase in the Sholapoor Collectorate amounts to Rs. 4,537-6-5, and is chiefly owing to the sum collected this year on account of the Income tax having exceeded that collected in the year preceding.

48. There is a decrease of Rs. 28,565-12-3 in the Rutnagherry Collectorate, which is caused principally by less realizations this year from the sale of stamps and on account of the Income tax.

49. In Belgaum the decrease amounts to Rs. 4,518-15-1, which is also due to a decrease in the value of stamps sold and in the sum collected as Income tax.

50. The Dharwar Collectorate shows an increase of Rs. 10,833-12-11, which is almost entirely due to a larger sum having been collected this year than in the preceding year on account of Income tax.

51. The increase in the Sattara Collectorate amounts to Rs. 25,824-10-3, and is caused chiefly by larger realizations from the Income tax, from judicial receipts, and from the sale of stamps.

## REMISSIONS.

52. The only remissions granted during the year were in the Sattara Collectorate, where they amounted to Rs. 842-0-11, which is less by Rs. 182-2-6 than the sum remitted in this Collectorate in the preceding year. The remissions given were nearly all on account of certain trade and property and other objectionable taxes to persons who had been assessed instead to the Income tax, or as members of municipal townships.

## COLLECTIONS AND BALANCES OF CURRENT YEAR.

53. Of the sum of Rs. 28,69,015-2-6 set down for collection as the revenue of the year there was collected by the end of July 1862, the sum of Rs. 28,63,372-6-10, leaving as an outstanding balance on the 1st of August 1862, Rs. 5,642-11-8, which is less by Rs. 31,670-1-3 than the sum which remained outstanding on the corresponding date in 1861. This balance, which pertains to all except the Dharwar Collectorate, was by subsequent realizations reduced to Rs. 644-1-0; this sum belonging entirely to the Ahmednuggur Collectorate, and being recoverable.

## FORMER YEARS' BALANCES.

54. Excepting in the Poona Collectorate, where there was on the 1st August 1862 a balance of Rs. 1,436-0-0 outstanding on account of former years, there were no balances remaining for recovery in any other of the Collectorates of the division. This balance in Poona is, as stated in paragraph 52 of my Report for 1860-61, due by the opium contractor of the city of Poona, and its recovery seems doubtful, owing to the security of the contractor having absconded.

## ENTIRE REVENUES.

55. The following is an abstract statement of the entire Land and Sayer Revenues of the several Collectorates in 1861-62 as contrasted with those of the year preceding. The fluctuations have already been explained under their appropriate headings in the preceding paragraphs, and they do not, therefore, require further notice in this place. It may be noted, however, that the results are generally satisfactory :—

| Collectorates. | Gross Revenue. | | Alienations. | | Government Revenue. | | Remissions. | |
|---|---|---|---|---|---|---|---|---|
| | 1861-62. | 1860-61. | 1861-62. | 1860-61. | 1861-62. | 1860-61. | 1861-62. | 1860-61. |

## CHARGES OF COLLECTION.

56. The table subjoined to this paragraph shows what the charges of collection amounted to in each Collectorate, and in the aggregate for the division, in each of the years 1861-62 and 1860-61. There is a decrease of Rs. 1,13,047-14-0 in the total charges of 1861-62 as compared with those of the year 1860-61, the percentage cost also being less by Rs. 0-14-1. There is, however, an increase in the charges pertaining to the Collectorates of Poona, Sholapoor, Rutnagherry and Sattara caused chiefly by the disbursement of larger sums this year, especially in Poona and Sholapoor, in payment of their allowances to hereditary District and Village Officers, and on account of village expenses; an increase, however, that is more than counterbalanced by the smaller charges incurred during the same period in the Collectorates of Ahmednuggur, Belgaum and Dharwar Collectorates—

## CONCLUSION.

57. In concluding this report I would respectfully beg the attention of His Excellency the Governor in Council to the generally satisfactory results which it exhibits, and which I consider creditable to the several officers concerned in the year's Revenue Administration.

I have the honour to be,

Sir,

Your most obedient Servant,

W. HART,

Revenue Commissioner, Southern Division.

# APPENDIX No. I.

W. HART,
Revenue Commissioner, S. D.

No. 1494 of 1866.

Revenue Department.

From the ACTING REVENUE COMMISSIONER, S. D.,

To the CHIEF SECRETARY to GOVERNMENT.

*Camp, Mahableshwur, 28th April* 866.

Sir,—I have the honour to report on the Land and Sayer Revenues of the Collectorates of the Southern Division for the year 1864-65, and to forward the appendices, as per margin, illustrative of the year's settlements. Appendices Nos. IV. and V., relating to Tuccavee, are not forwarded, as they are blank.

No. I.—Showing by whom, and when, the Revenue Settlement of each District was commenced and completed.
No. II.—Contrasting the Land Revenues of the year with those of the year preceding.
Nos. V. and VI.—Relating to Cultivation.
No. VII.—Contrasting the Sayer and Entire Revenues of the year with those of the year preceding.

*Revenue Settlement.*

2. Appendix No. I. shows by whom, and when, the revenue settlement of each district was commenced and completed. There is nothing in it calling for remark.

*The Season.*

3. In the Kulladghee and Canara Collectorates the season was, on the whole, favourable, and the outturn of the crops was generally good. In the Rutnagherry Collectorate the fall of rain was abundant but unseasonable, owing to which the harvest was not a good one. In the rest of the collectorates of the Southern Division the monsoon commenced favourably, but the almost total absence of rain in September and October proved detrimental to both the khurreef and rubbee crops. In Ahmednuggur, however, the yield amounted to about average, except in the Seroor Talooka, but in the Poona, Sattara, Belgaum, and Dharwar Collectorates it was much below average, and in some talookas of these collectorates there was a rather extensive failure of the grain crops.

4. The health of the public was good except in the above ghaut talookas of the Canara Collectorate, and in parts of the Belgaum and Dharwar Collectorates bordering on Canara, where fever of a bad type prevailed to a considerable extent. There were some cases of cholera in every collectorate, but the disease did not assume any very alarming aspect.

5. Except in the Rutnagherry Collectorate, where the mortality was not great, the cattle were, generally speaking, free from disease.

*Villages.*

6. Compared with the preceding year, there is a decrease of one in the total number of villages registered for the year 1864-65 in the several collectorates of the Southern Division. This is owing to a peth (Begumpoor) of the village of Godeshwur, in the Sholapoor Talooka, which was formerly registered as a separate village, having been this year struck off the list of villages, there being no lands attached to the peth in question.

7. The large increase of 570 government and 52 alienated villages in the Poona Collectorate is due to the addition to it of the Sholapoor Sub-Collectorate. The Kulladghee Collectorate having been newly formed, no comparison as regards it and the late Sholapoor Collectorate is practicable. The decrease of 437½ government and 116½ alienated villages in the Belgaum Collectorate is due to the transfer of the talookas of Bagulkote, Badamee, and Hoongoond to the new Kulladghee Collectorate. The Belgaum Collectorate at the same time received one alienated village from the Dharwar Collectorate, which accounts for the decrease in the latter collectorate. The decrease of 110 government and of 14 alienated villages in the Sattara Collectorate is caused by the transfer of the Punderpoor Talooka to the Sholapoor Sub-Collectorate.

*Hamlets.*

8. There is an increase of nine in the total number of hamlets for the Southern Division in the year 1864-65 as compared with the year preceding. Seven of these pertain to the Ahmednuggur Collectorate and two to the Poona Collectorate, to which there has been a further large addition of 134 hamlets by the formation of the

Sholapoor Sub-Collectorate. The increase in Kulladghee and decrease in the late Sholapoor Collectorate need no explanation. The decrease in Belgaum is caused by the transfer of the talookas of Bagulkote, Badamee, and Hoongoond to the new Kulladghee Collectorate, and that in Sattara to the transfer of the Punderpoor Talooka to the new sub-collectorate of Sholapoor.

*Land Revenue, Financial Results.*

9. The subjoined table, which is an abstract of Appendix No. II., exhibits the financial results of the year's settlements in contrast with those of the year preceding in the several collectorates of the Southern Division. On the 1st December 1864 the new collectorate of Kulladghee and sub-collectorate of Sholapoor were formed, but, in order to avoid confusion, the Collectors of Poona, Kulladghee, Belgaum, and Sattara, all of whose districts were affected by the arrangement, were instructed to frame their Revenue Reports for the year 1864-65 so as to show the revenues, &c., of their respective collectorates for the *entire* year according to the distribution of villages and talookas made on the 1st December 1864. Accordingly the revenues, &c , of each of these collectorates shown throughout this Report are, like those of the other collectorates of the Division, for the year commencing on the 1st August 1864 and ending on the 31st July 1865 :—

| Collectorates. | Gross Revenue. | | Alienations. | | Government Revenue. | | Remissions. | |

*Gross Revenue.*

10. The gross land revenue of the Southern Division amounted in the year 1864-65 to Rs. 1,56,78,814-11-9, being in excess of that of the year preceding by Rs. 1,18,450-14-10. There has been an increase in the collectorates of Poona, Ahmednuggur, Rutnagherry, Dharwar, and Canara, and a decrease in the collectorates of Belgaum and Sattara. The causes of increase and decrease will be found fully explained in the succeeding paragraphs.

*Alienations.*

11. The total alienated revenues of the year 1864-65 show a decrease, as compared with the year preceding, amounting to Rupees 1,82,909-4-10. In 1864-65 they amounted to Rs. 32,39,780-12-5, and in 1863-64 to Rs. 34,22,690-1-3. The causes of increase and decrease in each collectorate are thus explained.

12. *Poona*—Increase Rs. 10,856-13-3, due mainly to the addition to it of the sub-collectorate of Sholapoor, and also to the restoration of certain inam villages and lands to their former holders.

13. *Ahmednuggur*—Decrease Rs. 21,921-2-8, caused principally by the resumption of half the village of Wamboree, in the Rahooree Talooka, which was a life-holding, on the demise of one of the joint holders, by the settlement of the claims of the district hereditary officers, and by the introduction of the survey settlement into certain alienated villages, &c.

14. *Kulladghee*—This being a newly formed collectorate, its revenues do not admit of comparison this year with those of the preceding year, 1863-64, and therefore no comparison is attempted beyond what is necessary for ascertaining the general results for the entire Southern Division.

15. *Rutnagherry*—Increase Rs. 847-8-11, owing to "Dusteebad Inams," or holdings not hitherto brought to account, having been subjected to the summary settlement, under which one-eighth of the revenues of such Inams are now shown in the accounts as Government revenue, and seven-eighths as alienated revenues.

16. *Belgaum*—Decrease Rs. 2,67,623-10-1, due principally to the transfer of the talookas of Bagulkote, Badamee, and Hoongoond to the new Kulladghee Collectorate, to the settlement of the wuttun claims of the hereditary district officers, and to the revenues of certain alienated villages and lands having been valued according to the new survey rates for the purposes of the summary settlement.

17. *Dharwar*—Decrease Rs. 26,428-10-3, caused mainly by the levy of Chowthaee and Nuzzerana under the summary settlement of inams, by the assessment of six annas in the rupee on the wuttuns of district hereditary officers and levy of half joodee on the wuttuns of patells and coolcurnees, and by the substitution of "actual existing assessment" for "kumal" rates in computing the value of certain inam lands.

18. *Sattara*—Decrease Rs. 13,863-13-4, due chiefly to the transfer of the Punderpoor Talooka to the Sholapoor Sub-Collectorate, to the imposition of joodee on the wuttuns of hereditary district and village officers and on the inams of

useless village servants, and to the levy of assessment on excesses found in inam lands, &c., by the Survey Department.

19. *Canara*—Decrease Rs. 357-12-0, owing entirely to lands held by shetsundees having been assessed, consequent on the resignation, &c., of the shetsundees.

*Government Revenue.*

20. In the Government revenue of the year reported on there is a net increase amounting to Rs. 3,01,360-3-8 as compared with the preceding year, 1863-64, the causes of increase and decrease in each collectorate except Kulladghee being thus explained.

| | | | |
|---|---|---|---|
| In 1864-65..... Rs. | 1,24,39,033 | 15 | 4 |
| In 1863-64..... Rs. | 1,21,37,673 | 11 | 8 |
| Increase in 1864-65.. Rs. | 3,01,360 | 3 | 8 |

21. *Poona*—Increase Rs. 7,67,720-0-9, due chiefly to the addition to it of the Sholapoor Sub-Collectorate, and also in a slight degree to increased cultivation, and to enhanced realisations from farms of garden and other lands.

22. *Ahmednuggur*—Increase Rs. 36,107-10-9, caused principally by the settlement of the claims of the hereditary district officers, by increased cultivation, by the sale of the right of occupancy of waste lands, by the redemption of the annual payments under the summary settlement which fall below one rupee, and by an increase in the sale proceeds of pasture lands, saltpetre farms, &c., disposed of by auction.

23. *Rutnagherry*—Increase Rs. 47,672-0-7, owing mainly to the commutation rates for the Government grain revenue being higher than in the year 1863-64, and to the application of the summary settlement (Act VII. of 1863) to Itlack Inam allowances, which are in future to be paid in cash from the public treasury.

24. *Belgaum*—Decrease Rs. 4,14,794-6-6, due principally to the transfer to the new Kulladghee Collectorate of the talookas of Bagulkote, Badamee, and Hoongoond, to there being no recoveries this year similar to that made last year from the Chief of Sanglee on account of overpayments for compensation for loss of transit duties, and to the joodee levied from the district hereditary officers under the wuttun settlement, which was last year credited to "Revenues under attachment," having been adjusted this year under its proper head.

25. *Dharwar*—Increase Rs. 31,383-5-7, caused chiefly by an increase in the amount realised by the sale of grazing-farms, building-sites, and decayed trees, by the levy of joodee at six annas in the rupee on the wuttuns of district hereditary officers, by increased collections on account of alienated lands under attachment, and by increased cultivation.

26. *Sattara*—Decrease Rs. 1,33,763-3-0, owing principally to the transfer of the Punderpoor Talooka to the Sholapoor Sub-Collectorate.

27. *Canara*—Increase Rs. 1,23,080-12-7, due mainly to an increase in the forest revenue of the year, to an increase of assessment obtained on wurgdaree estates, according to the terms of the original leases, and to larger receipts from the sale of waste lands.

*Remissions.*

28. The total remissions granted in the year 1864-65 amounted in the several collectorates of the Southern Division, including Kulladghee, to Rs. 1,47,315-9-4, being less than the remissions given in the year preceding by Rs. 30,944-6-0, excepting the collectorate of Rutnagherry, where the year's remissions amounted to Rs. 19-8-7 more than in the year 1863-64 : the amounts remitted this year in the other collectorates were less than those remitted in the preceding year.

29. The following table shows why the remissions were granted in each collectorate ; as regards those given in the Canara Collectorate, which are of an exceptional nature, I beg to refer to para. 30 of the Revenue Report of the Southern Division for the year 1863-64 :—

सत्यमेव जयते

[*Table*

| Collectorates. | Remitted at the time of survey on account of excess of old rates over new survey assessment. | Lands sold for the recovery of assessment having been bought in by Government, and the amount due written off. | Lands taken for railway forest reserves and other public purposes. | Remitted in fulfilment of the terms of agreement entered into with the holders. | On account of Gair Dakla lands remitted pending adjudication of titles. | For failure of crops in villages where there was deficiency of rain. | Amount of nominal remissions. | Assessment of land occupied by salt-pans out of use. | Amount of assessment remitted at discretion in consideration of the produce of crops. | Difference between the full assessment of certain lands and the amount at which they have been let, to be made up by instalments. | On account of seignorage fees on timber granted on permits free of charge. | Other causes. | Total. |

*Collections and Current Year's Balances.*

30. Of the total realizable revenue of the year 1864-65, which amounted to Rs. 1,22,91,718-6-0, or Rs. 3,32,404-9-8 more than in the preceding year, there was collected by the end of July 1865 Rs. 1,22,57,734-0-6, leaving as balance on the 1st August 1865 the sum of Rs. 33,984-5-6, being less than the balance which remained outstanding on the same date in the preceding year by Rs. 21,672-12-3. No portion of this balance pertains to the Dharwar Collectorate, in which the entire year's revenue was collected before the close of the year.

31. Subsequent collections made up to the date of the Collectors' reports reduced the balance of Rs. 33,984-5-6 above mentioned to Rs. 8,656-5-9, as shown in the margin. In the Belgaum Collectorate the entire balance was subsequently recovered, and the whole of the balances remaining in the collectorates of Poona, Ahmednuggur, and Kulladghee are stated to be recoverable, and to be in course of collection. Of the balance in the Rutnagherry Collectorate Rs. 137-9-1 being irrecoverable, sanction to write this sum off the Collector'saccounts was given by this office under date the 10th August 1865, and it has no doubt been since adjusted. Of the remainder (Rs. 1,761-15-9) the Collector states that Rs. 693-13-8 are recoverable, and Rs. 1,068-2-1 are "doubtful and disputed," but that measures are in progress for the recovery of the entire amount. Of the balance in the Sattara Collectorate (Rs. 2,108-15-6), all of which is recoverable, and in course of recovery, Rs. 68-11-11 is due by certain house proprietors in Mahableshwur, and the remainder (Rs. 2,040-3-7) is due by the farmer of the grazing-tax in alienated villages (since abolished), which, under a misunderstanding, was allowed to remain uncollected until after the close of the year. Of the sum of Rs. 1,992-12-8 remaining outstanding in the Canara Collectorate Rs. 316-1-6 are irrecoverable, and sanction has been accorded by me to the sum being written off the Collector's accounts; the remainder (Rs. 1,676-11-2) is stated to be recoverable, and to be in course of collection.

| Collectorates. | Balance on 1st August. | | | Since collected. | | | Balance at date of Collectors' Reports. | | |
|---|---|---|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |

| Canara | 5,316 | 11 | 10 | 3,323 | 15 | 2 | 1,992 | 12 | 8 |
| Total .... Rs. | 33,984 | 5 | 6 | 25,327 | 15 | 9 | 8,656 | 5 | 9 |

*Former Years' Balances.*

32. The balances for former years outstanding at the beginning of the years 1864-65 amounted to Rs. 57,389-3-11. The collections made and sums written off during the year (as shown in the margin) reduced this amount

| | Collected. | | | Written off. | | | Total. | | |
|---|---|---|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |
| Poona | 33,440 | 1 | 9 | .... | | | 33,440 | 1 | 9 |

| Total .... Rs. | 54,060 | 14 | 10 | 680 | 7 | 11 | 54,741 | 6 | 9 |

to Rs. 2,647-13-2, the details of which are given in the table subjoined to the following para. There were no balances of former years outstanding in the collectorates of Ahmednuggur, Kulladghee, and Dharwar on the 31st July 1865.

33. The subjoined table shows the distribution of the entire balances for both the current and former years as they stood on the 1st of August 1865. The balance of Rs. 1,200-10-0 on account of former years, shown as "irrecoverable," for the Canara Collectorate has been separately reported on by the Collector, and I have, on his recommendation, authorized its being written off the accounts. The other balances for former years in the collectorates of Poona, Rutnagherry, Belgaum, Sattara, and Canara are stated by the Collectors to be recoverable, and to be in course of collection. The irrecoverable balances for the current year in the Rutnagherry and Canara Collectorates have already been disposed of, as shown in the 31st paragraph of this report.

| COLLECTORATES. | | Current year's balances. | Former years' balances. | Total. |
|---|---|---|---|---|

*Tuccavee Advances and Balances.*

34. No Tuccavee advances were made during the year reported on in any of the collectorates of the Southern Division ; and as there are also no balances outstanding in them on account of advances made in former years the usual appendices, Nos. III. and IV., are blank, and are therefore not submitted.

*Cultivation.*

35. The usual appendices, Nos. V. and VI. herewith sent, supply information as regards the culturable and cultivated area, and the chief crops grown, in each of the collectorates of the Southern Division except Canara during the year under report, and the subjoined table is an abstract of the former of these appendices. As Government are aware, the information for the Rutnagherry Collectorate is based on estimate merely, and the omission altogether of the Canara Collectorate is owing to the circumstances reported in paragraph 37 of the report for the Southern Division for the preceding year 1863-64.

| COLLECTORATES. | Cultivated in | | In 1864-65. | | Left waste in 1864-65. | Percentage of waste on cultivated lands. |

*Gross Sayer Revenue.*

37. The Gross Sayer Revenue of the year 1864-65 amounted to Rupees 34,28,682-13-3, which is in excess of the sum (Rupees 27,68,027-11-2) to which it amounted in the year preceding by Rupees 6,60,655-2-1. There has been an increase in all except the Belgaum Collectorate.

*Alienations.*

38. These amounted for the year 1863-64 to Rupees 3,576-8-1, but the whole of this amount has by adjustments, and the abolition of the huks of district hereditary officers during the year 1864-65, disappeared from the accounts, so that there are now no alienated Sayer Revenues in any of the collectorates of the Southern Division.

*Government Sayer Revenue.*

39. The Government Sayer Revenue of the year 1864-65 amounted to Rupees 34,28,682-13-3. In the year preceding it amounted to Rupees 27,64,451-3-1. There is therefore an increase in favour of the year reported on amounting to Rupees 6,64,231-10-2, which is accounted for as follows :—

40. *Poona*—Increase Rupees 2,44,121-15-5, due principally to the addition to it of the Sholapoor Sub-Collectorate, and to increased receipts from abkaree, opium, and stamps, and from the sale of baboolwood in reserved kooruns.

41. *Ahmednuggur*—Increase Rupees 73,775-8-9, owing chiefly to an increase in the revenue derived from stamps, to an increase under the head of "Law and Justice," and to enhanced realizations from abkaree, including drugs and opium, and other miscellaneous sources.

42. *Rutnagherry*—Increase Rs. 8,201-5-2, caused principally by a larger sale of stamps, and by a larger revenue having been derived from the sale of the abkaree farms.

43. *Belgaum*—Decrease Rs. 85,994-8-9, due entirely to the transfer of the talookas of Bagulkote, Badamee, and Hoongoond to the new Kulladghee Collectorate.

44. *Dharwar*—Increase Rs. 2,47,117-5-2, owing mainly to increased realizations under the heads of Abkaree, Stamps, Law and Justice, and Income Tax, and to the inclusion of the revenues from forests and certain miscellaneous sources under the head of Sayer.

45. *Sattara*—Increase Rs. 1,79,886-11-8, caused principally by an increased sale of stamps, by an increase in judicial receipts and from income tax, and by an increase in the revenue from abkaree.

46. *Canara*—Increase Rs. 8,699-10-8, due chiefly to a larger sale of stamps, to enhanced proceeds from the disposal of licences for the sale of intoxicating drugs, and to an increase in certain miscellaneous items of Sayer Revenue.

*Remissions.*

47. No remissions of Sayer Revenue were granted in any of the collectorates of the Southern Division during the year 1864-65.

*Collections and Balances of the current year.*

48. The realizable Sayer Revenue of the year amounted to Rs. 34,28,682-13-3 or Rs. 6,64,388-12-7 more than in 1863-64. The collections up to the end of July 1865 amounted to Rs. 34,16,288-10-10, so that there was a balance outstanding on the 1st of August 1865 amounting to Rs. 12,394-2-5, being more than the balance outstanding on the corresponding date in the preceding year by Rs. 3,261-1-2. The whole of this balance was subsequently recovered with the exception of Rs. 3,454-9-7 in the Canara Collectorate, which also was in course of recovery and adjustment.

*Former Years' Balances.*

49. These amounted on the 1st August 1865 to Rs. 3,337-1-1, and belonged in the proportion of Rs. 1,441 and Rs. 1,896-1-1 to the collectorates of Poona and Sattara respectively. A separate report, as called for by Government, will be made on the subject of these balances as soon as the necessary particulars have been obtained from the Collectors.

*Entire Revenues.*

50. The subjoined statement exhibits the entire Land and Sayer Revenues of the collectorates of the Southern Division for the year 1864-65 in contrast with the same for the year preceding, fuller details of which appear in Appendix No. VII.; the several causes of increase and decrease having already been explained in previous paragraphs of this report, nothing remains to be added in this place:—

*Charges of Collection.*

51. The subjoined statement exhibits the charges of collection in the several collectorates of the Southern Division for the year 1864-65 in contrast with those for the year preceding. There is a net decrease amounting to Rs. 24,100-2-9, or Rs. 1-2-5 per cent., in the total charges of 1864-65 as compared with those of the year 1863-64. Excluding the late Sholapoor and new Kulladghee Collectorates from the comparison, there is an increase in the Poona, Dharwar, and Canara Collectorates, and a decrease in the Ahmednuggur, Rutnagherry, Belgaum, and Sattara Collectorates. The increase in Poona is mainly due to the addition to it of the Sholapoor Sub-Collectorate, and that in Dharwar and Canara to its having been found necessary to disburse grain compensation to servants drawing up to Rs. 200 per mensem throughout the year. This has also been the case in the other collectorates of the division, but there have been counterbalancing causes, such as smaller payments to covenanted officers and to district and village hereditary servants in Ahmednuggur and Rutnagherry, and the transfer to other districts of portions of the district stipendiary establishments consequent on the formation of the new collectorate of Kulladghee and sub-collectorate of Sholapoor, in Belgaum and Sattara, to account for the decreases in these collectorates :—

No. 1622 of 1868.

To the SECRETARY to GOVERNMENT,
Revenue Department.

*Mahabuleshwur*, 18*th May* 1868.

Sir,

I have the honour to submit the following Report on the Settlement of the Land and Sayer Revenues of the Collectorates of the Southern Division for the year 1866-67, and to forward the usual Appendices, as per margin, relating to the same. As no Tuggai advances had been made during the year, Appendices Nos. III. and IV. are not submitted.

No. I.—Showing by whom, and when, the Revenue Settlement of each District was commenced and completed.
No. II.—Contrasting the Land Revenue of the year with that of the year preceding.
Nos. III. and IV.—Blank; not forwarded.
Nos. V. and VI.—Relating to Cultivation.
No. VII.—Contrasting the Sayer and Entire Revenues of the year with those of the year preceding.

*Revenue Settlements.*

2. Appendix No. I. shows by whom, and when, the Revenue Settlement of each district was commenced and completed. It will be observed that the instructions issued by Mr. Hadow, and approved by Government, have generally been attended to, and that the Revenue Settlements were for the most part completed by the 15th of March 1867. The only remarkable instance of delay occurred in the settlement of the Kheid Petta of the Sooverndroog Talooka, regarding which the following explanation has been given by Mr. Boswell, the Collector of Rutnagiree:—

*Vide* paragraph 3 of his Report for 1865-66, No. 1966, dated 18th May 1867; and paragraph 4 of Government Resolution thereon, No. 330, dated 25th January 1868.

"The Revenue Settlement of the Kheid Petta was made by the Survey Commissioner, Survey Superintendent, and my 1st Assistant, Mr. Nairne, according to the Survey rates; but the Khotes of 4 villages only accepted the Puttas (leases) granted by the Survey Department, while the Khotes of other villages did not accede to it. Consequently I was obliged to make the settlement for 1866-67 according to the former practice, and to issue the final order, in consultation with the Survey Department, on the 27th July 1867, and on this account the 27th July was shown in the Revenue Report for 1866-67 as the date of the commencement and completion of the settlement; but in fact there is nothing in this collectorate

analogous to the making the Jummabundy Settlement in other collectorates, and this apparent delay was quite unavoidable."

3. As regards the delay in the settlement of some of the talookas of the Canara Collectorate, Mr. Elphinston, the Collector, observes as follows:—

"The reasons for this delay are, that, after the Jummabundy of the Soopa Petta, Mr. Thelwall had to superintend the works of Local Funds which were in progress in the above Ghaut talookas; and the Jummabundy of the Karwar Talooka by Mr. Ingle, and of the Sirey Talooka by Mr. Jardine, could not be commenced without first completing the inspection of the Coomree cultivated this year in the former talooka, and the measurement of the Bhetta lands in the latter talooka."

*The Season.*

4. The Season was, on the whole, favourable in the collectorates of Kulladghee, Rutnagiree, Belgaum, Dharwar, and Canara. In the Ahmednuggur Collectorate, owing to a general insufficiency of rain, the crops were below the average, and had even partially failed in some places. In Sattara and Poona, excepting in the talookas bordering on the Ghauts, there was a continued drought, which resulted in a rather extensive failure of the crops; especially in the Malseerus Talooka of the former, and the Bheemthuree and Indapoor Talookas of the latter collectorate, so that public works had to be undertaken in order to alleviate the sufferings of the labouring poor. In the two last-named talookas, where the distress was aggravated by a series of unpropitious seasons, it was also found necessary for the relief of the cultivators to remit a portion of the year's revenue, as well as to allow of some of it to remain uncollected until after the close of the year.

5. Generally speaking, the public health was good in all the collectorates of the Division; and but few cattle died from disease.

*Villages.*

6. Compared with 1865-66, the total number of villages in the Southern Division shows an increase of $7\frac{1}{2}$* for the year under report. This increase is due to the transfer of $7\frac{1}{2}$ villages from the Tanna to the Rutnagiree Collectorate, under the instructions contained in Government Resolution No. 897, dated 10th March 1866.

| | |
|---|---|
| In 1865-66— | 11,702 |
| „ 1866-67— | 11,709½ |
| Increase | 7½ |

7. The table subjoined to this paragraph gives the number of villages in each collectorate. It shows that in Poona the number has increased by 23; viz, $13\frac{1}{2}$ Government and $9\frac{1}{2}$ alienated villages. This increase, as well as the decrease of 23 villages that has occurred in the Ahmednuggur Collectorate, have resulted mainly from the adjustment of the boundaries of these two collectorates sanctioned by Government Resolution No. 3418, dated the 27th September 1866. The increase of 2 Government and decrease of 2 alienated villages in the Kulladghee Collectorate are due to lapses. The increase of $7\frac{1}{2}$ villages in the Rutnagiree Collectorate has already been explained in the preceding paragraph; while the increase of 1 alienated

*Note.—Owing to the other half being Jaghire.

and decrease of 1 Government village in the Sattara Collectorate are attributable to the grant in Inam of the village of Menowlee to Madhorow Bullal Furnavees, under the authority of Government Resolution No. 3058, dated 13th October 1866, in the Political Department:—

| Net.... | .... | .. | .. | .. | .. | .. | 10 | | 7½ | | 2½ | |

*Hamlets.*

8. There is a net increase of 52 in the total number of hamlets in the Southern Division for the year 1866-67. The details of this increase are given in the subjoined table, which shows that while in the Poona Collectorate there was a net decrease of 11 hamlets, there was in the Ahmednuggur, Rutnagiree, and Belgaum Collectorates, a net increase of 43, 17, and 3 hamlets, respectively, the causes of which are thus explained: In Poona and Ahmednuggur, the decrease and increase respectively are due, partly to the transfers of villages in re-adjustment of the boundaries of those collectorates sanctioned by Government Resolution No. 3418, dated the 27th September 1866, and partly, as regards Ahmednuggur, to certain Thakoors in the Egutpoora Talooka having settled themselves in hamlets where there was previously no population. In Rutnagiree the increase of 17 hamlets is caused by their transfer from the Tanna Collectorate with the 7 villages alluded to in paragraph 6 above. And in Belgaum the increase of 3 hamlets is due to the registry this year of certain hamlets not hitherto brought to account:—

*Gross Revenue.*

10. The gross Land Revenue of the Division amounted in 1866-67 to Rs. 1,54,14,713-4-7, being more than that of the preceding year by Rs. 1,26,653-4-11. There was a decrease in the Ahmednuggur and Sattara Collectorates, amounting to Rs. 1,09,190-13-8 and Rs. 1,035-14-11, respectively; but in all the other collectorates of the Division there was an increase aggregating Rs. 2,36,880-1-6, as shown in the margin.

| | | | |
|---|---|---|---|
| Poona..... Rs. | 52,017 | 3 | 6 |
| Kulladghee.... „ | 8,471 | 3 | 3 |
| Rutnagiree.... „ | 30,294 | 7 | 11 |
| Belgaum .. .. „ | 12,279 | 0 | 9 |
| Dharwar .... „ | 8,529 | 1 | 7 |
| Canara ..... „ | 1,25,289 | 0 | 6 |
| Tottal Rs. | 2,36,880 | 1 | 6 |

*Alienations.*

11. Under this head there has been a total decrease in 1866-67 amounting to Rs. 9,672-5-6, as compared with the Alienated revenues of the Division for the year preceding. The causes which have led to this decrease are below explained.

| | | | |
|---|---|---|---|
| In 1866-67 ..Rs. | 31,67,682 | 6 | 6 |
| „ 1855-66 .. „ | 31,77,354 | 12 | 0 |
| Decrease Rs. | 9,672 | 5 | 6 |

12. *Poona.*—Increase Rs. 14,130-14-6, caused chiefly by the transfer of certain alienated villages from the Ahmednuggur Collectorate, under the orders of Government, No. 3418, dated the 27th September 1866.

13. *Ahmednuggur.*—Decrease Rs. 15,738-2-9, due mainly to the cause stated in the paragraph preceding, and also in part to certain alienated villages and lands having lapsed to Government.

14. *Kulladghee.*—Increase Rs. 4,122-10-4, owing principally to the application of the Survey rates in the valuation of certain alienated villages and lands.

15. *Rutnagiree.*—Increase Rs. 1,227-6-8, caused chiefly by the transfer of villages from the Tanna Collectorate, under the authority of Government Resolution No. 897, dated the 10th March 1866, and the valuation of certain Inam lands according to the Survey rates.

16. *Belgaum.*—Decrease Rs. 4,438-4-0, due principally to the lapse of certain Inam villages and lands, and to the levy of Joodee from the useless class of village servants, and from persons who have accepted the terminable Inam Settlement.

17. *Dharwar.*—Decrease Rs. 9,850-2-9, caused by the substitution of the Survey rates for the old "Rukum" assessment in certain alienated villages, and the lapse of Inam lands.

18. *Sattara.*—Increase Rs. 938-5-9, due principally to the levy of Joodee from the useless class of village servants, and to the value of certain Inam lands having been erroneously over assessed in the preceding year.

19. *Canara.*—Decrease Rs. 65-4-11, owing to the resignation by certain Shetsundees of their service lands.

*Government Revenue.*

20. Deducting alienations, the realisable Government revenue of the Division amounted in 1866-67 to Rs. 1,22,47,030-14-1, or Rs. 1,36,325-10-5 more than in the year preceding. There has been an increase in all the collectorates of the Division, except Ahmednuggur and Sattara.

21. *Poona.*—Increase Rs. 37,886-5-0, caused principally by the transfers of villages from the Ahmednuggur Collectorate, sanctioned by Government Resolution No. 3418, dated 27th September 1866; and by a larger revenue having been derived this year from the sale of the grazing and other farms, and from certain miscellaneous items of revenue.

22. *Ahmednuggur.*—Decrease Rs. 93,452-10-11, due chiefly to the transfer of villages to the Poona Collectorate, referred to in the preceding paragraph; to the non-levy, this year, of Chowthai, Nuzzerana, &c., in arrears, as in the past year; and to nothing having been received this year to counterbalance the payment made last year by His Highness Holkar on account of the sum due by him to the British Government in connection with the territorial exchanges effected at Nimar.

23. *Kulladghee.*—Increase Rs. 4,348-8-11, owing mainly to a larger revenue having been derived from villages placed under attachment; to the levy of Joodee on certain life and other Inam holdings; to the lapse of alienated villages and lands; and to larger realisations from the sale of grazing and other farms.

24. *Rutnagiree.*—Increase Rs. 29,067-1-3, due chiefly to the commutation rates for the Government share of the revenue, receivable in kind, having, in the aggregate, yielded more than in the preceding year; to the transfer of 7½ villages from the Tanna Collectorate, under Government order No. 897, dated 10th March 1866; to a larger revenue having been obtained, by direct management, from certain villages and lands; and to the owners of certain Dharas, &c., having resumed their management, paying the full assessment.

25. *Belgaum.*—Increase Rs. 16,717-1-1, caused principally by enhanced realisations from the sale of the grazing and other farms; by the resumption and lapse of Inam villages; by larger payments on account of Joodee under the Summary and Wutton Settlements; and by bringing to account certain items of land revenue of former years under instructions from this Office.

26. *Dharwar.*—Increase Rs. 18,379-4-4, due mainly to the bringing to account, under *Land* Revenue, of the proceeds of Government Forests, which used hitherto to be credited to *Sayer* Revenue; and to enhanced realisations from the farm of Government fruit trees, and from alienated lands under attachment.

27. *Sattara.*—Decrease Rs. 1,974-4-8, owing chiefly to the grant in Inam of the village of Menowlee to Madhorow Bullal Furnavees, and the restoration of certain Inam lands to their former holders on the terms of the Summary Settlement; to smaller receipts having been derived from the sale of the right-of-occupancy of Gutkool lands, building sites, &c.; and to the amount paid by the Jagheerdars on account of the pay of Sowars having been this year brought to account as "Tribute," instead of as "Land Revenue" as in the preceding year.

28. *Canara.*—Increase Rs. 1,25,354-5-5, due almost entirely to the large proceeds derived from sales of firewood, bamboos, &c., cut in the Government jungles, and to the introduction of the Survey assessment into certain villages of the Moondagode Petta and the Hullihal Talooka.

*Remissions.*

29. The total remissions granted in the year 1866-67 in the Division amounted to Rs. 2,32,599-0-5, being more by Rs. 84,964-11-9 than the remissions of the year preceding. The following table shows the reasons for which the remissions were granted in each collectorate :—

| Collectorates. | Remitted at the time of survey in consequence of the old rates exceeding the new Survey assessment. | Lands sold for the recovery of the Government assessment; the lands having been bought in by Government, and the amount due written off. | Lands taken for Forest Reserves, Roads, Railways, and other Public purposes. | Remitted in fulfilment of the terms of agreement entered into with the holders of certain lands. | Ditto on account of the failure of Crops, and the poverty and desertion of the Cultivators. | Ditto on account of "Gair Dakla" lands, pending adjudication of titles. | Nominal remissions. | Assessment of lands occupied by Salt-pans out of use. | Difference between the full assessment of certain lands, and the amount at which they have been leased up to a fixed date, after which the full assessment to be taken. | On account of seignorage fees on Timber granted on permits free of charge. | On account of the destruction of the houses of Ryots by fire. | Other causes. | Total. |

30. Government are already aware, from the correspondence quoted in the margin, of the circumstances which necessitated the granting of the large remissions in the Poona Collectorate on account of failure of crops; and as regards the large sum of Rs. 1,18,865-4-1, shown as "Nominal Remissions" against the Canara Collectorate, I beg leave to refer to my letter No. 1623 of this day's date, submitting an extract from the Acting Collector Mr. Elphinston's Report, which explains in detail the nature of the several items comprised in this sum.

Letter from the Revenue Commissioner, Southern Division, to Government, No. 3020, dated 26th July 1867.

Government Resolution No. 2862, dated 9th August 1867.

*Collections and Current Year's Balances.*

31. The total revenue for collection during the year amounted to Rs. 1,20,14,431-13-8, being more by Rs. 51,360-14-8 than that of 1865-66; of this sum Rs. 1,19,32,507-11-3 were collected by the end of July, leaving a balance outstanding on the 1st August 1867 of Rs. 81,924-2-5. No portion of this balance pertains to the Kulladghee and Dharwar Collectorates, in both of which the whole of the year's revenue was collected before the close of the year.

32. Subsequent to the close of the year, the sum of Rs. 16,510-13-8, as shown in the margin, was collected in the collectorates of Poona, Ahmednuggur, Rutnagiree, Belgaum, Sattara, and Canara; leaving Rs. 65,413-4-9, which sum was also in course of recovery and adjustment. The large balance in the Poona Collectorate is due chiefly to an extensive failure of the crops in the Eastern talookas of that collectorate, in consequence of which, as already explained above, it became necessary, in part, to defer the collection of the year's revenue.

| Collectorates. | Balance on 1st August 1867. | Since Collected. | Balance at date of the Collectors' Reports. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona | 71,766 13 11 | 9,448 11 4 | 62,318 2 7 |
| Ahmednuggur | 12 8 0 | 12 8 0 | .... |
| Rutnagiree | 8,077 14 5 | 5,846 3 0 | 2,231 11 5 |
| Belgaum | 165 13 0 | 6 9 0 | 159 4 0 |
| Sattara | 183 11 0 | 5 5 0 | 178 9 0 |
| Canara | 1,717 3 1 | 1,191 9 4 | 525 9 9 |
| | 81,924 2 5 | 16,510 13 8 | 65,413 4 9 |

*Former Years' Balances.*

33. These amounted at the beginning of the year 1866-67 to Rs. 23,449-2-0, but of this sum Rs. 18,645-1-8 were disposed of, as shown in the margin, during the year; so that the balance for former years, outstanding on the 1st August 1867, was Rs. 4,804-0-4, no portion of which pertains to the collectorates of Ahmednuggur, Kulladghee, and Dharwar.

| Collectorates. | Collected. | Written off. | Total. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona | 10,407 6 10 | 244 5 0 | 10,651 11 10 |
| Ahmednuggur | 650 14 2 | ..... | 650 14 2 |
| Kulladghee | 1,785 7 2 | ..... | 1,785 7 2 |
| Rutnagiree | 2,172 14 0 | 322 7 3 | 2,495 5 3 |
| Belgaum | 87 14 0 | ..... | 87 14 0 |
| Sattara | 81 8 1 | 20 14 6 | 102 6 1 |
| Canara | 2,475 12 0 | 395 11 2 | 2,871 7 2 |
| | 17,661 12 3 | 983 5 5 | 18,645 1 8 |

34. The subjoined table shows the distribution of the balances for both the current and former years in the entire Division. As explained in paragraph 32

above, the sum of Rs. 81,924-2-5, shown as outstanding for the current year, has by subsequent collections and adjustments been reduced to Rs. 65,413-4-0; and of the balance of Rs. 4,804-0-4, shown as outstanding for former years, the sum of Rs. 731-7-0 has likewise been subsequently adjusted by the Collector of Canara, thus reducing it to Rs. 4,072-9-4 :—

*Tuggai Advances and Balances.*

35. No Tuggai advances were made, nor do any balances exist, in any of the collectorates of the Division. Appendices Numbers III. and IV. are therefore not submitted.

*Cultivation.*

36. The usual Appendices Nos. V. and VI., submitted herewith, supply information as regards the culturable and cultivated area, and the chief crops grown, in the collectorates of the Division, except Canara, during the year 1866-67; and the table subjoined is an abstract of the former of these Appendices. The information for the Rutnagiree Collectorate is, as usual, based on estimate merely; and the omission altogether of the Canara Collectorate is owing to the circumstances explained in paragraph 37 of the Revenue Report for the Southern Division for the year 1863-64. These difficulties will disappear as the Survey, now in progress, extends throughout these collectorates:—

| COLLECTORATES. | CULTIVATED IN | | IN 1866-67. | | Left waste in 1866-67. | Percentage of Waste in cultivated Lands. |

*Gross Sayer Revenue.*

38. The Gross Sayer Revenue of the Division amounted in 1866-67 to Rs. 33,00,472-13-3. In the year preceding it was Rs. 30,17,264-7-9, there being thus a net increase in favour of the year under report of Rs. 2,83,208-5-6, notwithstanding that a decrease of Rs. 1,370-9-6 and of Rs. 6,581-8-11 occurred in the collectorates of Kulladghee and Sattara, respectively

*Alienations.*

39. There are no Alienated Sayer Revenues in any of the collectorates of the Division.

*Government Sayer Revenue.*

40. The net Government Sayer Revenue is therefore the same as the Gross Sayer Revenue, and the fluctuations in each collectorate are explained as follows:—

41. *Poona.*—Increase Rs. 1,29,664-10-1, due principally to the imposition of the license tax, and also in some measure to enhanced receipts from stamps, opium, and certain miscellaneous items of Sayer revenue.

42. *Ahmednuggur.*—Increase Rs. 49,595-4-1, also due chiefly to the license tax, and to larger realisations from Abkaree, opium, stamps, and miscellaneous Sayer.

43. *Kulladghee.*—Decrease Rs. 1,370-9-6, caused mainly by a falling off in the Abkaree revenue, owing, it is stated, to the Farmers not having been able to bid up, in consequence of losses resulting from previous bad seasons.

44. *Rutnagiree.*—Increase Rs. 10,445-14-8, owing principally to the levy of the license tax, and also in some measure to larger realisations from the Abkaree farms and from miscellaneous items of Sayer.

45. *Belgaum.*—Increase Rs. 19,124-9-6, mainly due to the imposition of the license tax, and to enhanced receipts from miscellaneous items.

46. *Dharwar.*—Increase Rs. 67,988-11-1, owing chiefly to the levy of the license tax, and to a larger revenue having been derived from the Abkaree farms.

47. *Sattara.*—Decrease Rs. 6,581-8-11, caused by the transfer of certain judicial receipts to the local funds, and by a falling off in the realisations from licenses for the sale of opium and poisonous drugs.

48. *Canara.*—Increase Rs. 14,341-6-6, due principally to the levy of the license tax, and to a larger revenue having been obtained from the Abkaree farms.

*Remissions.*

49. No remissions of Sayer revenue were granted in any of the collectorates of the Division in the year reported on.

*Collections and Balances of the Current Year.*

50. The realisable Sayer revenue of the year 1866-67 amounted for the Division to Rs. 33,00,472-13-3, or Rs. 2,83,208-5-6 more than that of the year preceding. Of this sum, Rs. 32,93,090-14- 7 were collected by the end of July, thus

leaving a balance outstanding on the 1st August 1867 of Rs. 7,381-14-8, the whole of which, excepting Rs. 1,285 in the Canara Collectorate, has since been recovered and adjusted.

*Former Years' Balances.*

51. These amounted on the 1st August 1867 to Rs. 3,372-1-1, and belonged to the collectorates of Poona, Sattara, and Canara, in the proportion of Rs. 1,436, Rs. 1896-1-1, and Rs. 40, respectively. Of the sum of Rs. 1,436 in Poona, Rs. 459 have since been recovered, and I am in correspondence with the Collector regarding the early disposal of the remainder. Respecting the balance of Rs. 1,896-1-1 in Sattara, the Collector reports, with reference to Government Resolution No. 2077, dated 7th June 1866, that "it has not yet been found possible to recover the amount." The balance of Rs. 40 in the Canara Collectorate, being irrecoverable, has, with my sanction, been since written off the Collector's accounts.

*Entire Revenues.*

52. The subjoined table exhibits the entire Land and Sayer Revenues of the Division for the year 1866-67, in contrast with the same for the year preceding. Fuller details are given in Appendix No. VII.; and as the several causes of increase and decrease have been already explained above, nothing remains to be added in this place :—

*Charges of Collection.*

53. The table subjoined to this paragraph shows the total charges of collection for the Southern Division in 1866-67, in contrast with the same for the year preceding. There is a net decrease of Rs. 2,669-6-10 in the total expenditure, and of Annas 4 in the total percentage cost, of the year under report. The increase apparent in the Poona, Belgaum, Dharwar, and Canara Collectorates is due to larger payments having had to be made this year than in 1865-66, on account of District and Village Hereditary Servants and Village Expenses, and also to the revision of the District Stipendiary Establishments; while the decrease in the Ahmednuggur, Kulladghee, Rutnagiree, and Sattara Collectorates is caused by smaller payments having been made to District and Village Hereditary Servants, &c., than in the preceding year; by the discontinuance of grain compensation and the payment of less batta to Stipendiary Servants; and, in Ahmednuggur only, by the salary of the Collector having remained unpaid in consequence of his absence on leave for some months in the year:—

A. F. BELLASIS,
Officiating Revenue Commissioner, S. D.

BOMBAY : PRINTED AT THE EDUCATION SOCIETY'S PRESS, BYCULLA.

No. 1534 of 1869.

Revenue Department.

To The CHIEF SECRETARY to GOVERNMENT.

*Camp, Mahableshwur, 30th April* 1869.

Sir,—

I have the honour to submit the following report on the settlement of the Land and Sayer Revenues of the Collectorates of the Southern Division for the year 1867-68, together with the usual Appendices, as per margin, relating thereto. No Tuggai advances were made in any of the Collectorates during the year; hence Appendices Nos. III. and IV., being blank, are not submitted.

No. I., showing by whom, and when, the Revenue Settlement of each district was commenced and completed.
No. II., contrasting the Land Revenue of the year with that of the year preceding.
Nos. III. and IV., blank, not forwarded.
Nos. V. and VI., relating to the extent of land under cultivation.
No. VII., contrasting the Sayer and entire Revenues of the year with those of the year preceding.

*Revenue Settlements.*

2. Appendix No. I. shows by whom, and when, the revenue settlement of each district was commenced and completed. It will be seen that the revenue settlements were, with two exceptions in the Poona Collectorate, generally completed by the middle of March. The Indapoor Talooka of Poona was settled by the Survey and Settlement Commissioner and the Superintendent Revenue Survey, and being the first year of the introduction of the revised survey rates, the delay was unavoidable. As regards the delay apparent in the settlement of the Havelee Talooka of Poona, the Collector has furnished the following explanation:—

> "The delay in the completion of the revenue settlement was caused by lands in two villages (Moondwé and Ghorpuree) having been taken by Government for the use of the Native Cavalry, and the necessary papers not having been received from the Survey Commissioner until after the general settlement had taken place. In a third village (Ambee) which is an Inam village, the summary settlement had only lately been accepted. The Mamlutdar thought, therefore, there would be no necessity for making any revenue settlement on the part of Government; but the Collector, by Order No. 510, dated 30th May, decided that, for the year under report, the settlement should be made as heretofore."

3. In the Poona and Canara Collectorates no part was taken by the Collectors in the revenue settlements of the year, but this omission will not, it is

hoped, again occur, under the stringent instructions issued from this office on the subject, consequent on the remarks in paragraph 3 of the Government Resolution No. 574, dated 9th February 1869.

*The Season.*

4. The season was generally a favourable one for agriculture throughout the Division, and the crops, with few exceptions, yielded a fair return to the cultivators. The health of the population was generally good, and no cases of cholera occurred. Cattle disease prevailed in some places, but only to a slight extent.

*Villages.*

5. As will be seen from the Table subjoined to this paragraph, there has been a decrease of 46 in the total number of villages in the Division, viz, 42 Government and 4 alienated, as compared with the year 1866-67. This is due to the transfer of 36 villages from the Ahmednuggur to the Khandeish Collectorate in re-adjustment of the boundaries of those Collectorates, and to the erasure of 10 peths (or suburbs) attached to certain forts and Government Sheree Thikans, from the register of villages in the Rutnagherry Collectorate, in consequence of the Survey Department having blended these peths with the villages to which they belonged. The internal changes apparent in the Poona and Belgaum Collectorates are due in the former to the grant in Surinjam to Nilkunt Madhorow Poorundhuray of 5 villages, under the authority of Government Resolution No. 2764, dated 29th July 1867, and in the latter Collectorate to the resumption of the alienated village of Modgé, in consequence of the death of its holder, and the inability of his heirs to accept the terms of the terminable Inam settlement offered to them :—

| Collectorates. | Villages. | | | | | | In 1867-68. | | | | | |

*Hamlets.*

6. The subjoined Table shows a decrease of 18 hamlets in the aggregate number for the Division in the year under report. In the Ahmednuggur Collectorate there is an increase of one hamlet, and in the Sattara Collectorate a decrease of 19 hamlets, and these together account for the decrease in the aggregate number. The fluctuations are due to the correction of erroneous entries in the previous years' registers, but it is hoped that, under the instructions conveyed in paragraph 5 of the Government Resolution No. 574, dated 9th February 1869, these registers will be more accurately kept in future. The increase in alienated, and decrease in Government, hamlets noticeable in the Poona Collectorate are due to the Surinjam grant referred to in the preceding paragraph :—

*Gross Revenue.*

8. The gross land revenue of the Division amounted in the year under Report to Rs. 1,53,29,214-4-6. In 1866-67 it amounted to Rs. 1,54,14,713-4-7; thus showing a decrease in 1867-68 of Rs. 85,499-0-1,—the fluctuations in each Collectorate being as shown in the margin, the causes of which are explained below :—

| | | *Increase.* | | *Decrease.* |
|---|---|---|---|---|
| Poona ..... | Rs. | 80,671 12 1 | .. | ..... |
| Ahmednuggur.. | „ | ..... | .. | 656 5 5 |
| Kulladghee.... | „ | ..... | .. | 2,627 10 9 |
| Rutnagherry .. | „ | ..... | .. | 1,69,752 4 11 |
| Belgaum..... | „ | 31,784 14 3 | .. | ..... |
| Dharwar ..... | „ | ..... | .. | 21,499 10 3 |
| Sattara..... | „ | ..... | .. | 2,894 3 2 |
| Canara..... | „ | ..... | .. | 525 7 11 |
| Total .. | Rs. | 1,12,456 10 4 | .. | 1,97,955 10 5 |

*Alienations.*

9. Under this head there is an aggregate increase amounting to Rs. 14,561-8-4, as compared with the alienated revenues of the Division for the year 1866-67. The causes of the increase and decrease in each Collectorate are thus explained.

| | | |
|---|---|---|
| In 1867-68.. | Rs. | 31,82,243 14 10 |
| In 1866-67.. | „ | 31,67,682 6 6 |
| Increase Rs.. | | 14,561 8 4 |

10. *Poona.*—Increase Rs. 10,402-10-0; due mainly to the grant of 5 villages in Surinjam to Nilcunt Madhorow Poorundhuray, and to the revenues of certain alienated villages being shown according to the Kumal assessment in the accounts.

11. *Ahmednuggur.*—Decrease Rs. 7,450-3-1; caused principally by the transfer, in exchange, of the villages of His Highness Holkar to the British Government by the lapse of certain Inam Wuttan lands in failure of claimants thereto; and by the levy of Joodee on the Inam lands of Patells and Coolcurnees in certain surveyed villages, in order to provide remuneration according to scale for the officiators.

12. *Kulladghee.*—Decrease Rs. 4-2-8. This is so trifling as to call for no remark.

13. *Rutnagherry.*—Increase Rs. 1,123-2-11; owing chiefly to the introduction of the Survey rates into the Khéd and Sytowdé Pettas, and the assessment of Inam lands having been calculated according to those rates; to certain Dewusthan Inam lands which were not brought to account having been subjected to the operation of the Summary Settlement, and entered as alienations, and to certain other Inams, hitherto entered as Government land, having, under the Summary Settlement, been restored to their holders.

14. *Belgaum.*—Increase Rs. 4,712-5-9; due mainly to the valuation of certain alienated villages according to the survey rates; and to the entry in the accounts this year of the value of a garden at Meeruj, held in Surinjam by Vittul Rao Eshwunt, as per Government Resolution No. 688, dated 10th March 1866.

15. *Dharwar.*—Decrease Rs. 233-1-3; due to the lapse of Inam lands.

16. *Sattara.*—Increase Rs. 5,963-14-0; caused principally by the inclusion under alienations of the amount of Joodee imposed on the cash allowances enjoyed by hereditary district officers, which used formerly to be deducted from this head; and by the grant of the village of Kulumbeh in Inam to the heirs of the late Hurreebhaee Nurseedass, under Government Resolution No. 3,250, dated 18th September 1867.

17. *Canara.*—Increase Rs. 46-14-8; due to some more land having been alienated to additional Shetsundees employed during the year.

*Government Revenue.*

18. Deducting alienations, the realisable Government revenue of the year amounted for the Division to Rs. 1,21,46,970-5-8, being less than that of the year preceding by Rs. 1,00,060-8-5. There has been a decrease in all except the Collectorates of Poona, Ahmednuggur, and Belgaum, as will be seen from the following paragraphs, in which the causes of the fluctuations are also explained:—

| | | | |
|---|---|---|---|
| In 1867-68.. | Rs. 1,21,46,970 | 5 | 8 |
| In 1866-67.. | „ 1,22,47,030 | 14 | 1 |
| Decrease Rs. | 1,00,060 | 8 | 5 |

19. *Poona.*—Increase Rs. 70,269-2-1; due principally to the introduction of the revised assessment into the Indapoor Talooka; to an increase in the revenue derived from the sales of building sites, grass farms, Government trees, &c.; and to enhanced receipts from fines and certain miscellaneous items of revenue.

20. *Ahmednuggur.*—Increase Rs. 6,793-13-8; caused chiefly by increased cultivation; by larger receipts from the sale of grazing farms, and the sale of the right of occupancy of waste lands given for cultivation; by a larger revenue having been derived from forests; and by enhanced realisations from certain miscellaneous items of revenue.

21. *Kulladghee.*—Decrease Rs. 2,623-8-1; owing mainly to decreased cultivation, and to a smaller revenue having been realised from the sale of the grazing and other farms, Government trees, and right of occupancy of waste lands.

22. *Ratnagherry.*—Decrease Rs. 17,875-7-10; due entirely to the favourable nature of the season, owing to which the commutation rates for the Government share of the revenue receivable in grain were fixed lower than in the year 1866-67.

23. *Belgaum.*—Increase Rs. 27,072-8-6; due chiefly to an increase in the items of miscellaneous revenue, such as succession Nuzzerana from the Chief of Ramdroog and the Sunkeshwar Swamee, fines, &c.; to certain items of former years' revenue having been brought to account, under instructions from the Revenue Commissioner; and to the reversion and lapse of certain Inam villages and lands.

24. *Dharwar.*—Decrease Rs. 21,266-9-0; owing principally to a decrease in forest receipts, and in the sale proceeds of grazing farms, dead trees, and right of occupancy of waste lands; and to the one-anna cess collected in the Nurgoond Petta, which was hitherto erroneously brought to account as Land Revenue, having this year been credited to Local Funds.

25. *Sattara.*—Decrease Rs. 8,858-1-2; due chiefly to smaller realisations from the sale of the grazing and other farms, and of the right of occupancy of Government lands, building sites, &c.; to a decrease in the revenues derived from Inams under attachment; and to smaller recoveries on account of fines, Nuzzerana, &c.

26. *Canara.*—Decrease Rs. 572-6-7; caused mainly by the sale proceeds of firewood, bamboos, &c., cut in the Government jungles, and of the produce of fruit-trees growing in Government lands having been less than in the preceding year.

*Remissions.*

27. The total remissions granted in the Division in the year under report amounted to Rs. 1,81,259-14-8, being less than the remissions granted in the year preceding by Rs. 51,339-1-9, which is due mainly to the generally favourable character of the season for agriculture. The following Table shows the various causes for which remissions were given in each Collectorate :—

सत्यमेव जयते

| Collectorates. | Remitted at the time of Survey, in consequence of the old rates exceeding the new Survey assessment. | Lands sold for the recovery of the Government assessment, the lands having been bought in by Government, and the amount due written off. | Lands taken for Forest Reserves, Roads, Railways, and other public purposes. | Remitted in fulfilment of the terms of agreement entered into with the holders of certain lands. | Remitted on account of the failure of crops and the poverty and desertion of the cultivators. | Remitted on account of "Gairdakla" lands, pending adjudication of titles. | Nominal Remissions. | Assessment of lands occupied by Salt-pans out of use. | Difference between the full assessment of certain lands and the amount at which they have been leased up to a fixed date, after which the full assessment to be taken. | On account of Seignorage Fees on Timber granted on permits free of charge. | On account of the destruction of the houses of Ryots by fire. | Other causes. | Total. |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ..... | 44,226 14 0 | 15 1 0 | 171 4 0 | ..... | 84 0 0 | .. | .... | .... | .... | .... | .... | .... | 44,497 3 0 |
| Ahmednuggur | .... | 948 14 3 | .... | .... | 202 7 1 | .. | .... | .... | .. .. | .. .. | .... | .... | 1,151 5 4 |
| Kulladghee .. | .. .. | .... | .... | .... | 12 0 8 | .. | .... | .... | .. .. | .. .. | .... | 9 8 0 | 130 0 9 |
| Rutnagherry.. | .. .. | .... | 921 2 7 | 629 10 0 | .... | .. | .... | .... | .... | .... | 18 0 4 | .... | 1,568 12 11 |
| Belgaum .... | 5 2 0 | .... | .... | .. .. | 304 8 0 | .. | .... | .... | .... | .... | .... | 218 0 0 | 527 10 0 |
| Dharwar .... | .. .. | .... | .... | .. .. | .... | .. | .. .. | .... | .... | .. .. | .... | .... | ..... |
| Sattara.. .... | 1,035 15 5 | .... | 456 14 0 | .... | 27 0 0 | .. | .... | .... | .... | .... | .. .. | .. .. | 1,519 13 5 |
| Canara.. .... | .... | .. .. | .... | .... | 1,943 12 7 | .. | 1,22,102 15 2 | 1,071 8 5 | 3,049 11 3 | 3,612 3 0 | 84 14 10 | .... | 1,31,865 1 3 |
| Total.. .. | 45,267 15 5 | 963 15 3 | 1,549 4 7 | 629 10 0 | 2,682 4 5 | .. | 1,22,102 15 2 | 1,071 8 5 | 3,049 11 3 | 3,612 3 0 | 102 15 2 | 227 8 0 | 1,81,259 14 8 |

28. It will be observed that in the Dharwar Collectorate not a single pie of the Government revenue was remitted; and that in the other Collectorates of the Division, except Canara, the remissions granted were mostly on account of the revised Survey rates being in excess of the old, and on account of lands taken up for public purposes. In the Canara Collectorate a large sum continues to be shown as "nominal remissions," pending instructions from Government with reference to the remarks in paragraph 15 of their Resolution No. 574, dated 9th February 1869.

*Collections and Current Year's Balances.*

29. The total revenue for collection during the year amounted to Rs. 1,19,65,710-7-0, or less by Rs. 48,721-6-8 than that of 1866-67. Of this sum Rs. 1,19,36,964-4-8 were collected by the 31st July, leaving a balance outstanding on the 1st August 1868 of Rs. 28,746-2-4, which is less by Rs. 53,178-0-1 than the sum which remained outstanding on the corresponding date in 1867.

30. In the Kulladghee Collectorate the whole of the year's revenue was collected before the end of July; and regarding the small sum of Rs. 2-3-0 standing against the Dharwar Collectorate, the Collector states that it "was collected, but was by error credited to 'Local Funds' instead of to 'Land Revenue;' the proper adjustment has since been made in the accounts; it is therefore a nominal outstanding balance."

31. The balances for the current year in the other Collectorates of the division amounting in the aggregate to Rs. 28,743-15-4, were by subsequent collections, as shown in the margin, reduced to Rs. 20,087-11-4, which sum also was in the course of recovery and adjustment. A considerable portion of the balance in Rutnagherry remained outstanding in consequence of disputes regarding the new Survey rates, for the settlement of which measures are in progress.

| Collectorates. | Balance on 1st August 1868. | | | Since collected. | | | Balance at date of the Collector's reports. | | |
|---|---|---|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |
| Poona ..... | 1,011 | 8 | 0 .. | 251 | 3 | 0 .. | 760 | 5 | 0 |
| Ahmednuggur . | 33 | 12 | 6 .. | 33 | 12 | 6 .. | .... | | |
| Rutnagherry .. | 23,315 | 0 | 6 .. | 5,292 | 3 | 11 .. | 18,022 | 12 | 7 |
| Belgaum .... | 547 | 7 | 0 .. | 547 | 7 | 0 .. | .... | | |
| Sattara ..... | 159 | 0 | 6 .. | 1 | 0 | 0 .. | 158 | 0 | 6 |
| Canara ..... | 3,677 | 2 | 10 .. | 2,530 | 9 | 7 .. | 1,146 | 9 | 3 |
| | 28,743 | 15 | 4 .. | 8,656 | 4 | 0 .. | 20,087 | 11 | 4 |

*Former Years' Balances.*

32. These amounted at the beginning of the year 1867-68 to Rs. 86,728-2-9; but of this sum Rs. 85,868-0-7 were adjusted, as shown in the margin, during the year; so that the balance for former years outstanding on the 1st of August 1868 was Rs. 860-2-2. In the Collectorate of Ahmednuggur, Kulladghee, and Dharwar there are no outstanding balances on account of former years.

| Collectorates. | Amount Collected. | | | Amount written off. | | | TOTAL. | | |
|---|---|---|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |

| Sattara ..... | 56 | 7 | 0 .. | 31 | 8 | 0 .. | 87 | 15 | 0 |
| Canara ..... | 1,673 | 5 | 4 .. | 669 | 11 | 6 .. | 2,343 | 0 | 10 |
| | 83,075 | 0 | 11 .. | 1,892 | 15 | 8 .. | 85,868 | 0 | 7 |

33. The table subjoined to this paragraph shows the distribution of the balances outstanding for both the current and former years in the entire Division. As explained in paragraph 31 above the balance for the current year has by subsequent collections been reduced to Rs. 20,087-11-4:—

| Collectorates. | | Current year's Balances. | Former year's Balances. | Total. |

*Tuggai Advances and Balances.*

34. No Tuggai advances were made, nor do any balances exist in any of the Collectorates of the Division. Appendices Nos. III. and IV. are therefore not submitted.

*Cultivation.*

35. Appendices Nos. V. and VI. show the culturable and cultivated area and the chief crops grown, in the several Collectorates of the Division, except Canara, during the year under report; and the Table subjoined to this paragraph is an abstract of the former of these appendices. The information for the Rutnagherry Collectorate is for the most part based on estimate merely, as hitherto; and the omission altogether of the Canara Collectorate is due to the circumstances explained in paragraph 37 of the Revenue Report for the Southern Division for the year 1863-64. This difficulty will necessarily continue until the Survey operations, now in progress, are completed in these two Collectorates:—

| Collectorates. | Cultivated in | | In 1867-68. | | Left waste in 1867-68. | Per centage of waste in cultivated lands. |

*Gross Sayer Revenue.*

37. The gross Sayer Revenue of the Division for the year under report amounted to Rs. 33,42,071-0-9. In the year preceding it amounted to Rs. 33,00,472-13-3, thus showing an increase in favour of the year 1867-68 amounting to Rs. 42,598-3-6.

*Alienations.*

38. There are no alienated Sayer Revenues in any of the Collectorates of the Division.

*Government Sayer Revenue.*

39. The net Government Sayer Revenue is therefore the same as the gross Sayer Revenue, and the fluctuations in each Collectorate are explained as follows:—

40. *Poona.*—Decrease Rs. 10,283-8-11; due chiefly to smaller receipts from the License Tax, owing to persons whose incomes were between 200 and 500 rupees having been exempted from the tax, and to less receipts under the head of Law and Justice, and from miscellaneous items of Sayer Revenue.

41. *Ahmednuggur.*—Increase Rs. 31,317-11-4; caused principally by an increase in the revenue derived from Stamps, and by the Abkaree farms having realised a better price than in the preceding year.

42. *Kulladghee.*—Decrease Rs. 7,271-2-1; owing mainly to a reduction in the receipts from the License Tax, and under the head of Law and Justice.

43. *Rutnagherry.*—Increase Rs. 5,514-6-8; due mainly to larger receipts from the sale of Stamps, and on account of interest on Revenue instalments not paid on the dates on which they fell due.

44. *Belgaum.*—Increase Rs. 16,937-2-6; due principally to a larger sale of Stamped Papers, and to the Abkaree farms having sold better than in the year preceding.

45. *Dharwar.*—Decrease 54,098-1-2; chiefly in miscellaneous items, License Tax, and Abkaree, all of which realised less than in 1866-67.

46. *Sattara.*—Increase Rs. 10,953-4-7; owing mainly to a larger revenue having been derived from Stamps, and from miscellaneous items, as sale of firewood, &c.

47. *Canara.*—Increase Rs. 57,528-6-7; due chiefly to an increase in the sale proceeds of the Abkaree farms and Stamped Papers, and in items under the head of Law and Justice.

*Remissions.*

48. With the exception of a remission of Rs. 627 in the Poona Collectorate, granted to the Toddy Contractor in the Sholapoor Sub-Collectorate on account of his insolvent condition, no remissions of Sayer Revenue were given in any of the other Collectorates of the Division in the year under report.

*Collections and Balances of the current year.*

49. The realisable Sayer Revenue of the year 1867-68 amounted to Rs. 33,42,444-0-9, or Rs. 41,971-3-6 more than it was in the year preceding. Of this sum Rs. 33,24,344-11-3 were collected by the 31st July, leaving on the 1st August 1868 a balance outstanding of Rs. 18,099-5-6, which by further collections since made, as per margin, was reduced at the date of the Collectors' reports to Rs. 7,079-15-2, measures for collecting which also were in progress.

| Collectorates. | Balance on 1st August 1868. | | | Since collected. | | | Balance at date of the Collectors' reports. | | |
|---|---|---|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |
| Poona ..... | 4,290 | 5 | 6 | 2,872 | 0 | 0 | 1,418 | 5 | 6 |
| Kulladghee .. | 72 | 0 | 0 | 72 | 0 | 0 | .... | | |
| Dharwar .... | 1,344 | 12 | 7 | 598 | 0 | 4 | 746 | 12 | 3 |

| Total... | 18,099 | 5 | 6 | 11,019 | 6 | 4 | 7,079 | 15 | 2 |

*Former Years' Balances.*

50. These amounted on the 1st of August 1868 to Rs. 2,839-12-1, and pertained, in the proportion of Rs. 889-10-0, Rs. 1,896-1-1, and Rs. 54-1-0, to the Collectorates of Poona, Sattara, and Canara, respectively. The balance in the Poona Collectorate having been found to be irrecoverable, I have authorised its being written off the accounts. That in Canara has all been since collected, so that the only balance remaining for adjustment is the item of Rs. 1,896-1-1 in the Sattara Collectorate, which, being of a doubtful nature, has, by Government Resolution No. 2,077, dated 7th June 1866, been allowed to stand over for a period of six years.

*Entire Revenues.*

51. The subjoined table exhibits the entire Land and Sayer Revenues of the Division for the year 1867-68, in contrast with the same for the year preceding. Fuller details will be found in Appendix No. VII., of which this is an abstract, and as the several causes of increase and decrease have already been explained in the preceding paragraphs of this Report, nothing remains to be added in this place :—

| Collectorates. | Gross Revenue. | | Alienations. | |

*Charges of Collection.*

52. The table subjoined to this paragraph exhibits the total charges of collection for the Division in 1867-68, in contrast with the same for the year preceding. There is a net increase of Rs. 24,787-12-1 in the total expenditure, and of 1 anna in the total per-centage cost of the year under report. While there has been an increase in the Collectorates of Poona, Ahmednuggur, Kulladghee, Rutnagherry and Canara, there has been a decrease in the Collectorates of Belgaum, Dharwar, and Sattara. The increases in Poona, Kulladghee and Canara are due mainly to the revision of the Hoozoor and Talooka establishments, and in Ahmednuggur and Rutnagherry to the employment in them of a larger number of Covenanted Officers during the year, and in all to larger payments having had to be made on account of the dues of hereditory district and village servants. The decreases in Belgaum and Dharwar are caused chiefly by smaller disbursements on account of salaries and allowances of Covenanted Officers, and that in Sattara by the discontinuance of grain compensation, the revision of the district establishments, and by smaller payments on account of the dues of hereditory district and village servants:—

L. R. ASHBURNER,

Acting Revenue Commissioner S. D.

No. 737 of 1870.

Revenue Department.

To the OFFICIATING CHIEF SECRETARY TO GOVERNMENT,
Bombay.

*Kulladghee District, Camp Beejapoor,*
*12th February* 1870.

Sir,

I have the honour to submit the following Report on the Settlement of the Land and Sayer Revenues of the Collectorates of the Southern Division for the year 1868-69, together with the usual Appendices, as per margin, relating thereto. No Tuggaee advances were made in any of the Collectorates during the year; hence Appendices Nos. III. and IV. being blank, are not submitted.

No. I.—Showing by whom and when the Revenue Settlement of each District was commenced and completed.
No. II.—Contrasting the Land Revenue of the year with that of the year preceding.
Nos. III. and IV.—(Blank, not forwarded.)
Nos. V. and VI.—Relating to the extent of land under cultivation.
No. VII.—Contrasting the Sayer and entire Revenues of the year with those of the year preceding.

Revenue Settlement.

2. Appendix No. I. shows by whom and when the Revenue Settlement of each District was commenced and completed. It will be observed that the Revenue Settlements were, with a few exceptions in the Poona Collectorate, generally completed by the end of March.

3. As regards the delay in the settlement of some of the Talookas of the Poona Collectorate, the following explanation has been furnished by the Acting Collector, Mr. Erskine:—

> "The delay in the settlement was owing chiefly to the severe illness of Mr. Nairne, First Assistant Collector, which prevented his proceeding into the Districts and eventually necessitated his proceeding to Europe on sick leave, and partly to the fact that the Officers in charge of the First and Second Assistant's offices were changed frequently during the last Jummabundy season."

4. It will also be seen that the Collector of Sattara has not taken any part in the Revenue Settlement of the year under report; but this omission Mr. Arthur explains as follows:—

> "I was absent, on leave, during the early months of the fair season, and most of the Jummabundy Settlement was consequently made before it

would have been possible for me to do anything in the matter. In my two reports I mentioned the reasons why it would have been difficult for the Acting Collector to attend to duties which would have called him far away from the Suddur Station. During the previous year I made the settlement in three Talookas. From this I think Government will be satisfied that the importance of the Collector himself attending to this duty has been properly recognized in this District."

THE SEASON.

5. The season was on the whole generally favourable in the Collectorates of Dharwar, Belgaum, and Canara. In the Collectorates of Poona, Ahmednuggur, Kulladghee, Rutnagherry, and Sattara, owing to a general failure of the late rains the Rubbee crops suffered to a greater or less extent. This was especially the case in the Talookas of Indapoor, Bheemthurry, Seroor, Kurmalla, and Sangola of the Poona Collectorate, and in the tract of country extending from the North of Rahooree to Newassa in the Ahmednuggur Collectorate; and in view to alleviate the sufferings of the labouring poor, it was found necessary, both in the Indapoor Talooka of Poona, and in parts of the Ahmednuggur Collectorate, to undertake relief works, and to remit a portion of the year's Revenue to the cultivators.

6. The state of public health was generally good. Cholera appeared in some of the Collectorates, and fever was prevalent in the Canara Collectorate, and in parts of the Dharwar and Belgaum Collectorates, bordering on Canara. It is stated, however, by the Collector of Canara that the cases of fever in that Collectorate were fewer than last year. Cattle disease was prevalent to a greater or less extent, and in Canara it assumed a somewhat virulent form, very few of the cattle that were attacked having survived.

VILLAGES.

7. The table subjoined to this paragraph shows that the total number of villages in the several Collectorates of the Division remained the same as in the preceding year. In the Poona Collectorate there is an increase of eleven Government and a decrease of twelve alienated villages. The transfer to the British Government of six villages belonging to His Highness Holkar, the omission from the accounts of six* alienated villages hitherto erroneously included in the accounts and the inclusion of six Government villages hitherto omitted from them, together with the transfer of one Government village (Pabul) from the Poona to the Ahmednuggur Collectorate explains the causes of these fluctuations. In the Ahmednuggur Collectorate the increase of three and a half in Government and decrease of two and a half in alienated villages are due to the transfer of the village of Pabul from the Poona Collectorate, and of two villages belonging to His Highness Holkar to the British Government and the lapse of half of the Alienated village of Sapteh, in the Nassick Talooka, in consequence of the death of its holder:-

* 4 Belonging to the Punt Sucheo.
1 Do. Akulkote Bhosley.
1 Do. Punt Prutinidhee.

## Hamlets.

8. There is, as will be seen from the Table subjoined to this paragraph, an aggregate increase in the total number of Hamlets, amounting to 216, viz., 181 Government, and 35 Alienated. These fluctuations are confined to the Poona, Dharwar, and Sattara Collectorates, and are due mainly to the correction of all erroneous entries in previous years' Registers, consequent on the instructions conveyed in Government Resolution No. 574, dated 9th February 1869, paragraph 5:—

| Collectorates. | Hamlets. | | | | | | In 1868-69. | | | | | |

## Land Revenue—Financial Results.

9. The following Table, which is an abstract of Appendix No. II., exhibits the financial results of the year's Settlements in contrast with those of the year 1867-68. The various fluctuations and their causes are detailed more particularly below:—

| Collectorates. | Gross Revenue. | | Alienations. | | Government |
|---|---|---|---|---|---|
| | 1868-69. | 1867-68. | 1868-69. | 1867-68. | 1868-69. |
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ..... | 24,08,763 14 2 | 23,76,260 9 11 | 4,16,301 3 6 | 4,31,018 9 6 | 19,92,462 10 8 |
| Increase.. | 32,503 4 3 | ..... | ..... | ..... | 47,220 10 3 |
| Decrease.. | ..... | ..... | 14,717 6 0 | ..... | ..... |

## Gross Revenue.

10. The Gross Land Revenue of the Division amounted, in 1868-69, to Rs. 154,33,323-4-9, being more than that of the year preceding by Rs. 1,03,013-8-3. There is an increase in the Collectorates of Poona, Rutnagherry, and Canara, amounting in the aggregate to Rupees 1,81,439-2-5, but in all the other Collectorates of the Division there is a decrease aggregating Rs. 78,425-10-2, as shown in the margin.

| | Increase. | Decrease. |
|---|---|---|
| Poona..... | 32,503 4 3 | ..... |
| Ahmednuggur | ..... | 9,742 0 2 |
| Kulladghee.... | ..... | 8,740 13 10 |
| Rutnagherry .. | 38,877 0 8 | ..... |
| Belgaum .... | ..... | 45,241 2 6 |
| Dharwar..... | ..... | 7,171 8 9 |
| Sattara ..... | ..... | 7,530 0 11 |
| Canara ..... | 1,10,058 13 6 | ..... |
| | 1,81,439 2 5 | 78,425 10 2 |

## Alienations.

11. Under this head there is a total decrease in 1868-69 amounting to Rs. 37,564-11-2 as compared with the Alienated Revenues of the Division for the preceding year. The causes which have led to this decrease are as follows:—

| | |
|---|---|
| In 1867-68....Rs. | 31,82,243 14 10 |
| In 1868-69.... „ | 31,44,679 3 8 |
| Decrease..... Rs. | 37,564 11 2 |

12. *Poona.*—Decrease Rs. 14,717-6-0, caused chiefly by the exclusion from the accounts of villages, not subject to the general Regulations, belonging to the Punt Sucheo, the Punt Prutinidhee, and the Akulkotekur Bhosley; by the transfer to Government and lapse of alienated villages and lands; and by the levy of increased Joodee, consequent on the settlement of Patels' and Coolkurnees' allowances in certain villages.

13. *Ahmednuggur.*—Decrease Rs. 18,210-5-11, due mainly to the transfer to the British Government of the villages belonging to His Highness Holkar, situated in the Ahmednuggur Collectorate; to certain alienated villages and Inams of the Sawurgaon Talooka having been transferred to the Nandgaum Talooka of the Khandeish Collectorate under the authority of Government Resolution No. 4508, dated 19th December 1867, to the application of the Survey rates to certain alienated villages, and to decreased cultivation.

14. *Kulladghee.*—Decrease Rs. 1,804-0-0 caused principally by the levy of increased Joodee from Inam lands; by the application of the Survey rates to certain alienated villages and lands, and the lapse of Inams and cash allowances.

15. *Rutnagherry.*—Decrease Rs. 734-14-5, owing chiefly to the introduction of the Survey rates into the Khed, Sytowda, and Dapoolee Soobha Pettas, and the assessment of Inam lands having been calculated according to those rates, also in some measure to sums recovered under the Summary Settlement Act (VII. of 1863) having been included in the Government revenue and deducted from Alienations.

16. *Belgaum.*—Decrease Rs. 1,618-2-4, due chiefly to the lapse of certain life Inams on the death of their holders, and the resumption of Shetsundee holdings on the death, resignation, dismissal, &c. of the Shetsundees.

17. *Dharwar.*—Decrease, Rs. 83-2-0, due principally to the lapse of minor Inams, to the levy of increased Joodee from certain Inam lands; and to the discontinuance of a double entry, hitherto erroneously made, in the accounts of the revenue of a piece of Inam land situated in the Nowlgoond Talooka.

18. *Sattara.*—Decrease Rs. 234-8-0, due chiefly to the lapse of certain Surinjam holdings and Inams; to the application of the Survey rates to Inam lands and villages; to the levy of increased Joodee from the wutuns of Hereditary District and Village Officers; and the correction of an error by which the cash allowances of district Hereditary Officers were twice entered in the accounts.

19. *Canara.*—Decrease Rs. 162-4-6, owing almost entirely to Shetsundees to whom land was alienated for service, having resigned their posts.

## Government Revenue.

20. Deducting land alienations the realizable Government Revenue of the Division amounted, in 1868-69, to Rs. 122,88,644-1-1, or Rs. 1,40,578-3-5 more than in the year preceding. There has been an increase in all the Collectorates of the Division except Kulladghee, Belgaum, Dharwar, and Sattara. The several fluctuations and their causes are detailed in the following paragraphs:—

| | | | | |
|---|---|---|---|---|
| In 1868-69.. | Rs. | 122,88,644 | 1 | 1 |
| In 1867-68.. | „ | 121,80,065 | 13 | 8 |
| Increase..... | Rs. | 1,40,578 | 3 | 5 |

21. *Poona.*—Increase Rs. 47,220-10-3, due principally to the lapse and transfer to Government of alienated villages and lands; to an increase in the Revenue realized from alienated villages under attachment; and to enhanced receipts from fines and other miscellaneous items of Revenue.

22. *Ahmednuggur.*—Increase Rs. 8,468-5-9, caused chiefly by the lapse and transfer to Government of certain alienated villages; by increased cultivation, by enhanced realizations from forests, and by an increase in certain miscellaneous items of Revenue.

23. *Kulladghee.*—Decrease Rs. 6,936-13-10, attributable chiefly to smaller receipts on account of Joodee on Inam and Wuttun lands, and from fines and fees for the issue of notices, &c.; and also in some measure to decreased cultivation.

24. *Rutnagherry.*—Increase Rs. 39,611-15-1, owing principally to the commutation rates for the Government share of the Revenue receivable in kind, being higher than in the preceding year, to the introduction of the Survey assessment into the Soobha Petta of Dapoolee and into the Khed, Sytowda and Bankote Pettas; and to enhanced receipts from certain miscellaneous items of Revenue.

25. *Belgaum.*—Decrease Rs. 43,623-0-2, caused chiefly by smaller realizations from items of miscellaneous revenue, such as succession Nuzzerana from Surinjamdars, savings in the pay of Gudkurrees, &c.; by decreased receipts on account of Joodee from Inam lands; and allowances brought under the Summary Settlement, and by a decrease in cultivation; and in realizations from grass and other farms.

26. *Dharwar.*—Decrease Rs. 7,088-6-9, owing principally to a decrease in the sale proceeds of grazing farms, fruit trees and the right of occupancy of certain lands; to a decrease in cultivation; and to smaller receipts from alienated lands under attachment.

27. *Sattara.*—Decrease Rs. 7,295-8-11, due chiefly to smaller realizations from the sale of the Government grass and other farms, to the sale proceeds of grass growing in forest reserves having been transferred from Land to Sayer Revenue and to a decrease in cultivation.

28. *Canara.*—Increase Rs. 1,10,221-2-0, due mainly to an increase in the sale proceeds of wood, &c., cut in the Government forests.

### Remissions.

29. The total remissions of the year in the several Collectorates of the Division amounted to Rs. 2,27,279-0-5 being more by Rs. 46,019-1-9 than the total of the remissions granted in the preceding year. The following Table shows the reasons for which remissions were allowed in each Collectorate :—

| Collectorates. | Remitted at the time of Survey in consequence of the old rates exceeding the New Survey Assessment. | Lands sold for the recovery of the Government Assessment, the lands having been bought in by Government and the amount due written off. | Lands taken for Forest Reserves, Roads, Railways and other public purposes. | Remitted in fulfilment of the terms of agreement entered into with the holders of certain lands | Remitted on account of the failure of Crops and the poverty, desertion, &c., of the cultivators. | Nominal Remissions. | Assessment of lands occupied by Salt pans out of use. | Difference between the full Assessment of certain lands and the amount at which they have been leased up to fixed date, after which the full Assessment to be taken. | On account of Seignorage Fees on Timber granted on permits free of Charge. | On account of the destruction of the houses of Ryots by fire. | Other Causes. | Total. |

30. In the Canara Collectorate the large sum of Rs. 1,27,513-9-7 continues to be shown as "Nominal Remissions," pending instructions from Government with reference to the remarks in paragraph 15 of their Resolution No. 574, dated 9th February 1869, and paragraph 12 of resolution No. 3963, dated 16th September following.

31. Owing to the badness of the season, and consequent failure of the crops, large remissions were found to be necessary in the Collectorates of Poona and Ahmednuggur. As regards those given in the former Collectorate which were local and special in their absolute requirements, I beg to refer to my letter No. 339 dated 1st February 1869, and the Government Resolution thereon No. 715 dated 19th idem; and with reference to the remissions given in the Ahmednuggur Collectorate, Mr. D'Oyly remarks as follows:—

> "The remissions were given by the First Assistant, Mr. Waddington, and were absolutely necessary owing to the entire failure of the crops and to the impoverished state of the ryots from a succession of bad seasons. Mr. Waddington writes—'Many villages were entirely deserted and hardly any cattle were left in the country, as there was no grazing and great want of water.' And I can certify from personal observation that this statement is within the reality. I passed through the worst part of these districts in January, and for miles on the land which had been reserved for Rubbee, not a blade of grass or stem of grain was to be seen. The remissions were given, after the fullest inquiry where the crops had altogether failed, and where the inability of the cultivator to pay the assessment had been ascertained. The same was done in certain villages in the Nuggur Talooka. In every case where it was possible, the ryot was informed personally, by the Settling Officer, of the amount of remission. Considering the severity of the season, the worst I have ever known in many years' experience in the Deccan, I think it is a matter of congratulation, and a mark of the success of the survey system in improving the condition of the cultivator, that such a large revenue should have been collected with an average remission of only $1\frac{3}{4}$ per cent."

The other items of remissions explain themselves, and do not call for remark.

### Public Works Revenue from Irrigation.

32. Under this heading, which appears for the first time in this Report, as per Government Resolution No. 4979, dated 16th November 1869, there is a sum of Rs. 1,688-1-0 for 1868-69 against a Revenue of Rs. 1,095-8-0 for the year preceding, being more in 1868-69 by Rs. 592-9-0. This Revenue belongs entirely to the Ahmednuggur, Kulladghee, and Sattara Collectorates, and amounted in each to Rs. 688-10-0, Rs. 118-13-0, and Rs. 880-10-0, respectively.

## Collections and Current Year's Balances.

33. In addition to the Revenue exhibited under the preceding heading, the Revenue for collection, during the year, amounted, for the Division, to Rs. 120,59,676-15-8, being Rs. 93,966-8-8 more than it was in the year preceding. Of this sum, Rs. 120,38,141-5-7 were collected by the 31st July, leaving a balance outstanding, on the 1st August 1869, of Rs. 21,535-10-1, which is less by Rs. 7,210-8-3 than the sum which remained outstanding on the corresponding date in 1868. No portion of this balance, it will be seen, pertains to the Belgaum and Dharwar Collectorates, in both of which the whole of the year's Revenue was collected before the termination of the year.

34. Of the balance outstanding on 1st August 1869, the sum of Rs. 5,036-5-0, as shown in the margin, was collected before transmission by the Collectors, of their reports, leaving a sum of Rs. 16,499-5-1, for the recovery and adjustment of which also, measures were in progress. Of the balance in Rutnagherry Rs. 6,612-9-9 are reported to be outstanding on account of disputes regarding the new Survey rates, the settlement of which is in course of being effected; and of the balance in the Ahmednuggur Collectorate Rs. 437-13-2 have, with my sanction, been since written off the Accounts, the amount being found to be irrecoverable.

| Collectorates. | Balance on 1st August. | | | Since collected. | | | Balance at date of Collector's reports. | | |
|---|---|---|---|---|---|---|---|---|---|
| Poona..... | 859 | 6 | 0 | 351 | 4 | 0 | 508 | 2 | 0 |
| Ahmednuggur.. | 1,643 | 13 | 8 | 965 | 0 | 1 | 678 | 13 | 7 |
| Kulladghee.... | 21 | 4 | 11 | 5 | 4 | 10 | 15 | 0 | 1 |
| Rutnagherry .. | 14,229 | 9 | 9 | 1,195 | 1 | 6 | 13,034 | 8 | 3 |
| Sattara ..... | 2,110 | 10 | 8 | 1,751 | 5 | 0 | 359 | 5 | 8 |
| Canara ..... | 2,670 | 13 | 1 | 768 | 5 | 7 | 1,902 | 7 | 6 |
| | 21,535 | 10 | 1 | 5,036 | 5 | 0 | 16,499 | 5 | 1 |

### Former Years' Balances.

35. These amounted at the beginning of the year 1868-69, to Rs. 29,606-4-6, and of this sum Rs. 27,676-6-1 were adjusted as shown in the margin during the year, so that the balance for former years' outstanding, on the 1st August 1869, was Rs. 1,929-14-5, pertaining to the Collectorates of Rutnagherry, Belgaum, and Canara only, in the proportion of Rs. 1,688-12-10, Rs. 163-12-0, and Rs. 77-5-7 respectively. There are no balances outstanding on account of former years in the Collectorates of Poona, Ahmednuggur, Kulladghee, Dharwar, and Sattara; while of the balances in the other Collectorates, amounting in the aggregate to Rs. 1,929-14-5, Rs. 171-5-6 have since been recovered in the Rutnagherry Collectorate, and measures are in progress for the recovery and adjustment of the remainder.

| Collectorates. | Amount collected. | | | Amount written off. | | | Total. | | |
|---|---|---|---|---|---|---|---|---|---|
| Poona..... | 1,188 | 2 | 0 | 124 | 5 | 0 | 1,312 | 7 | 0 |
| Ahmednuggur.. | 33 | 12 | 6 | .... | | | 33 | 12 | 6 |
| Rutnagherry .. | 21,652 | 7 | 4 | 93 | 2 | 2 | 21,745 | 9 | 6 |
| Belgaum..... | 577 | 11 | 0 | .... | | | 577 | 11 | 0 |
| Dharwar..... | 2 | 3 | 0 | .... | | | 2 | 3 | 0 |
| Sattara ..... | 213 | 5 | 6 | 56 | 10 | 0 | 269 | 15 | 6 |
| Canara ..... | 3,153 | 3 | 1 | 581 | 8 | 6 | 3,734 | 11 | 7 |
| | 26,280 | 12 | 5 | 855 | 9 | 8 | 27,676 | 6 | 1 |

36. The subjoined Table shows the distribution of the entire balances outstanding for both the current and former years in the several Collectorates of the Division. As explained above in paragraphs 34 and 35, the balance for the current year has, by subsequent collections and adjustments, been reduced to Rs. 16,061-7-11, and that for former years to Rs. 1,758-8-11.

## Tuggaee Advances and Balances.

37. No Tuggaee advances were made, nor do any balances exist in any of the Collectorates of the Southern Division. An application was made by the Collector of Canara for permission to give advances of Tuggaee to the Maratha Coomree cultivators in that Collectorate with the object of inducing them to resort to the more regular system of cultivation by the plough; but these men, it is stated, have not accepted the offers made to them. One person who received an advance of Rs. 40 from the Collector died shortly after, and the money was immediately returned by the brother of the deceased, and no further advances were applied for, or made by the Collector.

## Cultivation.

38. Appendices Nos. V. and VI. show the culturable and cultivated area and the chief crops grown, in the several Collectorates of the Division, except Canara, during the year under report, and the Table subjoined to this paragraph is an abstract of the former of these appendices. The information for the Rutnagherry Collectorate is, as in previous years, for the most part based on estimate merely; and the omission altogether from the Table of the Canara Collectorate is due to the circumstances explained in paragraph 37 of the Revenue Report for the Southern Division for the year 1863-64. This must necessarily continue until the Survey operations, now in progress, are completed in these two Collectorates.

## Gross Sayer Revenue.

40. The Gross Sayer Revenue of the Division for the year under Report amounted to Rs. 34,62,493-6-11; in the year preceding it amounted to Rs. 33,43,071-0-9: thus showing an increase in favour of the year 1868-69 amounting to Rs. 1,19,422-6-2.

## Alienations.

41. There are no Alienated Sayer Revenues in any of the Collectorates of the Division.

## Government Sayer Revenue.

42. The net Government Sayer Revenue is therefore the same as the Gross Sayer Revenue, and the fluctuations in each Collectorate are explained as follows:—

43. *Poona.*—Increase Rs. 47,670-2-8, due chiefly to an increase in the sale of stamped papers and in receipts under the heads of miscellaneous, law and justice, and from the certificate and income taxes.

44. *Ahmednuggur.*—Increase Rs. 1,645-10-4, caused principally by increased realizations from the sale of the liquor and opium contracts and by enhanced receipts under the heads of miscellaneous, law and justice, interest, and the license and income taxes.

45. *Kulladghee.*—Increase, Rs. 11,112-1-9, due principally to the certificate tax; to larger receipts from the Abkaree farm; and to an increased sale of stamped papers.

46. *Rutnagherry.*—Increase, Rs. 10,522-12-7, due mainly to an increased sale of stamps and to larger realizations from miscellaneous items of Sayer Revenue, and on account of interest unpaid on Revenue instalments.

47. *Belgaum.*—Increase, Rs. 34,624-12-10, owing chiefly to increased realizations from the Abkaree farms, and licenses for the sale of intoxicating drugs to a larger sale of stamped papers; and to a large sum having been obtained by the sale of certain unserviceable dead stock articles not borne on the accounts.

48. *Dharwar.*—Decrease, Rs. 28,803-8-3, attributable chiefly to a smaller sale of stamped papers; to a falling off in the Abkaree Revenue; and to smaller receipts from miscellaneous items of Sayer Revenue.

49. *Sattara.*—Increase, Rs. 8,525-3-3 owing mainly to a larger sale of stamps, and to increased realizations from forests; and from the liquor farms.

50. *Canara.*—Increase, Rs. 34,125-3-0, owing chiefly to a larger sale of stamps; and to an increase in Judicial receipts; and in the revenue from Abkaree farms.

## Remissions.

51. No remissions were granted on account of Sayer Revenue in any of the Collectorates of the Division during the year under report.

## Collections and Balances of the Current Year.

52. The realizable Sayer Revenue of the year 1868-69 amounted to Rs. 34,62,493-6-11, being more than it was in the year preceding by Rs. 1,20,049-6-2. Of this sum, Rs. 31,50,390-3-9 were collected by the 31st July, leaving on the 1st August 1869 a balance outstanding of Rs. 12,103-3-2, which by further collections, since made as per margin, was reduced at the date of the Collector's Reports to Rs. 3,352-10-0, and measures for collecting this sum also were in progress.

| Collectorates. | Balance on 1st August 1869. | | | Since collected. | | | Balance at date of Collector's reports. | | |
|---|---|---|---|---|---|---|---|---|---|
| Poona..... | 2,879 | 0 | 0 | 2,877 | 0 | 0 | 2 | 0 | 0 |
| Ahmednuggur.. | 25 | 0 | 0 | 25 | 0 | 0 | .... | | |
| Kulladghee.... | 19 | 0 | 0 | 19 | 0 | 0 | .... | | |
| Rutnagherry .. | 64 | 0 | 0 | 64 | 0 | 0 | .... | | |
| Sattara ..... | 9 | 0 | 0 | .... | | | 9 | 0 | 0 |
| Canara..... | 9,107 | 3 | 2 | 5,765 | 9 | 2 | 3,341 | 10 | 0 |
| | 12,103 | 3 | 2 | 8,750 | 9 | 2 | 3,352 | 10 | 0 |

## Former Year's Balances.

53. These amounted on the 1st of August 1869 to Rs. 5,078-10-0, and pertain in the proportion of Rs. 1,409-6-0, Rs. 1,896-1-1, and Rs. 1,773-2-11, to the Collectorates of Poona, Sattara, and Canara respectively. Of the balance in Canara Rs. 348-10-4 were collected subsequent to the close of the year, and measures are being taken for the recovery of the remainder. The balance in the Poona Collectorate is also in course of recovery. That in Sattara has been allowed, under Government Resolution No. 2077, dated 7th June 1866, to lie over for a period of six years.

## Entire Revenue.

54. The subjoined table exhibits the entire Land and Sayer Revenues of the Division for the year 1868-69, in contrast with the same for the year preceding. Fuller details will be found in Appendix VII., of which this is an Abstract, and as the several causes of increase and decrease have already been explained in the preceding paragraphs of this Report, nothing remains to be added in this place.

## Charges for Collection.

55. The table subjoined to this paragraph exhibits the total charges for collection for the Division in 1868-69, in contrast with the same for the year preceding. There is a net increase of Rs. 30,086-12-8 in the total expenditure, and of 8 Pies in the total per-centage cost of the year under report. While there has been an increase in the collectorates of Ahmednuggur, Rutnagherry, Belgaum, Dharwar, and Canara, there has been a decrease in the collectorates of Poona, Kulladghee, and Sattara. The increase in the first-named collectorates is due to the appointment of a larger number of covenanted officers and of a District Deputy in the Rutnagherry collectorate; and to larger disbursements on account of travelling allowances and batta to covenanted officers and District and Hoozoor establishments. The decrease in the collectorates of Poona, Kulladghee, and Sattara is caused chiefly by smaller payments having been made this year than in the year preceding on account of allowances to Hereditary District and Village officers, and Village expenses:—

W. H. HAVELOCK,

Revenue Commissioner, Southern Division.

No 2110 of 1871.

Revenue Department.

To the CHIEF SECRETARY to GOVERNMENT.

*Camp, Mahableshwur, 25th May* 1871.

Sir,—I have the honour to submit the following Report on the Revenue Settlement of the Collectorates of the Southern Division for the year 1869-70, accompanied by the usual Appendices as per margin.

No. I.—Showing by whom, and when, the Revenue Settlement of each District was commenced and completed.
„ II.—Contrasting the Land Revenue of the year with that of the year preceding.
Nos. III. and IV.—Relating to Tuggaee Advances and Balances.
„ V. and VI.—Relating to Land under cultivation.
No. VII.—Contrasting the Sayer and Entire Revenues of the year with those of the year preceding.

2. A reference to Appendix No. I. will show the dates on which the settlement of each district was commenced and completed, and the officers who took part in the settlement. It will be observed that the orders of Government, requiring that the Collectors should themselves take part in the revenue settlement of one or more districts of their respective charges, have been generally obeyed, and that, except in the Poona collectorate and in Canara, the settlements were generally completed by the end of March. In the Poona Collectorate the delay apparent in the revenue settlement of parts of the Haveleе and Jooneer talookas is thus explained by the Collector :—

> " The settlement of some villages in Haveleе was delayed pending the determination of the area, &c. of lands required for the Khuruckwasla reservoir and the canal.
>
> " The village Alleh, of the Joonere talooka, settled by Mr. Sinclair after 31st March 1870, was lately received from His Highness Holkar, and certain questions had to be settled before the Jummabundy could be made."

In Canara the delay is stated to be due to " the officers concerned being engaged in the preparation of accounts, consequent on the introduction of the Survey assessment."

*The Season.*

3. As reported in my letter No. 74 dated 7th January 1870, the season was generally favourable for the early crops; but, owing to excessive rain during November and December, the later crops of cotton, wheat, and gram had suffered, and did not yield a full harvest. The jowaree, too, had suffered in quality in many places, for the same reason. The state of public health was, on the whole, good, though fever and cholera—the former especially in

Canara, and in the talookas of Dharwar and Belgaum bordering on it—prevailed to some extent during the period under notice. Cattle disease, however, was not so prevalent as in the year preceding.

*Villages.*

4. The subjoined table shows the total number of villages in each collectorate of the Division during 1868-69 and 1869-70. It will be seen that there is an increase of one in the total number in the latter as compared with the preceding year, which is accounted for as follows:—

Two villages in the Rutnagherry talooka of that collectorate, which were hitherto shown as separate villages, have this year been blended with others, thus causing a decrease of..... 2 villages.

*Deduct*—Increase occasioned by Dapoolee having since the Survey been registered as a separate village ... 1 village.

Net Decrease..... 1 village.

5. The fluctuations observable in the number of Government and Alienated villages respectively in the Ahmednuggur, Kulladghee, and Sholapoor collectorates are due to a corresponding number of Alienated villages in each having lapsed to Government during the year.

*Hamlets.*

6. From the subjoined table it will be seen that there has been an increase of two in the total number of hamlets for the Division during the year. This increase occurs in the Poona collectorate, and is due to the omission from the accounts of two hamlets which used to be shown as belonging to the village of Nimbodee, in the Bheemthurree talooka, but which do not now exist.

| Collectorates. | Hamlets. | | | | | | In 1869-70. | | | | | |

7. The increases in Government, and corresponding decreases in the number of Alienated, hamlets in the collectorates of Belgaum and Sholapoor are due in the former to the bringing to account this year, which had been accidentally omitted, the two hamlets attached to the village of Kotoor, in the Pursghur talooka, which was resumed in 1865-66 on the death of the holder, and in the latter collectorate to the lapse of a hamlet to Government with one of the Alienated villages referred to in para. 5 of this Report.

*Land Revenue—Financial Results.*

8. The following table, which is an abstract of Appendix No. II., exhibits the financial results of the year's settlement in contrast with that of the year 1868-69. The various fluctuations and their causes will be found explained below:—

| Collectorates. | Gross Revenue. | | Alienations. | | Government Revenue. | |
|---|---|---|---|---|---|---|

*Gross Revenue.*

9. The gross land revenue of the Division for the year 1869-70 amounted to Rs. 1,46,95,969-9-10, being more than that of the preceding year by Rs. 1,74,276-1-8. There has been an increase aggregating Rs. 2,05,011-15-0 in the collectorates of Poona, Kulladghee, Rutnagherry, Belgaum, Dharwar, and Canara; and a decrease aggregating Rs. 30,735-13-4 in the collectorates of Ahmednuggur, Sattara, and Sholapoor, as detailed in the margin.

| | Increase. Rs. a. p. | Decrease. Rs. a. p. |
|---|---|---|
| Poona | 2,964 11 0 | ..... |
| Ahmednuggur | ..... | 22,409 1 7 |
| Kulladghee | 4,574 15 0 | ..... |
| Rutnagherry | 17,197 8 5 | ..... |
| Belgaum | 11,708 8 0 | ..... |
| Dharwar | 23,850 13 8 | ..... |
| Sattara | ..... | 4,171 2 9 |
| Canara | 1,44,715 6 11 | ..... |
| Sholapoor | ..... | 4,155 9 0 |
| Total | Rs. 2,05,011 15 0 | 30,735 13 4 |
| „ | 30,735 13 4 | |
| Net Increase | Rs. 1,74,276 1 8 | |

*Alienations.*

10. Under this head there has been a decrease in the year under report aggregating Rs. 19,072-2-7 as compared with the Alienated revenues of the Division for the year preceding. The fluctuations in each collectorate are thus explained:—

| | | | |
|---|---|---|---|
| In 1869-70 | Rs. | 29,38,375 13 | 5 |
| In 1868-69 | Rs. | 29,57,448 0 | 0 |
| Decrease | Rs. | 19,072 2 | 7 |

11. Poona—increase Rs. 1,239-13-6: due to a larger revenue having been obtained from Alienated lands than in the previous year, and to certain unassessed lands having been subjected to assessment.

12. Ahmednuggur—decrease Rs. 8,201-6-11: caused chiefly by the introduction of the Survey Settlement into certain Alienated villages effecting a reduction in the revenues of the villages and Umuls, as also in the cash payments and assessment of Inam lands of district and village officers; and by the levy of two annas Joodee on the Inams granted by His Highness Scindia in villages into which the Survey rates were introduced during the year under report.

13. Kulladghee—decrease Rs. 3,006-10-11: due mainly to the resumption of lands and cash allowances in Inam villages, and to the correction of certain erroneous entries in previous years' accounts.

14. Rutnagherry—decrease Rs. 3,151-9-4: owing principally to the introduction of the Survey rates, and the value of Inam lands having been calculated according to these rates, in the Rutnagherry sooba, Sooverndroog sooba, and the Khed petta of the Chiploon talooka.

15. Belgaum—decrease Rs. 817-7-10: caused chiefly by the resumption and lapse of minor Inam and Service holdings, and the levy on Shetsundee lands of the assessment in excess of sanctioned emoluments.

16. Dharwar—decrease Rs. 361-15-3: due to the lapse of Inam lands, and to the introduction of the Survey into certain Inam villages, the new rates being less than the Inamdars' rates.

17. Sattara—increase Rs. 717-0-3: owing principally to the discontinuance of the payment of cash allowances to certain village servants; to the application of the Summary Settlement to minor Inams; and to the introduction of the Survey assessment.

18. Canara—decrease Rs. 119-2-0: attributable chiefly to some Shetsundees, who were paid in land, having resigned their posts.

19. Sholapoor—decrease Rs. 5,370-12-1: due principally to the lapse of Inams, and the correction of certain erroneous entries in previous years' accounts.

*Government Revenue.*

20. Deducting the Alienations, the realizable land revenue of the Division amounted for the year 1869-70 to Rs. 1,17,57,593-12-5, or Rs. 1,93,348-4-3 more than in the preceding year. This sum, it will be observed, is made up of the actual increase *plus* the decrease under the head of Alienations. Excepting in the Ahmednuggur and Sattara collectorates, in which there was a decrease, the whole of the other collectorates show an increase under this head. The causes of increase and decrease in each collectorate are explained as follows:—

| | | | |
|---|---|---|---|
| In 1869-70—Rs. | 1,17,57,593 | 12 | 5 |
| 1868-69—Rs. | 1,15,64,245 | 8 | 2 |
| Increase, 1869-70—Rs. | 1,93,348 | 4 | 3 |

21. Poona—increase Rs. 1,724-13-6: caused chiefly by an increase in the revenue realized from an attached village, by lands being brought under cultivation, and certain unassessed land having been subjected to assessment; and by enhanced receipts from certain miscellaneous items of land revenue.

22. Ahmednuggur—decrease Rs. 14,207-10-8: owing principally to the introduction of the Survey rates into certain villages; to decreased realizations from forests, sale of firewood, and the farms of mangoes and other fruit growing on Government lands; and to the alteration of system by which the Joodee levied from Umuls and holdings of hereditary district officers is now deducted, and not credited separately as receipts in the accounts.

23. Kulladghee—increase Rs. 7,581-9-11: due mainly to the extension of cultivation; to Inam lands having been made Khalsa; to enhanced receipts from the sale of occupancies of Government land, and from various farms; and to an increase in Joodee payments, consequent on the introduction of the Survey rates into certain villages.

24. Rutnagherry—increase Rs. 20,349-1-9: attributable principally to the commutation rates for the Government share of the revenue receivable in kind having been generally higher than in the preceding year; to an increase in certain items of revenue derived by direct management of certain villages,

Dharas, and Thikans; to the tapping-cess on cocoanut-trees drawn for toddy having yielded a larger revenue; and to the ownership of certain lapsed Dharas, Thikans, and trees having been sold by public auction under instructions from the Survey Commissioner.

25. Belgaum—increase Rs. 12,525-15-10: due chiefly to a larger revenue having been obtained from the sale of the grass and other farms; to the lapse of Inam lands; and to enhanced realizations from certain miscellaneous items of revenue.

26. Dharwar—increase Rs. 24,212-12-11: caused chiefly by an increase in forest receipts; by larger realizations from the sale of the occupancy of cultivated lands; and by the lapse of Shetsundee and other service holdings.

27. Sattara—decrease Rs. 4,888-3-0: owing principally to the introduction of the new system of accounts, whereby the Joodee levied on Umuls and allowances of hereditary district officers is deducted, and not shown as receipts, as formerly; and in some measure also to smaller realizations from the sale of right of occupancies, firewood, &c.

28. Canara—increase Rs. 1,44,834-8-11: due chiefly to a larger revenue having been obtained from the sale of forest produce, and to an increase of land revenue consequent on the introduction of the Survey rates of assessment.

29. Sholapoor—increase Rs. 1,215-3-1: due mainly to the lapse of an Inam village, and to increased revenue derived from the sale of building-sites and the right of cultivating alluvial deposits.

*Remissions.*

30. The total remissions granted during the year under notice amounted to Rs. 1,88,465-10-10, being less than the remissions given during 1868-69 by Rs. 38,534-4-10; deducting from the above the large sum of Rs. 1,32,414-7-10 shown as in previous years under "nominal remissions" against Canara, the *bonâ fide* remissions of the year 1869-70 are reduced to Rs. 56,051-3-0. Of this again, no less than Rs. 34,319-4-2 were remitted in Canara on account of lands leased at reduced rates for a fixed term of years; Rs. 7,591-3-6, at the time of survey, on account of difference between the old and new Survey rates in the collectorates of Ahmednuggur, Rutnagherry, and Sattara; Rs. 892-9-10 on account of lands taken for public purposes in the collectorates of Poona, Rutnagherry, Sattara, and Sholapoor; Rs. 452-5-10 in Rutnagherry in fulfilment of agreements entered into with holders of certain lands; and Rs. 200-1-2 in Canara, on account of the lands in the occupation of the family of the late Raja of Bilghy, as authorized by Her Majesty's Secretary of State for India; thus leaving the small sum of Rs. 12,595-10-6 to represent the remissions incidental to the year's management. The subjoined table shows in detail the remissions granted during the year in each collectorate under the various heads.

| Collectorates. | Remitted at the time of Survey in consequence of the old rates exceeding the new Survey assessment. | | Lands sold for the recovery of the Government assessment, the lands having been bought by Government, and the amount due written off. | | Lands taken for Forest Reserves, Roads, Railways, and other public purposes. | | Remitted in fulfilment of the terms of agreement entered into with the holders of certain lands. | | Remitted on account of the failure of crops, and the poverty, desertion, &c. of the cultivators. | | Nominal Remissions. | | Difference between the annual rates and the rates allowed at the Jummabundy Settlement in certain villages transferred by H. H. Holkar to the British Government. | | Difference between the full assessment of certain lands and the amount at which they have been leased up to fixed date, after which the full assessment to be taken. | | On account of Seigniorage fees on Timber granted on permits free of charge. | | On account of the destruction of the houses of Ryots by fire. | | Other causes. | | Total. | |

*Public Works Revenue from Irrigation.*

31. There is an increase amounting to Rs. 5,991-3-0 under this heading, as compared with the sum realized on the same account in the preceding year, 1868-69, which is nearly all due to the extension of irrigation in the Sattara collectorate. The falling off perceptible in Ahmednuggur is owing to the decrease of irrigation from the Lakh Canal. In the previous year the cultivators used the water more readily, owing to the drought which then prevailed.

| | | | |
|---|---|---|---|
| In 1869-70. | Rs. 10,144 | 13 | 9 |
| „ 1868-69. | Rs. 4,153 | 10 | 9 |
| „ 1869-70, Increase. | Rs. 5,991 | 3 | 0 |

*Collections and current year's Balances.*

32. In addition to the revenue from works of irrigation mentioned in the preceding paragraph, the revenue for collection amounted for the Division in the year under report to Rs. 1,15,58,983-3-10. In the previous year, 1868-69, it amounted to Rs. 1,13,33,091-13-9, thus giving an increase of Rs. 2,25,891-6-1 in favour of 1869-70; of this sum Rs. 1,15,35,257-0-10 were collected by the end of July 1870, leaving a balance outstanding on the 1st August 1870 of Rs. 23,726-3-0, which exceeds the sum which remained outstanding on the corresponding date in the previous year by Rs. 2,311-0-11. In the Belgaum and Dharwar collectorates, as in the previous year, the whole of the realizable revenue was recovered within the year, so that no balances remain outstanding in these two collectorates on account of the current year.

33. Of the balance of Rs. 23,726-3-0 outstanding for the current year on the 1st August 1870, the sum of Rs. 5,942-4-2 was collected, and Rs. 36-7-3 written off, as shown in the margin, by the dates of the Collectors' Reports, leaving Rs. 17,747-7-7, for the recovery and adjustment of which also measures were in progress. A sum of Rs. 145-3-11 in Rutnagherry, and of Rs. 50-12-0 in Sattara, has been found to be irrecoverable, and will be written off the accounts; while arrangements are in progress for the recovery of the sum of Rs. 1,811-5-6 shown as doubtful and disputed against the Rutnagherry collectorate.

| | Balance on 1st August. | | | Since collected. | | | Written off. | | | Balance at date of Collector's Report. | | |

| Rs. | 23,726 | 3 | 0 | 5,942 | 4 | 2 | 36 | 7 | 3 | 17,747 | 7 | 7 |

*Former years' Balances.*

34. The balances of former years amounted at the beginning of the year 1869-70 to Rs. 23,345-0-6, and of this sum Rupees 17,456-2-10 were adjusted, as shown in the margin, during the year, so that the balance for former years outstanding on the 1st August 1870 was Rs. 5,888-13-8, pertaining to the following collectorates, and in the proportion stated against each:—

| Collectorates. | Amount collected. | | | Amount written off. | | | Total. | | |
|---|---|---|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |
| Poona | 413 | 6 | 0 | 16 | 4 | 0 | 429 | 10 | 0 |
| Ahmednuggur | 857 | 6 | 6 | 665 | 15 | 2 | 1,523 | 5 | 8 |
| Kulladghee | 13 | 8 | 11 | 7 | 12 | 0 | 21 | 4 | 11 |
| Rutnagherry | 10,928 | 5 | 8 | 125 | 7 | 8 | 11,053 | 13 | 4 |
| Belgaum | 30 | 4 | 0 | .... | | | 30 | 4 | 0 |
| Sattara | 2,066 | 4 | 8 | .... | | | 2,066 | 4 | 8 |
| Canara | 2,251 | 4 | 3 | .... | | | 2,251 | 4 | 3 |
| Sholapoor | 80 | 4 | 0 | .... | | | 80 | 4 | 0 |
| Rs. | 16,640 | 12 | 0 | 815 | 6 | 10 | 17,456 | 2 | 10 |

| | | | | |
|---|---|---|---|---|
| Rutnagherry | Rs. | 4,864 | 9 | 3 |
| Belgaum | ,, | 133 | 8 | 0 |
| Sattara | ,, | 44 | 6 | 0 |
| Canara | ,, | 496 | 14 | 5 |
| Sholapoor | ,, | 349 | 8 | 0 |
| | Rs. | 5,888 | 13 | 8 |

35. There were thus no balances for former years outstanding on 1st August 1870 in the collectorates of Poona, Ahmednuggur, Kulladghee, and Dharwar. Of the balance of Rs. 4,864-9-3 in Rutnagherry, Rs. 19-11-8 were since recovered, and measures were in progress for the recovery of the remainder, including the sum of Rs. 1,086-2-3 shown as doubtful and disputed. The balance of Rs. 133-8-0 in Belgaum is due by the Patels and Coolcurnees of Eksumbee, in the Chikodee talooka, and is under gradual recovery from their wuttun, which is under attachment. That of Rs. 44-6-0 in Sattara is due on account of ground-rent from Dr. Impey for his property at Mahabuleshwur, and is recoverable. Of the balance of Rs. 496-14-5 in Canara, Rs. 173-11-4 are irrecoverable, and measures are in progress for the adjustment of this sum, as well as for the recovery of the remainder. The balance of Rs. 349-8-0 in Sholapoor awaits the settlement of the objections made to its payment by the Duffley Deshmook, who claims exemption from the Joodee fixed on his Inam land.

36. The subjoined table shows the distribution of the entire balances outstanding for both the current and former years in the several collectorates of the Division. As explained in paragraphs 33 and 35, the balance for the current year has, by subsequent collections and adjustments, been reduced to Rs. 17,747-7-7, and that for former years to Rs. 5,869-2-0.

*Tuggaee Advances and Balances.*

37. The usual Appendices, Nos. III. and IV., showing the transactions under this head are appended. It will be seen that an advance of Rs. 155-12-0 was made in sixteen villages in the Canara collectorate to Coomree cultivators, in order to induce them to resort to more regular habits of cultivation. This was the only advance made out of the sum of Rs. 3,000 sanctioned for the purpose in Government Resolution No. 439 dated 1st February 1869. The advance, it will be noted, is repayable in future years.

*Cultivation.*

38. Appendices Nos. V. and VI. furnish the usual details regarding the culturable and cultivated area, and the principal crops grown in the several collectorates of the Division except Canara during the year under report and in the preceding year, 1868-69; and the table annexed to this paragraph is an abstract of the former of these Appendices. The information for the Rutnagherry collectorate is, as in past years, for the most part based on estimate merely; and the omission altogether from the table of the Canara collectorate is due to the circumstances mentioned in para. 37 of the Revenue Report for the Southern Division for the year 1863-64. This will necessarily continue until the Survey operations now in progress are completed in these two collectorates:—

| Collectorates. | Cultivated in | | In 1869-70. | | Left waste in 1869-70. | Percentage of waste in cultivated lands. |

*Gross Sayer Revenue.*

40. The gross Sayer Revenue of the Division for the year under report amounted to Rs. 37,43,824-12-6. In the year preceding it amounted to Rs. 32,47,226-1-5, thus showing an increase in favour of the year 1869-70 amounting to Rs. 4,96,598-11-1.

*Alienations.*

41. Under this head a sum of Rs. 393-12-0 will be found against the Sholapoor collectorate only. From a correspondence with the Collectors of Poona and Sholapoor on the subject of the non-appearance of this item in former years' Reports, it appears that this sum, which represents the realizations from the sale of the toddy contract in the alienated village of Bhalgaum, in the Barsee talooka, has hitherto been erroneously included under land revenue. It is not clear, however, whether these realizations are enjoyed by the alienee, or are merely the proceeds of the toddy farm obtained from this village and credited to Government. Further explanation will be called for on this point, and the matter will be separately reported to Government.

*Government Sayer Revenue.*

42. The net Government Sayer Revenue of the year amounted to Rs. 37,43,431-0-6, or to Rs. 4,96,204-15-1 more than that of the preceding year. There has been an increase in all except the Canara collectorate, the reasons for which will be found explained in the following paragraphs.

43. Poona—increase Rs. 58,405-5-1, owing chiefly to increased realizations from the License and Income taxes, from Abkaree, and from items credited to Law and Justice.

44. Ahmednuggur—increase Rs. 51,115-11-4, due principally to the Income Tax, to Law and Justice, and to enhanced receipts from the Abkaree, Drugs, and Opium farms.

45. Kulladghee—increase Rs. 71,232-0-8, caused mainly by larger realizations from Income Tax, from items coming under Law and Justice, and from the Abkaree and Drug farms of the year.

46. Rutnagherry—increase Rs. 21,773-9-1, chiefly from the Income Tax, receipts under Law and Justice, and from fees for Licenses granted for the sale of Country Spirits.

47. Belgaum—increase Rs. 1,14,379-13-10, due principally to the Income Tax, and to increased receipts from Forests, items credited to Law and Justice, and from the Abkaree farms.

48. Dharwar—increase Rs. 56,885-11-5, due to the Income Tax, and to enhanced receipts under Law and Justice, and on account of the Abkaree revenue.

49. Sattara—increase Rs. 83,627-0-4, owing mainly to increased receipts under Law and Justice, from Income Tax, from items credited to Profit and Loss, and from the sale of the Liquor farms.

50. Canara—decrease Rs. 3,996-2-2, caused almost wholly by smaller realizations from the sale of Stamps, and from certain miscellaneous items of Sayer revenue.

51. Sholapoor—increase Rs. 42,781-13-6, due chiefly to the Income Tax, and to an increase in the revenue under Law and Justice, and from the Abkaree, Drug, and Opium farms.

*Remissions.*

52. No remissions of Sayer revenue were granted during the year in any of the collectorates of the Division.

*Collections and Balances of the current year.*

53. The realizable Sayer revenue of the year under report amounted to Rs. 37,43,431-0-6, or to Rs. 4,96,204-15-1 more than that of the preceding year, 1868-69. Of this sum, Rs. 37,03,909-14-9 were collected by the close of the year, leaving a balance outstanding on the 1st August 1870 of Rs. 39,521-1-9. In the collectorates of Ahmednuggur and Kulladghee the whole of the year's revenue was collected within the year, so that no portion of this balance pertained to these two collectorates.

54. In the other collectorates of the Division subsequent collections as per margin reduced the outstanding balance to Rs. 7,861-13-0. In the Poona, Rutnagherry, and Dharwar collectorates the whole of the balances were recovered by the date of the Collectors' Reports. In Belgaum it is stated by the Collector that "a portion" has since been realized, and that measures have been taken for the recovery of the remainder. The balance in the Sattara collectorate is likewise in course of recovery. A considerable portion of the balance in Canara has already been collected, and steps have been taken for the realization of the remainder. In Sholapoor, only a small portion of the large balance outstanding was recovered by the date of the Collector's Report, and as regards the remainder (Rs. 6,128-7-2) the Collector intimates that "it is not likely that the liquor contractor and his securities will be able to satisfy the claim." A separate Report regarding this balance has been called for, and the facts will be fully ascertained, in view to the adoption of ulterior measures for its early recovery and adjustment.

*Former years' Balances.*

55. The balances for former years amounted on 1st August 1870 to Rs. 4,896-11-7, and pertained in the proportions of Rs. 1,343-6-0, Rs. 1,896-1-1, and Rs. 1,657-4-6, to the collectorates of Poona, Sattara, and Canara respectively. Measures were in progress for the recovery and adjustment of the balances in the Poona and Canara collectorates. That in Sattara continues outstanding, under the authority of Government Resolution No. 2077 dated 7th June 1866.

*Entire Revenues.*

56. The subjoined table exhibits the entire Land and Sayer revenues of the Division for the year 1869-70 in contrast with the same for the preceding year. Fuller details will be found in Appendix No. VII., of which this is an abstract. As the several fluctuations have been already explained in detail under their various headings, nothing remains to be added in this place.

*Charges of Collection.*

57. The table subjoined to this paragraph exhibits the entire charges of collection for the Division in 1869-70 in contrast with the same for the preceding year, 1868-69. There is a net decrease amounting to Rupees 33,096-1-8 in the total charges, and of 11 annas and 4 pies in the total percentage cost of the year under report. There has been an increase in the collectorates of Kulladghee, Belgaum, and Sholapoor, but a decrease in all the other collectorates of the Division. The increase in the firstnamed collectorates is due chiefly to larger payments to hereditary district and village servants, and on account of the pay and travelling allowances of gazetted officers. The decrease in the other collectorates is caused principally by smaller disbursements to hereditary district officers and on account of district stipendiary establishments; by a reduction of Hoozoor charges, owing in some cases to the abolition of the office of Dufterdar; and by smaller payments on account of the salaries of gazetted officers.

58. In conclusion I would remark that there has been some delay in the transmission of this Report, which is due to various discrepancies having been discovered in the Reports of the Collectors of Poona and Sholapoor. In order to obtain explanation, it was necessary to make several references to the officers above mentioned, the last of which was only replied to on the 20th instant. But for this delay the Report would have been transmitted as early as last year. The recent separation of Sholapoor from Poona accounts in some measure for discrepancies in the accounts, which will, I trust, not again occur.

I have the honour to be,
Sir,
Your most obedient Servant,

W. H. HAVELOCK,
Revenue Commissioner, S.D.

# APPENDIX No. I.

*STATEMENT showing the Dates when, and by whom, the Settlement of each District in the* SOUTHERN DIVISION *was made during the year* 1869-70

| Collectorate. | Talookas. | Names of Settling Officers. | Dates on which the Settlement of each District was Commenced. | Completed. |
|---|---|---|---|---|
| POONA. | Indapoor | H. N. B. Erskine, Esq., Acting Collector | 11th Dec. 1869. | 21st Dec. 1869. |
| | Kheir | J. E. Oliphant, Esq., Collector | 23rd Feb. 1870. | 8th Mar. 1870. |
| | Seroor | C. W. Bell, Esq., First Assistant Collector | 14th Dec. 1869. | 22nd Dec. 1869. |

W. H. HAVELOCK,
Revenue Commissioner, S.D.

No. 3834 of 1872.

To the CHIEF SECRETARY TO GOVERNMENT.

*Púna, 31st July* 1872.

Sir,—I have the honour to submit the following Report on the Revenue Settlement of the Collectorates of the Southern Division for the year 1870-71, accompanied by the Appendices as per margin.

No. I., showing by whom, and when, the Revenue Settlement of each District was commenced and completed.
No. II., contrasting the Land Revenue of the year with that of the year preceding.
Nos. III. and IV., relating to Tagái Advances and Balances.
Nos. V. and VI., relating to Land under Cultivation.
No. VII., contrasting the Sayer and entire Revenues of the year with those of the year preceding.

*Revenue Settlement.*

2 Appendix No. I. shows by whom, and when, the Revenue Settlement of each District was commenced and completed. It will be observed the orders of Government requiring that the Collectors should themselves part in the Revenue Settlement of one or more districts of their respective ges have been generally obeyed, and that, except in Púna, Sátára, Cánára, Sholápúr, the settlements were generally completed by the end of March. the Púna collectorate there was a delay in the settlement of the Bhimthari úká, which was caused by its having been at first understood that the revion survey would be extended to it during the year by the Revenue Survey Department. It was only on the Collector being informed by the Superintendnt of Survey late in April that the revised survey rates could not be made applicable this year that instructions were issued for completing the settlement according to the existing rates.

In the Sátára collectorate the delay is explained by the Acting Collector as follows:—

> "The reason why the Settlements of the 1st Assistant's tálukás (Mann, Málsiras, and Wái) were not completed till the middle of April was in consequence of the 1st Assistant having been deputed on special duty to the Jutt territory under orders from Government in the Political Department."

As regards the delay in the settlement of the Kárwár and Súpá tálukás, the following explanation has been furnished by the Acting Collector, Mr. Macdonald:—

> "The settlement of the Kárwár táluká was postponed until the receipt of the Government Resolutions Nos. 1721 and 1722 dated 21st April 1871.
>
> "Mr. Candy was obliged to come to Kárwár just after the Yelápúr Jamábandí to give evidence in a civil suit, and was not able to return to Halliál in time to complete the Jamábandí of the Súpá táluká at an earlier date than that reported."

In the Sholápúr collectorate, the delay in the settlement of portions of the Sholápúr, Bársí, and Pandharpúr tálukás is thus explained by the Acting Collector:—

> "The settlement of a part of the Sholápúr táluká was to be made by the Survey Department according to the revised rates. But their papers not having been ready in time, the settlement was made by this Department according to the former settlement, on advice received from Colonel Francis in April and May 1871. The delay in the settlement of the Bársí and Pandharpúr tálukás was owing to the want of an Assistant able to undertake the work.

*The Season.*

3. As reported in my letter No. 38 dated 4th January 1871, the season was, generally speaking, not unfavourable in the collectorates of Dhárwár, Belgaum, Kaládgí, Ratnágirí, and Cánára. In the other collectorates the unseasonableness of the rainfall caused some damage, especially to the early crops. In the Púna and Sholápúr collectorates the general yield was much below the average. The cotton and wheat crops were generally poor, owing to the heavy rainfall towards the close of the monsoon season and to an unexpected fall of rain in January 1871. The state of public health was, on the whole, good. Fever and Cholera prevailed to some extent in various parts of the Division, and cattle disease was also more or less prevalent in most of the Districts, but more especially in the Kalghatgí táluká of Dhárwár, and in several parts of the Ratnágirí collectorate.

*Villages.*

4. The subjoined table shows the total number of villages in each collectorate of the Division during 1869-70 and 1870-71. It will be seen that there is a net increase of seventy-four villages in the total number in 1870-71, as compared with the preceding year, which is accounted for as follows:—

13 villages were transferred by His Highness the Nizam's to the British Government, by which there is an addition of two villages to the number in the Ahmadnagar collectorate, and of eleven to the number in the Sholápúr collectorate.

61 villages have been added to the number hitherto registered in Cánára collectorate. This is due to the Survey operations, as hamlets hitherto comprised under other villages have now been surveyed and registered as independent villages.

| Collectorates. | Villages. | | | | | | In 1870-71. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Number in 1870-71. | | | Number in 1869-70. | | | Increase. | | | Decrease. | | |
| | Government. | Alienated. | Total. | Government. | Alienated. | Total. | Government. | Alienated. | Total. | Government. | Alienated. | Total. |
| Púna | 993½ | 208½ | 1,202 | 992½ | 209½ | 1,202 | 1 | ... | 1 | ... | 1 | 1 |

| Kaládgí | 1,009 | 195 | 1,204 | 1,007 | 197 | 1,204 | 2 | ... | 2 | ... | 2 | 2 |
| Ratnágirí | 1,272½ | 65 | 1,337½ | 1,272½ | 65 | 1,337½ | ... | ... | ... | ... | ... | ... |
| Belgaum | 891 | 241 | 1,132 | 889 | 243 | 1,132 | 2 | ... | 2 | ... | 2 | 2 |
| Dhárwár | 1,272 | 164 | 1,436 | 1,272 | 164 | 1,436 | ... | ... | ... | ... | ... | ... |
| Sátára | 1,019 | 484 | 1,503 | 1,019 | 484 | 1,503 | ... | ... | ... | ... | ... | ... |
| Cánára | 1,060 | ..... | 1,060 | 999 | ..... | 999 | 61 | ... | 61 | ... | ... | ... |
| Sholápúr | 602 | 45 | 647 | 591 | 45 | 636 | 11 | ... | 11 | ... | ... | ... |
| Total | 9,333 | 1,558½ | 10,891½ | 9,254 | 1,563½ | 10,817½ | 79 | ... | 79 | ... | 5 | 5 |
| | | | | | | | | | 5 | | | |
| Net | ..... | ..... | ..... | ..... | ..... | ..... | ... | ... | 74 | | | |

5. The fluctuations observable in the number of Government and Alienated villages respectively in the Púna, Kaládgí, and Belgaum collectorates are due to a corresponding number of Alienated villages in each having lapsed to Government during the year.

*Hamlets.*

6. From the subjoined table it will be seen that there is an increase in the year under report of 474 hamlets in the collectorates of Sátára and Cánára, and a decrease of 19 hamlets in the Sholápúr collectorate, or a total

net increase of 455 hamlets as compared with the number for the preceding year, 1869-70. Regarding these increases, the Acting Collectors of Cánára and Sátára observe as follows :—

*Cánára (Mr. Macdonald)* :—" As regards the increase of 379 hamlets, I have not been able to satisfactorily trace the source of the increase this year. The figure given is as reported by the District officials, and I have caused inquiries to be made respecting it."

*Sátára (Mr. Boswell)* :—" The increase of 95 hamlets is owing to a stricter enumeration having been enforced last year."

In the Sholápúr Collectorate the decrease of 19 hamlets is due to the number given last year in the Collector's Jamábandí Report having been adopted from previous years' Reports without inquiry as to its correctness or otherwise. This year strict inquiry having been made, it has been ascertained that the correct number, after deducting all uninhabited and deserted hamlets, is 190 only, and the number has been altered accordingly this year. On this subject I beg to remark that the Survey is now in progress in Cánára, which may in a jungle country cause some change in the administrative position of hamlets and villages, but that the great increase of ten per cent. in the hamlets in Sátára from stricter enumeration affords an inference that the previous enumerations may have been carelessly or erroneously conducted. The Collector has been separately addressed on this subject.

| Collectorates. | Hamlets. | | | | | | In 1870-71. | | | | | |

| Sholápúr | 181 | 9 | 190 | 199 | 10 | 209 | ... | ... | ... | 18 | 1 | 19 |
| Total | 10,751 | 1,107 | 11,858 | 10,356 | 1,047 | 11,403 | 413 | 69 | 482<br>27 | 18 | 9 | 27 |
| Net | ..... | ..... | ..... | ..... | ..... | ..... | ... | ... | 455 | | | |

7. The increase of 8 in Government, and corresponding decrease in Alienated hamlets in the Púna collectorate is owing to an Alienated village to which they were attached having lapsed to Government during the year.

### *Land Revenue, Financial Results.*

8. The following table, which is an abstract of Appendix No. II., exhibits the financial results of the year's settlement in contrast with that of the year 1869-70. The various fluctuations and their causes will be found explained below :—

| Collectorates. | Gross Revenue. | | Alienations. | | Government Revenue. | | Remissions. | | Public Works Revenue from Irrigation. | |

*Gross Revenue.*

9. The gross Land Revenue of the Division for the year 1870-71 amounted to Rs. 1,40,84,315-4-9, being less than that of the preceding year by Rs. 6,11,654-5-1. There has been an increase aggregating Rs. 91,401-0-3 in the collectorates of Ahmadnagar, Kaládgí, and Sholápúr, and a decrease aggregating Rs. 7,03,055-5-4 in the collectorates of Púna, Ratnágírí, Belgaum, Dhárwár, Sátára, and Cánára, as detailed in the margin.

| | Increase. Rs. a. p. | Decrease. Rs. a. p. |
|---|---|---|
| Púna | ..... | 1,01,172 10 7 |
| Ahmadnagar | 8,061 2 8 | ..... |

| Net Decrease ... | ..... | 6,11,654 5 1 |

*Alienations.*

10. Under this head there has been a decrease in the year under report aggregating Rs. 12,718-3-5 as compared with the Alienated revenue of the Division for the year preceding. The fluctuations in each collectorate are thus explained :—

| | | | |
|---|---|---|---|
| In 1870-71...Rs. | 29,25,657 | 10 | 0 |
| In 1869-70... ,, | 29,38,375 | 13 | 5 |
| Decrease...Rs. | 12,718 | 3 | 5 |

11. *Púna.*—Decrease Rs. 14,979-12-9; caused chiefly by the lapse of an Alienated village, by the calculation of the value of Alienated villages held by Hereditary District Officers paying Joodee to Government according to the proportion of such Joodee payments, and by the application of the Survey rates to certain Inám holdings.

12. *Kaládgí.*—Decrease Rs. 1,584-14-6; due chiefly to the lapse of Inám lands, and to the application of the Summary Settlement to certain Inám holdings.

13. *Dhárwár.*—Decrease Rs. 638-11-6; due principally to the lapse of Inám lands, to the application of the Summary Settlement to certain Inám holdings, and to the operations of the Revenue Survey Department.

14. *Belgaum.*—Decrease Rs. 3,189-6-4; also attributable to the lapse of Inám lands, to certain Inám holdings having been subjected to the Summary Settlement, and to the application of the Survey rates.

15. *Ahmadnagar.*—Increase Rs. 191-9-7; due chiefly to enhanced revenue having been obtained consequent on the extension of cultivation.

16. *Ratnágírí.*—Increase Rs. 1,378-8-3; owing principally to the introduction of the Survey, and the application of the Summary Settlement to certain Alienated lands.

17. *Sátára.*—Increase Rs. 2,757-11-6; due mainly to the assessment of Service Inám holdings hitherto not shown under Alienations having this year been brought to account as such, to the introduction of the Survey assessment into certain villages, and to extension of cultivation.

18. *Cánára.*—Increase Rs. 26-10-4; owing entirely to the introduction of the Survey rates.

19. *Sholápúr.*—Increase Rs. 3,320-2-0; due mainly to the introduction of the Survey, and to the assessment of Inám lands pertaining to the villages received in exchange from the Nizám's Government having been brought to account.

*Government Revenue.*

20. Deducting the Alienations, the realizable Land Revenue of the Division amounted for the year 1870-71 to Rs. 1,11,58,657-10-9, or Rs. 5,98,936-1-8 less than in the preceding year. There has been an increase in the collectorates of Ahmadnagar, Kaládgí, and Sholápúr, and a decrease in the remaining collectorates, as detailed below :—

| | | | |
|---|---|---|---|
| In 1870-71...Rs. | 1,11,58,657 | 10 | 9 |
| ,, 1869-70... ,, | 1,17,57,593 | 12 | 5 |
| Decrease, 1870-71.Rs. | 5,98,936 | 1 | 8 |

21. *Ahmadnagar.*—Increase Rs. 7,869-9-1; caused principally by extension of cultivation, by the transfer of villages from His Highness the Nizam's to the British Government, and by the lapse of certain Inám lands and the application of the Summary Settlement to certain life-holdings.

22. *Kaládgí.*—Increase Rs. 13,133-8-1; due mainly to extension of cultivation, to the receipt from the Chief of Jamkhandi of Joodee under the terminable Inám settlement in arrears, to larger realizations from lands under attachment, and to increased receipts from the sale of building-sites, &c.

23. *Sholápúr.*—Increase Rs. 68,471-2-0; attributable principally to the transfer of certain villages by His Highness the Nizam's to the British Government, to the introduction of the revised Survey rates into the Máreh táluká, and to increased revenue from Notice Fees for sale of occupancy rights and from Farms.

24. *Púna.*—Decrease Rs. 86,192-13-10; due chiefly to the transfer to Sayer Revenue of receipts from Forests, hitherto credited to Land Revenue, as well as of Interest on Revenue in arrears; to smaller realizations from grazing and other farms; and to a reduction of revenue owing to lands having been taken up for Roads, Tanks, &c.

25. *Ratnágirí.*—Decrease Rs. 29,283-14-7; caused mainly by the commutation rates for the Government share of the revenue receivable in kind being less than in the preceding year; by smaller realizations from the sale of occupancy rights of Government waste; and by the levy of the Government revenue according to the Survey rates of assessment or old rates, whichever was the lowest, the first year of the introduction of the Survey in the Chiplun and Ratnágirí tálukás.

26. *Belgaum.*—Decrease Rs. 8,481-11-1; owing chiefly to the transfer of receipts from Forests and on account of Interest on Revenue in arrears to the head of Sayer Revenue; to smaller realizations on account of Notice Fees; and to the introduction of the system whereby Joodee levied on the allowances of Hereditary District Officers is deducted, and not shown as Receipts as formerly.

27. *Dhárwár.*—Decrease Rs. 46,189-0-1; owing principally to Forest Revenue and receipts on account of Interest on Revenue in arrears having been transferred to the head of Sayer; to the introduction of the system whereby Joodee levied on Allowances of Hereditary District Officers is deducted and not shown as Receipts; and to smaller realizations from various miscellaneous items of revenue.

28. *Sátára.*—Decrease Rs. 4,636-14-3; caused chiefly by smaller realizations from various items of miscellaneous revenue, and from grazing and other farms; and by a reduction of Joodee payments from Inám lands owing to the same having been calculated according to the Revenue Survey assessment on such lands.

29. *Cánára.*—Decrease Rs. 5,13,625-15-0; due chiefly to the revenue from Forests and to receipts on account of Interest on Revenue in arrears having been transferred to the head of Sayer Revenue; and to smaller realizations this year on account of land under Kúmrí cultivation. It will be observed that the greater portion of the decrease, especially the large one in Cánára, is merely a matter of account, the amount deducted from the Land Revenue being brought to the credit of Government under another head.

*Remissions.*

30. The total Remissions granted during the year under notice amounted to Rs. 2,31,551-6-9, being more than the Remissions given during 1869-70 by Rs. 43,085-11-11. Deducting from the above the large sum of Rs. 1,31,924-11-3 shown, as in the previous year, under Nominal Remissions against the Cánára collectorate, the *bonâ fide* Remissions of the year 1870-71 are reduced to Rs. 99,626-11-6. Of this, again, no less than Rs. 89,904-1-2 were remitted on the introduction of the Survey Settlement on account of difference between the old and new rates in the collectorates of Ratnágirí, Belgaum, Sátára, Cánára, and Sholápúr; Rs. 2,031-5-9 on account of land taken for public

purposes in the collectorates of Kaládgí, Ratnágirí, Sátára, and Sholápúr; Rs. 1,188-8-9 on account of lands leased at reduced rates in the Ratnágirí and Cánára collectorates; Rs. 200-1-2 in Cánára on account of lands in the occupation of the family of the late Rájá of Bilgi, as authorized by Her Majesty's Principal Secretary of State for India; and Rs. 218 in Belgaum on account of land held by Párvati Bái, the elder widow of the late Chief of Kágwád, under the authority of Government Resolution in the Political Department No. 738 dated 22nd February 1862. Rs. 4,728-9-0 were remitted in the Púna collectorate in villages received in exchange from His Highness Holkar, on account of the difference between the Kamál rates and the rates allowed at the Jamábandí Settlement; and Rs. 1,356-2-6 represent the balance due to other causes. The subjoined table shows in detail the remissions granted during the year in each collectorate under the various heads:—

| COLLECTORATES. | Remitted at the time of survey in consequence of the revised Survey rates exceeding the old assessment, and *vice versâ*. | Lands sold for the recovery of the Government assessment, the lands having been bought by Government, and the amount due written off. | Lands taken for Forest Reserves, Roads, Railways, and other public purposes. | Remitted in fulfilment of the terms of agreement entered into with the holders of certain lands. | Remitted on account of the failure of crops, and the poverty, desertion, &c. of the cultivators. | Nominal Remissions. | Difference between the annual rates and the rates allowed at the Jamábandí settlement in certain villages transferred by His Highness Holkar to the British Government. | Difference between the full assessment of certain lands and the amount at which they have been leased up to fixed dates, after which the full assessment to be taken. | On account of the destruction of the houses of ryots by fire. | Other causes. | Total. |

*Public Works Revenue from Irrigation.*

31. There is an increase amounting to Rs. 4,957-0-3 under this heading as compared with the sum realized on the same account in the preceding year, 1869-70, which is due to the extension of irrigation in the collectorates of Púna, Kaládgí, Dhárwár, and Sátára. In the Ahmadnagar Collectorate the revenue from this source is less by Rs. 44-4-0 than in the previous year, and is caused by the cultivators not making use of the water available from the Lakh Bundara.

| | | | |
|---|---|---|---|
| In 1870-71.....Rs. | 15,101 | 14 | 0 |
| In 1869-70..... ,, | 10,144 | 13 | 9 |
| In 1870-71, Increase . Rs. | 4,957 | 0 | 3 |

*Collections and Current Year's Balances.*

32. In addition to the revenue from works of irrigation mentioned in the preceding paragraph, the revenue for collection amounted for the Division in the year under report to Rs. 1,09,12,004-6-0. In the previous year, 1869-70, it amounted to Rs. 1,15,58,983-13-10, thus showing a decrease of Rs. 6,46,978-13-10 in the year 1870-71. Of this sum Rs. 10,885,954-15-5 were collected by the end of July 1871, leaving a balance outstanding on the 1st August 1871 of Rs. 26,049-6-7, which exceeds the sum which remained outstanding on the corresponding date in the previous year by Rs. 2,323-3-7. In the Belgaum and Dhárwár Collectorates, as in the previous year, the whole of the realizable revenue was recovered within the year, so that no balances remain outstanding in these two collectorates on account of the current year.

33. Of the balance of Rs. 26,049-6-7 outstanding for the current year on the 1st August 1871, the sum of Rs. 16,438-11-0 was subsequently collected, and Rs. 112-9-2 written off, as shown in the margin, by the dates of the Collectors' reports, leaving a balance of Rs. 9,498-2-5, for the recovery and adjustment of which also measures were in progress. Of this sum of Rs. 9,498-2-5, Rs. 85 are reported to be irrecoverable in Púna, Rs. 18-8-0 in Ratnágirí, Rs. 40 in Sátára, Rs. 83-15-7 in Cánára, and Rs. 337-1-0 in Sholápúr, or in all Rs. 564-8-7. The irrecoverable balance in Ratnágirí has since been sanctioned by this Office to be written off the accounts. It will be noted that the balance for the current year outstanding in the Ratnágirí collectorate is considerably less than it was in the year preceding, being only Rs. 4,246 against 14,866, which is a good feature in the year's management. The existing system of paying the revenue in kind, which is still in force in the four unsurveyed tálukás of this collectorate, will wholly disappear on the extension to them of the Survey Settlement. In addition to the balances above shown, a total of Rs. 970-7-10 appears under the heading "Doubtful and Disputed" against the collectorates of Ratnágirí, Cánára, and Sholápúr, and measures are in progress for the adjustment of these items.

| Collectorates. | Balance on 1st August. | | | Since collected. | | | Written off. | | | Balance at date of Collector's report. | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |

*Former Years' Balances.*

34. The balances of former years amounted at the beginning of the year 1870-71 to Rs. 29,615-0-3, and of this sum Rs. 25,494-6-6 were adjusted, as shown in the margin, during the year, so that the balance for former years outstanding on the 1st August 1871 was Rs.

| Collectorates. | Amount Collected. | | | Amount Written off. | | | Total. | | |
|---|---|---|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |
| Púna ..... | 260 | 4 | 0 | .... | | | 269 | 4 | 0 |
| Ahmadnagar ..... | 405 | 13 | 1 | 36 | 7 | 3 | 442 | 4 | 4 |
| Kaládgí ..... | 24 | 0 | 6 | .... | | | 24 | 0 | 6 |
| Ratnágirí ..... | 18,190 | 13 | 6 | 663 | 0 | 0 | 18,853 | 13 | 6 |
| Belgaum ..... | 27 | 4 | 11 | .... | | | 27 | 4 | 11 |
| Sátára ..... | 780 | 1 | 7 | 91 | 5 | 0 | 871 | 6 | 7 |
| Cánára ..... | 3,534 | 13 | 2 | 770 | 4 | 6 | 4,305 | 1 | 8 |
| Sholápúr ..... | 701 | 3 | 0 | .... | | | 701 | 3 | 0 |
| | 23,933 | 5 | 9 | 1,561 | 0 | 9 | 25,494 | 6 | 6 |

4,120-10-2 pertaining to the following collectorates, and in the proportion stated against each :—

| | | | | |
|---|---|---|---|---|
| Ratnágiri | Rs. | 3,184 | 1 | 1 |
| Belgaum | ,, | 106 | 3 | 1 |
| Sátára | ,, | 13 | 14 | 0 |
| Cánára | ,, | 409 | 14 | 0 |
| Sholápúr | ,, | 406 | 10 | 0 |
| | Rs. | 4,120 | 10 | 2 |

35. There were thus no balances for former years outstanding on 1st August 1871 in the collectorates of Púna, Ahmadnagar, Kaládgí, and Dhárwár. Of the balance, amounting to Rs. 3,184-1-1, in Ratnágirí, Rs. 300-1-9 were recovered, and Rs. 3-12-0 were written off before the transmission of the Collector's report, leaving Rs. 2,880-3-4 for recovery and adjustment. Of this sum of Rs. 2,880-3-4, Rs. 1,291-14-9 are recoverable, and Rs. 1,588-4-7 are doubtful and disputed. The balance of Rs. 106-3-1 in Belgaum is due by the Patels and Koolkurnees of Eksumbee, in the Chikodee táluká, and is under gradual recovery from their wuttun, which is under attachment. That of Rs. 13-14-0 in Sátára is recoverable, and measures are in progress for its recovery. Of the balance of Rs. 409-14-0 in Cánára, Rs. 24-11-1 are irrecoverable, and steps have been taken for the adjustment of this sum, as well as for the recovery of the recoverable remainder (Rs. 385-2-11). The balance of Rs. 406-10-0 in Sholápúr awaits the settlement of the objections made to its payment by the Duffley Deshmukh, who claims exemption from the Joodee fixed on his Inám land.

36. The subjoined table shows the distribution of the entire balances outstanding for both the current and former years in the several collectorates of the Division. As explained in paragraphs 33 and 35, the balance for the current year has by subsequent collections and adjustments been reduced to Rs. 9,498-2-5, and that for former years to Rs. 4,120-10-2.

| COLLECTORATES. | | Current year's Balances. | Former years' Balances. | Total. |

*Tagái Advances and Balances.*

37. The usual Appendices, Nos. III. and IV., showing the transactions under this head are appended. It will be seen that an advance of Rs. 5,110 was made in the Sátára collectorate during the year. Of this sum, Rs. 2,460 were granted for building houses which had been destroyed by fire, and Rs. 2,650 for the construction of wells in nine villages. The whole of this advance is repayable in future years. The sum of Rs. 165-12-0 advanced in the preceding year to Coomree cultivators in the Cánára collectorate has been recovered during the year under report.

38. Appendices Nos. V. and VI. furnish the usual details regarding the culturable and cultivated area, and the principal crops grown, in the several collectorates of the Division except in Cánára during the year under report and in the preceding year, 1869-70; and in the table annexed to this para. is an abstract of the former of these Appendices. The information for the Ratnágirí collectorate is, as in past years, for the most part, based on estimate merely; and the omission altogether from the table of the Cánára collectorate is due to the circumstances mentioned in para. 37 of the Revenue Report for the Southern Division for the year 1863-64. This will necessarily continue until the Survey operations now in progress are completed in these two collectorates.

*Gross Sayer Revenue.*

40. The gross Sayer Revenue of the Division for the year under report amounted to Rs. 43,52,482-11-0. In the year preceding it amounted to Rs. 37,43,824-12-6, thus showing an increase in favour of the year 1870-71 amounting to Rs. 6,08,657-14-6. I beg at the same time to refer to my remarks under para. 29, and to point out that the increase is mostly owing to transfer of credit from Land Revenue, which causes a corresponding diminution under that head.

*Alienations.*

41. Under this head a sum of Rs. 618-12-0 will be found against the Sholápúr collectorate only. It has been ascertained from subsequent correspondence with the Collector that this is not an alienation of the Abkaree Revenue, but an item which, as pertaining to the Summary Settlement effected under Bombay Act II. of 1863 with the Inamdar of Belgaum, should have been brought to account as Land Revenue. The Collector has been instructed accordingly, and the item will disappear from the heading Alienations of Sayer Revenue in future years' Reports.

*Vide* my letter to Government No. 5595 dated 9th December 1871.

*Government Sayer Revenue.*

42. The net Government Sayer Revenue of the year amounted to Rs. 43,51,863-15-0, or Rs. 6,08,432-14-6 in excess of that of the preceding year. Except in Belgaum there has been an increase in all the collectorates of the Division, the reasons of which will be found explained in the following paragraphs.

43. *Púna.*—Increase Rs. 1,07,365-7-2; owing chiefly to increased receipts from items brought to account under the head of Law and Justice; to larger realizations on account of the Income Tax; and to the transfer of receipts from Forests and other items from Land to Sayer Revenue.

44. *Ahmadnagar.*—Increase 17,006-8-0; due principally to larger receipts under the head of "Law and Justice" and from Income Tax, and to the transfer of Forest Revenue from Land to Sayer.

45. *Kaládgí.*—Increase Rs. 21,088-11-5; caused mainly by larger receipts from the Abkaree, Drugs, and Opium farms, and from items brought to account under the head of Law and Justice; to a larger revenue having been obtained from the Income Tax; and to the transfer of Forest collections from Land to Sayer Revenue.

46. *Ratnágirí.*—Increase Rs. 34,101-6-10; due chiefly to increased revenue from Stamps, from Income Tax, and from sale of the Abkaree farms; and to the transfer of Forest receipts from Land to Sayer revenue.

47. *Belgaum.*—Decrease Rs. 3,208-7-9; owing chiefly to smaller receipts from the sale of Stamps, and to the Abkaree farms having yielded less than in the preceding year.

48. *Dhárwár.*—Increase Rs. 76,444-10-6; due principally to the transfer of Revenue from Forests and Interest on Revenue in arrears from Land to Sayer; and to larger realizations on account of Income Tax, and from items brought to account under the head of Law and Justice.

49. *Sátárá.*—Increase Rs. 40,958-8-1; owing mainly to increased realizations from the sale of Stamps; to the Income Tax and to Abkaree farms having yielded more than in the preceding year; and to the transfer of Forest Receipts from Land to Sayer Revenue.

50. *Cánára.*—Increase Rs. 3,10,667-2-5; due chiefly to the transfer of Forest Revenue from Land to Sayer; and to larger realizations by the sale of Stamps, and from Income Tax.

51. *Sholápúr.*—Increase Rs. 4,008-15-10; caused principally by larger receipts from items brought to account under the head of Law and Justice; from the Income Tax; and from items of miscellaneous Sayer Revenue.

*Remissions.*

52. Remissions to the extent of Rs. 4,415-11-7 of the Sayer Revenue were granted during the year in the Cánára collectorate only of the Division.

These were on account of seignorage fees remitted on Timber granted free under the permit rules.

*Collections and Balances of the current year.*

53. The realizable Sayer revenue of the year under report amounted to Rs. 43,47,448-3-5, or to Rs. 6,04,017-2-11 more than that of the preceding year, 1869-70. Of this sum, Rs. 43,24,862-10-0 were collected by the close of the year, leaving a balance outstanding on the 1st of August 1871 of Rs. 22,585-9-5. In the collectorates of Ahmadnagar and Kaládgí the whole of the year's revenue was collected within the year, so that no portion of this balance pertained to these two collectorates.

54. In the other collectorates of the Division subsequent collections as per margin reduced the outstanding balance to Rs. 2,199-3-1. In the Púna, Belgaum, Dhárwár, and Sátára collectorates the whole of the balances were recovered by the dates of the Collectors' reports. For the recovery of the balance in the Ratnágirí collectorate measures were in progress for the distraint and sale of the property of the securities of the Abkaree farmers by whom it is due. The balance in the Cánara collectorate is recoverable, and steps have been taken for recovering the same. In Sholápúr out of the large balance the sum of Rs. 68 only is set down as "recoverable," and of this Rs. 66-4-0 were collected by the date of the Collector's report. The whole of the remainder (Rs. 1,907-7-8) is said to be irrecoverable, and will probably have to be remitted, owing to the inability of the liquor-farmer and his securities to satisfy the Government claim: a special report, however, relating to this balance has been called for from the Collector.

| Collectorates. | Balance on 1st August 1871. | Subsequently collected. | Balance at date of Collector's report. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Púna ..... | 18,758 0 0 | 18,758 0 0 | ..... |

| Belgaum ..... | 304 0 0 | 304 0 0 | ..... |
| Dhárwár ..... | 306 0 0 | 306 0 0 | ..... |
| Sátára ..... | 0 8 0 | 0 8 0 | ..... |
| Cánara ..... | 991 8 9 | 804 3 0 | 187 5 9 |
| Sholápúr ..... | 1,075 7 8 | ..... | 1,075 7 8 |
| | 22,585 9 5 | 20,386 6 4 | 2,199 3 1 |

*Former Years' Balances.*

55. The balances for former years amounted on 1st August 1871 to Rs. 10,818-4-5, and pertained, in the proportions of Rs. 1,343-6-0, Rs. 1,071-4-1, Rs. 1,896-1-1, Rs. 383, Rs. 6,124-9-3, to the collectorates of Púna, Belgaum, Sátára, Cánara, and Sholápúr respectively. The whole of the balance of Rs. 383 in Canara is reported to be recoverable, and the whole of that in Púna has, with my sanction, been since written off the accounts as irrecoverable. Regarding the balance outstanding in the Sholápúr collectorate, all of which is shown as irrecoverable, a report was called for from the Collector in May 1871, and is still awaited. Its transmission has now been again expedited. The balance of Rs. 1,071-4-1 in the Belgaum collectorate is shown as "doubtful and disputed," and measures are in progress for its adjustment. That in Sátára, amounting to Rs. 1,896-1-1, continues outstanding under the authority of the Government Resolution No. 2077 dated 7th June 1866, but as the period of six years, for which it was allowed to stand over, has elapsed, the Collector has been requested to report what prospect there is of its being now recovered.

*Entire Revenues.*

56. The subjoined table exhibits the entire Land and Sayer Revenues of the Division for the year 1870-71 in contrast with the same for the preceding year. Fuller details will be found in Appendix No. VII., of which this is an abstract. As the several fluctuations have been already explained in detail under their various headings, and show a considerable net increase on the total actual collections, nothing remains to be added in this place.

*Charges of Collection.*

57. The table subjoined to this para. exhibits the entire charges of collection for the Division in 1870-71, in contrast with the same for the preceding year. There has been a net decrease amounting to Rs. 36,521-12-0, or Rs. 0-3-8 per cent., in the total charges. There has been an increase in the collectorates of Púna, Kaládgí, Dhárwár, Cánára, and Sholápúr, but a decrease in all the other collectorates of the Division. The increase in the abovenamed collectorates is due chiefly to the allowances payable to Covenanted and Uncovenanted Officers, which is charged under the new system of accounts to this head, whereas hitherto a moiety of these allowances were chargeable to the Judicial Department; as also to larger disbursements on account of Village Officers, Village Allowances, and Village Expenses. The decrease in the other collectorates is caused principally by smaller disbursements to Hereditary Officers, and by a reduction of Húzúr and other charges.

58. In compliance with the instructions in Government Letter No. 4615 dated 18th September 1871, a separate report relating to the new system of Táluká accounts is made in my letter to Government No. 3835 of this day's date.

I have the honour to be,

Sir,

Your most obedient Servant,

W. H. HAVELOCK,

Revenue Commissioner, S. D.

## APPENDIX No. I.

*STATEMENT showing the dates when, and by whom, the Settlement of each District in the Southern Division was made during the year* 1870-71.

W. H. HAVELOCK,
Revenue Commissioner, S. D.

No. 1347 of 1873.

Revenue Department.

To

The CHIEF SECRETARY to GOVERNMENT.

Ratnagiri Districts,

*Camp Gohágarh, 8th April* 1873.

Sir,

Statement No. I.—Shewing by whom the Revenue Settlement of each district was commenced and completed.
Statement No. II.—Contrasting the Land Revenue of the year, with that of the year preceding.
Statements Nos. III. and IV.—Relating to Tuccavee Advances and Balances.
Statements Nos. V. and VI.—Relating to Land under cultivation.
Statement No. VII.—Contrasting the Sayer and entire Revenues of the year with those of the year preceding.

I have the honour to submit, with the usual appendices as per margin, the following report on the Settlement of the Land and Sayer Revenues of the Collectorates of the Southern Division for the year 1871-72.

*Revenue Settlement.*

2. Statement No. I. shews the dates on which, and officers by whom, the revenue settlement of each district was commenced and completed. It will be seen that generally the orders of Government requiring the Collectors themselves to take part in the settlements have been obeyed, and that with certain exceptions in the Poona, Ratnagiri, Sátára, Kanara and Sholápur Districts, regarding the delay apparent in which the following explanations have been received, the revenue settlements were all completed within due time.

3. In the Poona Collectorate the delay in the Settlement of the Joonere Taluka was due to the Assistant, Mr. Unwin, having fallen ill after commencing the settlement; the delay in regard to two villages of the Havali Taluka, was caused by the existence of certain disputes, regarding areas of land taken up for a public purpose, and consequent alterations in the village accounts having to be determined before the settlement was finally completed.

4. In Ratnagiri the delay in the completion of the Settlement of the Dapuli Taluka was caused by a pressure of work on the Mamlutdar's establishment, which prevented the completion of the necessary settlement papers of four villages within the prescribed period. Measures have been taken by the Collector to obviate the recurrence of similar delays in future. With the exception of these four villages, the settlement of the taluka was completed by the 31st March.

5 The delay in the Sátára Collectorate occurred in the Settlement of Malcom Peth merely; and was due to Dr. Bell not being aware that it was incumbent on him to effect the settlement at an earlier date.

6. Of the Kanara Collectorate, the Settlements of the Talukas of Supa and Yelapur ~~were~~ not completed until late in April. The Collector explains that this was due to the introduction of the Survey Settlement into certain villages of these talukas, the arrangements connected with which operation caused a slight delay in the completion of the jummabundy settlement.

7. In the Sholápur Collectorate the Settlement had been completed by the end of March in all, except two villages of the March, and fourteen villages of the Sholápur Taluka. It was understood at first that the settlement of these villages would be effected by the Survey Department; but, as it was afterwards discovered that the guaranteed period of the old Survey had not yet expired in

them, and that the existing rates were continuable for a further period, measures were taken to carry out ~~ten~~ years' settlement in the usual manner, and consequently some delay occurred.

*The Season.*

8. As reported in my letter to Government No. 1084, dated 2nd March 1872, the season was a generally unfavourable one, excepting in the Belgaum, Dharwar, Ratnagiri, and Kanara Collectorates, where also it was barely average. In the three Collectorates of Poona, Ahmadnagar, and Sholápur, where the most extensive failures occurred, it was necessary, in order to enable the cultivators to sustain the pressure, to postpone the collection of part of the Government revenue of the year. In the two last-named collectorates, remissions to a considerable extent were also granted. In Sátára, as well as in the Ahmadnagar and Kaladgi Collectorates, the cultivators were also aided by large grants of Tuccavee. Public works for the relief of the labouring poor were also undertaken in the districts of Ahmadnagar and Sholápur, at the chief stations in which those unable to work were also sustained by local charities, in organizing which the Municipalities of Ahmadnagar and Sholápur were notably conspicuous. Cholera and cattle-disease were prevalent in some of the collectorates of the division, but the mortality was not great in the case of either man or beast.

*Villages.*

9. From the subjoined table, which exhibits the total number of villages in each collectorate of the division in the years 1871-72 and 1870-71, respectively, it will be seen that there is a net increase of seven in the aggregate number of villages in the year under report. This increase pertains to the Kanara Collectorate, in which, under the operation of the Survey, eight hamlets have this year been registered as villages in the Karwar Taluka, and one village registered as a hamlet in the Supa Taluka, thus giving a net increase of seven villages. The decrease of one Government village in the Poona Collectorate, is due to its transfer to the head of alienated villages, consequent on the grant of the Government village of Aneh to Dada Saheb Kirkery, the Dewan of His Highness Scindiah, under the authority of Government Resolution No. 2389, dated 8th May 1871.

*Hamlets.*

10. The table subjoined to this paragraph, which gives the number of hamlets in each collectorate of the division in 1871-72, in contrast with the number in the year preceding, shews that there is a net increase of 3 in the aggregate number for the division in the year under report. This net increase is arrived at by deducting from the net increase of 5 in the Sátára Collectorate, the net decrease of 2 hamlets in the Kanara Collectorate. The increase in the former collectorate is caused by the addition of 5 hamlets to the register of this year, in correction of an error in the register of the previous year; and the decrease in the Kanara Collectorate is due to 2 hamlets of those brought to account as such in 1870-71, having this year been registered as villages. There has also been a transfer of 57 hamlets in the Kanara Colletorate from the heading "Alienated," under which they had been placed by a clerical error to that of "Government." It will thus be perceived that these 57 + 2 = 59 hamlets had erroneously been shewn under the former heading in the report for 1870-71, and that the necessary correction has been made in the report for this year. The increase of 9 hamlets under the heading "Alienated" and corresponding decrease under the heading "Government," in the Poona Collectorate, is caused by the transfer of these hamlets with the village of Aneh, to which they are subordinate, to Dada Saheb Kirkery, under the authority of Government mentioned in the preceding paragraph.

| Satara ... ... | 12,785 7 5 | ..... |
| Kanara ... ... | 30,871 9 0 | ..... |
| Sholapur ... ... | 1,42,762 1 5 | ..... |
| Total..... | 2,48,484 5 8 | 54,438 11 7 |
| | 54,438 11 7 | |
| Net..... | 1,94,045 10 1 | |

12. The gross land revenue of the division for the year 1871-72, amounted to Rs. 1,42,78,360-14-10, being more than that of the year preceding by Rs. 1,94,045-10-1. There has been an increase aggregating Rs. 2,48,484-5-4 in the Collectorates of Poona, Ratnagiri, Sátára, Kanara and Sholápur, and a decrease aggregating Rs. 54,438-11-7, in the remaining Districts of Ahmadnagar, Kaladgi, Belgaum, and Dharwar, as detailed in the margin.

*Alienations.*

13. Under this head there has been an increase aggregating Rs. 21,489-1-9 in the year under notice, as compared with the alienated revenue of the division for the year 1870-71. The fluctuations in each collectorate are thus explained—

| | | | |
|---|---|---|---|
| In 1871-72... | Rs. | 29,47,146 11 | 9 |
| In 1870-71... | Rs. | 29,25,657 13 | 0 |
| Increase 1871-72 | Rs. | 21,489 1 | 9 |

14. *Poona.*—Increase Rs. 2,310-11-0, caused chiefly by the transfer to the head of alienations of the village of Aneh, given in inam to Dada Saheb Keerkey, Deewan of His Highness Scindia.

15. *Ahmadnagar.*—Decrease Rs. 5,448-13-10, due principally to decreased cultivation, and the grant of remissions in partly alienated villages; also to the levy of additional joodee on the land of village officers, in order to make up their emoluments according to scale.

16. *Kaladgi.*—Increase Rs. 131-6-1, owing to the valuation of certain inam holdings, according to survey rates, and the entry under alienations of certain shetsundee lands.

17. *Ratnagiri.*—Increase Rs. 104-8-5, due chiefly to the application of the summary settlement, under which $\frac{1}{8}$th of the assessment of inam lands, is now included in the revenue realizable by Government, and the remaining $\frac{7}{8}$ths are entered as alienated revenue in the accounts.

18. *Belgaum.*—Decrease Rs. 1,546-3-5, owing to the lapse of alienated lands, to the levy of additional joodee, and to the application of the survey rates in the valuation of certain inam holdings.

19. *Dharwar.*—Increase Rs. 1,832-8-6, caused mainly by the net increase from lands of hereditary district officers being brought to account as alienated revenue; and by the extension of irrigation to the lands of certain alienees.

20. *Sátára.*—Increase Rs. 2,833-8-6, due principally to the introduction of the survey rates into certain alienated villages, and to the inclusion under alienations of lands of village servants, formerly brought to account as Government revenue.

21. *Kanara.*—Increase Rs. 234-0-10, due mainly to the application of the survey rates to certain inam lands.

22. *Sholápur.*—Increase Rs. 21,037-7-8, owing chiefly to the extension of the revision survey to certain inam villages of the Sholápur Taluka; and to the transfer to the head of alienations of the revenue obtained by the Jahgeerdar of Belgaum, from certain toddy producing trees hitherto erroneously brought to account as sayer revenue.

*Public Works Revenue from Irrigation.*

23. In compliance with the instructions in paragraph 32, of the Government Resolution No. 5785, dated 25th November 1872, the revenue under this head is deducted from the gross instead of from the Government revenue, as in previous years, Rs. 20,734-13-3 were credited as public works revenue from irrigation in 1871-72, against Rs. 15,101-14-0 in the year preceding. No revenue is derived from this source in the Collectorates of Ratnagiri, Belgaum, Kanara, and Sholápur. The net increase aggregates Rs. 5,632-15-3, and is due to the works of irrigation in the Ahmadnagar and Sátára Collectorates having yielded a larger amount of revenue under this head in the year under report. The decrease in the Dharwar Collectorate is said to be more apparent than real, and is explained by the Collector as follows:—

"At the Mudduk Tank, in the Kode Taluka, every year the land under irrigation is measured and the assessment fixed. This year, after the work had been done, it was gone over again by the Mamlutdar, and errors were found to have been made. The Mamluldar's report was received late, and rendered it impossible for orders to levy the assessment to be issued from the Hoozoor, and received in the taluka before the close of the year. This amount will appear in the accounts for the year 1872-73."

*Government Revenue.*

24. Deducting alienations and the public works revenue from irrigation, the realizable land revenue of the year amounted for the entire division to Rs. 1,13,10,479-5-10, or Rs. 1,66,923-9-1 more than that of the preceding year, as shown in the margin. There has been an increase in the Collectorates of Poona, Ratnagiri, Sátára, Kanara, and Sholápur, and a decrease in the Collectorates of Ahmadnagar, Kaladgi, Belgaum, and Dharwar, as detailed below:—

| | |
|---|---|
| In 1871-72... | Rs. 1,13,10,479-5-10 |
| In 1870-71... | Rs. 1,11,43,555-12-9 |
| Increase 1871-72... | Rs. 1,66,923-9-1 |

25. *Poona.*—Increase Rs. 30,961-9-7, due chiefly to the extension of the revision survey to a portion of the villages comprising the Bhimthuri Taluka, and to the lapse of certain inam holdings.

26. *Ahmadnagar.*—Decrease Rs. 21,271-9-7, caused mainly by less having being realized from the sale of the koorun and other farms, by no collections having been made this year from life-holdings under the terminable inam settlement, and by the revenue of the villages obtained by transfer from His Highness the Nizam being this year given in the equivalent number of Government rupees, instead of in the Haidrabad currency, as was done in 1870-71.

27. *Kaladgi.*—Decrease Rs. 3,163-4-2, due principally to smaller realizations from grass and other farms, and to the Government share in alienated villages having been less, in consequence of a falling off in cultivation in such villages.

28. *Ratnagiri.*—Increase Rs. 28,897-7-10, owing chiefly to a larger sum having been obtained in commutation of the Government grain revenue, to the introduction of the revenue survey assessment into the Gohagur Taluka, and to certain Khotes and Dhánkarees having resumed the management of their holdings, which was recently held by Government.

29. *Belgaum*—Decrease Rs. 7,511, a great portion of which is nominal, owing to the transfer to forest revenue under sayer, of the realizations from forests. The decrease is also due in part to a smaller revenue having been obtained by the sale of the grass farms.

30. *Dharwar.*—Decrease Rs. 20,754-1-4, due principally to less having been realized by the sale of the grass and other farms, to decreased cultivation, and to smaller revenue having been obtained on account of inam lands under attachment.

31. *Sátára.*—Increase Rs. 7,402-9-3, caused chiefly by the receipt of large sums from the heirs of deceased inamdars, under the terminable inam settlement.

32. *Kanara.*—Increase Rs. 30,637-8-2, owing principally to the introduction of the revenue survey assessment into certain villages of the Kárwár, Yellapur, and Supa Talukas; and to a large sum having been obtained on account of notice fees during the year.

33. *Sholápur.*—Increase Rs. 1,21,724-9-9, due mainly to the introduction of the revision survey into the Sholápur Taluka, to the application of the terminable inam settlement, to certain life-holdings, and to enhanced receipts on account of notice fees.

*Remissions.*

34. The remissions of the year aggregated Rs. 5,24,607-9-1, being more than those of the year 1870-71, by Rs. 2,93,056-2-3. Deducting from this sum the amount (Rs. 1,27,953-14-0) of nominal remissions in Kanara, the remainder, Rs. 3,96,653-11-0, represents the sum of the *boná fide* remissions for the year. From this amount, again, no less than Rs. 2,30,513-5-7 were remitted at the introduction of the survey in the Collectorates of Poona, Ratnagiri Sátára, Kanara, and Sholápur, owing to the new rates exceeding the old and *vice versa*, leaving Rs. 1,66,140-5-5 only due to other causes.

35. Owing to the unfavourableness of the season, and consequent failure of the crops, large remissions were granted in the Collectorates of Ahmadnagar and Sholápur, and such relief to a moderate extent was found necessary in several of the other collectorates also. In Dharwar alone no remissions whatever were given; and in Belgaum and Kaladgi also, the remissions under this head are of a very trifling amount.

36. Altogether Rs. 1,011-4-3 were remitted on account of lands taken for public purposes, Rs. 4,115-0-0 were remitted in the Ahmadnagar Collectorate, only after the sale of the right of occupancy of the holders. The remission of Rs. 218-0-0 in Belgaum, and of Rs. 200-1-2 in Kanara is due, the former to the orders in Government Resolution (Political Department) No. 738, dated 22nd February 1862, and the latter to the sanction accorded by the Secretary of State for the remission of the assessment of the lands in the occupation of the family of the late Raja of Bilghy. Rs. 4,728-7-0 were remitted in the Poona Collectorate in villages received in exchange from His Highness Holkar, on account of the difference between the kumal rates and the rates allowed at the jummabundy settlement; and a total sum of Rs. 924-6-8 was remitted in the Poona, Ratnagiri and Kanara Collectorates, on account of differences between fixed and temporary levies, in certain cases to be finally settled on the introduction of the survey.

37. The subjoined table gives the entire remissions of the year in full detail as regards each collectorate of the division.

| Collectorates. | Remitted at the time of Survey in consequence of the revised Survey rates exceeding the old assessment and vice versa. | Lands sold for the recovery of the Government assessment, the lands having been bought by Government and the amount due written off. | Lands taken for Forest reserves, Roads, Railway, and other public purposes. | Remitted in accordance with the instructions of Government to the families of certain Native Chiefs. | Remitted on account of the failure of crops and the poverty, desertion, &c., of the cultivators. | Nominal remission. | Difference between the annual rates, and the rates allowed at the Jamabandy Settlement in certain villages transferred by Holkar to the British Government. | Difference between the full assessment of certain lands and the amount at which they have been leased pending introduction of the Survey. | On account of the destruction of the houses of Ryots by fire. | Other causes. | Total. |

*Collections and Current Year's Balances.*

38. The revenue for collection in the year under report amounted to Rs. 1,07,85,871-12-10 for the entire division. In the preceding year 1870-71, it amounted to Rs. 1,09,12,004-6-0, thus showing a decrease of Rs. 1,26,132-9-2 in the year 1871-72, the causes of which have already been explained in preceding paragraphs. Of the above sum, Rs. 1,04,47,494-6-4 were collected by the end of July 1872, leaving outstanding as a balance on the 1st August 1872, the sum of Rs.3,38,377-6-6 or Rs. 3,12,327-15-11 in excess of the balance outstanding on the corresponding date in the previous year. This is due chiefly to the unfavorableness of the season, in consequence of which, as stated in a former paragraph of this report, large sums were allowed to lie over for collection with the next year's revenue, especially, in the Poona, Ahmadnagar and Sholápur Collectorates.

39. This large balance of Rs. 3,38,377-6-6 was, however, by subsequent collections and adjustments, as per margin, reduced by the dates of the Collectors' reports to Rs. 2,92,097-3-1. It will be observed that the whole of the balance in the Belgaum Collectorate has since been cleared off. Of the balance remaining in Poona, Rs. 778-4-0 are considered to be irrecoverable, and of that in Sholápur, Rs. 426-6-1; leaving as recoverable Rs. 1,13,670-1-5 in Poona, and Rs. 76,140-4-9 in the Sholápur Collectorates. The whole of the balance in Ahmadnagar and Kaladgi is recoverable; of that in Ratnagiri, Rs. 2,294-4-0 are doubtful and disputed, and of that in Dharwar, Rs. 17-6-0 are deemed irrecoverable, and Rs. 6 are disputed. In Sátára, Rs. 459-2-6, out of the sum of Rs. 19,360-12-11, are set down as irrecoverable, and of the balance in Kanara, Rs. 397-6-1 are irrecoverable, and Rs. 233-7-6, doubtful and disputed. Rs. 15,552-1-7 of the recoverable balance in Kanara await decisions in suits against Government.

| Collectorates. | Balance on 1st August. | Since collected. | Written off. | Balance at date of Collector's report. |
|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |

*Former Years' Balances.*

| Collectorates. | Amount collected. | | | Amount written off. | | | Total. | | |
|---|---|---|---|---|---|---|---|---|---|
| | R. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |
| Poona..... | 2,408 | 11 | 5 | 84 | 14 | 0 | 2,493 | 9 | 5 |
| Ahmadnagar..... | 156 | 8 | 9 | ..... | | | 156 | 8 | 9 |
| Kaladgi..... | 91 | 7 | 8 | ..... | | | 91 | 7 | 8 |
| Ratnagiri ..... | 12,459 | 1 | 9 | 258 | 11 | 10 | 12,717 | 13 | 7 |
| Belgaum ..... | 14 | 4 | 0 | ..... | | | 14 | 4 | 0 |
| Dharwar ..... | ..... | | | ..... | | | ..... | | |
| Sátára ..... | 403 | 10 | 1 | 44 | 0 | 0 | 447 | 10 | 1 |
| Kanara ..... | 8,107 | 8 | 11 | 404 | 0 | 4 | 8,511 | 9 | 3 |
| Sholápur ..... | 561 | 0 | 3 | ..... | | | 561 | 0 | 3 |
| | 24,202 | 4 | 10 | 791 | 10 | 2 | 24,993 | 15 | 0 |

40. The balances for former years amounted at the beginning of the year 1871-72 to Rs. 30,170-0-9; and of this sum, Rs. 24,993-15-0 were collected and adjusted during the year, as shown in the margin, leaving outstanding on the 1st August 1872, Rs. 5,176-1-9, as follows:—

| | Rs. | a. | p. |
|---|---|---|---|
| In Poona ..... | 60 | 0 | 0 |
| ,, Ratnagiri..... | 2,638 | 7 | 9 |
| ,, Belgaum ..... | 91 | 15 | 1 |
| ,, Sátára ..... | 170 | 10 | 6 |
| ,, Kanara..... | 1,466 | 2 | 11 |
| ,, Sholápur ..... | 748 | 13 | 6 |
| Total | 5,176 | 1 | 9 |

41. There were thus no balances for former years outstanding in the Collectorates of Ahmadnagar, Kaladgi, and Dharwar. The whole of the balance in Poona is said to be recoverable, and measures for its recovery are in progress. Of the balance in Ratnagiri, Rs. 3-9-0, being irrecoverable, have since been written off the accounts. Of the remainder (Rs. 2,634-14-9) Rs. 1,402-9-5 are deemed recoverable, and Rs. 1,232-5-4 are doubtful and disputed. The balance of Rs. 91-15-1 in Belgaum, is due by the patel and koolkurnee of Eksumbee, and is under gradual recovery from their wuttons, which are under attachment for the purpose. The balance of Rs. 170-10-6 was by subsequent recoveries reduced at the date of the Collector's report to Rs. 6-14-2, which sum was also in course of collection. Of the balance (Rs. 1,466-2-11) in the Kanara Collectorate, Rs. 959-7-4 are considered recoverable, Rs. 442-8-3 being irrecoverable, and Rs. 64-3-4 doubtful and disputed. Measures are in progress for the recovery of the first item, and regarding the second and third items, enquiry is in progress. Of the balance in Sholápur Rs. 473-1-6 are recoverable, and the remainder is doubtful and disputed.

42. The table subjoined to this paragraph, shows the distribution of the entire balances outstanding for both the current and former years in the several collectorates of the division. As explained above, the balance for the current year has, by subsequent recoveries and adjustments, been reduced to Rs. 2,92,097-3-1; and that for former years, to Rs. 5,008-12-5, the total being Rs. 2,97,105-15-6.

*Tuggai Advances and Balances.*

43. The usual Appendices Nos. III. and IV., shewing the transactions under this head, are appended. From the former of these it will be seen that a sum of Rs. 80,002-8-0 was advanced as Tuggai to the cultivators of 257 villages in the Poona, Ahmadnagar, Kaladgi, Sátára, Kanara, and Sholápur Collectorates. The largest sums were advanced in the Sátára (Rs. 47,360), Ahmadnagar (Rs. 20,446-8-0), and Kaladgi (Rs. 8,965) Collectorates. In Sholápur the advances amounted to Rs. 1,816-0-0, in Kanara, to Rs. 1,105, and in Poona to Rs. 310-0-0 only. The larger grants in the first-named three collectorates were made chiefly to aid the cultivators to sink wells for the protection of their crops during a season of great drought. In the other collectorates the advances were given both for this purpose, and to assist the cultivators generally in their agricultural arrangements. There is little doubt of the substantial good the districts have derived by this large and timely aid in a generally bad season for agriculture like that of the year under notice.

44. From Appendix No. IV. it will be observed that including the advances of former years, the total amounts to Rs. 85,112-8-0 ; of this sum Rs. 1243-0-0, viz., Rs. 160-0-0 in the Poona Collectorate, and Rs. 1,083-0-0 in the Sátara Collectorate, were set down for recovery in the current year ; but, in the former district, Rs. 38 only were repaid within the year, thus leaving a balance of Rs. 122 outstanding in it for the current year. The whole of the remainder, viz, Rs. 83,869-8-0, is recoverable in future years only, and will doubtless be collected as the instalments fall due. The total still outstanding at the close of the year, is thus Rs. 83,991-8-0, as follows :—

| | From sum due in current year. | Due future years. | Total. |
|---|---|---|---|
| Poona..... | 122 0 0 | 150 0 0 | 272 0 0 |
| Ahmadnagar..... | ..... | 20,446 8 0 | 20,446 8 0 |
| Kaladgi ..... | ..... | 8,965 0 0 | 8,965 0 0 |

| Sholápur ..... | ..... | 1,816 0 0 | 1,816 0 0 |
| Total..... | 122 0 0 | 83,869 8 0 | 83,991 8 0 |

*Cultivation.*

45. Appendices Nos. V. and VI. supply the usual details regarding the culturable and cultivated area, and the principal crops raised in the several collectorates of the division, Kanara excepted, in the year under notice, and in the year preceding ; and the table subjoined to this paragraph is an abstract of the former of these appendices. The information for the Ratnagiri Collectorate is, as in past years, based for the most part on estimate merely ; and the omission altogether from the table of the Kanara Collectorate, is due to the circumstances mentioned in paragraph 37 of the revenue report for the southern division for the year 1863-64. This will necessarily continue until the survey operations now in progress in these two collectorates are brought to a close.

*Gross Sayer Reve nue.*

47. The gross sayer revenue of the division for the year under notice amounted to Rs. 43,00,827-11-11. In the year 1870-71, it amounted to Rs. 43,52,482-11-0, thus showing a decrease in the year of report amounting to Rs. 51,654-15-1. The fluctuations are explained in the following paragraphs.

*Alienations.*

48. There are no entries under this head in the year under report. For the reasons given in paragraph 41 of my report for 1870-71, the sum of Rs. 618-12-0 shown erroneously under this head in the Sholápur Collectorate, in previous years' reports, has this year been brought to account under its proper heading, land revenue.

*Government Sayer Revenue.*

49. The net Government sayer revenue of the year amounted for the entire division to Rs. 43,00,827-11-11, which is less than that of 1870-71 by Rs. 51,036-3-1. There has been an increase in the Collectorates of Poona, Ratnagiri, and Kanara, and a decrease in all the other collectorates of the division, as shown below—

50. *Poona.*—Increase Rs. 17,411-15-2, owing principally to an increased sale of stamps, and to enhanced realizations from the sale of the Abkaree farms.

51. *Ahmadnagar.*—Decrease Rs. 73,263-6-9, caused chiefly by reduced receipts from items brought to account under the heads "Law and Justice" and "Miscellaneous"; also to smaller realizations on account of forest revenue and income tax; and by the transfer of fees for licenses for the sale of opium to the Customs Department.

52. *Kaladgi.*—Decrease Rs. 15,955-11-4, due mainly to smaller receipts from income tax, and from items brought to account as miscellaneous sayer revenue.

53. *Ratnagiri.*—Increase Rs. 17,292-10-3, owing principally to the Nuzzerana (Rs. 20,000) received from the Political Superintendent of Sáwantwari on the occasion of the present Chief's accession to the "Ghadee"; and to enhanced realizations from the liquor farms.

54. *Belgaum.*—Decrease Rs. 33,205-10-8, caused chiefly by smaller realizations on account of the income tax under Act XII. of 1871.

55. *Dharwar.*—Decrease Rs. 46,474-11-6, owing principally to less realizations from income tax, and from the sale of the Abkaree farms and licenses for the vend of intoxicating drugs.

56. *Sátára.*—Decrease Rs. 56,587-3-10, due chiefly to smaller realizations from income tax, sale of stamps, and forest revenue.

57. *Kanara*—Increase Rs. 1,52,788-12-9, caused mainly by enhanced receipts from forests, and from the Abkaree farms.

58. *Sholápur.*—Decrease Rs. 13,042-13-2, due principally to smaller realizations from the income tax, and from the Abkaree farms.

*Remissions.*

59. Except in the Kanara Collectorate, in which remissions to the extent of Rs. 3,579-12-1 were granted on account of seigniorage fees on timber given free under the permit rules, and which amounts to Rs. 835-15-6 less than the sum remitted on the same account in the preceding year, no remissions of sayer revenue were granted in any of the other collectorates of the division in the year under report.

*Collections and Balances of the Current Year.*

60. The realizable sayer revenue of the year amounted to Rs. 42,97,247-15-10, being less by Rs. 50,200-3-7, than that of the year preceding. Of this sum Rs. 42,83,826-11-5 were collected by the close of the year, leaving a balance

outstanding on the 1st August 1872 of Rs. 13,421-4-5, which is less by Rs. 9,164-5-0 than the sum which remained outstanding on the corresponding date in the year preceding.

61. In the Collectorates of Ratnagiri, Belgaum, Dharwar, and Kanara, the whole of the balances were recovered before the dates of the Collectors' reports. In the remaining collectorates, the balance, aggregating Rs. 12,419-7-0, was, by subsequent collections, reduced by Rs. 532-0-0 as shown in the margin, thus leaving Rs. 11,887-7-0 as the actual sum outstanding at the date of the Collectors' reports. The whole of the balance still outstanding in the Collectorates of Poona, Ahmadnagar, and Sátára, is said to be recoverable and in course of collection. Of that in Kaládgi, Rs. 71 are due by certain Abkaree contractors from whom recovery is in progress; and regarding the balance of Rs. 10,781-12-0 I beg to refer to the correspondence as per margin, as explanatory of the measures that are being taken for its collection. Of the balance of Rs. 777-2-0 in Sholápur, Rs. 385-0-0 are deemed recoverable, and the remainder irrecoverable. Measures for the recovery and adjustment of the same are in progress.

Government Resolution No. 1018, dated 21st February 1873.

*Former years' Balances.*

62. The balances for former years amounted on 1st August 1872 to Rs. 12,704-11-4, being more by Rs. 1,886-6-11, than the sum which remained outstanding on the corresponding date in 1870-71. Rs. 1,343-6-0 of this sum pertain to the Poona Collectorate, and being irrecoverable, sanction to write the balance off the accounts has already been accorded to the Collector, who reports that it will accordingly disappear from the books in 1872-73. The balance in Belgaum amounting to Rs. 1,017-12-1 is due by a liquor contractor; and though every endeavour has been made to recover it from the contractor, and his security by sale and distraint of property and person, it has been found impracticable to collect it. I have accordingly, on the recommendation of the Collector, now authorized its being written off the accounts as an irrecoverable item.

63. The balance in Sátára Collectorate, amounting to Rs. 1,896-1-1, is also due by a liquor contractor, and has been outstanding from the year 1862-63. By paragraph 30 of Government Resolution No. 5785, dated 25th November 1872, the adjustment of this balance has been allowed to stand over for a further period of two years.

64. Of the balance of Rs. 415-7-3 in the Kanara Collectorate, Rs. 12-15-3 have since been recovered; and of the remainder, Rs. 22-8-0 only are deemed recoverable, the whole of the remaining sum (Rs. 380), due by a liquor contractor in the Koompta Taluka, being set down as irrecoverable.

Revenue Commissioner to Government, No. 5094, dated 12th October 1872.
Government Resolution No. 5322, dated 24th October 1872.
Revenue Commissioner to Government No. 521, dated 12th Fe-bruary 1873.
Government Resolution No. 1070, dated 24th February 1873.

65. The whole of the balance, amounting to Rs. 8,032-0-11, in the Sholápur Collectorate, has formed the subject of a separate correspondence with Government, as per margin; and, under the sanction therein conveyed will disappear from the books in 1872-73.

66. It will thus be seen that the actual balance for former years remaining for enquiry and adjustment is reduced from Rs. 12,704-11-4, to Rs. 2298-9-1, and is to be found only in the Sátára and Kanara Collectorates.

*Entire Revenues.*

67. The subjoined table exhibits the entire land and sayer revenues of the division for the year 1871-72, in contrast with the same for the year preceding. Further details will be found in Appendix No. VII. of which this table is an abstract. As the several fluctuations have been already explained in detail under their various headings, nothing remains to be added in this place.

*Charges of Collection.*

68. The subjoined table exhibits the entire charges of collection for the division in the year 1871-72, in comparison with the same for the year preceding. There is a net decrease in the total charges of the year amounting to Rs. 2,223-3-3, but as the total collections were of smaller amount, the percentage cost shows an increase of 6 as. 7 pies per cent. in excess of that of the preceding year. There is an increase in the charges pertaining to the Ahmadnagar, Kaládgi, Ratnagiri, Belgaum, Sátára, Kanara, and Sholápur Collectorates, and a decrease in those of the Collectorates of Poona and Dharwar. The increase is generally due to the scale remuneration of the village officers, which was fixed for 10 years on an average of 5 years' receipts, having been revised in consequence of the termination of the 10 years' period, and to larger payments on account of Presidency allowances to Hoozoor and district servants, and the disbursement of arrears due to the hereditary district officers in the Ratnagiri Collectorate. The large decrease in Poona is due to the exclusion from the charges of collection of the moiety of the salaries and allowances of revenue and magisterial officers debitable to the Judicial Department, which until the present year appears to have been erroneously included in this item.

*Camp Sholapur, 9th December* 1873.

No. I.—Statement showing when and by whom the Revenue Settlement of each District was commenced and completed.
No. II.—Statement contrasting the Land Revenue of the year with that of the year preceding.
Nos. III. and IV.—Statements relating to tuggai advances and balances.
Nos. V and VI.—Statements relating to land under cultivation.
No. VII.—Statement contrasting the Sayer and entire Revenues of the year with those of the year preceding.

SIR,—I have the honour to submit the following report on the Land and Sayer Revenue settlement of the Collectorates of the Southern Division for the year 1872-73. The usual appendices, as per margin, are annexed.

*Revenue Settlement.*

2. Appendix No. I. exhibits the dates on which, and officers by whom, the revenue settlement of each District was commenced and completed. In the five Collectorates of Ahmadnagar, Kaladgi, Belgaum, Dharwar, and Satara the revenue settlements were completed within due time; and in all the Collectorates of the Divison the orders of Government requiring that the Collectors themselves should take part in the settlements have been obeyed. Delays in completing the settlements occurred in the Collectorates of Poona, Ratnagiri, Kanara, and Sholapur, and these have been explained by the Collectors as follows :—

3. In the Poona Collectorate the villages as per margin were not settled in due time. Of these, explanation has not been given of the delay in the settlement of 86 villages of the Haveli Taluka by the Second Assistant, Mr. Spence; but in regard to the remainder the Collector states that "the settlement was delayed, as the sanction of Government for the introduction of revised rates of assessment was anticipated, which was however withheld by Government; it was therefore found necessary to complete the jummabundy according to the old rates."

| | | |
|---|---|---|
| Taluka Juner, | 12 | villages. |
| ,, Khed, | 20 | do. |
| ,, Serur, | 22 | do. |
| ,, Mawul, | 7 | do. |
| ,, Havala, | 164 | do. |

4. The delay in the Ratnagiri Collectorate extended only to five villages of the Ratnagiri Taluka and three of the Gohagar Taluka; and it is stated to have been due to certain inquiries which were necessary before the completion of the year's settlement.

5. In the Canara Collectorate there was delay in the settlement of the Kumpta, Sirsi, and Yellapur Talukas; and, in explanation of it, the Collector writes as follows :—

"The delay in the settlement of the Kumpta and Sirsi Talukas is attributable to the introduction of revised rates of assessment in portions of those Talukas, the usual jummabundy of the remaining portions having been effected by Mr. Jervoise and myself by 19th March and 3rd February 1873, respectively. The slight delay in the completion of the jummabundy of the Yellapur Taluka is due to the intimation from the Survey Department that revised rates were to be introduced into a small portion of that Taluka, but on receipt of a further communication to the contrary, the settlement of that portion was forthwith completed."

6. The settlements in the Sholapur Collectorate were all completed by the 15th March, except in one village of Taluka Madhé, in one of Taluka Barsi, and in 36 villages of the Pandharpur Taluka. In all these villages the revised survey was introduced during the year, and the delay is attributable to this cause.

*The Season.*

7. As reported in my letter to Government No. 6369, dated 31st December 1872, the season was a generally favourable one for agriculture in all the Collectorates of the Southern Division ; and from it I subjoin the following extract, as bearing on the report now submitted :—

" It is very gratifying to be able to submit so favourable a general report of the season. I know by long experience that it is a very rare thing for the rain to fall copiously and seasonably over the large area of this Division which comprises a large portion of the inland Deccan and Carnatic, the Ghaut Districts bordering the above on the west from the Nasik Collectorate on the north to the Mysore territory on the south, and the long sea coast of the Ratnagiri and Kanara Collectorates.

" The Districts which have fared the worst are part of the rice lands of Dharwar and the Mawals and northern portion of Poona and the westernmost villages of Satara, but amid the general plenty there remains little room for anxiety or complaint. Even in parts to the eastward, where somewhat too heavy a fall for the Rubbi has been recorded, the storage of water in wells and tanks which had suffered from the drought of last year is a great gain to the health and comfort of the people.

" There was for a part of the autumn months very serious scarcity and apprehension of famine in a rather isolated group of villages in the Mandanghar Petta of the Dapuli Taluka of Ratnagiri, but the timely measures of relief by private charity and grants for advances and for employment of labour undertaken by the Collector with the approval and sanction of Government, lessened as far as possible the temporary suffering of the poorest classes, until the coming harvest furnished at once suitable employment and food."

*Villages.*

8. The table subjoined to this para. shows that there is a net increase of 57 in the total number of villages in the Division, which stood at 10,955½ in 1872-73 against 10,898½ in the year preceding. The numbers in the Poona, Ahmadnagar, Kaladgi, Ratnagiri, and Belgaum Collectorates remain unchanged and without fluctuations of any sort. In the Dharwar and Sholapur Collectorates, though the aggregate numbers remain the same, there have been internal changes. In the former, by the resumption of 6 alienated villages held by the Kudulgi Dessaee the number of Government villages has received a corresponding increase ; and in Sholapur, the village of Bahuli received in exchange from H. H. Holkar has added one to the total number of Government villages. The net increase of 57 villages is caused by the reduction from the register in Satara of 2 Government and 3 alienated villages, which being mere portions of the lands of villages formerly received in exchange from the Raja of Satara for the formation of the sanatarium of Malcolm Peit have, with the sanction of this office, been re-united to their former villages for convenience of administration, and the addition to the register in Kanara of 62 Government villages, which before the extension to them of the survey were registered as mere hamlets. The Collector observes that at the introduction of the survey in the Kanara District it is usual for hamlets of any importance to be entered as independent villages, and that these figures will fluctuate until the whole of the District is surveyed and settled :—

| Collectorates. | Villages. No. in 1872-73. Government. | Alienated. | Total. | No. in 1871-72. Government. | Alienated. | Total. | In 1872-73. Increase. Government. | Alienated. | Total. | Decrease. Government. | Alienated. | Total. |

| | | | | | | | | | 13 | | | |
| Net ... | ... | ... | ... | ... | ... | ... | ... | ... | 57 | ... | ... | ... |

*Hamlets.*

9. From the table subjoined to this para. it will be observed that the total number of hamlets has decreased from 11,861 in 1871-72 to 11,836 in 1872-73, being a net decrease of 25. There have been no changes in the Collectorates of Poona, Ahmadnagar, Ratnagiri, Belgaum, Dharwar, and Sholapur. In Kaladgi the addition of one to the total number of Government hamlets is due to the correction of an error, one hamlet having hitherto been entered as alienated through oversight. In the Satara Collectorate the fluctuations are due to the transfer of one hamlet from the heading alienated to Government, along with the village of Salsinga, which lapsed to Government on the death of Ramchandra Rao, Naik Nimbalkar, while Chikalgotan, which under Government sanction has been restored to its present holder, Khanderow Bhaskar, has no hamlet attached thereto. The net decrease of 25 hamlets is therefore due to the Kanara Collectorate, and is attributed by the Collector to the operations of the Survey Department:—

| Collectorates. | Hamlets. No. in 1872-73. Government. | Alienated. | Total. | No. in 1871-72. Government. | Alienated. | Total. | In 1872-73. Increase. Government | Alienated. | Total. | Decrease. Government | Alienated. | Total. |

*Gross Land Revenue.*

11. The gross Land Revenue of the Division for the year 1872-73 amounted to Rs. 1,44,31,819-5-11, being more than that of the year preceding by Rs. 1,53,458-7-1. There has been an increase aggregating Rs. 1,80,706-6-1 in the Collectorates of Poona, Ahmadnagar, Kaladgi, Dharwar, Kanara, and Sholapur, and a decrease aggregating Rs. 27,247-15-0 in the remaining Collectorates of Ratnagiri, Belgaum, and Satara, as shown in the margin.

| | Increase. | | | Decrease. | | |

*Alienations.*

| | Rs. | a. | p. |
|---|---|---|---|
| In 1872-73 ... | 29,48,480 | 5 | 0 |
| 1871-72 ... | 29,47,146 | 11 | 9 |
| Increase 1872-73 | 1,333 | 9 | 3 |

12. Under this head there has been an increase aggregating Rs. 1,333-9-3 in the year 1872-73, as compared with the alienated revenue of the Division for the year preceding. The fluctuations in each Collectorate are thus explained: —

13. *Poona.*—Increase Rs. 4,557-11-0, due chiefly to the application of the survey rates to certain Inam villages.

14. *Ahmadnagar.*—Increase Rs. 1,823-5-8, caused mainly by the extension of cultivation.

15. *Kaladgi.*—Decrease Rs. 2,102-15-0, owing principally to the levy of additional judee from village servants, and the extension of the survey to certain alienated holdings.

16. *Ratnagiri.*—Increase Rs 177-12-5, due to the bringing to account the value of certain Itlah Inams on extension to them of the Summary settlement.

17. *Belgaum.*—Decrease Rs. 5,391-8-5, owing to the application of the survey rates to certain alienated villages and lands, and the resumption and lapse of minor Inam holdings.

18. *Dharwar.*—Decrease Rs. 694-14-3, caused chiefly by the resumption of the villages of the Kudulghi Dessaee.

19. *Satara.*—Increase Rs. 1,910-11-9, owing principally to the introduction of the survey rates into certain alienated villages, and to a larger revenue having been derived from holdings under temporary management.

20. *Kanara.*—Decrease Rs. 154-0-11, owing to cash payments having been substituted for land held for service by village servants.

21. *Sholapur*—Increase Rs. 1,207-7-0, caused chiefly by the extension of the survey to certain Inam villages and lands.

*Public Works Revenue from Irrigation.*

22. The revenue from this source amounted to Rs. 18,216-2-8 in the year 1872-73, which, as compared with the year preceding, shows a decrease of Rs. 2,518-10-7 for the entire Division. Except in the Dharwar Collectorate, where the revenue from irrigation has increased by Rs. 3,416-14-0, there is a decrease in all the remaining Collectorates. In the Collectorates of Ratnagiri,

Belgaum, Kanara, and Sholapur, no receipts are exhibited under this head. The cause of the decrease in Ahmadnagar, Kaladgi, and Satara is stated to be that less water was taken by the people owing to the favourableness of the season. The increase in Dharwar is due to the receipts for the year preceding having been included in those for the year under notice, for the reason given in paragraph 23 of my report for 1871-72; and in Poona, the decrease is nominal, being caused by the exclusion from this head of the assessment of certain lands taken up for the Karrackwasla Canal, which was last year erroneously shown as revenue derived from irrigation.

*Government Revenue.*

23. Deducting alienations and the Public Works Revenue from irrigation, the realizable Land Revenue of the year for the entire Division amounted to Rs. 1,14,65,122-14-3, being in excess of that of the preceding year by Rs. 1,54,643-8-5, as shown in the margin. Excepting the Ratnagiri and Satara Collectorates, in which there was a decrease amounting to Rs. 21,964-4-6 and Rs. 2,154-1-1 respectively, the whole of the other Collectorates of the Division have contributed to this increase. Explanation of the cause of increase or decrease in each Collectorate is given below.

| | | | | |
|---|---|---|---|---|
| In 1872-73 | Rs. | 1,14,65,122 | 14 | 3 |
| „ 1871-72 | „ | 1,13,10,479 | 5 | 10 |
| Increase, 1872-73 | Rs. | 1,54,643 | 8 | 5 |

24. *Poona.*—Increase Rs. 28,233-11-10, due to the recovery from the Akalkot State of the survey expenditure incurred by Government, and the adjustment of certain revenues held in deposit on account of the villages of His Highness Holkar transferred in exchange to the British Government.

25. *Ahmadnagar.*—Increase Rs. 3,274-14-7, caused chiefly by enhanced realizations from the sale of grass and other farms, and on account of fees for notices issued for the recovery of the Government dues.

26. *Kaladgi.*—Increase Rs. 7,929-8-2, owing principally to a larger revenue having been derived from the sale of the koorun and other farms, to enhanced receipts from the sale of occupancy rights, and on account of nuzzerana on succession, and to the levy of increased judee from village servants.

27. *Ratnagiri.*—Decrease Rs. 21,964-4-6, caused chiefly by the commutation rates for the Government grain revenue being lower than in the preceding year, by less land being under cultivation, and by the transfer of certain miscellaneous items of receipt from Land to Sayer Revenue.

28. *Belgaum.*—Increase Rs. 1,740-0-3, attributable principally to larger collections on account of lapse and resumed holdings, from the sale of the Koorun and other farms, and from extended cultivation.

29. *Dharwar.*—Increase Rs. 19,740-1-5, due mainly to the resumption of certain villages held by the Kudulgi Dessaee; to enhanced realizations from the sale of occupancies, and to the sale proceeds from kooruns, &c., being greater than in the preceding year.

30. *Satara.*—Decrease Rs. 2,154-1-1, owing to less having been obtained this year on account of nuzzeranna and arrears of judee from Watandars.

31. *Kanara.*—Increase Rs. 9,158-5-4, due chiefly to the introduction of the survey rates into certain villages of the Kumpta and Sirsi Talukas, and to larger receipts on account of notice fees.

32. *Sholapur.*—Increase Rs. 1,08,685-4-5, caused mainly by the application of the revision survey to certain villages of the Sholapur, Barsi, Madhe, and Pandharpur Talukas.

*Remissions.*

33. The remissions of the year amounted in the aggregate to Rs. 2,74,920-13-6, being Rs. 2,49,686-11-6 less than those of the year preceding. This sum includes one of Rs. 1,24,,515-3-11 on account of nominal remissions in Kanara, leaving Rs. 1,50,405-9-7 only to be more particularly accounted for. Regarding these

nominal remissions in Kanara, which are in unsurveyed districts and of old standing, I must add that on my recent visit to Kanara, I discovered that the revenue of certain unoccupied assessed lands was included in the realizable revenue of the year and then written off as a nominal remission. This serious mistake, which tended to perpetuate the faulty former system without any sound reason had reached such an extent in the wholly surveyed Taluka of Karwar, that in the Collector's Jummabundy Statement A., remissions to the amount of no less than Rs. 3,860-8-3 appear under the head of that Taluka, though on comparing the Collector's statement with that of the Mamledar, it was found that rupee 1 only was a real remission, and the remainder was the assessment of unoccupied land, which ought not to be brought under the gross amount for collection at all. Steps have been taken to remedy this mistake, and to prevent its recurrence in future.

34. Of the sum of Rs. 1,50,405-9-7, representing the *bonâ fide* remissions of the year, the large sum of Rs. 1,40,266-3-2, was remitted at the introduction of the revised survey, in consequence of the new rates exceeding the old and *vice versâ*, in the Poona, Satara, Kanara, and Sholapur Collectorates; and Rs. 959-15-1 were remitted on account of lands taken for forests, roads, and other public purposes in the Ratnagiri, Satara, and Sholapur Collectorates.

35. A sum of Rs. 218-0-0 in Belgaum and of Rs. 200-1-2 in Kanara appears under the head of remissions in pursuance of arrangements authorized by Government and the Secretary of State for India, as stated in paragraph 36 of my last year's report; and a remission of Rs. 2,087-14-3 was granted in the Ahmadnagar Collectorate only after sale of the property of the defaulters.

36. The remissions due to failure of crops, and the poverty and desertion of the cultivators amount to Rs. 876-11-3 only. In the Poona Collectorate a sum of Rs. 4,728-9-0 was remitted, as hitherto, on account of lands given at reduced rates in certain villages received in exchange from His Highness Holkar. This and a further sum of Rs. 742-3-9, being Rs. 452-5-10 in Ratnagiri and Rs. 289-13-11 in Kanara, representing the difference between the full assessment and the sums temporarily levied in certain cases, will disappear on the introduction of the survey settlement.

37. The rest of the remissions, viz., Rs. 310-14-9, on account of losses sustained by fires in Ratnagiri and Kanara, and Rs. 15-1-2 due to other miscellaneous causes, needs no further explanation; and the subjoined table will furnish full details as regard the entire remissions of the year in all the Collectorates of the Division :—

| Collectorates. | Remitted at the time of survey, in consequence of the revised survey rates exceeding the old assessment and *vice versa*. | Lands sold for the recovery of the Government assessment, the lands having been bought by Government and the amount due written off. | Lands taken for forest reserves, roads, railway, and other public purposes. | Remitted in accordance with the instructions of Government to the families of certain chiefs. | Remitted on account of the failure of crops, and the poverty, desertion, &c., of the cultivators. | Nominal Remission. | Lands given at reduced rates in certain villages, received by Government in exchange from H. H. Holkar, written off as remissions pending the survey settlement. | Difference between the full assessment of certain lands and the amount at which they have been leased, &c | On account of the destruction of the houses of ryots by fire. | Other Causes. | Total. |

*Collections and current year's balances.*

38. The revenue for collection amounted for the entire Division to Rs. 1,11,90202-0-9 in the year under report. In the year 1871-72 it was Rs. 1,07,85,871-12-10; there is thus an increase of Rs. 4,04,330-3-11 in favour of the year 1872-73, the causes of which have already been explained in the preceding paras. of this report. Of the sum of Rs. 1,11,90,202-0-9, there were collected by the end of July 1873 the sum of Rs. 1,10,72,488-3-5, leaving an outstanding balance on the 1st August 1873 amounting to Rs. 1,17,713-13-4, or Rs. 2,20,663-9-2 less than the balance which remained outstanding on the corresponding date of the previous year, which may be considered satisfactory.

39. No portion of this balance pertained to the Kaladgi Collectorate, and in the other Collectorates of the Division, subsequent collections and adjustments reduced the actual balance at the dates of the Collectors' reports to Rs. 78,086-3-6, as shown in the margin, the small balance in the Dharwar Collectorate being thus also cleared from the accounts.

| Collectorates. | Balance on 1st August. | Since collected. | Written off. | Balance at date of Collector's Report. |
|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ... | 45,521 2 1 | 25,529 12 5 | ... | 19,991 5 8 |
| Ahmadnagar ... | 2,961 4 5 | 814 7 1 | ... | 2,146 13 4 |
| Kaladgi ... | ... | ... | ... | .. |
| Ratnagiri ... | 25,149 14 0 | 9,793 4 3 | .. | 15,356 9 9 |
| Belgaum ... | 82 0 11 | ... | ... | 82 0 11 |
| Dharwar ... | 6 0 0 | ... | 6 0 0 | .. |
| Satara ... | 1,954 7 10 | 1,009 0 2 | ... | 945 7 8 |
| Kanara .. | 33,413 6 8 | 2,475 1 11 | ... | 30,938 4 9 |
| Sholapur .. | 8,625 9 5 | ... | ... | 8,625 9 5 |
| Total... | 1,17,713 13 4 | 39,621 9 10 | 6 0 0 | 78,086 3 6 |

40. The Collectors' reports show that the major portion of the balances still outstanding are recoverable, and that measures are in progress for the recovery of the same. Of the balance in the Kanara Collectorate shown as recoverable, Rs. 18,739-13-7 are allowed to stand over upon injunctions received from the Civil Court, and the ultimate recovery of this sum will depend on the issue of the Kanara land suit pending before the High Court.

*Former years' Balances.*

| Collectorates. | Amount collected. | Amount written off. | Total. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona .. | 1,19,065 1 5 | 22 14 0 | 1,19,087 15 5 |
| Nagar ... | 47,593 13 10 | 1,954 9 4 | 49,548 7 2 |
| Kaladgi .. | 3,324 8 3 | 108 10 4 | 3,433 2 7 |
| Ratnagiri ... | 29,428 6 8 | 78 12 0 | 29,507 2 8 |
| Belgaum ... | 78 8 9 | 8 8 0 | 87 0 9 |
| Dharwar ... | 17 6 0 | 6 0 0 | 23 6 0 |
| Satara ... | 19,884 11 6 | 5,231 11 10 | 25,116 7 4 |
| Kanara ... | 14,035 8 6 | 1,711 9 1 | 15,747 1 7 |
| Sholapur ... | 76,974 3 8 | 688 3 0 | 77,662 6 8 |
| Total... | 3,10,402 4 7 | 9,810 13 7 | 3,20,213 2 2 |

41. These are shown as amounting at the beginning of the year 1872-73 to Rs. 3,43,553-8-3, but in consequence of an error committed in Sholapur, as explained in the remarks in Appendix No. II., the balance actually amounted to Rs. 3,43,568-2, and of this sum Rs. 3,20,213-2-2 were collected and adjusted during the year, as shown in the margin, leaving outstanding on the 1st August 1873, Rs. 23,354-15-10, as follows:—

| | Rs. a. p. |
|---|---|
| In Poona ... ... ... ... | 54,69 10 8 |
| „ Ahmadnagar ... ... ... | 283 14 5 |
| „ Ratnagiri ... ... ... ... | 4,710 2 3 |
| „ Belgaum ... ... ... ... | 77 11 1 |
| „ Kanara ... ... ... ... | 11,959 0 9 |
| „ Sholapur ... ... ... ... | 854 8 8 |
| Total ... | 23,354 15 10 |

42. There were thus no balances on account of former year's outstanding in the Collectorates of Kaladgi, Dharwar, and Satara at the close of the year under report. Of the balance in the Poona Collectorate, Rs. 4,609-1-9 are said to be recoverable, and the remainder (Rs. 860-8-11) to be irrecoverable; and measures are in progress for the recovery and adjustment of the whole. The balance in the Ahmadnagar Collectorate, amounting to Rs. 283-14-5, has by subsequent recoveries been reduced, prior to despatch of the Collector's report, by Rs. 81-2-0; and that in Ratnagiri, amounting to Rs. 4,710-2-3, and that in Kanara, amounting to Rs. 11,959-0-9, have also been similarly reduced by Rs. 76-14-10, and Rs. 303-11-1, respectively. A considerable portion of the recoverable balance in Kanara awaits the decision of the High Court in the Kanara land suit case. In Ratnagiri also the recovery in some measure of the doubtful and disputed balances awaits decision by the Civil Court in connection with the proceedings of the Survey Department. In all the other Collectorates measures are being taken with the view of recovering and adjusting the Government demands.

43. The table subjoined to this paragraph shows the distribution of the entire balances outstanding for both the current and former years in the several Collectorates of the Division. As explained above, the balance for the current year has by subsequent recoveries and adjustments been brought down to Rs. 78,086-3-6, and that for former years to Rs. 22,893-3-11, the total being Rs. 1,00,979-7-5.

*Tuggai advances and balances.*

44. The usual Appendices, Nos. III. and IV., showing the transactions under this head, are appended. From the former of these it will be seen that a sum of Rs. 40,094-0-0 was advanced during the year to the cultivators of 272 villages in all except the Dharwar Collectorate. The largest advances were made in Ahmadnagar (Rs. 13,557); Kaladgi (Rs. 7,450); Sholapur (Rs. 6,975); and in Satara (Rs. 4,105). In Poona, the sum advanced was Rs. 2,250; in Ratnagiri it amounted to Rs. 2,187; in Belgaum to Rs. 2,900; and in Kanara to Rs. 670 only. The advances were made in all, except the Ratnagiri Collectorate, to assist the cultivators in constructing and repairing wells, tanks, &c, in aid of irrigation. In Ratnagiri the grants were made for the purchase of agricultural stock.

45. From Appendix No. IV. it will be perceived that including the advances made in former years, the total amounts to Rs. 1,24,085-8-0, and that the sum set down for collection during the year amounted to Rs. 27,871-12-10, plus a sum of Rs. 122, which fell due in the past year, making a total of Rs. 27,993-12-10. Of this amount Rs. 27,734-12-10 were collected within the year, and in addition a sum of Rs. 135 in the Satara Collectorate on account of instalments due in future years, making a total of Rs. 27,869-12-10 as the collections of the year. Of the instalments recoverable during the year, Rs. 75 in Kaladgi and Rs. 259 in Satara remained for recovery, which in addition to Rs. 95,956-11-2 due in future years makes the total balance outstanding on 1st August 1873, Rs. 96,215-11-2, the whole of which is recoverable.

*Cultivation.*

46. Appendices Nos. V. and VI. supply the usual details regarding the culturable and cultivated area, and the principal crops raised in the several Collectorates of the Division, Kanara excepted, in the year 1872-73 and in the year preceding; and the table annexed to this para. is an abstract of the former of these appendices. The information for the Ratnagiri Collectorate is, as in past years, based for the most part on estimate merely; and the omission altogether from the table of the Kanara Collectorate is due to the circumstance mentioned in para. 37 of the report for the Southern Division for the year 1863-64. This will necessarily continue until the survey operations which are in progress in these two

Collectorates are brought to a close. The information required by Government Resolution No. 4913, dated 30th August 1873, not being available for the year under report, is not furnished.

| Collectorate | Cultivated in | | In 1872-73. | | Left waste in 1872-73. | Percentage of waste in cultivated lands. |

*Gross Sayer Revenue.*

48. The gross Sayer Revenue of the year amounted for the Division to Rs. 37,67,072-5-3. In 1871-72 it amounted to Rs. 43,00,827-11-11. There is accordingly a decrease in the year under notice amounting to Rs. 5,33,755-6-8. The fluctuations in each Collectorate are explained below :—

*Alienations.*

49. There are no alienations of Sayer Revenue in any of the Collectorates of the Division.

*Government Sayer Revenue.*

50. The Government Sayer Revenue of the year is therefore the same as the gross Sayer Revenue, and there is a decrease in every one of the Collectorates of the Division as shown in the following para. :—

51.—The decrease in each Collectorate is as shown in the margin, and is due principally to the exclusion from Sayer Revenue of all items of provincial receipts, and the abolition of the income tax. In the Poona Collectorate, where the decrease is largest, it is also in part due to the change in the Abkaree system introduced into the Poona District and Cantonment, whereby the revenue from this source has fallen from Rs. 2,09,289-4-0 in 1871-72 to Rs. 1,48,695-4-6 in the year under report, being a deficit of Rs. 60,593-15-6 in this item alone.

| | | Rs. | a. | p. |
|---|---|---|---|---|
| Poona | Decrease ... ... ... | 2,11,576 | 11 | 5 |
| Ahmadnagar | do. ... ... ... | 16,303 | 11 | 10 |
| Kaladgi | do. ... ... ... | 47,329 | 3 | 2 |
| Ratnagiri | do. ... ... ... | 46,873 | 10 | 2 |
| Belgaum | do. ... ... ... | 11,049 | 0 | 0 |
| Dharwar | do. ... ... ... | 81,350 | 2 | 8 |
| Satara | do. ... ... ... | 28,418 | 9 | 10 |
| Kanara | do. ... ... ... | 53,583 | 13 | 10 |
| Sholapur | do. ... ... ... | 37,270 | 7 | 9 |
| | Total ... | 5,33,755 | 6 | 8 |

52. Except in the Kanara Collectorate, in which remissions to the extent of Rs. 4,003-8-4 were granted on account of seigniorage fees on timber given free under the permit rules, and which amount exceeds the sum remitted on the same account in the preceding year by Rs. 423-12-3, no remissions of Sayer revenue were granted in any of the other Collectorates of the Division in the year under report.

*Collections and balances of the current year.*

53. The realizable Sayer Revenue of the year amounted to Rs. 37,63,068-12-11, being less than that of the year preceding by Rs. 5,34,179-2-11. Of this sum Rs. 37,53,079-6-8 were collected by the close of the year, leaving a balance outstanding on the 1st August 1873 of Rs. 9,989-6-3, which is less by Rs. 3,431-14-2 than the sum that remained outstanding on the corresponding date in the year preceding.

54. In the Collectorates of Poona, Kaladgi, and Sholapur, the whole of the year's revenue was collected by the 31st July ; and of the balances outstanding on 1st August in the Ahmadnagar and Belgaum Collectorates, the whole was recovered prior to the dates of the collectors' reports. Subsequent recoveries, as shown in the margin, have reduced the balances in the remaining Collectorates to Rs. 4,500-15-7 ; and measures are in force for the recovery of the same. Regarding the balances in Kanara, I beg to refer to the letter from the Collector submitted with my Memo. No. 4637, dated 24th ultimo.

| Collectorates. | Balance on 1st August 1873. | | | Subsequent Collections. | | | Balance at date of Collectors' reports. | | |
|---|---|---|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |
| Ratnagiri ... | 139 | 15 | 7 | 91 | 0 | 0 | 48 | 15 | 7 |
| Satara ... ... | 297 | 0 | 0 | ..... | | | 297 | 0 | 0 |
| Kanara... ... | 4,403 | 0 | 0 | 248 | 0 | 0 | 4,155 | 0 | 0 |
| Total... | 4,839 | 15 | 7 | 339 | 0 | 0 | 4,500 | 15 | 7 |

*Former years' Balances.*

55. These are shown as amounting at the beginning of the year 1872-73 to Rs. 26,125-15-9, but in consequence of an error committed in Kaladgi, as explained in the remarks in Appendix No. VII., the balance actually amounted to Rs. 29,778-3-9. Of this sum Rs. 12,589-6-9 were collected and adjusted during the year, leaving outstanding on the 1st August 1873, Rs. 17,088-13-0, as follows :—

| | | | Rs. | a. | p. |
|---|---|---|---|---|---|
| In Ahmadnagar | ... | ... | 118 | 9 | 9 |
| ,, Kaladgi | ... | ... | 14,334 | 0 | 0 |
| ,, Satara | ... | ... | 1,896 | 1 | 1 |
| ,, Sholapur | ... | ... | 740 | 2 | 2 |
| | | Total | 17,088 | 13 | 0 |

56. The balance of Rs. 118-9-9 in the Ahmadnagar Collectorate is in course of recovery by distraint of the property and person of the defaulter. In Kaladgi the balance of Rs. 14,334 is due by the Abkaree contractor of the Bijapur Taluka, and for recovery of this sum measures, in accordance with the instructions of Government No. 5718, dated 16th October 1873, are in progress. The balance in Satara, amounting to Rs. 1,896-1-1, stands over under the sanction conveyed in G. R. No. 5785, dated 25th November 1872, until July 1874, when, if not previously recovered, it will have to be written off the accounts. The balance in Sholapur, amounting to Rs. 740-2-2, is stated to be irrecoverable and it is added that application will shortly be made for writing it off the accounts.

*Entire Revenues.*

57. The subjoined table exhibits the entire and Land Sayer Revenues of the Division for the year 1872-73 in contrast with the same for the year preceding. Fuller details are given in Appendix No. VII. of which this table is an abstract. The several fluctuations having been already explained, nothing remains to be added in this place :—

*Charges of Collection.*

58. The subjoined table exhibits the entire charges of collection for the Division in the year 1872-73 in contrast with the same for the year preceding. There is a net increase amounting to Rs. 77,854-8-5 in the charges of the year, the percentage net increase being 3 annas and 2 pies. This increase is observable in all the Collectorates of the Division and is due chiefly to the contingent charges of the Revenue Department, which were formerly not included in this statement, having this year been added to the expenditure. It is also due in some measure to the re-adjustment of the allowances of Patells and Coolcurnees on expiration of the period of ten years for which their remuneration was fixed on an average of five years' receipts ; and to the expenditure of the Forest Department having this year, for the first time, been included among the charges of the year.

W. H. HAVELOCK,
Revenue Commissioner S. D.

No. 4619 OF 1874.

REVENUE DEPARTMENT.

To

THE CHIEF SECRETARY TO GOVERNMENT.

*Camp Tikoté, 21st December 1874.*

SIR,

I have the honour to report on the Land and Sayer Revenues of the Collectorates of the Southern Division for the year 1873-74, omitting, in accordance with the instructions conveyed in para. 3 of Government Resolution No. 4800, dated 7th September 1874, such particulars as have already come under review by Government in the Collectors' Administration reports.

Appendix No. I.—Statement contrasting the Land Revenue of the year with that of the preceding year.

Appendices Nos. II. and III.—Statements relating to Tuggai advances and Balances.

Appendices IV., V., and V. (A).—Statement relating to land under cultivation and land set apart for special purposes.

Appendix No. VI.—Statement contrasting the Sayer and entire revenues of the year with those of the preceding year.

2. Appended to this report are the statements marginally noted. They supply full information as to the results of the year's settlements, as ascertained at the close of the year.

*Villages.*

3. From the subjoined table it will be seen that there is a net decrease of 64 in the aggregate number of villages for the division, as compared with the year 1872-73. In the Poona Collectorate the decrease of $\frac{3}{4}$th in Government and corresponding increase in alienated villages is due to the separate entry this year in the accounts of the respective shares of Government ($\frac{1}{4}$th) and of the alienee ($\frac{3}{4}$th) in the village of Malland, Bheemthurree, and the grant to Raja Sir Dinkurrao of the village of Mooshee in Taluka Haveli. The increase of 2 Government and decrease of 2 alienated villages in the Ahmadnagar Collectorate are caused by the lapse of the villages of Jamgaom and Agurgaom held on life tenure by the late alienees. Three villages in the Belgaum Collectorate, held as a life grant by the late Mantree, having lapsed to Government, has caused an increase of 3 Government villages, but as a new alienated village hitherto registered as a hamlet has at the same time been brought into the accounts, the decrease in the number of alienated villages is 2 only. In Satara the grant to Raja Sir Dinkurrao, of the village of Patkhul, has caused a reduction of one in the number of Government villages. On the other hand, 75 alienated villages held on political tenure have been struck off the Revenue Returns under instructions from this office, and thus the net decrease in alienated villages is 74 only. The increase of 10 Government villages in the Kanara Collectorate is due to the operations of the Revenue Survey Department, certain hamlets having been by that department brought to account as villages during the year:—

*Hamlets.*

4. As will be seen from the subjoined table there is a net decrease of 21 in the total number of hamlets for the division as compared with the preceding year 1872-73. In Poona there is an increase of 5 alienated and a decrease of 1 Government hamlet. The latter is due to the hamlet belonging to the village of Mooshee having passed with the village to Raja Sir Dinkurrao, and this added to the registry, for the first time this year, of 4 alienated hamlets hitherto erroneously omitted from the accounts of the Mawul Taluka, causes an increase of 5 in the number of alienated hamlets. In Ahmadnagar the increase of 2 Government and decrease of 2 alienated hamlets are due to 2 hamlets having lapsed to Government with the alienated villages of Jamgaom and Agurgaom. The fluctuations in Kaladgi and Dharwar are caused by the correction of errors in the accounts, certain Government hamlets having in previous years been by mistake entered under the head of alienated. The decrease of 1 alienated hamlet in Belgaum is owing to its having this year been registered as a village. In Satara the transfer of 1 hamlet with the village of Patkhul to Raja Sir Dinkurrao, and the removal from the accounts of 16 hamlets belonging to alienated villages held on political tenure, account for the net decreases in the Government and alienated hamlets of this collectorate. The decrease in Kanara is due to the operations of the Revenue Survey Department, and that in Sholapur to the correction of an error in the number of Government hamlets reported as in existence in the preceding year :—

*Gross Land Revenue.*

6. Under this head there is a net decrease aggregating Rs. 71,499 6-11 in the year under notice as compared with the preceding year 1872-73. The table given in the margin shows that there is an increase aggregating Rs. 1,39,767-1-6 in the collectorates of Poona, Kaladgi, Kanara, and Sholapur, while the remaining five collectorates of the division show a decrease aggregating Rs. 2,11,266-8-5 for the year reported on.

| | Increase. | Decrease. |
|---|---|---|
| | Rs. a. p. | Rs. a. p. |
| Poona ... ... ... ... ... | 86,452 4 2 | ..... |
| Ahmadnagar ... ... ... ... | ..... | 17,364 3 11 |
| Kaladgi ... ... ... ... ... | 1,611 7 10 | ..... |
| Ratnagiri ... ... ... ... ... | ..... | 24,129 14 10 |
| Belgaum ... ... ... ... ... | ..... | 4,362 14 6 |
| Dharwar ... ... ... ... ... | ..... | 23,256 2 9 |
| Satara ... ... ... ... ... | .. | 1.42,153 4 5 |
| Kanara ... ... ... ... ... | 4,779 6 2 | ..... |
| Sholapur ... ... ... ... ... | 46,923 15 4 | ..... |
| Total ... | 1,39,767 1 6 | 2,11,266 8 5 |
| | | 1,39,767 1 6 |
| Net ... | | 71,499 6 11 |

*Alienations.*

7. The alienated revenues of the year amounted for the division to Rs. 28,37,368-3-8. In the year preceding they amounted to Rs. 29,48,480-5-0, thus showing a decrease of Rs. 1,11,112-1-4 in 1873-74.

8. This decrease is made up, as shown in the margin, by a diminution aggregating Rs. 1,20,472-11-4 in all the collectorates except Poona and Sholapur, in which two there is an increase amounting to Rs. 9,360-10-0.

| | Increase. | Decrease. |
|---|---|---|
| Poona... ... ... ... | 3,449 1 0 | ..... |
| Ahmadnagar... ... ... | ..... | 2,810 13 6 |
| Kaladgi ... ... ... | ..... | 133 8 0 |
| Ratnagiri ... ... ... | ..... | 56 6 8 |
| Belgaum ... ... ... | ..... | 6,762 0 9 |
| Dharwar ... ... ... | ..... | 2,589 4 5 |
| Satara... ... ... ... | ..... | 1,08,001 10 0 |
| Kanara ... ... ... | ..... | 119 0 0 |
| Sholapur ... ... ... | 5,911 9 0 | ..... |
| Total ... | 9,360 10 0 | 1,20,472 11 4 |
| | | 9,360 10 0 |
| Net... | | 1,11,112 1 4 |

9. The increase in Poona is due chiefly to the grant in Inam of the village of Moorshee to Raja Sir Dinkurrao, and that in Sholapur to the extension of survey rates to certain Inam villages.

10. The largest of the decreases occurs in the Satara District. It is due mainly to the revenues of alienated villages not under the regulations being removed from the Collector's accounts. The decreases in Belgaum and Dharwar are due to the resumption and lapse of Inam holdings, and that in Ahmadnagar to smaller collections made in alienated villages during the year. The decreases in the remaining two collectorates of Kaladgi and Ratnagiri are of small amount, and are due in them both to larger demands on account of joodee from Inamdars.

*Public Works Revenue from Irrigation.*

11. The revenue under this head for the year under report amounts to Rs. 17,706-8-11, being less than that of the year preceding by Rs. 509-9-9. The collectorates that have contributed towards this sum are the following, viz.:—

| | | | |
|---|---|---|---|
| Poona ... ... ... ... ... | Rs. | 873 | 12 6 |
| Ahmadnagar ... ... ... ... | ,, | 1,452 | 4 0 |
| Kaladgi ... ... ... ... ... | ,, | 86 | 1 0 |
| Dharwar ... ... ... ... ... | ,, | 2,112 | 2 9 |
| Satara ... ... ... ... ... | ,, | 11,447 | 6 8 |
| Sholapur ... ... ... ... ... | ,, | 1,734 | 14 0 |
| | Rs. | 17,706 | 8 11 |

There is an increase aggregating Rs. 2,964-8-2 in the collectorates of Poona, Satara, and Sholapur, and a decrease aggregating Rs. 3,474-1-11 in the collectorates of Ahmadnagar, Kaladgi, and Dharwar. The former is due to a larger area being under irrigation, and the latter to a diminution of such area, the demand being made only when water is taken by the agriculturists.

*Government Revenue.*

12. The realizable land revenue of the year, deducting alienations and Public Works revenue from irrigation, amounted to Rs. 1,15,05,245-2-5 for 1873-74, or Rs. 40,122-4-2 in excess of the same for the year preceding. There is an increase aggregating Rs. 1,30,857-12-4 in the collectorates of Poona, Kaladgi, Belgaum, Kanara, and Sholapur, and a decrease aggregating Rs. 90,735-8-1 in the collectorates of Ahmadnagar, Ratnagiri, Dharwar, and Satara. The causes are thus explained.

13. Poona—increase Rs. 82,503-11-8—caused mainly by extension of cultivation and the revision of the survey rates; by larger realizations from the sale of Kooruns and other farms; and by the levy of increased joodee from Inamdars.

14. Ahmadnagar—decrease Rs. 14,363-2-6—due chiefly to decrease of cultivation ; to smaller realizations from Koorun and other farms ; and to less joodee having been recoverable on account of Inam holdings.

15. Kaladgi—increase Rs. 1,778-15-10—owing principally to extension of cultivation ; to larger realizations from Inams under attachment ; and to increased revenue from the sale of grass and other farms.

16. Ratnagiri—decrease Rs. 24,073-8-2—due mainly to the revenue receivable in commutation of the grain rental having realized less than in the preceding year; and to smaller realizations from villages under attachment.

17. Belgaum—increase Rs. 2,399-2-3—caused chiefly by the lapse of alienated villages, and extension of cultivation.

18. Dharwar—decrease Rs. 17,417-0-4—owing principally to smaller receipts from the sale of farms ; to decrease of cultivation; and to less realizations from Inams under attachment.

19. Satara—decrease Rs. 34,881-13-1—mainly due to smaller receipts from the sale of Government farms ; to the grant in Inam of the village of Patkhul to Raja Sir Dinkurrao ; and to less having been received on account of occasional Nuzzerana.

20. Kanara—increase Rs. 4,898-6-2—due principally to the introduction of the survey; to an increase in Koomree cultivation ; and to enhanced receipts from the sale of farms.

21. Sholapur—increase Rs. 39,277-8-4—owing chiefly to the revision of the survey rates; to increase of cultivation; and to larger payments on account of joodee.

*Remissions.*

22. The remissions granted during the year amount to Rs. 3,61,260-2-9, being more than the sums remitted in the preceding year by Rs. 86,339-5-3. Of this sum Rs. 1,83,633-5-0 were remitted at the introduction of the Survey according to usual practice, and Rs. 1,19,518-8-7 represent the nominal remissions in Kanara, which will not in future appear in the accounts. Deducting these two sums, aggregating Rs. 3,03,151-13-7, there remain Rs. 58,108-5-2 only, from which the items as per margin may also be fairly deducted, in order to ascertain the *bonâ fide* remissions of the year. Thus Rs. 52,837-0-0 alone represent the sum remitted in consequence of failure of crops and other incidental causes in the entire division during the year.

| | | | |
|---|---|---|---|
| Lands taken for forests, roads, &c.... Rs, | 1,146 | 6 | 2 |
| Remitted to certain Chiefs ... ... ,, | 418 | 1 | 2 |
| Difference between full (nominal) assessment and sums realizable from lessees.. ... ... ... ... ,, | 3,706 | 13 | 10 |
| | 5,271 | 5 | 2 |

23. The subjoined table gives details of the remissions under all heads for the several collectorates of the division. In the Dharwar Collectorate no remission of any kind was found necessary by the Collector:—

सत्यमेव जयते

## *REMISSIONS.*

| Collectorates | Remitted at the time of Survey in consequence of the revised Survey Rates exceeding the Old Assessment and *vice versâ*. | Lands sold for the recovery of the Government Assessment, the lands having been bought by Government, and the amount due written off. | Lands taken for Forest Reserves, Roads, Railways, and other public purposes. | Remitted in accordance with the instructions of Government to the families of certain Chiefs. | Remitted on account of the failure of crops and the poverty, desertion, &c., of the cultivators. | Nominal Remission. | Difference between the full assessment of certain lands and the amount at which they have been leased, &c. | On Account of the destruction of the houses of Ryots by fire. | Other Causes. | Total. |
|---|---|---|---|---|---|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |

| Sholapur... ... .. | 43,599 1 0 | ..... | 641 8 4 | ..... | 1,531 9 9 | ..... | ..... | 58 0 0 | ..... | 45,830 3 1 |
| Total .. | 1,83,633 5 0 | 833 8 0 | 1,146 6 2 | 418 1 2 | 51,268 7 8 | 1,19,518 8 7 | 3,706 13 10 | 711 11 2 | 23 5 2 | 3,61,260 2 9 |

*Collections and Current Year's Balances.*

24. The revenue for collection amounted for the entire division to Rs. 1,11,43,984-15-8 in the year under report. In the year preceding it amounted to Rs. 1,11,90,202-0-9. There is thus a decrease of Rs. 46,217-1-1 in 1873-74 as compared with 1872-73. Of this sum of Rs. 1,11,43,984-15-8 the sum of Rs. 1,09,84,688-15-11* was collected by the end of July 1874, leaving Rs. 1,59,296-0-9 outstanding on the 1st of August 1874, or Rs. 41,582-3-5 more than the sum which remained outstanding on the corresponding date in 1873. It is gratifying to observe that the whole of the year's revenue was collected in the Dharwar Collectorate before the close of the year.

25. From the statement given in the margin it will be perceived that the balances on 1st August 1874, aggregating Rs. 1,59,296-0-9, were by subsequent collections reduced to Rs. 78,996-8-2. Measures were in course of adoption for the recovery and adjustment of these balances. In the Kanara Collectorate a considerable portion of the amount outstanding remains irrecoverable pending the issue of the Kanara Land Suit awaiting adjudication by Her Majesty's High Court.

| Collectorates. | Balance on 1st August. | Since collected. | Written off. | Balance at date of Collector's Returns. |
|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ... ... ... | 91,255 4 11 | 64,388 10 0 | ..... | 26,866 10 11 |
| Ahmadnagar ... ... | 3,025 15 4 | 412 3 4 | ..... | 2,613 12 0 |
| Kaladgi ... ... | 869 11 0 | ..... | ..... | 869 11 0 |
| Ratnagiri ... ... | 13,654 1 4 | 8,284 3 0 | ..... | 5,369 14 4 |
| Belgaum ... ... | 403 8 8 | 135 15 8 | ..... | 267 9 0 |
| Satara... ... ... | 2,806 0 5 | 1,419 15 11 | ..... | 1,386 0 6 |
| Kanara ... ... | 28,513 11 4 | 5,658 8 8 | ..... | 22,855 2 8 |
| Sholapur ... ... | 18,767 11 9 | ..... | ..... | 18,767 11 9 |
| Total... | 1,59,296 0 9 | 80,299 8 7 | ..... | 78,996 8 2 |

*Former Years' Balances.*

26. These amounted at the close of 1872-73, according to the returns furnished in that year, to Rs. 1,41,068-13-2, but owing to an error committed in Kanara, as explained in the remarks in Appendix No. I., the balance actually amounted to Rs. 1,41,137-12-1, and of this sum Rs. 1,05,083-0-6 were, as shown in the margin, collected and adjusted during the year, leaving outstanding on 1st August 1874 Rs. 36,054-11-7, as follows :—

| Collectorates | Amount collected. | Amount written off. | Total. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ... ... ... ... | 30,850 13 1 | 18,155 13 6 | 49,006 10 7 |
| Nagar ... ... ... ... | 1,857 15 1 | 1,267 10 5 | 3,125 9 6 |
| Kaladgi ... ... ... ... | ..... | ..... | ..... |
| Ratnagiri ... ... | 24,427 11 2 | 414 11 5 | 24,842 6 7 |
| Belgaum .. ... .. ... | 96 4 11 | ..... | 96 4 11 |
| Dharwar... ... ... ... | ..... | 6 0 0 | 6 0 0 |
| Satara ... ... ... ... | 1,588 6 4 | 146 6 6 | 1,734 12 10 |
| Kanara ... .. ... ... | 16,266 12 2 | 2,013 5 4 | 18,280 1 6 |
| Sholapur ... ... ... | 6,906 13 10 | 1,084 4 9 | 7,991 2 7 |
| Total ... | 81,994 12 7 | 23,088 3 11 | 1,05,083 0 6 |

| | | | |
|---|---|---|---|
| In Poona ... | ... | Rs. | 1,984 2 2 |
| ,, Ahmadnagar | ... | ,, | 119 9 4 |
| ,, Ratnagiri ... | ... | ,, | 5,017 9 8 |
| ,, Belgaum ... | ... | ,, | 63 7 1 |
| ,, Satara ... | ... | ,, | 219 11 0 |
| ,, Kanara ... | ... | ,, | 27,161 4 10 |
| ,, Sholapur ... | ... | ,, | 1,488 15 6 |
| Total... | | Rs. | 36,054 11 7 |

* [illegible]

27. There were thus no balances whatever outstanding on account of former years in the collectorates of Kaladgi and Dharwar. The balances in the remaining collectorates were by subsequent recoveries and adjustments, as shown in the margin, further reduced by Rs. 3,208-9-9, leaving Rs. 32,846-1-10 only to be accounted for. The balance in Kanara is due chiefly to the recovery of the Government demands being held in abeyance under injunctions from the civil court, and with this exception the balances in this and the other collectorates, except Ratnagiri, where they are in a great measure disputed, are for the most part recoverable and in course of adjustment.

| Collectorates. | Amount collected. | Amount writen off. | Total. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Ratnagiri ... | 77 0 5 | ..... | 77 0 5 |
| Satara ... ... | ..... | 176 11 0 | 176 11 0 |
| Kanara ... ... | 1,646 11 9 | ..... | 1,646 11 9 |
| Sholapur ... ... | 63 15 0 | 1,244 3 7 | 1,308 2 7 |
| | 1,787 11 2 | 1,420 14 7 | 3,208 9 9 |

28. The table subjoined to this para. shows the distribution of the balances outstanding for both the current and former years in the several collectorates of the division on the 1st August 1874. It will be observed that by subsequent recoveries, &c., as stated in the two preceding paras., the balance for the current year outstanding at the date of the Collector's returns has been reduced to Rs. 78,996-8-2 and that for former years to Rs. 32,846-1-10, making together the sum of Rs. 1,11,842-10-0 :—

*Tuggai Advances and Balances.*

29. The usual Appendices Nos. II. and III. shew the transactions under this head. From the former it will be seen that a sum of Rs. 18,122 was advanced during the year to the cultivators of 316 villages in all, except the Poona and Dharwar Collectorates. The largest advances were made in Ahmadnagar (Rs. 6,869) and Kaladgi (Rs. 4,000). The advances in the other Collectorates were in Satara Rs. 2,580, in Kanara Rs. 2,163, in Sholapur Rs. 1,585, in Belgaum Rs. 900, and in Ratnagiri Rs. 25 only.

30. From Appendix No. III. it will be seen that, including the advances made in former years, the total amounts to Rs. 1,14,337-11-2, and that the sum set down for collection during the year is Rs. 42,214-3-2 plus a sum of Rs. 219 which fell due in past years, making a total of Rs. 42,433-3-2. The recoveries during the year amount to Rs. 42,109-15-6, of which Rs. 41,372-15-6 represent the collections on account of the current year, and Rs. 219 the sums recovered on account of instalments which fell due in past years. The remainder (Rs. 518) is a sum collected in advance of the date of due instalments in the Belgaum and Satara Collectorates, being Rs. 334 in the former, and Rs. 184 in the latter Collectorate. Rs. 841-3-8 due in the year under report remained uncollected in the Collectorates of Ahmadnagar, Ratnagiri and Satara in the proportions of Rs. 14-15-8, Rs. 55 and Rs. 771-4-0, respectively.

*Cultivation.*

31, Appendices Nos. IV. and V. furnish the usual details regarding the culturable and cultivated area, and the principal crops raised in the several Collectorates of the Division, Kanara excepted, in the year 1873-4, in contrast with the same for the year preceding. The table annexed to this para. is an abstract of the former of these appendices. For the Ratnagiri Collectorate the information as in past years, is based for the most part on estimate merely, and the omission altogether from the table of the Kanara Collectorate is due to the circumstance, mentioned in para. 37 of the report of the Southern Division for the year 1863-4. This must continue until the extension of the operations of the revenue survey to these Collectorates:—

| Collectorates. | Cultivated in | | In 1873-1874. | | Left waste in 1873-74. | Percentage of waste in cultivated Lands. |
|---|---|---|---|---|---|---|
| | 1873-74. | 1872-73. | Increase. | Decrease. | | |

32. An additional Appendix, No. V. (A), is added to this report, embodying the particulars regarding lands set apart for special purposes in all the Collectorates of the Southern Division, except Kanara, required by the Resolution of Government No. 4913, dated 30th August 1873.

*Sayer Revenue—Financial Results.*

33. Appendix No. VI. exhibits the Sayer Revenues of the Division for the year 1873-4, in contrast with the same for the year preceding. The subjoined table is an abstract of this appendix:—

| Collectorates. | Gross Revenue. | | Alie- |
|---|---|---|---|
| | 1873-74. | 1872-73. | 1873-74. |

सत्यमेव जयते

*Gross Sayer Revenue.*

34. The gross Sayer Revenue of the year amounted to Rs. 33,20,131-5-11. In 1872-73 it amounted to Rs. 37,67,072-5-3, thus showing a decrease of Rs. 4,46,940-15-4 as compared with that year. The various fluctuations are explained below.

*Alienations.*

35. There are no alienations of Sayer Revenue in any of the Collectorates of the Division.

*Government Sayer Revenue.*

| | | | | | |
|---|---|---|---|---|---|
| Poona, decrease... | Rs. | 87,627 | 13 | 4 |
| Ahmadnagar | do. | ,, | 66,759 | 3 | 10 |
| Kaladgi | do. | ,, | 43,093 | 7 | 3 |
| Ratnagiri | do. | ,, | 16,565 | 4 | 5 |
| Belgaum | do. | ,, | 11,619 | 8 | 10 |
| Dharwar | do. | ,, | 68,614 | 7 | 9 |
| Satara | do. | ,, | 27,904 | 2 | 1 |
| Kanara | do. | ,, | 75,767 | 9 | 0 |
| Sholapur | do. | ,, | 48,989 | 6 | 10 |
| Total... | Rs. | | 4,46,940 | 15 | 4 |

36. The Government Sayer Revenue is therefore the same as the gross revenue of the year, and the decrease, aggregating Rs. 4,46,940-15-4, is contributed to by all the Collectorates in the proportions marginally noted. The decrease is due mainly to the abolition of the income tax; to smaller realizations from the sale of stamps; and a decrease in forest receipts in all except the Belgaum and Satara Collectorates.

*Remissions.*

37. Remissions of Sayer Revenue were granted in two Collectorates only of the Division, viz., in Ahmadnagar, where Rs. 341-15-9 were remitted to the licensees of liquor shops and drugs, owing to the suspension of sales during the Mohurrum festival, and in Kanara, where Rs. 2,363-0-9 were remitted on account of seigniorage fees on timber given gratis under the permit rules applicable to that District.

*Collections and Balances of the Current year.*

38. The realizable Sayer Revenue of the year amounted to Rs. 33,17,426-5-5, being less than that of the preceding year by Rs. 4,45,642-7-6. Of this sum Rs. 31,15,277-6-5 were collected by the close of the year, leaving a balance outstanding on 1st August 1874 of Rs. 2,148-15-0, being less than that outstanding on the corresponding date of the previous year by Rs. 7,840-7-3.

39. The whole of the year's revenue was collected within the year in the Collectorates of Poona, Kaladgi, Belgaum, Dharwar, and Satara. The above sum of Rs. 2,148-15-0 therefore pertains to the Collectorates of Ahmadnagar, Ratnagiri, Kanara, and Sholapur, in which the balance outstanding was Rs. 6-7-0, Rs. 447-0-0, Rs. 1,640-8-0, and Rs. 55-0-0, respectively. Subsequent recoveries have reduced the balances in these Collectorates to Rs. 1,061-8-0, the sums actually outstanding at the date of the Collector's returns being as follows :—

| | | | | |
|---|---|---|---|---|
| In Ahmadnagar... | Rs. | 0 | 0 | 0 |
| ,, Ratnagiri ..... | ,, | 6 | 0 | 0 |
| ,, Kanara ..... | ,, | 1,000 | 8 | 0 |
| ,, Sholapur ..... | ,, | 55 | 0 | 0 |
| Total... | Rs. | 1,061 | 8 | 0 |

*Former years' Balances.*

40. The balances of former years outstanding at the beginning of the year amounted to Rs. 27,078-3-3, and of this sum Rs. 7,709-5-6 were collected during

the year, leaving outstanding on the 1st August 1874, Rs. 19,368-13-9, which is more by Rs. 2,280-0-9 than the balance for former years' outstanding on the corresponding date in 1873.

41. This sum of Rs. 19,368-13-9 pertains to the following Collectorates, viz. :—

| | | | | |
|---|---|---|---|---|
| Ahmadnagar... | Rs. | 118 | 9 | 9 |
| Kaladgi ..... | ,, | 13,516 | 0 | 0 |
| Satara ..... | ,, | 2,014 | 10 | 10 |
| Kanara ..... | ,, | 2,979 | 7 | 0 |
| and Solapur..... | ,, | 740 | 2 | 2 |
| Total | Rs. | 19,368 | 13 | 9 |

The whole of the balance pertaining to the Ahmadnagar Collectorate having been found irrecoverable, has since been written off the accounts ; and of that in Satara, the sum of Rs. 1,896-1-1 will disappear from the books under the authority of Government Resolution No. 6118 of 21st November 1874. The net balance for the Division is thus reduced to Rs. 17,354-2-11. The largest balance is in the Kaladgi Collectorate, and measures for its disposal are being taken, in accordance with the orders conveyed in the correspondence ending with Government Resolution No. 5,908, dated 9th November 1874 ; while that in Kanara, which is the next largest in amount, is also in course of recovery in the manner authorized by Government Resolution No. 6,610 dated 8th December 1873. For the recovery of the balance in Sholapur, measures are in progress. It is a sum due by the contractor of bhang and ganja, who, with his security, is being proceeded against by the Collector.

*Entire Revenues.*

42. The following is an abstract statement of the Land and Sayer Revenues of the Division for the year 1873-74 contrasted with the same for the year preceding. Appendix No. VI gives full details of the various items of Sayer Revenue ; and as the fluctuations have already been explained, there is nothing to be added in this place :—

| Collectorates. | Gross Revenue. | | Alie- |
|---|---|---|---|
| | 1873-74. | 1872-73. | 1873-74. |

*Charges of Collection.*

The subjoined table shows the entire charges of collection for the Division in 1873-4 in contrast with the same for the year preceding. There is a net increase amounting to Rs. 2,54,539-14-10 in the charges of the year as compared with 1872-73, the percentage increase being Rs. 2-7-5. In the Poona, Belgaum, and Kanara Districts, this increase is due mainly to the charges pertaining to the Forest establishments not having been included in the aggregate charges of the previous year. In the Ratnagiri and Dharwar Collectorates, the increase is caused by larger disbursements having been made in the payment of District and village servants. The decrease in Satara is due principally to the charges on account of covenanted servants having been less during the year in consequence of the absence of the Collector on prolonged leave ; and that in Ahmadnagar, Kaladgi, and Sholapur to smaller payments having been made this year on account of remuneration to village servants :—

J. E. OLIPHANT,
Acting Revenue Commissioner,
Southern Division.

No. 196 of 1875.

*Kaira Districts,*
*Camp Borsad, 16th January* 1875.

To

THE CHIEF SECRETARY TO GOVERNMENT,
Revenue Department.

SIR,

I have the honour to submit the following Jamabandy Report of the Northern Division for the revenue year 1873-74. The appendices as follows are annexed:—

I.—Contrasted statement of Villages and Hamlets.

II.—Contrasted statement of the chief features of the Land Revenue Settlement.

III.—Contrasted statement of the chief features of the Sayer Revenue.

IV.—Contrasted statement of the chief features of the Land and Sayer Revenues.

V.—Contrasted statement of the Land under cultivation.

VI.—Contrasted statement of the charges of collection.

VII.—Huzur No. 10 A, being a contrasted statement of the Gross and Net Land Revenue.

VIII.—Huzur No. 12 C, being an analytical statement of balances outstanding.

IX.—Huzur No. 13 D, being a contrasted statement of Tuccavee advances.

X.—Huzur No. 14 E, showing the objects of Tuccavee advances.

XI.—Huzur No. 15 F, analytical statement of balances of Tuccavee advances.

XII.—Huzur No. 16 G, contrasted statement of culturable land.

XIII.—Huzur No. 17 H, statement of products.

XIV.—Huzur No. 18 I, contrasted statement of Sayer Revenue.

XV.—Huzur No. 19 J, analytical statement of balances of Sayer Revenue.

XVI.—Contrasted statement of sanctioned and actual charges.

2. The subjects noted in the margin have already been reviewed by Government on the Collector's Administration Reports. The causes of the increase and decrease in the number of villages and hamlets have ceased to be furnished by the Collectors with their Jamabandy Reports; and they also will not be noticed in this report, pending the receipt of the orders promised in paragraph 9 of Government Resolution No. 2346, dated 11th May 1874.

1. The Season and Crops.
2. The dates of the Jamabandy Settlements and the Officers by whom they were made.

GROSS LAND REVENUE.

3. The gross land revenue for 1873-74 is Rs. 1,76,46,598-7-4 against Rs. 1,78,10,443-10-11 in 1872-73, showing a net decrease of Rs. 1,63,845-3-7, which will be explained in the following paragraphs under the different heads.

## Alienations.

4. The total alienations in 1873-74 amount to Rs. 31,63,487-9-9, which, contrasted with the alienations in 1872-73, Rs. 31,54,545-4-3, gives a net increase of Rs. 8,942-5-6, which is explained as follows:—

| | Rs. | a. | p. |
|---|---|---|---|
| *Ahmedabad.*—Decrease on account principally of relinquishments by holders of alienated land, net sum ... | 119 | 3 | 9 |
| *Broach.*—Decrease owing chiefly to the operation of the survey having resulted in an increased Salami... | 1,082 | 7 | 7 |
| *Kolaba.*—Decrease on account chiefly of resumption of alienated lands, and commutation into cash payments. | 550 | 15 | 8 |
| *Nasik.*—Decrease in consequence chiefly of decrease in cultivation in alienated villages ... ... ... | 864 | 14 | 8 |
| *Khandesh.*—Decrease owing chifly to the levy of Joodi on the Inams of Village officers, and to decrease, in cultivation ... ... ... ... | 7,712 | 12 | 4 |
| Total Decrease ... | 10,330 | 6 | 0 |
| *Kaira.*—Increase chiefly owing to the operations of the Survey Department in the Panch Mahals ... | 18,795 | 15 | 10 |
| *Surat.*—Increase owing chiefly to the application of the the summary settlement to lands in the towns of Surat and Rander, and the rectification of errors ... ... ... ... ... ... | 317 | 2 | 1 |
| *Tanna.*—Increase owing chiefly to the adjustment of revenue on account of toddy-trees held in Inam ... | 159 | 9 | 7 |
| Total Increase... | 19,272 | 11 | 6 |
| Net Increase... | 8,942 | 5 | 6 |

## Public Works Revenue from Irrigation.

5. The revenue under this head in Khandesh during the year under report is Rs. 2,548-9-10, which, as compared with that in 1872-73, Rs. 5,786-3-1, shows a decrease of Rs. 3,237-9-3, which is nominal, as the amount collected last year was two years' receipts. In Nasik there has been no revenue under this head this year, the decrease being Rs. 2-10-0.

## Government Revenue.

6. Deducting the alinations and the Public Works revenue from irrigation from the gross revenue above given, the remainder is Rs. 1,44,80,562-3-9, being 1,69,549-15-10 less than the Government revenue of 1872-73. The causes of this decrease are briefly as follows, every collectorate, except Tanna, showing a decrease:—

| | | | |
|---|---|---|---|
| 1872-73 | 1,46,50,112 | 3 | 7 |
| 1873-74 | 1,44,80,562 | 3 | 9 |
| | 1,69,549 | 15 | 10 |

| | Rs. | a. | p. |
|---|---|---|---|
| *Ahmedabad.*—Decrease mainly attributable to relinquishments of occupied land and smaller realizations on account of the sale of the occupancy right ... | 17,810 | 10 | 6 |
| *Kaira.*—Decrease mainly owing to causes similar to those in Ahmedabad ... ... ... ... ... | 23,691 | 11 | 2 |
| *Broach.*—Decrease mainly owing to the Inam grant of the Nerbudda Bet lands to the Modi, and to smaller realizations on account of the sale of the right of occupancy ... ... ... ... ... | 28,077 | 10 | 2 |
| Carried over ..... | 69,579 | 15 | 10 |

## Collections and Balances.

8. The amount for collection after deducting the remissions, from the Government Revenue as above, is Rs. 1,44,40,797-1-7, out of which Rs. 1,43,94,298-13-2 was collected, leaving a balance of Rs. 46,498-4-5 at the end of the year. To this must be added Rs. 27,709-7-6, being the balances on account of former years, which raises the total outstanding balance to Rs. 74,207-11-11. This is less than the outstanding balance at the end of the last year by Rs. 35,134-6-5.

9. The subjoined table exhibits the distribution of the outstanding balance, among the several collectorates as also the progress of collection, since the close of the year up to the date of the Collectors' returns :—

| Collectorates. | Balances. | | | | | | | | | Since collected or written off up to date of Collectors' Returns. | | | Balances. | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | On account of current year. | | | On account of former years. | | | Total. | | | | | | | | |
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |
| Ahmedabad ... | 3,346 | 10 | 8 | 1,966 | 11 | 4 | 5,313 | 6 | 0 | 479 | 1 | 4 | 4,834 | 4 | 8 |
| Kaira ... ... | 11,155 | 7 | 5 | 4,023 | 11 | 1 | 15,179 | 2 | 6 | 2,782 | 8 | 11 | 12,396 | 9 | 7 |
| Broach ... ... | 2,464 | 13 | 11 | 275 | 7 | 2 | 2,740 | 5 | 1 | 920 | 6 | 3 | 1,819 | 14 | 10 |
| Surat ... ... | 8,070 | 14 | 3 | 3,549 | 13 | 3 | 11,620 | 11 | 6 | 3,422 | 10 | 8 | 8,198 | 0 | 10 |
| Tanna ... ... | 1,009 | 3 | 9 | 1,079 | 2 | 5 | 2,088 | 6 | 2 | 60 | 5 | 2 | 2,028 | 1 | 0 |
| Kolaba ... ... | 1,815 | 3 | 9 | 852 | 7 | 3 | 2,669 | 11 | 0 | 1,366 | 15 | 4 | 1,302 | 11 | 8 |
| Nasik ... ... | 1,569 | 5 | 7 | 2,088 | 6 | 7 | 4,457 | 12 | 2 | 341 | 14 | 11 | 4,115 | 13 | 3 |
| Khandesh ... ... | 17,064 | 9 | 1 | 13,073 | 12 | 5 | 30,138 | 5 | 6 | ..... | | | 30,138 | 5 | 6 |
| Total ... | 46,498 | 4 | 5 | 27,709 | 7 | 6 | 74,207 | 11 | 11 | 9,373 | 14 | 7 | 64,833 | 13 | 4 |

10. Of the balance, Rs. 64,833-13-4, in the last column above, Rs. 6,009-15-7 forms the subjects of civil suits as per margin, and can be cleared only when the suits have been finally decided. Out of the remainder Rs. 1,007-7-9 were due by the Bombay, Baroda, and Central India Railway Company, which, along with the greater part of the rest, has no doubt been recovered by this time. Khandesh, it will be noticed, exhibited the largest balance, which may be attributed to a succession of bad seasons, the consequent indebtedness of the ryot, and the operation of the civil courts, which enable the sowkar to carry off the whole of a ryot's produce before the instalments to Government are due (*vide* my numerous reports on this subject).

## Tuccavee Advances.

11. Appendices Nos. IX., X., and XI. exhibit the transactions under this head. The Tuccavee Advances in the current year amount to Rs. 19,533, and were made chiefly for the objects noted in the margin. The following abstract shows the progress of collection :—

1. The construction and repair of wells.
2. Purchase of bullocks.
3. Construction of houses.
4. Improvements of fields.

| Collectorates. | Collections, including Balances written off. | | | Balances. | | | |
|---|---|---|---|---|---|---|---|
| | Of Instalments due in current or future years. | Of Instalments due in former years. | Total. | Of Instalments due in current year. | Of Instalments due in former years. | Of Instalments due in future years. | Total. |
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Kaira ... ... | 1,461 5 4 | 480 7 8 | 1,941 13 0 | 548 5 4 | 509 9 8 | 1,790 0 0 | 2,847 15 0 |
| Surat ... ... | 1,196 0 0 | 150 0 0 | 1,346 0 0 | ..... | ..... | 2,770 0 0 | 2,770 0 0 |
| Tanna ... ... | 664 0 0 | ..... | 664 0 0 | ..... | ..... | ..... | ..... |
| Nasik ... ... | 10,301 5 4 | 857 0 0 | 11,158 5 4 | 754 0 0 | ..... | 27,696 2 8 | 28,455 2 8 |
| Khandesh ... | 23,821 7 5 | 3,747 13 9 | 27,569 5 2 | 6,049 12 11 | 14,948 4 4 | 66,188 11 8 | 87,186 12 11 |
| Total ... | 37,444 2 1 | 5,235 5 5 | 42,679 7 6 | 7,352 2 3 | 15,457 14 0 | 98,444 14 4 | 1,21,254 14 7 |

12. The whole of the above balances are reported to be recoverable. The largest balance is in Khandesh, and is due to the causes referred to in para. 10 above.

## Cultivation.

13. The total cultivable area for the entire division is acres 10,371,289 (taking $1\frac{1}{2}$ bigha to be equal to 1 acre), out of which acres 7,994,775 is the area under cultivation, the distribution of which among the several collectorates will be found in Appendices V. and XII. The progress or otherwise of cultivation in the year under report, will be best apparent from the subjoined table :—

| Collectorates. | Relinquishment of Occupied Land assessed at Rupees | Taken up for cultivation Unoccupied Land assessed at Rupees | Difference. | |
|---|---|---|---|---|
| | | | | |
| Ahmedabad ... ... ... | 30,913 9 9 | 16,369 5 10 | 14,544 3 11 | |
| Kaira ... ... ... ... | 26,130 0 9 | ..... | 26,130 0 9 | |
| Broach ... ... ... ... | .. ... | 10,321 0 3 | 10,321 0 3 | |
| Surat ... ... ... ... | 46,394 15 11 | 20,254 2 0 | 26,140 13 11 | |
| Tanna ... ... ... ... | 574 12 7 | 1,451 4 10 | 876 8 3 | |
| Kolaba ... ... ... ... | .... | 422 9 7 | 422 9 7 | |
| Nasik ... ... ... ... | 31,519 8 1 | ..... | 31,519 8 1 | |
| Khandesh ... ... ... | 61,871 11 6 | 41,606 11 4 | 20,265 0 2 | |
| Total ... | 1,97,404 10 7 | 90,425 1 10 | 1,30,219 12 11 | Gross. |
| | | | 1,06,979 8 9 | Net. |

14. It will be observed that only in Broach, Tanna, and Kolaba has there been an increase of cultivation; in all other districts there has been a decrease, the causes of which will be reported hereafter. Appendix XIII. shows the extent of land appropriated to the several crops.

## Sayer Revenue.

15. The gross sayer revenue of the division is Rs. 35,44,054-11-10, the alienations Rs. 902-13-10, and the remissions Rs. 123-5-4. The revenue for collection was accordingly Rs. 35,43,028-8-8 against Rs. 38,59,126-7-10 in 1872-73. The decrease, Rs. 3,16,097-15-2, is made up as follows :—

| Items. | Increase as compared to 1872-73. | Decrease as compared to 1872-73. | |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | |
| Abkari ... ... ... ... ... ... | 83,539 4 8 | ..... | |
| Intoxicating Drugs ... ... ... ... | ..... | 271 10 3 | |
| Stamps ... ... ... ... ... ... | ..... | 2,59,207 0 1 | |
| Forests ... ... ... ... ... ... | 54,595 5 8 | ..... | |
| Judical Receipts ... ... ... ... ... | 1,550 6 6 | ..... | |
| Miscellaneous ... ... ... ... ... | 5,230 10 7 | 2,01,535 0 3 | |
| Total ... | 1,44,915 11 5 | 4,61,013 10 7 | |
| | | 3,16,097 15 2 | Net Decrease. |

16. For further details, I beg to refer to Appendices III. and XIV., which will show that there has been a decrease under this head in every collectorate, except Surat and Kolaba. In the former there was an increase of Rs. 15,488-4-3, and in the latter of Rs. 2,076-0-2, made up principally of the items noted in margin.

Abkari.
Intoxicating Drugs.
Profit.

### Collections and Balances of Sayer Revenue.

17. The collections amount to Rs. 35,20,352-7-6 bearing a balance of Rs. 22,676-1-2. Adding to this Rs. 8,203-8-7, leaving the balance on account of former years, the total outstanding balance at the close of the year amounted to Rs. 30,879-9-9, which, when compared with the outstanding balance at the end of 1872-73, gives an increase of Rs. 5,273-2-6.

18. Out of the balance above reported, Rs. 1,122-12-1 has since been collected, Rs. 4,162-1-10 is under litigation in Surat and Khandesh, and cannot be cleared until the suits are finally decided; and Rs. 3,136-6-5 is reported to be irrecoverable, and will shortly be written off. The remainder consists chiefly of a single item of Rs. 17,507-8-0 due by the abkari farmer of Salsette, Bassein, and Kalian. He did not pay in the amount of his farm in collusion, it is believed, with the Bhandaris, and the Collector has been requested to recover the amount from his security by February next, resorting to distraint if necessary.

### Entire Revenue.

19. The entire land and sayer revenue of the division amounts to Rs. 2,11,90,653-3-2. The details of alienations, remissions, &c., will be found in Appendix XIV., while Appendix IV. gives a comparative view of the entire revenue of the years 1873-74 and 1872-73. The causes of increase and decrease have already been explained.

### Cost of Collection.

20. The cost of collection in 1873-74 was Rs. 20,76,259-0-7, which is less than that of 1872-73 by Rs. 13,623, owing principally to arrears of pay to covenanted and uncovenanted officers on leave paid in 1872-73 to a larger extent than in 1873-74, and to the appointments of Collector and Second Assistant Collector in Khandesh having been held on acting allowances for a long time. The cost of collection represents a percentage of Rs. 11-8-8 against Rs. 11-3-1 in 1872-73. The higher percentage this year is attributable to the decrease in revenue as explained above.

21. The service lands of the Village and District Officers amount in value to Rs. 6,53,581-8-0, which added to the above sum of Rs. 20,76,259-0-7, raises the entire charges of collection to Rs. 27,11,840-8-7. This raises the percentage of the Revenue Administration to Rs. 15-1-2. The details of all these charges will be found in Appendices VI. and XVI.

I have the honour to be,
Sir,
Your most obedient Servant,
L. R. ASHBURNER,
Revenue Commissioner, N. D.

Revenue Commissioner, N. D.

PRINTED AT THE GOVERNMENT CENTRAL PRESS, BOMBAY.

No. 6092.

REVENUE DEPARTMENT,

*Bombay Castle, 27th October* 1875.

RESOLUTION OF GOVERNMENT on the letters noted in the margin from the Revenue Commissioners Southern and Northern Divisions, submitting the annual reports on the settlement of the Land and Sayer Revenues of the Collectorates of their respective Divisions for the year 1873-74, ending 31st July 1874.

Letter from the Revenue Commissioner S. D., No. 4619, dated 21st December 1874.
De. from the Revenue Commissioner N. D., No. 196, dated 16th January 1875.

RESOLUTION.—Hitherto it has been the custom to compare the results of the year under report with those of the year immediately preceding, and as for the past twenty years and more the results have been almost uniformly very favourable, any further retrospect was unnecessary. The figures for the year 1873-74, however, exhibit a falling off in the land revenue, not great indeed, but of a marked character, inasmuch as in 9 out of the 17 collectorates, (counting the Panch Máháls as one with Kaira,) the Government land revenue for the year is below the average of the last six years including 1873-74; all but six show a falling off as compared with 1872-73, and a certain class of remissions is increasing. His Excellency in Council considers it therefore desirable to take this opportunity of examining the returns for a series of years, and, as far as the Revenue Commissioners' rather meagre reports furnish him with materials, to compare the results of the year under report with those immediately preceding it.

## LAND REVENUE FROM 1860-61 TO 1873-74.

2. The following figures show what a great increase has taken place in the Government land revenue of this Presidency, excluding Sind and the Island of Bombay, since 1854-55:—

LAND REVENUE. From 1854-55 to 1873-74, exclusive of Sind and the Island of Bombay. Increase 1873-74 over 1854-55.

| | Alienated Land Revenue. | Government Land Revenue. | Remissions. | Revenue for Collection. |
|---|---|---|---|---|
| | Rs. | Rs. | Rs. | Rs. |
| 1854-55 ... ... | 79,46,276 | 1,79,20,687 | 2,82,499 | 1,76,38,188 |
| 1860-61 ... ... | 71,46,846 | 2,03,77,199 | 2,65,577 | 2,01,11,622 |
| 1864-65 ... | 61,06,177 | 2,55,68,389 | 5,07,304 | 2,50,61,085 |
| 1873-74 ... ... | 60,00,855 | 2,59,85,800 | 4,01,018 | 2,55,84,782 |
| Increase in 1873-74 over 1854-55 ... ... | .. | 80,65,113 | 1,18,519 | 79,46,594 |

Shares of increase due to augmented land revenue and decrease in alienations.

The increase, therefore, in land revenue in the different periods quoted and the shares due to reductions in alienations and to increase in land revenue proper are as follows :—

| | Revenue from increased cultivation and revised assessments in Government Lands. | Decrease in Alienations.* | Total Increase in Government Land Revenue. |
|---|---|---|---|
| | Rs. | Rs. | Rs. |
| First period, 1854-55 to 1860-61 ... | 16,57,082 | 7,99,430 | 24,56,512 |
| Second period, 1860-61 to 1864-65 ... | 41,50,521 | 10,40,669 | 51,91,190 |
| Third period, 1864-65 to 1873-74 ... | 3,12,089 | 1,05,322 | 4,17,411 |
| Increase from 1854-55 to 1873-74 ... | 61,19,692 | 19,45,421 | 80,65,113 |

Period from 1860-61 to 1873-74 alone to be considered.

It is, however, now unnecessary to consider the period from 1854-55 to 1860-61, and His Excellency in Council will, therefore, confine his observations to the term of years commencing from the last-named year.

Fluctuations of prices in that time.

3. It must, in the first instance, be noted that this period includes the whole of the American War, when the influx of bullion into this Presidency raised prices above what would be famine prices in many other parts of India. The cessation of the war in 1864-65 and the gradual consumption of the bullion naturally caused prices to decline. The fall first showed itself slightly in 1868, but prices rose again in most districts. Latterly, however, in 1873 and 1874 the fall has been most marked and general, as the following examples, showing the number of seers sold for a rupee at different times, sufficiently prove :—

| | | 1861. | | 1865. | | 1870. | | 1874. | | May 1875. | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | | S. | T. | S. | T. | S. | T. | S. | T. | S. | T. | | S. | T. |
| WHEAT. | Ahmedabad ... | 13 | 62 | 5 | 64 | 7 | 42 | 14 | 32 | 17 | 14 | to | 18 | 15 |
| | Tanna ... | 14 | 0 | 8 | 0 | 11 | 0 | 11 | 64 | 11 | 0 | to | 12 | 0 |
| | Khandesh ... | 19 | 0 | 5½ | 0 | 9¼ | 0 | 19 | 36 | 17 | 1 | to | 17 | 8 |
| | Poona... ... | 12½ | 0 | 8 | 0 | 6¾ | 0 | 15 | 56 | 14 | 15 | | | |
| | Sholapur ... | 23 | 0 | 14½ | 0 | 9 | 0 | 20 | 32 | 18 | 7 | to | 19 | 7 |
| | Dharwar ... | 21 | 0 | 9¼ | 0 | 7¼ | 0 | 20 | 4 | 26 | 6 | to | 27 | 3 |

* It is to be remembered that additions to alienations were made in 1861-62 and 1862-63, when certain territorial additions to the Presidency were made. (For the Government revenue due to these extensions of territory, *vide* infra, para. 4.) These alienations were as follows :—

| | 1861-62. | 1873-74. | Increase in 1873-74. |
|---|---|---|---|
| Kanara ... ... | 5,388 | 5,783 | 605 |
| Panch Máhál ... | Not entered in the accounts. | 69,953 | 69,953 |
| Warangáon and Edalabad Pargannas ... | 20,015 | 31,224 | 11,209 |
| Total... | 25,403 | 1,06,960 | 81,767 |

The increases are due to correct valuations of the lands and to bringing them into the accounts. There having been this increase in alienations in the new territory, the decrease in alienations elsewhere must have been Rs. 1,63,534 more than are shown in the statement, so as to make the net and real decrease the sum stated in the text. It is also to be remembered that the figures given assume that all the decrease in alienated land revenue was an increase to the Government land revenue, which is by no means the case, as in some cases it has happened that alienations have been taken out of the accounts, as being held on political tenure, and sometimes the value of alienations has been found to be overestimated. The real share of the increase to Government land revenue due to increased cultivation and revised assessment in Government lands is, therefore, in all probability much more than Rs. 61,19,692.

| | Dharwar ... | 12¾ | 0 | 7¾ | 0 | 8¾ | 0 | 15 | 44 | 20 | 3 | to | 21 | 14 |

The period has, therefore, been one of exceptional fluctuations in the price of produce, and till lately of exceptional profits to the owners of land. It is further to be remarked, that the great demand for cotton during the war raised the area of that staple under cultivation from 1,002,000 acres in 1860-61 to 1,573,000 in 1864-65, the price of the staple rising from Rs. 100 a candy to Rs. 670 in 1863-64. It has for the last four years been on an average, as Appendix No. III. shows, from Rs. 225 to Rs. 182½; sometimes, however, going as low as Rs. 140. Nevertheless, simultaneously, in spite of this increase in cotton cultivation, the area under food-grains did not diminish, as has been asserted, probably because the vast amount of silver poured into the country raised the price of food-grains enormously, so as to render cultivation of any kind extremely profitable, and because increasing population increased the demand for food-grains.

Fluctuations in price of Cotton.

* It was 34-6 to 35-1 at Ahmednagar. † It went up to 9 in 1869. ‡ It went up to 8 se[illegible]
§ Went up to 7½ seers in 1866.

Fluctuations in cultivated area of Cotton and principal Food-grains from 1860-61 to 1873-74.

The following statement, which has been compiled from the Revenue C missioners' returns, shows the comparative areas under the principal food-gra as compared with cotton in the period in question :—

| Year. | Jowári. | Bájri. | Wheat. | Rice. | Total of principal Food-grains. | Cotton. | |
|---|---|---|---|---|---|---|---|
| | | | | | | Cotton Department's figures, including cultivation in Native States and alienated lands. | Revenue Commissioners' figures showing cultivation in Government lands only. |

Deductions from the above.

This shows that the area under the principal food-grains as well as under cotton have increased during the whole of the fourteen years. The figures cannot be said to be exactly accurate, as there are some omissions, and part of the area has been calculated from bighás, the size of which measure varies in different districts, but has for the purpose of this statement been assumed to be two-thirds of an acre. Their general accuracy may, however, be accepted with confidence, and several facts are deducible from them :—

1stly.—That it still pays the ryot to grow cotton, (and, indeed, other crops as well) ; though the price of cotton, as may be seen from Appendix No. III., has steadily fallen from 1864-65, and is now, at least was in 1873-74, worth but a little more than what it was in 1860-61.

2ndly.—That the cultivation of cotton did not artificially enhance the prices of grain by diminishing the area of food-grains, as has been asserted.

Allowances made for increase of territory since 1860-61.

4. In examining the fluctuations of the revenue during the past fourteen years it must not be overlooked that a part of the increase is due to the area of the British territory within the Presidency having been extended during that time. The addition consists of the Panch Máháls in Guzerat and the Warangaon and Edalabad Pargannas in Khandesh, transferred from 1861-62, producing between them 3½ lacs of rupees ;† and the Collectorate of Kanara, transferred from 1862-63, nominally yielding 12½ lacs. The revenue of this collectorate rose to 14¼ lacs in 1869-70, but was reduced in 1870-71 by more than 5 lacs, owing to receipts from forests being transferred from Land to Sayer revenue.

† Warangaon and Edalabad ... ... Rs. 1,23,000
Panch Máháls ... „ 2,34,000
Rs. 3,57,000

* Tanna, in which 103.964 acres of rice were grown, was first brought into this statement this year.

wing, therefore, 11 lacs on account of territorial increases, the increase in the vernment revenue of this Presidency in 1873-74 over that of 1860-61 is 45 lacs. ne revenue rose 8 lacs in 1861-62, 18 lacs in 1862-63 (the year Kanara was ransferred), 13¾ lacs in 1863-64, and 11 lacs more in 1864-65, the great cotton year. It then remained stationary for three years. In 1868-69 it rose 2 lacs, followed in 1869-70 by a further increase of 4 lacs. It then fell, but rose again; and, notwithstanding that high prices have passed away, and they are even lower than they were fourteen years ago, is now, at the end of 1873-74, at a pitch which has only been exceeded in the year previous and in 1869-70, viz., at Rs. 2,59,85,800. Recent reports would seem to show that it is falling slightly, but accurate figures for a later period are not available.

5. It would not be easy to estimate what would have been the result on the revenue if the American War had not taken place. Undoubtedly it would have gone on steadily increasing, as it did before the war. For the figures of the antecedent period show what an inducement the well-poised low rates of the survey have afforded to cultivation. Still, for want of the impetus given by the sudden acquisition of capital, the extension of cultivation might have been slower than it has been. On the other hand it is to be observed that, before the war, the revenue, without counting resumed alienations, was increasing at the rate of nearly 3 lacs annually, and at that calculation the increase would in the last fourteen years have been 42 lacs. But the actual increase in that time, also allowing for the decrease in alienations as well as for increase of area is only 34 lacs; in other words, the increase of revenue brought in by the reclamation of waste has, since 1860-61, been at the rate of a little over 2½ lacs a year; that is, it has not progressed so rapidly in the last fourteen years as in the six which preceded them. This points to two conclusions: first, that the abnormal activity of the war years resulted in the occupation of almost all the best waste lands; and, secondly, that extravagant profits having been spent, the people have got into debt, and a reaction against a still further extension of cultivation has set in.

Annual average increase since 1860-61 not so large as previous to that year.

6. Appendix No. IV. shows the fluctuations in the occupied and cultivated area. Unfortunatel the earlier returns were not kept with the same minuteness as they have been of the, and it is not easy to make accurate deductions from the series prior to 1867-68. The following statement, however, shows the total area, cultivated and occupied, in the last-named year as compared with 1873-74:—

Comparative increase in cultivation and revenue since 1867-68, not counting Kanara.

| | 1867-68. | 1873-74. | Increase. | Decrease. |
|---|---|---|---|---|
| | Rs. | Rs. | Rs. | Rs. |
| Principal food-grains ... ... | 1,19,85,556 | 1,25,61,017 | 5,75,461 | ..... |
| Cotton ... ... ... ... | 14,36,735 | 17,37,529 | 3,00,794 | ..... |
| Other crops, including occupied land not cultivated, and grass land ... | 65,35,448 | 74,40,803 | 9,05,355 | ..... |
| Total... | 1,99,57,739 | 2,17,39,349 | 17,81,610 | ..... |
| | | Deduct Decrease... | ..... | |
| | | Net Increase ... | 17,81,610 | |

These figures show an increase, in 1873-74, of 5,75,461 acres, under th ipal food-grains, over the area under that head in 1867-68; of 3,00,794 er cotton; and of 9,05,355 acres under "other crops, including fallow a total of 17,81,610 acres for the two divisions put together, e making ive of Kanara,

the area in which has not yet been ascertained by the Survey. It must, however, remembered that about 4 lacs of acres held on the talukdári tenure were recei ly brought to account in the Northern Division. The real increase in the are during the last six years has, therefore, been only about 14 lacs, which should be still further diminished on account of a large area of fallow lands which have only recently been properly accounted for, and also on account of a small extent of land twice cropped. The actual increase in the cultivated and occupied area is probably 7 lacs of acres; while Appendix A., Compilation No. I., shows that, deducting Kanara, the increased land revenue has been in that time Rs. 7,01,564. It is true that Appendix A., Compilation No. I., shows that the increase, *including* Kanara, has been Rs. 4,87,688 only, but this is due to upwards of 5 lacs of forest revenue, which used to be credited to land revenue, having been transferred since 1867-68 to a separate head in the accounts. Including Kanara, and taking credit for these 5 lacs, the increase in the whole Presidency since 1867-68 has been really 10 lacs in the last six years.

7. His Excellency in Council will now examine the tables which have been compiled from the fourteen last reports, and he must first observe that the lists of remissions show clearly what a prosperous term of years that under consideration has been. Except in one year, the disastrous season of 1871-72, when over six lacs of rupees were remitted on account of failure of crops, they have ranged only from 2½ to 5 lacs of rupees, *i.e.*, from 1·3 to 1·6 per cent. of the revenue, and of this again the most part is nominal. Nominal remissions on account of the introduction of original or revised settlements averaged Rs. 1,64,322 in the first eight years and Rs. 1,95,427 in the last six; while the nominal remissions in Kanara alone, which will disappear as the survey progresses, amount to 1 lac of rupees. In fact, out of the total remissions, which amount in the aggregate in the fourteen years to Rs. 55,49,306, Rs. 38,42,103 are due to nominal remissions, leaving only Rs. 17,07,203 due to other causes. Of the last named sum Rs. 1,37,635 is attributed to poverty, insolvency, deaths, and desertions, a yearly average of Rs. 9,831 for the whole Presidency, Rs. 33,230 to the destruction of crops by flood and fire, a yearly average of Rs. 2,373, and Rs. 10,52,370 to failure of crops, of which Rs. 6,51,789 was given in 1871-72 alone, omitting which, the average under this head has been for thirteen years only Rs. 30,814. This last sum, moreover, is made up mostly of large items, when the drought was extensive and large tracts were left without crops. The only items not yet mentioned amount to Rs. 4,83,968, and are all of a miscellaneous petty nature, and generally represent no real remissions at all; and the fact that only Rs. 12,859 out of a revenue of 30 lacs were remitted in Khandesh in 1868-69, when the drought was so bad and extensive that it was found necessary to establish extensive famine works in many portions of that Collectorate, shows that the people, with a judicious assessment, have been well able to withstand bad seasons.

Remissions since 1860-61 have been very small.

8. Government notice that the classification of remissions has hitherto been exceedingly faulty, and that in the Southern Division remissions on account of failure of crops have been sometimes included under the head of poverty, insolvency, &c. This must be corrected in future. Similarly a special head of remissions has been shown in the Ahmednagar Collectorate of sums remitted on land sold for arrears and bought in by Government. This should have appeared under "poverty and desertion."

9. The lists of outstanding balances during the last fourteen years are as satisfactory as those of remissions. The average for the first eight years was Rs. [illegible]19, for the last six Rs. 2,27,128. Deducting the bad year of 1871-72 the aver[illegible]he whole series is only Rs. 1,07,546, and a careful examination of the [illegible]eturns s[illegible] that the revenue has been almost always collected with the greatest punctuality. Owing to the non-completion of a settlement, such as delayed

Outstanding balances since 1860-61 have been also small.

collections in 1860-61 and in 1862-63 in Ahmedabad, to items in dispute, to the absence of cultivators, and similar causes, it would be chimerical to expect that revenue can always be collected up to the day, though the fact that in ten out of the fourteen years no balances have been found in Dharwar, and that in certain other Collectorates outstanding balances have been in particular seasons almost entirely unknown, shows what can be done in fertile Collectorates, where complications of tenure do not exist, where the assessment is low, and administration efficient.

10. Admitting the profits which cultivators have received owing to high prices, and the excellent manner in which the survey officers have for the past thirty years been adjusting the rates, His Excellency in Council cannot but conclude that the figures show very satisfactory management on the part of the revenue officers during the period he has examined. Under ordinary circumstances it would have been unnecessary to enter into these details, but for the reasons given above in para. 1, and because the year more especially under consideration, that of 1873-74, is the first in which the fall in prices thoroughly asserted itself, it is necessary to compare its figures with those of past years, with a view to scrutinizing the effect which the fall has had upon revenue, and how far the punctual and full collection of the revenue has been affected by it.

General results for last 14 years prove satisfactory management.

## LAND REVENUE FOR 1873-74.

11. The following table shows the results of the settlement of the Government land revenue in 1873-74. Government refrain from alluding, in this place, to the fluctuations in alienations, which need no particular comment :—

RESULTS OF LAND REVENUE SETTLEMENT FOR 1873-74. Government Land Revenue.

| Collectorate. | 1873-74. | 1872-73. | Increase. | Decrease. | Average of six years ending 1873-74. | Increase. | Decrease. |

| Total ... | 1,15,05,241 | 1,14,65,118 | 1,30,859 | 90,736 | 1,14,55,820 | 2,73,968 | 2,24,047 |
| Grand Total... | 2,59,85,800 | 2,61,15,227 | 1,40,658 | 2,70,085 | 2,59,22,257 | 3,94,732 | 3,31,189 |

This shows that in all Collectorates but six there has been a d[illegible], and of these two are Poona and Sholapur, where the large increase i[illegible] to revision of

General decrease in 1873-74

assessments. In nine Collectorates also out of the seventeen the revenue is less than the average for the last six years, inclusive of 1873-74. Khandesh even, which made such enormous strides a few years ago, is only just above the average, and its revenue is over Rs. 30,000 less than in the year preceding. The net result is that the revenue is Rs. 1,29,427 less than it was in 1872-73, and only Rs. 63,543 over the last six years' average—a result which would have been more unfavourable if it had not been for the revision of assessments in certain talukas.

12. Turning to the Revenue Commissioners' explanations of this undesirable state of things, His Excellency in Council notices that, as customary, these are scanty to a degree. The following statement, however, shows the area under cultivation (including fallows, grass land, and occupied land not cultivated) for 1873-74 in contrast with that in 1872-73. This statement includes second crops —

| | | | | Deduct Decrease... | 71,600 | |
| | | | | Net Increase... | 200 | |

Area of cultivation in 1873-74 compared with 1872-73.

This shows that in the Northern Division decrease in cultivation has contributed to the result mainly, and the Revenue Commissioner states that the relinquishment of occupied land and smaller receipts from sales of occupancy are the principal causes. In the Southern Division it appears that diminution in fluctuating items is the main factor in the decrease. An increase of cultivation in Dharwar is, it is noticeable, accompanied by a decrease in revenue. The falling off in cultivation in Ratnágiri, Ahmednagar, and Satara, too, is not sufficient to account for the diminution in revenue; while Belgaum with an increase of 6,773 acres cultivated has only Rs. 2,400 more revenue. The figures for Poona and Sholapur show large increases, it is true but these will be discussed further on (*vide* para. 22, *infra.*)

Remissions in 1873-74 from poverty, insolvency, deaths and desertion of ryots, and failure of crops.

13. Passing to the schedule of remissions, His Excellency in Council notices that they are of a rather significant character. The nominal remissions on account of the introduction of survey need no remark. The following table, however, gives the really important items, which, apart from climatic considerations, are, together with outstanding balances, a fair criterion of the state of the people and the administration of the revenue officers :—

*Remissions on account of Failure of Crops, Poverty, Insolvency, Deaths, and Desertion of Ryots.*

| Collectorate. | 1873-74. | 1872-73. | Average of last six years, including 1873-74. | Average of eight years preceding 1868-69. | Remarks. |
|---|---|---|---|---|---|
| | Rs. | Rs. | Rs. | Rs. | |
| Ahmedabad ... ... | 946 | 1,215 | 718 | 1,714 | |
| Kaira ... ... | 4,630 | 4,649 | 4,875 | 1,216 | |
| Broach ... ... | 1,064 | 26 | 187 | 328 | |
| Surat ... ... | 2,080 | 3,647 | 16,625 | 4,406 | |
| Tanna ... ... | 1,129 | 896 | 847 | 1,063 | |
| Colába ... ... | 144 | 16 | 77 | ... | |
| Násik ... ... | 3,578 | 2,048 | 9,207 | ... | |
| Khandesh ... ... | 12,925 | 6,858 | 68,446 | 11,607 | |
| Total... | 26,496 | 19,355 | 1,00,984 | 20,338 | |
| Poona ... ... | 48,849 | 161 | 16,289 | 10,071 | |
| Ahmednagar ... ... | 833 | 2,087 | 14,436 | 1,966 | |
| Kaládgi ... ... | ... | 90 | 29 | 28 | |
| Ratnágiri ... ... | 18 | ... | 128 | 120 | |
| Belgaum ... ... | 16 | ... | 11 | 43 | |
| Dharwar ... ... | ... | 21 | 22 | ... | |
| Satara ... ... | 46 | 12 | 164 | 755 | |
| Kanara ... ... | 806 | 584 | 748 | 1,951 | |
| Sholapur ... ... | 1,531 | 6 | 18,482 | 5 | |
| Total... | 52,099 | 2,961 | 50,311 | 14,941 | |
| Grand Total... | 78,595 | 22,316 | 1,51,296 | 35,278 | |

14. The figures are especially conspicuous in Poona, Khandesh, Kaira, and Nasik. Compared with the averages of previous years the increase is not marked, owing to the extensive remissions in the bad season of 1871 and other years having abnormally raised the general average. A reference to the detailed appendices (Compilation No. II., B. to D.) shows that, omitting these years, the results of 1873-74 are somewhat unfavourable. The principal item, that of Poona, is due to remissions made in the Bhimthari Taluka, one of those which have recently been revised.

Remissions from floods and fire.

15. Remissions on account of floods and fire are small, and need no remark; and miscellaneous remissions, which are chiefly matters of account, may also be passed over. His Excellency in Council will, therefore, turn to balances outstanding on account of the current year, which were as follows:—

Outstanding balances

| | 1873-74. | 1872-73. | Average from 1860-61 to 1867-68. | Average from 1868-69 to 1873-74. | Average from 1868-69 to 1873-74, omitting 1871-72. |
|---|---|---|---|---|---|
| | Rs. | Rs. | Rs. | Rs. | Rs. |
| Ahmedabad ... ... ... ... | 3,346 | 2,422 | 20,413 | 4,174 | 3,972 |
| Kaira ... ... ... ... ... | 11,155 | 4,634 | 25,769 | 7,161 | 6,792 |

are really very small, but compared with other years are large.

These figures show that generally the collection of the revenue has been effected as usual, except in a few districts, and the total balance bears but a very small percentage (0·804) to the revenue to be collected. Excepting Khandesh and perhaps Kaira, the Northern Division shows well. In the Southern Division, however, the total both in 1872-73 and 1873-74 is more than double the average from 1860-61 to 1867-68, and greatly exceeds that (except 1871-72) from 1867-68 downwards. The most striking items in the Presidency are those of Poona with Rs. 91,255—for which there were special reasons, Ratnagiri with Rs. 13,654, and Sholapur with Rs. 18,767. The Kanara balances are large, but these were due to injunctions of the civil Courts. In connection with these balances it must be noted, as already observed in paragraphs 13 and 14, that in Kaira, Khandesh, Poona, and Sholapur, the sums of Rs. 2,828, Rs. 10,499, Rs. 48,849, and Rs. 1,531, respectively, were remitted on account of poverty and desertion of ryots, besides remissions on account of failure of crops; and that in Poona, Sholapur, and Ratnágiri the outstanding balance of the year previous amounted to Rs. 45,521, Rs.8,625 and Rs. 25,149.

16. His Excellency in Council regrets to notice that the causes which led to the existence of these large balances are almost entirely passed over by the Revenue Commissioners, and he has had to turn to the Collectors' Administration Reports. The late Collector of Khandesh, Mr. Moore, gives no information as to why the balance was allowed in his Collectorate. The Collector of Poona states that though part of the balance was due to the badness of the season, the principal cause was a combination of the ryots in the Bhimthari and Indápur talukas, notwithstanding that nearly half a lac of rupees had been remitted in the first-named taluka. This delay has received separate notice. The reasons for the balance in 1872-73 being large in the Poona Collectorate, are nowhere traceable. In Ratnágiri, again, no explanation has been given by the Collector for either 1872-73 or 1873-74 as to why so large a balance should have been allowed. Government must insist in future in being supplied with full details on

uch points. In Sholapur the balance for 1873-74 is said to have been due to cultivators having got an impression that Government was about to reduce the rates, but there is nothing on record to show why the balances of 1872-73 were allowed.

17. Turning to the figures given of balances of former years outstanding at the end of 1873-74, His Excellency in Council notices that they were as follows :— Outstanding balances of former years.

| | | |
|---|---|---|
| Ahmedabad ... ... ... | 1,966 | |
| Kaira ... ... ... ... | 4,023 | |
| Broach ... ... ... ... | 275 | |
| Surat ... ... ... ... | 3,549 | |
| Tanna ... ... ... ... | 1,079 | |
| Colába ... ... ... ... | 852 | |
| Nasik ... ... ... ... | 2,888 | |
| Khandesh ... ... ... | 13,073 | |
| | | 27,705 |
| Poona ... ... ... ... | 1,984 | |
| Ahmednagar ... ... ... | 119 | |
| Ratnágiri ... ... ... | 5,017 | |
| Belgaum ... ... ... | 63 | |
| Satara ... ... ... ... | 219 | |
| Kanara ... ... ... ... | 27,161 | |
| Sholapur ... ... ... | 1,488 | |
| | | 36,051 |
| | Total | 63,756 |

Except in Kanara, where the law suits prevented the recovery of the balance, and in Khandesh, where the Revenue Commissioner attributes its existence to the indebtedness of the ryots and the power of a saukar to carry off the produce before the instalments of Government are paid, no reasons are given for the existence of these balances, which, except in special cases, like Kanara, ought, properly speaking, never to exist at all.

18. Of the balances at the end of the year it is stated that up to the date of the Collector's report collections or writings off had been effected to the amount of Rs. 9,373 in the Northern Division, while in the Southern Division Rs. 3,208* on account of former and Rs. 80,299 on account of current year's balances had been collected There was thus left outstanding :—

Of this Rs. 1,420 were written off.

In the Northern Division Rs. 64,833, of which Rs. 6,009 forms the subject of suits, and the remainder is said to be recoverable ;

In the Southern Division Rs. 78,996 on account of current and Rs. 32,846 on account of former years, total Rs. 1,11,842, of which Rs. 5,774 are said to be irrecoverable and Rs. 5,946 are doubtful. Government request that immediate steps may be taken to settle any of these items which may still be unadjusted. The collections of arrears in Kanara will, they are aware, take up time, but all other balances should be disposed of *at once*.

General result of Land Revenue Settlement for 1873-74.

19. The general result of the land revenue settlement of the Northern Division and Southern Division is, therefore, as follows :—

| | | 1873-74. | 1872-73. | Average from 1860-61 to 1867-68. | Average from 1868-69 to 1873-74. | Average from 1860-61 to 1873-74. | Average from 1860-61 to 1873-74 deducting 1871-72. |
|---|---|---|---|---|---|---|---|
| Gross Revenue ... | Northern. | 1,76,46,598 | 1,78,10,443 | ..... | ..... | ..... | ..... |

| | Southern. | 36,054 | 23,354 | ..... | ..... | ..... | ..... |
| | | 63,763 | 54,894 | ..... | ..... | ..... | ..... |

Increase due to revised assessment.

20. In all respects, therefore, a falling off is shown in 1873-74, and it is right to note that the increases which have been lately made at revision settlements, and which were for collection in and prior to 1873-74, were as follows :—

| | Year of Collection. | Amount. |
|---|---|---|
| Indápur ... ... | 1868-69 ... | 43,309 |
| Sholapur ... ... | 1872-73 ... | 1,34,715 |
| Mádha ... ... | 1872-73 ... | 77,470 |
| Niphad and Chandor... | 1872-73 ... | 62,424 |
| Bhimthari ... ... | 1872-73 ... | 60,132 |
| Pandharpur | 1873-74 ... | 27,931 |
| Bársi ... ... | 1873-74 ... | 82,516 |
| | Rs.... | 4,88,497 |

The original settlement in the Wágra Taluka, which was to come in force from 1873-74, also yielded an increase of Rs. 49,294, and that of the 7 Parantej villages formerly co-shared between the Edar State and the British Government, and lately transferred to the latter, over Rs. 2,000. Had it not been for these revisions the falling off in the land revenue of the Presidency would have been serious ; at the same time Government regret to notice that the returns show that the anticipated increase has not nearly all been realized. For instance, the increase in the Sholapur Government revenue in 1872-73 was only Rs. 1,08,685, while according to the settlement it should have been Rs. 2,12,185. Government desire an explanation of this. It is to be noted that

ere was an *increase* of cultivation in Sholapur of 40,000 acres in 1872-73, which may, however, be due to more accurate measurements.

Future prospects of land revenue in the Bombay Presidency. Increase in future will be from revisions of assessment—not from extension of cultivation.

21. On the other hand, looking forward to future years, His Excellency in Council observes that from 1874-75 rates under revision survey were for collection in Haveli, Pábal, Supa and Karmála; the increase (*vide* page 108 of last year's Administration Report) will be Rs. 1,58,611; in Colába Rs. 10,768, and in the Southern Division Rs. 1,80,843—total Rs. 3,50,222. Although, therefore, under recent orders, a limit has been assigned in certain districts to increases under revisions, and the enhancements already made in several Deccan talukas will be reduced, still there is no fear of the land revenue of the Presidency proper falling below its present figure. On the contrary, it may be confidently anticipated that it will continue to increase steadily, especially as the very lightly-assessed rich districts of the Southern Mahratta Country come under resettlement. But, as at present advised, His Excellency in Council thinks that it would be a mistake to anticipate as rapid progress in the future as has been made already. Except in the Panch Máhals and Khandesh, there is, comparatively speaking, but little good waste land left, while the sudden and great fall in prices will undoubtedly result in a certain amount of land belonging to the poorest class of ryots being thrown up in every district, especially in the less fertile tracts of the Deccan. Indeed, the figures furnished by the Revenue Commissioners show clearly that this resignation of lands has commenced, though it has shown itself as yet chiefly in the Northern Division. Mr. Ashburner shows in his 13th paragraph that lands paying Rs. 1,97,404 have been relinquished in the year under report, and land of the value of only Rs. 90,425 taken up, giving a net decrease of revenue amounting to Rs. 1,06,979. In every district in the Northern Division, save Broach, Tanna, and Colába, there is a falling off. It is true that in the Southern Division there is an increase of cultivation—93,504 acres in some Collectorates (against which must be set a decrease of acres 12,702* in others)—but this increase is principally composed of the following items:—

Lands are already being thrown up, owing to fall in prices.

| | Acres. |
|---|---|
| Poona ... ... ... ... ... | 52,374 |
| Sholapur ... ... ... ... ... | 20,484 |
| Kaládgi ... ... ... ... ... | 12,427 |
| | 85,285 |

And as of the increase in Poona and Sholapur, 12,540 acres are in Bhimthári, 23,228 in Haveli, and 28,025 in Karmála talukas, it seems clear that the apparently enhanced area is really only the result of correct revision measurements.

It may be noted, however, that there is a real increase of cultivation in the following talukas of Poona:—

| | | |
|---|---|---|
| Junnar ... ... ... ... ... | | 2,809 |
| Khed ... ... ... ... ... | | 7,411 |
| Sirur ... ... ... ... ... | | 8,290 |
| Purandhar ... ... ... ... ... | | 2,018 |
| | | 20,528 |
| Deduct falling off in Indápur ... ... | 3,580 | |
| ,, ,, Máwal ... ... | 342 | |
| | | 3,922 |
| Net increase... | | 16,606 |

This, as well as the increase in Kaládgi, Belgaum, and Dharwar, is satisfactory as far as it goes, and shows, at least, that the ryots of the Poona District can still afford to extend their cultivation.

* These figures do not agree with those given in para. 12, because these include land twice cropped.

Waste lands are almost all taken up in the Southern Division

22. To revert to the subject of culturable and assessed waste land, it is be observed that the present returns of the Revenue Commissioners give th following results. Kanara and it is believed part of the Panch Máháls are omitted, as their area has yet to be ascertained :—

| | Culturable assessed Area in Acres. | | | | Cultivated in 1873-74. | | | | Remainder unoccupied. | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Irrigated Garden Lands. | Dry-crop. | Rice. | Total. | Irrigated Garden Lands. | Dry-crop. | Rice. | Total. | Irrigated Garden Lands. | Dry-crop. | Rice. | Total. |
| Northern Division | 1,83,377 | 94,64,439 | 7,14,013 | 1,03,61,859 | 1,78,308 | 71,35,847 | 6,71,949 | 79,86,104 | 5,069 | 23,28,592 | 42,094 | 23,75,755 |
| Southern Division | 1,91,566 | 1,34,33,619 | 3,07,343 | 1,39,32,528 | 1,96,865 | 1,30,67,051 | 3,24,486 | 1,35,88,402 | .. | 3,66, 68 | .. | 3,66,568 |
| Total.. | 3,74,943 | 2,28,98,058 | 10,21,386 | 2,43,94,387 | 3,75,173 | 2,02,02,898 | 9,96,434 | 2,15,74,506 | 5,069 | 26,95,160 | 42,094 | 27,42,323 |

These figures prove that in the Southern Division, omitting Kanara, less than 3 per cent. of the culturable area is waste, and in the Northern Division 22·9 per cent. Cultivation has, therefore, practically reached its limit in the Southern Division. In the Northern Division, indeed, there is waste as follows :—

| | Acres. |
|---|---|
| Ahmedabad, Khálsa ... ... ... | 89,024 |
| „ Talukdári ... ... | 2,93,311 |
| Kaira ... ... ... ... | 2,34,288 |
| Broach ... ... ... ... | 24,358 |
| Surat ... ... ... ... | 1,51,693 |
| Tanna ... ... ... ... | 63,105 |
| Colába ... ... ... ... | 9,094 |
| Násik ... ... ... ... | 4,32,627 |
| Khandesh ... ... ... | 10,78,261 |
| Total Acres..... | 23,75,761 |

And although in the Northern Division much exists, still from its locality time will be required before it is taken up.

It is thus plain that half of the waste is in certain talukas of Khandesh, and in that district Government notice that about two-fifths of the Chalisgaon Taluka, two-thirds of Pimpalner, one-fourth of Nandurbár, three-fifths of Sháháda, more than one-fourth of Shirpur, three-tenths of Chopra, half of Bhusáwal, and three-tenths of Jámner are still uncultivated. Násik comes next, with vast extents of waste in Malegáon, Báglán, Dindori, and Nándgaon. Kaira follows, most of the waste being in the Panch Máháls, though there are 60,000 acres waste in Thásra and more than 20,000 in Kapadwanj. The remaining districts need no remark. The cultivation of all these tracts, most of which are generally unhealthy, must be a matter of time, and will depend a good deal on the increase of population in those districts. It must, at the same time, be remembered that a great portion of this waste is almost unarable, and that, as has already been remarked, in Khandesh and the Panch Máháls alone is there much good waste land left.

23. Compilation No. VI., which has been prepared from returns lately received from the Collectors, shows the incidence of the Government demand on land actually in occupation. The table does not exactly show the incidence on all the cultivated area, as the extent of much alienated land in different districts

s not yet been ascertained. And, owing to the figures having been furnished o a day's notice, there is a slight difference (only 0·6 per cent.) in the areas of Government land shown in the tables and in the Jamabandi returns. The table shows that the incidence on fully assessed Government lands varies as follows:—

| | Dry-crop. | Garden. | Rice. | Total. | Remarks. |
|---|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | |
| Ahmedabad { Government | 1 5 3 | 5 14 5 | 4 10 3 | 1 10 6 | |
| Ahmedabad { Talukdári ... | 0 11 4 | 4 14 3 | 1 7 1 | 0 11 11 | |
| Kaira ... ... | 2 13 11 | 5 8 9 | 4 15 9 | 3 6 9 | |
| Panch Máháls ... ... | 1 3 0 | 1 5 2 | 2 8 4 | 1 4 5 | |
| Surat ... ... | 2 10 6 | 9 8 7 | 7 13 7 | 3 7 3 | |
| Broach ... ... | 3 14 7 | 8 14 5 | 6 12 0 | 5 3 5 | |
| Guzerat ... ... | 2 3 4 | 7 2 8 | 5 8 7 | 2 9 8 | |

| Southern Mahratta Country | 0 9 3 | 4 7 8 | 2 7 11 | 0 11 1 | |
| The whole Presidency, ex- | | | | | |

which are the backbone of the land revenue, are in the different Collectorate. The only exception is Guzerat, and this is the very province where the ryots are, as a body, well-to-do or even rich, though even there the fall in prices coupled with the avarice of the saukar and the stupidity of the borrowers has seriously embarrassed many. The figures, however, afford a clear proof that the heaviness of the land revenue has nothing to do with the indebtedness of the cultivators in the Deccan generally.

In future years it will be desirable to give a statement, like that in Appendix VI., compiled as accurately as possible from the accounts for each taluka.

Inhabited and uninhabited villages and hamlets in 1872-73 and 1873-74.

24. It may be observed here that the proportions of inhabited to uninhabited Government villages and hamlets is as follows :—

| | Villages. | | | Hamlets. | | |
|---|---|---|---|---|---|---|
| | Inhabited. | Uninhabited. | Total. | Inhabited. | Uninhabited. | Total. |
| Northern Division.. | 9,702 | 1,251½ | 10,953½ | 5,470½ | 59 | 5,529½ |
| Southern Division. | 9,054¼ | 365 | 9,419¼ | 10,189 | 582 | 10,771 |
| Total... | 18,756¼ | 1,616½ | 20,372¾ | 15,659½ | 641 | 16,300½ |

The figures of the Southern Division need no remark, but Government notice, on reference to the original reports of the Collectors, as the Revenue Commissioners have not given the detail, that in the Northern Division most of the deserted villages and hamlets are in Khandesh, the number in that province being 815 villages and 182 hamlets. Government trust that time is not far distant when all will be again re-populated, and the last traces of Eshwantrao Holkar's devastation obliterated.

Statement of villages divided in Government and alienated placed on record.

25. It is desirable here to record as usual the returns of Government and alienated villages and of alienations in 1873-74. The number of villages and hamlets was as follows, compared with the previous year :—

*Villages.*

| | Government. | | Alienated. | |
|---|---|---|---|---|
| | 1873-74. | 1872-73. | 1873-74 | 1872-73. |

*Hamlets.*

| | Government. | | Alienated. | |
|---|---|---|---|---|
| | 1873-74. | 1872-73. | 1873-74. | 1872-73. |
| Northern Division ... ... | 5,529½ | 5,532½ | 375½ | 375½ |
| Southern Division ... ... | 10,772 | 10,778 | 1,043 | 1,058 |
| Total... | 16,301½ | 16,310½ | 1,418½ | 1,433½ |

and a comparison of alienations in 1872-73 and 1873-74 made.

26. The fluctuations in the Southern Division have been explained, the principal feature being the reduction in the number of alienated villages, 75 of which have been struck out of the revenue accounts as held on political tenure. The reasons for the increase in the number of both Government and alienated villages, and the reduction in Government hamlets in the Northern Division, ought to have been given by the Revenue Commissioner. Alienations call for but little remark ; the following figures show the result :—

| | 1873-74. | 1872-73. | Increase. | Decrease. |
|---|---|---|---|---|
| | Rs. a. p. | Rs a. p. | Rs. a. p. | Rs. a. p. |
| Northern Division ... ... | 31,63,487 9 9 | 31,54,545 4 3 | 8,942 5 6 | ..... |
| Southern Division ... ... | 28,37,368 3 8 | 29,48,480 5 0 | ..... | 1,11,112 1 4 |
| Total... | 60,00,855 13 5 | 61,03,025 9 3 | 8,942 5 6 | 1,11,112 1 4 |
| | | | Net Decrease ... | 1,02,169 11 10 |

The principal cause of decrease is the removal of certain alienated villages in Satara from the Collector's accounts, which has been already alluded to. There is no probability of alienations decreasing much below their present amount, but the Alienation Settlement Officers should be asked to state what the total value of lands adjudged as resumable amounts to at present. From the statements appended to Colonel Etheridge's report on the Inam Commission, lands which must fall in, amount to Rs. 1,94,092, and which may fall in for want of heirs to Rs. 10,98,155. Cash allowances, which are not included in the land assessment statements or in alienated land revenue, will also lapse to the amount of Rs. 5,05,073; while those that may lapse for want of direct heirs amount to Rs. 7,40,413.

Summary of statistics of cultivation in 1873-74.

27. Statement No. IV. shows the statistics of cultivation in the two divisions. The results may be thus summarized :—

| | Area in 1873-74. | Area in 1872-73. | Average from 1860-61 to 1867-68. | Average from 1867-68 to 1873-74. | Average from 1860-61 to 1873-74. |
|---|---|---|---|---|---|
| Jowári ... ... ... | 63,37,549 | 59,44,992 | 54,55,556 | 60,59,669 | 57,14,470 |
| Bájri ... ... ... | 38,66,916 | 44,65,253 | 32,98,506 | 39,53,712 | 35,79,380 |
| Wheat ... ... ... | 12,23,736 | 10,47,266 | 12,37,076 | 10,98,333 | 11,77,615 |
| Rice ... ... ... | 11,32,816 | 11,48,139 | 8,27,174 | 11,25,846 | 9,55,176 |
| Cotton ... ... ... | 17,37,529 | 15,87,731 | 13,25,112 | 16,71,712 | 14,73,655 |
| Other crops, including occupied land not cultivated, and grass land ... | 74,40,803 | 75,45,769 | 55,13,836 | 71,81,757 | 62,28,725 |
| Total... | 2,17,39,349 | 2,17,39,150 | 1,76,57,360 | 2,10,91,236 | 1,91,29,024 |
| Land twice cropped ... ... | 1,64,841 | 1,79,500 | ..... | ..... | ..... |

Want of uniformity in statistics.

The figures speak for themselves. But His Excellency the Governor in Council regrets to notice that the classification of other crops is so very imperfect as to be almost useless for the purpose of comparing fluctuations in cultivation. For instance, in Sholapur in 1872-73 there are 2,02,967 acres 22 guntas under 'other products'; in 1873-74 only 624 acres 25 guntas. In the Northern Division in 1867-68 there were 48,389 acres and 44,504 bighás under pulses; in 1873-74 there were 4,70,712 acres and 22,098 bighás. In the Southern Division in 1867-68 there were 32,478 acres under 'Sawa'; in 1873-74 there were only 943. In the Northern Division in 1873-74 there were 4,84,065 acres and 55,064 bighás under 'inferior sorts of food-grains,' and 1,37,539 acres and 16,096 bighás under miscellaneous, while in 1867-68 the figures were 1,61,313 acres and 3,077 bighás and 3,20,771 acres and 12,256 bighás respectively. In 1867 there were 1,15,731 acres under gram; now gram is not specified. It will give no trouble to have this return properly classified in full detail; the Revenue Commissioners should, therefore, be requested to adopt the accompanying list of products prepared in the India Office (*vide* Appendix, Compilation VII.) The same numbers should be used or adopted in the Form. In this way alone can accurate statistics be obtained. Great care should be enjoined on the Collectors to ensure that Huzur No. 717 H. only includes what it is intended to include, *i. e.* assessed, occupied, Government lands. It should not comprise an acre of kuran, or of alienated lands, or of unassessed waste in occupied lands and unassessed occupied, or assessed unoccupied lands. It is true that the area of kurans, the crops grown in alienated lands, &c., should be given to make the statistics of the country absolutely complete, but the forms in use do not provide for this being done, nor are there establishments for the inspection of all alienated lands. All that can be done, therefore, is to make certain that the statistics of occupied assessed lands are accurate and complete. It would be easy to deduce with sufficient accuracy the cultivation of alienated lands, if that of Government lands was correct.

Falling off in sugar-cane cultivation.

28. Government notice *inter alia*, the following figures for sugar-cane (converting bighás into acres):—

| | N. D. | S. D. |
|---|---|---|
| 1867-68 ... ... | 18,089 | 89,242 24 8 |
| 1873-74 ... ... | 21,151 | 31,497 5 2 |
| | + 3,062 | — 57,745 19 6 |

This shows a great falling off in the Southern Division as follows:—

| | 1867-68. | 1873-74. | Increase. | Decrease. |
|---|---|---|---|---|
| Poona ... ... ... | 8,777 21 0 | 3,996 13 10 | | 4,781 7 6 |
| Ahmednagar ... ... | 11,451 34 0 | 2,449 27 8 | | 9,002 6 8 |
| Kaládgi ... ... | 1,936 39 0 | 2,903 36 0 | 966 37 0 | |
| Belgaum ... ... | 6,668 16 0 | 5,062 13 0 | | 1,606 3 0 |
| Dharwar ... ... | 5,047 10 0 | 3,894 6 0 | | 1,153 4 0 |
| Satara ... ... ... | 55,360 24 8 | 9,708 11 0 | | 45,652 13 8 |
| Sholapur ... ... | ... | 2,420 2 0 | 2,420 2 0 | ... |
| Ratnágiri ... ... | ... | 1,062 16 0 | 1,062 16 0 | ... |
| | 89,242 24 8 | 31,497 5 2 | 4,449 15 0 | 62,194 34 6 |

It is to be regretted that the cultivation of this very valuable crop should ave diminished so much in the Southern Division, and the Collectors of the different districts, especially of Satara, should be requested to explain the reason.

Increase in wheat cultivation.

Before concluding his remarks on this subject, His Excellency in Council will state his gratification at noticing the increase of wheat cultivation, which is probably due in a great measure to the enhanced demand for the commodity caused by the abolition of the export duty on the grain in 1872. The only other facts which require observation are : first, that Public Works revenue from irrigation amounted to Rs. 17,706-8-11 in the Southern Division and to Rs. 2,548-9-10 in the Northern Division, total Rs. 20,255-2-9—a small decrease on the year preceding. Imperfect statements have been received from the Revenue Commissioners, showing the amount of land set apart for special purposes. Government hope these will be more full and accurate in future. The Revenue Commissioners should jointly issue detailed orders to the Collectors as to the mode in which these should be prepared, and what lands should be entered in the return, remembering that surveyed and assessed land taken up in surveyed villages alone need be specified.

Results of the year generally satisfactory, but, except for revision of leases, revenue would have fallen off.

29. On the whole, on reviewing the results of 1873-74 and of the previous years, Government have no reason to be dissatisfied. On the other hand, it is exceedingly probable that if it were not for the revision of leases, which are now falling in, the land revenue would commence retrograding. The means of the ryots are generally understood to be very contracted owing to the profits made in the days of high prices having been spent, and to the fact that, as a body, they are under the thraldom of rapacious money-lenders, who, availing themselves of the advantage which an intelligent and unscrupulous plaintiff must always have in the Civil Court over an ignorant and needy defendant, practically enjoy all the fruits of the agriculturists' labours. The profits of cultivation having diminished, the fluctuating items, such as sums paid for the right of occupancy and for grass lands, will naturally diminish, while the poorest ryots of all will probably throw up their lands and revert to their ordinary position of agricultural labourers. As has been noticed, there is but little waste land left except in the Panch Máháls, Khandesh and Násik, so that the increase of revenue from an extension of the area of cultivation cannot be large in future. All this, however, was only to be looked for. District officers should now watch the fluctuations of revenue with great care. There is no reason to believe that the survey rates, except where revised assessments are now under reduction, are too high, even though prices have fallen ; but should there be any instances, the present is the time to discuss and bring them to notice. It is needless, perhaps, to remind Collectors that now, more than ever, they should be most careful in insisting on the punctual collection of the revenue, and in repressing that habit of allowing instalments to stand over and of giving individual remissions, which appears to be showing itself. Attention should be paid to the rules printed in Chapter IV. of Nairne's Hand-book, especially to those which are directed towards abolishing remissions to individuals altogether, and which enjoin the settlement of all outstandings immediately the year is completed. Government are far from saying that individual cases may not occur where special remissions are justifiable, but the greatest care should be taken to prevent the revival of the very objectionable system which was abolished so long ago.

*Takavi.*

Takavi.

30. The Takavi advances which were made in 1873-74 amounted in the Northern Division to Rs. 19,533 and in the Southern Division to Rs. 18,122, *total* Rs. 37,655. In the former they were principally for wells, purchase of bullocks, building houses, and improvement of fields. In the Southern Division they were mostly for wells. The collections appear to have been made with tolerable punctuality. The returns from the Northern Division are the worst, nearly all the transactions having taken place in Khandesh and Násik—two districts which

have suffered much of late years from bad seasons. The instalments which f due in the current year in the Northern Division were Rs. 43,964-11-8, of whic Rs. 36,924-2-1 were collected : Rs. 84,649-5-9 were collected on account of instalments due in former years, and Rs. 1,105-15-8 were written off, of which Rs. 520 were on account of instalments due in the current year, and Rs. 585-15-8 on account of previous instalments. On the 31st August the balances amounted as follows :—

| | Rs. | a. | p. |
|---|---|---|---|
| Due in future years ... ... | 98,444 | 14 | 4 |
| Current year ... ... ... | 7,352 | 2 | 3 |
| Arrears ... ... ... | 15,457 | 14 | 0 |
| | 1,21,254 | 14 | 7 |

Government trust the Collector of Khandesh will exercise diligence in collecting the arrears, which are mostly in his district.

In the Southern Division, out of Rs. 42,214-3-2 due in the current year, Rs. 41,890-15-0 were collected, and the balances were —

| | Rs. | a. | p. |
|---|---|---|---|
| Due in future years ... ... | 71,386 | 8 | 0 |
| Current year ... ... ... | 841 | 3 | 8 |
| Arrears... ... ... ... | ..... | | |
| | 72,227 | 11 | 8 |

Separate statements should be given, and accounts kept of advances under Act XXVI. of 1871 and of ordinary Takavi advances. The Revenue Commissioners should be requested to draw up the forms for rendering this information. For the digging of wells and excavation of tanks, it is preferable to make the advances under the Act, the advantages of which Government would gladly see cultivators avail themselves of to an extent much larger than is at present the case.

31. His Excellency in Council will now turn to the results of the administration of the Sayer Revenue.

## SAYER REVENUE.

### *Abkári.*

32. Statement B in Group No. VI. of the Appendices gives a complete account of the fluctuations in Abkári Revenue. As regards 1873-74 it may be remarked that there was a general increase of Rs. 26,032 for the Presidency over 1872-73, and one of Rs. 63,843 on the 14 years' average. The total is Rs. 6,68,518 in excess of that of 1860-61, in which year it stood at only Rs. 15,14,160. In the cotton time the revenue rose gradually to Rs. 24,76,102, an increase of Rs. 9,61,942 ; but since that year it has been slightly declining, and in 1873-74 was Rs. 2,93,424 less than in 1868-69. The general increase must be due to greater care having been taken for the protection of the revenue, as well as, it is to be feared, to an enhanced taste for drinking, and to increased ability on the part of the agricultural classes to pay for liquor. The recent decline indicates that these classes are less able to pay than they were before. His Excellency in Council notices that in the Surat Collectorate there is no falling off, which betokens good administration on the part of the able Collector, Mr. Hope.

33. The following table shows the incidence per head of the Abkári receipts :— Incidence of Abkári receipts.

| Collectorate. | Population according to Census. | Abkári Receipts for 1873-74. | Payment per head. |
|---|---|---|---|
| | | Rs. | Rs. a. p. |
| Ahmedabad ... ... ... ... | 8,29,637 | 50,269 | 0 0 11·6 |
| Kaira ... ... ... ... | 7,82,733 | 31,256 | 0 0 5·8 |
| Panch Máháls ... ... ... | 2,40,743 | | |
| Surat ... ... ... ... | 6,07,087 | 3,69,060 | 0 9 8·7 |
| Broach ... ... ... ... | 3,50,322 | 62,201 | 0 2 10 |
| Tanna ... ... ... ... | 8,47,424 | 3,80,141 | 0 7 2·1 |
| Colába ... ... ... ... | 3,50,405 | 91,815 | 0 4 2·3 |
| Násik ... ... ... ... | 7,34,356 | 65,824 | 0 1 5·2 |
| Khandesh ... ... ... ... | 10,25,642 | 2,13,605 | 0 3 3·8 |
| | | 12,64,171 | |
| Poona ... ... ... ... | 9,07,235 | 1,59,962 | 0 2 9·7 |
| Ahmednagar ... ... ... | 7,73,938 | 22,745 | 0 0 5·6 |
| Kaládgi .. ... ... ... | 8,16,037 | 1,32,643 | 0 2 7·2 |
| Ratnágiri ... ... ... ... | 10,19,136 | 67,934 | 0 1 0·7 |
| Belgaum ... ... ... ... | 9,38,750 | 1,27,455 | 0 2 0·6 |
| Dharwar ... ... ... ... | 9,88,037 | 2,20,366 | 0 3 6·8 |
| Satara ... ... ... ... | 11,16,050 | 27,320 | 0 0 4·7 |
| Kanara ... ... ... ... | 3,98,406 | 1,13,281 | 0 4 6·5 |
| Sholápur ... ... ... ... | 6,62,986 | 46,801 | 0 1 1·5 |
| | | 9,18,507 | |

These figures show the necessity for careful attention to the administration of the Abkári revenue. It will be observed that in Collectorates very similarly situated the difference is in some cases more than 50 per cent., a variation which can hardly be due to any other cause than differences in administration. Unsatisfactory state of Abkári revenue.

34. Government has frequently enjoined on Collectors the necessity of doing all they can to discourage the extension of drinking; but it is always to be borne in mind that it is the greatest possible mistake to allow smuggling. When people have a taste for liquor they will certainly obtain it, and if there be insufficient shops they will smuggle. The evil effects of this are twofold. It renders inefficient the restrictions which Government desire to place upon the excessive consumption of liquor, and it injures the revenue. The circumstances of each district vary so much that Government at present see no possibility of the Suddur Distillery or any other system in particular being perforce adopted universally, and they are convinced that the only way is for each Collector to suit the Abkári arrangements of his district to the circumstances of the country and people. Ordinarily Government would look to the Revenue Commissioners to place matters on a proper footing; but these officers have so much to do that Government cannot fairly charge them with supervision over details. Government must look to the Collectors to see that this important branch of the revenue is properly attended to. They desire now that each Collector will call on his Assistants to report precisely what the state of affairs is in the talukas under their charge, and forward the reports with his own opinion to Government. The materials which were collected by the late Mr. Bell in connection with this subject will be of use, and should be worked up into the reports, each Collector stating in detail what, in his opinion, ought to be done, and Government will then issue the necessary orders for each district. The reports should state precisely for each taluka who the drinking population Instructions on the subject.

are, who manufacture drink, how they manufacture it, what the modes of internal smuggling are, what complications are caused by the proximity of Native States, how many shops there are at present, the area and population approximately to be supplied by each shop, how many more are required, and what can be done to prevent smuggling. Government have ample powers under Section 1 of Act III. of 1852 to carry out any plan which may seem most suitable. Government are, indeed, sensible that no orders they can give will be as satisfactory as those which Revenue Commissioners could give after personal enquiry on the spot, and that their supervision from the Presidency cannot effectually take the place of a Commissioner's executive control; but they feel that the Revenue Commissioners are overburdened with work, and that they cannot at present pay to Abkári management that attention which it so much requires.

35. Government notice that the Abkári Revenue in 1873-74 was generally collected with commendable punctuality, and that the principal outstanding is an item of Rs. 17,507-8-0 in Tanna, respecting the collection of which a reference is now before Government.

*Intoxicating Drugs.*

Intoxicating drugs.

36. The average annual receipts from the sale of intoxicating drugs for 14 years has not varied much—the total for the whole Presidency in 1873-74 being only Rs. 48,478, which is Rs. 1,705 more than the average. The only item particularly noticeable is that of Khandesh, where the revenue has fallen from Rs. 6,856 to Rs. 4,722 in two years, and Sholapur, where the fall in the same time is from Rs. 4,727 to Rs. 2,460, and Poona, where the fall is from Rs. 8,692 to Rs. 7,154. The Collectors of the districts named should give the matter their attention.

*Stamps.*

Stamps.

37. The figures for Stamps in the various Collectorates of the Presidency (except Bombay) are given in Appendix D., Compilation No. V., and show that there was a falling off of Rs. 4,74,368 in the year under report. These figures do not need any further review, as the Stamp Revenue of the whole Presidency was reviewed by Government Resolution No. 4336 dated 13th August 1874.

*Judicial Receipts.*

Judicial Receipt

38. Appendix E. shows the fluctuations in Judicial Receipts, from which it will be perceived that they varied from Rs. 90,047 in 1860-61 to Rs. 14,72,717 in 1870-71, and that they were Rs. 2,31,232 in 1873-74, an increase of Rs. 4,965 upon 1872-73. The anomalies noticed are due to the receipts including different items in different years; but it is observed that the Revenue Commissioners' reports at the time throw no light on the nature of these changes. The figures for 1873-74 need no remark.

*Miscellaneous Sayer Revenue.*

Miscellaneous Sayer Revenue indifferently calculated in some districts.

39. Figures of Miscellaneous Sayer Revenue show a total return of Rs. 3,23,354 against Rs. 3,00,146 in 1872-73 and an average of Rs. 3,65,014. These figures are, however, not reliable, as the head includes different items in different Collectorates. In Surat the revenue from this source is Rs. 1,33,719; in Ahmedabad *nil*; in Kaládgi and Dharwar *nil*; in Kaira Rs. 339; in Khandesh Rs. 15; in Broach, Násik, and Poona *nil*.

*Charge of Collection.*

Charge of collection.

40. The charge of collection is said to have been Rs. 11-8-8 per cent. in the Northern Division, and in the Southern Division Rs. 15-13-0, again. Rs. 11-3-1 and Rs. 13-5-7 in the previous year.

41. His Excellency in Council thinks it necessary now to record the following observations on the form of the Revenue Commissioners' reports.

Instructions for future preparation of Jamabandi Reports.

42. These reports have been in use, almost without any modification, for the last fifteen years. But the administration has changed very considerably during that time. The jamabandi is no longer a fiscal settlement made by each Collector on imperfect data with the different heads of villages, but it is an accurate computation of the revenue from the Revenue Survey books. There is a separate Stamp Department. Forest receipts, too, are no longer a mere miscellaneous item of a Collector's revenue. It is now time that the annual reports should be re-cast, so as to bring them more in harmony with the altered state of things.

43. The first remark, then, which His Excellency in Council has to make, is that more details are required as to the items comprising land revenue. Huzur Form No. 10 A. is, therefore, to be altered as follows :—

Column No. 5 showing remissions is to be placed *after* "deductions, being revenue not collected by Government"; so that the following will be the order :—

1st. Gross Revenue.
2nd. Deductions on account of Alienations.
3rd. Government Revenue.
4th. Remissions on net Government Revenue for the year.
5th. Revenue for Collection.
6th. Arrears of Government Revenue for the previous years.
7th. Total Government Revenue for the year.
8th. Collections for current year.
9th. Do. for the past year.
10th. Arrears for current year.
11th. Arrears for the past year.

The alienations should be shown as follows :—

Political Inams.
Personal Inams.
Devasthán and Dharmádá Inams.
Watan Inams.
Inams of Taluka Service Watandars whose services have been retained
Allowances of village servants useful to Government.
Allowances of village servants useful to village community (Balutidárs).
(Waswáyas).
Total Inams.

Next, the Government revenue is to be shown under the following heads :—

1st. Revenue proper, being assessment on Khálsa lands.
2nd. Judi or Quit-rents on Alienated lands.
3rd. Irrigation Department Revenue.
4th. Sale proceeds of Permanent Occupancy.
5th. Sale proceeds of Kurans.
6th. Sale proceeds of Bhatta or Beyt lands.
7th. Fees for Revenue Processes and Notice Fees.
8th. Miscellaneous.

Remissions are to be classified as follows :—

1 On account of introduction or revision of survey.
2. Failure of crops.
3. Poverty, death, and desertion.
4. Injury by accidents—
   *a.*—Locusts or other insects, and animals.
   *b.*—Fire.
   *c.*—Floods.
   *d.*—Other accidents.
5. All other causes, which are to be specified separately.

44. A separate statement is to be given of the area of occupied land thrown up, and waste land taken up in each Collectorate, and the assessment upon it.*

45. Improvements have already been made under the Secretary of State's orders in the forms relating to cultivation and produce, and no further information on the subject is required; but the instructions given above in para. 28 are to be attended to.

46. Instead of Huzur Form No. 18 (I) there should be two statements of Abkári by Collectorates. The first should show the revenue derived in each Collectorate from—

1*st.*—Licenses to sell Europe Liquor.
2*nd.*—Fees from Sudder Distilleries under Section 57 of Regulation XXI. of 1827.
3*rd.*—Licenses under Sections 58 and 62 of the same Regulation.
4*th.*—Liquor Farms under Section 60 of the Regulations.
5*th.*—Fines and miscellaneous arrears of former years, as well as the revenue of current year, should be shown under each of the above heads.
6*th.*—Remissions
7*th.*—Collections.
8*th.*—Balances for current and former years.

The second statement should show the proceeds of Miscellaneous Abkári Revenue inclusive of opium, separating items of Bhang and Gánja from Churrus and Mazum, where the farms or licenses are given for each separately.

47. Full information about Forests and Stamps is given in the separate reports on those branches of the revenue, and may be omitted from the Jamabandi reports. If at any time an Income or Provincial Services Tax is imposed, a separate table should be given for it. As regards profit and loss and the miscellaneous items of revenue which are credited in the financial accounts to I. Land Revenue and XVIII. Miscellaneous, Government would wish to learn what the Revenue Commissioner's opinion is as to the place they should have in the Jamabandi accounts. It appears to Government that only those which are shown under I. Land Revenue should appear at all, in view to the ultimate tallying of the Accountant General's and the Revenue Commissioner's account, and that it should be shown in a separate statement subsidiary to the Land Revenue Statement; but all the rest, as well as judicial receipts, should be expunged from the Jamabandi accounts altogether.

48. Huzur Form No. 20 (K) should be abolished. It is troublesome to compute, and the results are inaccurate and misleading. Instead of it there

* It will be noticed that Hope's Forms give all this information, so the extra work these returns will give will be simply that of copying.

should be a classified statement of the cash allowances, which are included in Taluka Forms 20, 21, and 22, showing the fluctuations due and resumptions or revisions. · This can be compiled from the summaries for each taluka.

49. Government request that the Revenue Commissioners will consult together and re-arrange their forms in accordance with the above principles, making any other alterations which are in their opinion expedient, and submitting drafts for the final approval of Government. No increased labour will be caused by compiling new forms, as all the items are to be found in the Revenue Accounts. It is also requested that the Revenue Commissioner, Northern Division, will arrange in future for converting bighás in all his statements into acres, andthat he will give separate figures for the Panch Máhals, which is quite a separate district from Kaira. It must be pointed out that in future all the Jamabandi statements relating to areas cropped or cultivated must be given by talukas, as well as by districts and divisions, as the Secretary of State desires to have those details.

Administration will in due time be required of Revenue Commissioners.

50. The Revenue Commissioner, Northern Division, has referred to para. 9 of Government Resolution, No. 2346, of the 11th May 1874, in which Government referred to their intention of issuing further instructions as to the Revenue Commissioners' annual reports. It should, therefore, be intimated to them that if the third Revenue Commissioner is sanctioned it will be necessary for them at the end of the season to send in a separate Administration Report of their own, detailing their personal proceedings. But this will relate to administrative matters only. The Jamabandi Report must remain as it is, a financial and statistical document. If the Government of India sanction the posting of the accounts by districts in the Accountant General's Office, the figures given in the Jamabandi Reports will have to agree with the Accountant General's figures. In sending the Jamabandi statements to the Revenue Commissioners the Collectors must, apart from the information given in their Annual Administration Reports, explain briefly, from a fiscal point of view, all the principal fluctuations in the revenue and cultivation, and the Revenue Commissioners must embody all important explanations in their own reports.

51. The Revenue Commissioners should be requested to ensure their reports being sent in future to Government by the 15th December annually. Two months and a half are ample for merely compiling and digesting the Collectors' forms and explanations.

52. A copy of this Resolution should be sent to the Secretary of State and the Government of India.

W. G. PEDDER,
Acting Secretary to Government.

To
The Revenue Commissioner, N. D.
The Revenue Commissioner, S. D.
The Commissioner in Sind.
The Alienation Settlement Officer, S. D.
The Alienation Settlement Officer, N. D.
The Accountant General.
All Collectors, including the Collectors and Political Superintendents in Sind and the Extra First Assistant Collector in charge Panch Mahals.

No. 539 of 1876.

REVENUE DEPARTMENT.

To

THE CHIEF SECRETARY TO GOVERNMENT.

*Revenue Commissioner's Cam;*
*Bombay, 24th February* 1876.

SIR,

I have the honour to submit the following Report on the Land and Saye Revenues of the Southern Division for the year 1874-75.

2. Bearing in mind the remarks of Governmer in their Review* of the Reports of the Northern an Southern Divisions for the year 1873-74, I was desirou that this report should have dealt more comprehensively, and in greater deta than hitherto, with the various items of revenue, both Land and Sayer, of whic it is a review; but although I have for this reason delayed its submission somewha beyond the time prescribed by Government, I regret that owing, in the firs place, to there being no settled form of report, and, in the next, to the late date a which the Government Resolution was issued, I have been only partially success ful in obtaining the necessary information, in consequence of which but littl change has been made in the method of compiling this report.

* No. 6092, dated 27th October 1875.

3. To unusual appendices, as per margin, I have added the following, in compliance with the in structions conveyed in Government Resolution No. 954, dated 16th February 1875, and No 1130, dated 24th idem:—

Appendix I. (Huzur Form No. 10 A),—contrasting the Land Huzur of the year with that of according year
Appendix II. (Huzur Form No. 13 D) and Appendix III. Huzur Form No. 14 E)—relating to Tuggai advances and balances.
Appendix V. (A)—Land set apart for special purposes.
Appendix VII. (Huzur Form No. 18 I)—contrasting the Sayer and entire Revenues of the year with those of the preceding year.

Appendix IV. (Huzur Form No. 16 G)—in substitution of that hitherto furnished, giving for each Collectorate, Southern Division, except Kanara, Talukwar particulars relating to culturable and cultivated land.

Appendix V. (Huzur Form No. 17 H)—with Abstracts I. and II. in substitution for Appendix V. hitherto furnished, giving, as above, particulars of the chief products for the year.

Appendix V. (B)—a new statement showing the number and extent of occupancies, separately, for each Collectorate of the Division.

Appendix VI., also a new statement, giving statistics relating to cattle, ploughs, &c., Talukwar for each collectorate, separately.

Appendix No. VII. (A)—a new statement, contrasting the principal items of Sayer Revenue for 1874-75, with the average of four years, and the receipts of the year immediately preceding that under report, for each collectorate of the Division.

VILLAGES.

4. Reviewing the Appendices in order, I subjoin a table showing, in contrast with the year 1873-74, the number of villages in each collectorate of the Division for the year 1874-75. The only fluctuations it exhibits are an increase of one alienated, and a decrease of one Government village, in the Poona Collectorate, which is due to the village of Nazareh, in the Purandhar Taluka, having been restored to its former holder; an increase of one Government and a decrease of one alienated village in the Ratnágiri Collectorate, due to the village of Phanasgaon, in the Deogarh Taluka, having lapsed to Government on the death of its holder; and an increase of three alienated villages in the Satara Collectorate,

which is caused by the correction of an error in the register of the previous year. The total number of villages is thus 10,894½ for 1874-75, against a total of 10,891½ for the year preceding :—

| Collectorates. | Villages. | | | | | | In 1874-75. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Number in 1874-75. | | | Number in 1873-74. | | | Increase. | | | Decrease. | | |

| | | | | | | | | | 3 | | | |

## Hamlets.

5. The subjoined table exhibits the total number of hamlets (11,814[7] for the Division, which is one less as compared with the number (11,815) given for the preceding year 1873-74. This decrease occurs in the Ahmednagar Collectorate, in which a Government hamlet has been struck off the register as non-existing. The fluctuations in Ratnágiri and Satara do not affect the total, and are due in the former collectorate to the lapse of the village of Phanasgaon referred to in the preceding para. along with its subordinate hamlets; and in the latter collectorate to the correction of an error committed in the previous year in posting the numbers under the headings "Government" and "Alienated" respectively :—

| Collectorates. | Hamlets. | | | | | | In 1874-75. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Number in 1874-75. | | | Number in 1873-74. | | | Increase. | | | Decrease. | | |

*Land Revenue—Financial Results.*

6. The table following this para. exhibits the results of the year's settlement. Contrasted with the preceding year 1373-74, there is an increase of Rs. 2,00,790-4-9 in the gross land revenue for the Division; an increase of Rs. 87,731-6-3 in alienations; an increase of Rs. 5,250-9-0 in Public Works Revenue from Irrigation; an increase of Rs. 1,07,808-5-6 in the Government revenue; a large decrease of Rs. 1,05,081-10-8 in remissions; a large increase of Rs. 2,12,890-0-2 in the net revenue for collection, and a still larger increase of Rs. 3,33,281-0-4 in actual collections; while the balance for the current year is less by Rs. 1,20,379-1-2 —all of which are extremely favourable to the year under report. There is a slight addition to the balance for former years, amounting, as compared with 1873-74, to Rs. 6,690-0-7; but even with this addition, the entire balance outstanding at the close of the year shows a satisfactory decrease of Rs. 1,13,689-0-7 on the amount outstanding at the corresponding period in 1873-74. These are the gross results; but the fluctuations in each collectorate, which are also ascertainable from this table, are of a varying character, and will therefore be explained, with some detail, under their proper heads:—

## Gross Land Revenue.

7. The net increase of Rs. 2,00,790-4-9 under this head occurs, as will be seen from the figures marginally given, solely in the Collectorates of Dharwar, Satara, Kaládgi and Ratnágiri, and which, but for a decrease aggregating Rs. 56,303-0-5 in the remaining Collectorates of Ahmednagar, Belgaum, Sholápur, Poona, and Kanara, would have reached the higher sum of Rs. 2,57,093-5-2. The causes of the increase and decrease in the several collectorates will be explained further on.

| | Increase. | Decrease. |
|---|---|---|
| Poona ... ... | ... | 10,225 9 5 |
| Ahmednagar ... ... | ... | 15,987 8 10 |
| Kaládgi .. ... | 51,556 14 11 | ... |
| Ratnágiri ... ... | 6,282 9 9 | ... |
| Belgaum ... ... | ... | 13,457 13 4 |
| Dharwar ... ... | 1,88,929 0 3 | ... |
| Satara ... ... | 10,324 12 3 | ... |
| Kanara ... ... | ... | 5,302 6 11 |
| Sholápur ... .. | ... | 11,329 9 11 |
| Total ... | 2,57,093 5 2 | 56,303 0 5 |
| | 56,303 0 5 | |
| Net | 2,00,790 4 9 | |

## Alienations.

8. Under this head the net increase is Rs. 87,731-6-3, and it is deduced from the figures pertaining to each collectorate shown in the margin. The largest increase appears in the Dharwar Collectorate, and next in order appear the Collectorates of Poona, Satara, Kaládgi, and Sholápur. The chief cause of these increases is traceable to the Revenue Survey, the operations of which department have raised the assessment of alienated lands. In the Poona Collectorate the increase is in some measure also due to the village of Nazareh having been transferred to the head of alienations; and in Satara, to the holdings of the Ghadkaris in the service of the late Rani having been re-adjusted in the accounts on the death of Her Highness.

| | Increase. | Decrease. |
|---|---|---|
| Poona ... ... | 18,734 14 3 | ... |
| Ahmednagar ... ... | ... | 703 6 2 |
| Kaládgi ... ... | 10,787 15 1 | ... |
| Ratnágiri ... ... | ... | 1,052 13 6 |
| Belgaum ... ... | ... | 1,345 13 10 |
| Dharwar ... ... | 48,305 14 11 | ... |
| Satara ... ... | 11,146 11 3 | ... |
| Kanara ... ... | ... | 492 4 0 |
| Sholápur ... ... | 2,350 4 3 | ... |
| Total ... | 91,325 11 9 | 3,594 5 6 |
| | 3,594 5 6 | |
| Net | 87,731 6 3 | |

9. Of the decreases shown in the margin above, that in Belgaum, which is the largest in amount, is due chiefly to the resumption of minor Inams, and the levy of increased judi, on application of the scale of remuneration in Government villages, to the Patels and Kulkarnis of certain alienated villages; that in Ratnágiri is caused mainly by the lapse of the village of Phanasgaon; that in Ahmednagar by smaller realizations from Inam lands, which are valued in the accounts according to the annual revenue realized; and that in Kanara to cash payments having been substituted in some cases for assignments in land as remuneration for service to Shetsandis.

## Public Works Revenue from Irrigation.

10. There is an aggregate increase of Rs. 5,250-9-0 in the realizations under this head. There is no revenue from this source in the Collectorates of Ratnágiri, Belgaum, and Kanara. Of the remaining collectorates all, except Sholápur, exhibit an increase. The total revenue from works of irrigation is Rs. 22,957-1-11 in the year under report, against Rs. 17,706-8-11 in the year preceding, and of this sum the Satara Collectorate alone yields a trifle more than $\frac{5}{7}$ths, owing to the satisfactory progress works of irrigation have made in it. The fluctuations in each collectorate are as shown below; and as the taking of

water for purposes of irrigation is not compulsory, the appreciation, or otherwise, by the ryots, of this mode of cultivation may be roughly gathered from the results :—

| | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| Poona— | Increase... | ... | ... | ... | ... | ... | Rs. | 280 | 4 6 |
| Ahmednagar | do. | ... | ... | ... | ... | ... | „ | 341 | 7 10 |
| Kaládgi | do. | ... | ... | ... | ... | ... | „ | 43 | 4 0 |
| Dharwar | do. | ... | ... | ... | ... | ... | „ | 464 | 5 0 |
| Satara | do. | ... | ... | ... | ... | ... | „ | 4,997 | 2 5 |
| | | | | | Total Increase... | | Rs. | 6,126 | 7 9 |
| Deduct— | | | | | | | | | |
| Sholápur—Decrease | | ... | ... | ... | ... | ... | „ | 875 | 14 9 |
| | | | | | Net Increase... | | Rs. | 5,250 | 9 0 |

## Government Land Revenue.

| | More in 1874-75. | Less in 1874-75. |
|---|---|---|
| Poona ... ... ... ..... | | 29,240 12 2 |
| Ahmednagar ... ... ..... | | 15,625 10 6 |
| Kaládgi ... ... ... | 40,725 11 10 | ..... |
| Ratnágiri ... ... | 7,335 7 3 | ..... |
| Belgaum ... ... ... .. ... | | 12,111 15 6 |
| Dharwar ... ... | ...1,40,158 12 4 | ..... |
| Satara ... ... ... ..... | | 5,819 1 5 |
| Kanara ... ... ... ..... | | 4,810 2 11 |
| Sholápur ... ... ..... | | 12,803 15 5 |
| Total.. | Rs. 1,88,219 15 5 | 80,411 9 11 |
| | 80,411 9 11 | |
| Net Increase... | Rs. 1,07,808 5 6 | |

11. The aggregate of this item for the year under report is Rs. 1,16,13,053-7-11, or Rs. 1,07,808-5-6 more than that for the year preceding. The fluctuations in each collectorate are as shown in the margin, and are thus explained by the Collectors.

12. *Poona.*—Decrease, Rs. 29,240-12-2, is due mainly to smaller realizations from the sale of the grazing and other farms ; to a falling off in the extent of cultivation ; to alteration of the revised survey rates ; and to certain items of revenue paid in the preceding year not recurring in this.

13. *Ahmednagar.*—Decrease, Rs. 15,625-10-6, is caused by decreased cultivation; by the application of the Survey Settlement to three villages in the Shrigonda Taluka received in exchange from His Highness Holkar, by which the Mamul assessment has been reduced ; and by smaller receipts on account of notice fees, as compared with the preceding year.

14. *Kaládgi.*—Increase, Rs. 40,725-11-10, attributable solely to the revision of the survey assessment of certain villages of the Indi and Shindgi Talukas.

15. *Ratnágiri.*—Increase, Rs. 7,335-7-3, due principally to certain Khotes and Dharakaris having resumed the management of their villages and holdings paying up the losses sustained during Government management ; to enhanced realizations on account of Tapping fees ; and to the village of Phanasgaon having reverted to Government on the death of the Inámdar.

16. *Belgaum.*—Decrease, Rs. 12,111-15-6, owing chiefly to smaller receipts from the sale of the grazing and other farms, as well as of the right of occupancies in Government lands ; to less realizations from lands under attachment ; and to the transfer to Local Funds of fees levied on account of the right to quarry.

17. *Dharwar.*—Increase, Rs. 1,40,158-12-4, attributable mainly to the revision of the Survey Settlement in villages of the Nawalgund, Hubli, and other talukas, and to the extension of cultivation.

18. *Satara.*—Decrease, Rs. 5,819-1-5, is due principally to the lands of the Ghadkaris in the service of the late Rani having, on Her Highness's death, been transferred to the head of alienations, subject to the payment of half judi.

19. *Kanara.*—Decrease, Rs. 4,810-2-11, owing chiefly to less having been realized on account of notice fees than in the preceding year; to a smaller revenue having been obtained from the sale of right of occupancies; and to reduced cultivation.

20. *Sholápur.*—Decrease, Rs. 12,803-15-5, due mainly to land being thrown out of cultivation, and to decreased realizations from the sale of grazing and other farms.

REMISSIONS.

21. The aggregate of the sums appearing under this head in the year under report is Rs. 2,56,178-8-1, which is less than the total of the preceding year by Rs. 1,05,081-10-8, a result due in great measure to the favourableness of the season for agricultural purposes. The net remissions of the year given on account of failure of crops and similar disasters amount to Rs. 7,779-6-3 only, against Rs. 52,837-0-0 in the year preceding; the remainder, Rs. 2,48,399-1-10, though appearing under the head of Remissions, representing, more accurately, customary deductions from the annual gross Revenue, as will be seen from the table subjoined, in preparing which due attention has been paid to the observations made in paragraph 8 of the Government Resolution No. 6092, dated 27th October 1875 :—

सत्यमेव जयते

| COLLECTORATES. | Remitted at the time of survey in consequence of the revised survey rates exceeding the old assessment and in consequence of the subsequent reduction of survey rates. | Poverty and desertion. | Lands taken for forest reserves, roads, railways, and other public purposes. | Remitted in accordance with decisions of Government to the families of certain Chiefs. | Remitted on account of the failure of crops. | Nominal Remission. | Difference between the full assessment of certain lands and the amount at which they have been leased. | On account of the destruction of houses of ryots by fire. | Other causes. | TOTAL. |

## Collections and Current Year's Balances.

22. The net Revenue for collection, after deducting from the gross Revenue the various items above noticed, is thus Rs. 1,13,56,874-15-10, which compared with the preceding year shows an increase of Rs. 2,12,890-0-2 in favour of the year under review. Of this sum, Rs. 1,13,17,970-0-3, or Rs. 3,33,281-0-4 more than in 1873-4, were collected by the close of the year, leaving outstanding on the 1st August 1875 a balance of only Rs. 38,916-15-7, or Rs. 1,20,379-1-2 less than the sum that remained outstanding on the corresponding date in 1874. These results will no doubt be viewed by Government as gratifying.

23. As in the preceding year, the Dharwar Collectorate shows a clear balance sheet; and from the table marginally given, it will be seen that efforts have, since the year has closed, been made in some of the other collectorates—notably Poona, Satara, and Ratnágiri,—to clear off the balances in them. More recently the whole of the balances outstanding in the Poona and Sholápur Collectorates have been brought under scrutiny, and what cannot be collected has been authorized to be written off the books. Every effort is being made by the other Collectors to clear their accounts. Kanara is necessarily behind-hand in this matter, owing to the action of the Civil Courts in staying collections *ad interim*; but it is hoped, now that the leading land suit against Government has been disposed of by the High Court, better results will appear in the ensuing year's report.

| Collectorates. | Balance on 1st August 1875. | Since collected. | Written off. | Balance at date of Collector's report. |
|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |

| Kaládgi ... ... | 509 8 0 | 4 5 9 | 19 10 3 | 485 8 0 |
| Ratnágiri ... ... | 6,529 12 11 | 2,416 5 8 | ... | 4,113 7 3 |
| Belgaum ... ... | 267 9 0 | ..... | ... | 267 9 0 |
| Dharwar ... ... | ..... | ..... | ... | ..... |
| Satara ... ... | 5,549 2 2 | 2,723 5 6 | 87 1 3 | 2,738 11 5 |
| Kanara ... ... | 16,289 4 8 | 853 4 11 | ... | 15,435 15 9 |
| Sholápur ... ... | 2,494 10 5 | 1,321 12 0 | ... | 1,172 14 5 |
| Total... | 38,916 15 7 | 11,692 8 8 | 106 11 6 | 27,117 11 5 |

### Former Years' Balances.

24. The balances outstanding on account of past year on the 1st August 1874 was Rs. 1,95,350-12-4. Of this sum were collected and adjusted during the year Rs. 1,52,606-0-2, as shown in the margin, leaving for adjustment on the 31st July 1875 Rs. 42,744-12-2, as follows :—

| Collectorates. | Amount collected. | Amount written off. | Total. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ... ... ... | 88,423 7 10 | 4,218 5 4 | 92,641 13 2 |
| Ahmednagar ... ... | 2,287 10 7 | 789 11 1 | 3,077 5 8 |
| Kaládgi ... ... | 869 11 0 | ..... | 869 11 0 |
| Ratnágiri ... ... | 12,789 5 7 | 523 0 4 | 15,312 5 11 |
| Belgaum ... ... | 149 6 6 | ..... | 149 6 6 |
| Dharwar ... ... | ..... | ..... | ..... |
| Satara ... ... ... | 2,060 12 2 | 698 5 6 | 2,759 1 8 |
| Kanara ... ... | 17,217 12 3 | 2,370 13 7 | 19,588 9 10 |
| Sholápur ... ... | 15,451 11 4 | 4,755 15 1 | 20,207 10 5 |
| Total... | 1,39,249 13 3 | 13,356 2 11 | 1,52,606 0 2 |

| | | | |
|---|---|---|---|
| In Poona ... ... ... ... ... | Rs. | 597 | 9 11 |
| ,, Ahmednagar ... ... ... ... | ,, | 68 | 3 0 |
| ,, Ratnágiri ... ... ... ... | ,, | 5,359 | 5 1 |
| ,, Belgaum ... ... ... ... | ,, | 317 | 9 3 |
| ,, Satara... ... ... ... ... | ,, | 266 | 9 9 |
| ,, Kanara ... ... ... ... | ,, | 36,086 | 6 4 |
| ,, Sholápur ... ... ... ... | ,, | 49 | 0 10 |
| Total Rs. | | 42,744 | 12 2 |

25. This sum has, by further collections, &c., as shown in the margin, been reduced to Rs. 39,442-3-2, for the adjustment of which measures are in progress. The Kanara Collectorate exhibits the largest balance, most of which remains outstanding for the reason stated in the preceding para. The next largest item appears against the Ratnágiri Collectorate, where also its existence is due in some measure to the action of the Civil Courts and to disputes arising out of the Survey Settlement.

| Collectorates. | Amount collected. | Amount written off. | Total. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Ahmednagar ... ... | 3 5 0 | ..... | 3 5 0 |
| Ratnágiri ... ... | 2,957 1 7 | ..... | 2,957 1 7 |
| Satara... ... ... | 2 0 0 | 14 0 0 | 16 0 0 |
| Kanara ... ... | 326 2 5 | ..... | 326 2 5 |
| Total... | 3,288 9 0 | 14 0 0 | 3,302 9 0 |

26. The subjoined table shows the disposition of the entire balances for both current and former years, as they stood on the 31st July 1875. It will be observed from the details furnished in the last two paragraphs that, excepting in the Kanara and Ratnágiri Collectorates, the balances outstanding at date of the Collectors' returns are inconsiderable, and being cleared off as rapidly as possible. The Dharwar Collectorate has no balance whatever for either the current or former years, and in Kaládgi the small sum outstanding pertains to the current year only :—

| Collectorates. | | Current year's Balances. | Former years' Balances. | Total. |
|---|---|---|---|---|
| | | Rs. a. p. | Rs. a. p. | Rs. a. p. |

## Tuggai Advances and Balances.

27. The usual Appendices Nos. II. and III. show the transactions under this head. From the former it will be seen that the advances made in the year under report amount to Rs. 6,640, and were given only in the four collectorates of Ahmednagar, Ratnágiri, Satara, and Sholápur. Except in Ratnágiri, where the money was advanced solely for the purchase of agricultural stock, the advances given in the other collectorates were chiefly for sinking wells.

28. Appendix No. III shows that no advances are sought, or made, in the Dharwar Collectorate, which is another satisfactory feature, as indicating the comparative prosperity of the agriculturists of this district. The total sum advanced in the current and past years in the other collectorates of the Division, and remaining for recovery at the beginning of the year, amounted to Rs. 78,867-11-8. Of this sum, Rs. 35,576-8-0 are set down as due in future years, Rs. 42,450 as due in the current year, and Rs. 841-3-8 as due in past years; while the total collections made during the year amount to Rs. 40,107-12-8, viz.,

Rs. 39,290-11-0 on account of "instalments due in current and future years in payment of advances made in present or former years," and Rs. 817-1-8 on account of "instalments which fell due in former years." The balance outstanding on 1st August 1875 is Rs. 38,759-15-0, of which Rs. 35,475-8-0 only fall due in future years. The remainder is made up of two items, viz., Rs. 3,260-5-0 on account of "balances due in the current year," and Rs. 24-2-0 on account of "balances which fell due in former years." This last item pertains to the Satara Collectorate alone, and is said to be recoverable, and in course of collection.

### Cultivation and Chief Products.

29. For the statistics of the year under these heads, I beg to refer to the Appendices marked IV, V, VA, and VB. The first two of these statements supply information for all the collectorates of the Division, except Kanara, as to the extent of culturable and cultivated land, and as to the chief products raised in each Talukwar, as recently ordered by Government. Appendix VA shows the land set apart for special purposes, of which a modified form, in accordance with paragraph 28 of Government Resolution No. 6092, dated 27th October 1875, will be substituted next year; and Appendix VB is a statement showing the number and extent of occupancies separately, for each taluka and collectorate of the Division, as required by Government Resolution No. 954, dated 16th February 1875.

30. The table subjoined to this paragraph is an abstract of Huzur Form No. 16 G (Appendix IV to this report), framed in the usual manner. The figures for the Kanara District cannot yet be supplied, and those for Ratnágiri, which collectorate is not yet wholly surveyed, are to some extent approximate merely. This table shows that Government land under cultivation has decreased in the collectorates of Poona, Ahmednagar, Satara, and Sholápur, but that there has been an increase in the collectorates of Kaládgi, Ratnágiri, Belgaum, and Dharwar :—

| Collectorates. | Cultivated in | | In 1874-75. | | Left Waste in 1874-75. | Percentage of Waste in cultivated lands. |
|---|---|---|---|---|---|---|
| | 1874-75. | 1873-74. | Increase. | Decrease. | | |
| | A. g. a. | A. g. a. | A. g. a. | A. g. a. | A. g. a. | A. g. a. |

| Total | 1,35,71,528 1 6 | 1,35,88,402 17 2½ | 36,572 28 5 | 53,447 4 2 | 6,51,571 13 ½ | ... |
| Net | ..... | ..... | ..... | 16,874 15 13 | ..... | ... |

31. Government in paragraph 27 of their Resolution No. 6092, dated 20th October 1875, desire that the statement showing the principal products (Appendix No. V) should be prepared in the form adopted by the India Office. This will be attended to in future.

32. Appendix No. VI supplies the statistics required by Government regarding cattle, ploughs, &c., Talukwar, for each collectorate of the Division.

### Sayer Revenue Financial Results.

33. I now proceed to notice the Sayer Revenue of the year, which will be found contrasted with that of the preceding year in Appendix No. VII, of which the following is an abstract :—

| | Gross Revenue. | | Alienation. | |
|---|---|---|---|---|
| | 1874-75. | 1873-74. | 1874-75. | 1873-74. |

GROSS SAYER REVENUE.

34. The gross Sayer Revenue of the year amounts to Rs. 30,96,127-3-4. In the year preceding it amounted to Rs. 33,20,131-5-4. There is thus a decrease aggregating Rs. 2,24,004-2-7 for the Division in the year under report.

ALIENATIONS AND GOVERNMENT SAYER REVENUE.

35. There being no alienated Sayer Revenue in the Division, the net Government Revenue is the same as that shown above as the gross Revenue of the year ; and with the exception of the Belgaum Collectorate, in which there is an increase amounting to Rs. 4,585-5-10, the whole of the other Collectorates of the Division show a decrease to the aggregate amount of Rs. 2,28,589-8-5, which occurs chiefly in the items of Stamps, Forest, Profits and Loss and Judicial Receipts.

36. A supplementary statement is forwarded as Appendix No. VII. (A), prepared in conformity with the instructions conveyed in Government Resolution No. 1130 of 24th February 1875. It contrasts the Sayer Revenue for realizations in 1874-75 under the heads Abkari, Intoxicating Drugs, and Stamps, with the same for the four preceding years and with the average for those years. It will be observed that details relating to Judicial and Non-Judicial Stamps have not been separately given by the Collectors of Ahmednagar, Belgaum, and Dharwar, owing, as stated by those officers, to their accounts not enabling them to do so.

37. Looking at this statement, I find that in the entire Division there is a net increase in the Abkari Revenue in 1874-75, as compared with 1873-74 of Rs. 3,525-7-0, but a net decrease, as compared with the average of the 4 years preceding 1874-75 of 79,429-15-2. Ahmednagar is the only collectorate in which there is an increase as compared both with the year preceding and the average of four years. In Poona, Kaládgi, Ratnágiri, Belgaum, and Kanara, there is a decrease as compared both with the year preceding and the average of four years. In Dharwar, Satara, and Sholápur, the receipts of the year show an increase as compared with the year preceding, but a decrease as compared with the four years' average. The Collectors generally attribute these results to a want of brisk competition for the farms, which thus realize less than they do when competition is brisk. In Poona alone, the introduction of a better system for the manufacture of country spirits and their supply to the various retail shops has resulted in a partial reduction of the revenue from this source.

38. In Intoxicating Drugs also there is a net decrease of Rs. 905-9-7 in the revenue of the year as compared with the year preceding, and a net decrease of Rs. 1,832-6-9 as compared with the average of the four years ending 1873-74. The fluctuations are not very striking ; and, as in the case of Abkari, are due, more or less, to the amount of competition at the sales of the annual farms.

39. The Receipts from Stamps, Judicial and Non-Judicial, also show a decrease in the year under report of Rs. 1,69,414-6-5 as compared with 1873-74, and a decrease of Rs. 1,49,048-8-5 as compared with the average of the four years ending 1873-74. The Ratnágiri Collectorate alone shows an increase in the receipts under this head as compared with 1873-74 ; and there is an increase in the Kaládgi and Dharwar Collectorates only, in the receipts of the year under report as compared with the average of the preceding four years. All the other collectorates exhibit a general decrease, which is explained to be due to a depression of trade and less litigation. I do not think these facts can be disputed ; but it would have been well if the causes which have led to these results had been reported more in detail by the Collectors.

## Remissions.

40. The remissions of Sayer Revenue granted during the year amount to Rs. 4,404-11-7. They were granted in the Kanara Collectorate only, and represent the Seignorage fees on forest produce, such as building timber and bamboos—given to the village communities for re-building houses destroyed by fire, temples, &c. The sums so remitted this year in Kanara exceed the Remissions of the year preceding by Rs. 2,041-10-10.

## Collections and Balances of the Current Year.

41. The Sayer Revenue for collection is Rs. 30,91,722-7-9. Of this sum Rs. 30,91,382-4-0 were realized by the end of the year, thus leaving Rs. 340-3-9 as an outstanding balance on the 1st August 1875. This balance pertains to the Collectorates of Ratnágiri and Dharwar, in the latter of which the balance amounting to Rs. 216, was collected on the 2nd August immediately following the close of the year. Of the balance in Ratnágiri, amounting to Rs. 124-3-9, the sum of Rs. 79 was collected before transmission of the Collector's returns. The net balance, therefore, for disposal amounts to Rs. 45-3-9, and is considered to be recoverable.

## Former years' Balances.

42. The Balance of Sayer Revenue for former years remaining for adjustment at the beginning of the year was Rs. 21,517-12-9. Of this sum were collected Rs. 3,357-8-1, and were written off Rs. 2,872-9-6, during the year, leaving outstanding on the 1st August 1875 Rs. 15,287-11-2, or Rs. 4,081-2-7 less than the balance that remained outstanding on the corresponding date in 1874.

43. This amount remains outstanding in the two Collectorates of Kaládgi and Kanara only—Rs. 12,698 pertaining to the former, and Rs. 2,381-11-2 to the latter collectorate. Of the balance in Kanara, Rs. 208 were realized after the close of the year, and the remainder is in course of collection. The balance in Kaládgi is being recovered by annual instalments, agreeably to the sanction accorded in Government Resolution No. 5908, dated 9th November 1874.

## Entire Revenues.

44. The subjoined table shows at a glance the entire Land and Sayer Revenues of the year, being an abstract of Appendix No. VII. Having already reviewed the results under their various heads, I need add nothing in this place.

## Cost of Collection.

45. To this para. I have added the usual table contrasting the cost of collecting the year's revenue with that of the year preceding. Government have in para. 48 of their Resolution No. 6092, dated 20th October 1875, directed the discontinuance of this statement, and the substitution for it of a classified statement of the cash allowances which are included in Taluka Forms 20, 21, and 22 ; and their instructions will be duly attended to. According to the figures in this statement, however, the cost of collection has increased by Rs. 40,915-6-10 for the Division, giving a percentage increase, as compared with 1873-74, of annas 4 and pies 3. This increase is due to various minor causes, but chiefly to larger disbursements on account of salaries to stipendiary servants and to hereditary officers on account of the revision of their allowances on the expiration of the fixed period of 10 years :—

J. E. OLIPHANT,
Acting Revenue Commissioner, S. D.

BOMBAY : PRINTED AT THE GOVERNMENT CENTRAL PRESS.

B 619—C

No. 3654 of 1877.

REVENUE DEPARTMENT.

FROM

E. P. ROBERTSON, ESQ.,

REVENUE COMMISSIONER, S. D.,

To

THE HON'BLE E. W. RAVENSCROFT, C.S.I.,

CHIEF SECRETARY TO GOVERNMENT, BOMBAY.

*Poona, 4th August* 1877.

SIR,

I have the honour to submit the following Report on the revenue settlement of the collectorates of the Southern Division for the year 1875-76, together with the following appendices:—

Appendix No. I.—Average incidence of the Government demand in each district on Government and alienated lands paying quit-rent.
Huzur Form No. 9.

Appendix No. II.—Contrasted statement showing the gross and net land revenue, together with remissions and balances outstanding.
Huzur Form No. 10A.

Appendix No. III.—Statement showing the minor items of revenue entered in Column 22 of the above-named statement.
Supplement to Huzur Form No. 10A.

Appendix No. IV.—Contrasted statement showing the amount of Tagai advances, the sums written off, and balances outstanding.
Huzur Form No. 13D.

Appendix No. V.—Statement showing the objects for which Tagai advances were given, the collections made, and balances written off.
Huzur Form No. 14E.

Appendix No. VI.—Contrasted statement showing the extent of each description of culturable land bearing assessment.
Huzur Form No. 16G.

Appendix No. VII.—Statement showing the average amount of seed sown, and average yield per acre of each of the principal products.
Huzur Form No. 17H.

Appendix No. VIII.—Contrasted statement of certain items of Sayer revenue.
Huzur Form No. 18I.A.

Appendix No. IX.—Contrasted statement of Sayer revenue other than those embodied in Huzur Form No. 18I.A. above.
Huzur Form No. 18I.B.

Appendix No. X.—Contrasted statement of the allowances of village and district hereditary officers, including miscellaneous allowances.
Huzur Form No. 20K.

Appendix No. XI.—Contrasted statement showing the area of occupied land thrown up, and waste land taken up for cultivation.
Huzur Form No. 21L.

Supplementary Huzur Form No. 21L. — Appendix No. XII.—Explanatory statement of the reasons of increase and decrease in the area of land thrown out of, and taken up for, cultivation.

Huzur Form No. 25P. — Appendix No. XIII.—Statement showing the details of land set apart for special and public purposes.

Huzur Form No. 26Q. — Appendix No. XIV.—Statement showing the number and extent of occupancies.

Appendix No. XV.—Statement showing the number of cattle, carts, ploughs, &c., in each of the districts of the Southern Division.

2. Many of these appendices have hitherto formed accompaniments to this report, but some of them are now submitted for the first time, in accordance with the forms prescribed by Government. Being required for the first time, it was found necessary to return some of the statements several times to the Collectors for correction or explanation. I had at first hoped to submit this report as soon as the more inportant information had been collected; but the famine work of the year having assumed such large proportions, it was found necessary to yield to the more pressing work connected with it, and thus some delay has occurred in the submission of this report, which I regret.

3. Adverting to the appendices to this report, I notice that Appendix No. I. has been misplaced, and that it ought more appropriately to follow No. XII. Its present place was assigned to it by my predecessor in consultation with the Revenue Commissioner, Northern Division, the intention being to arrange them in the order of Hope's Forms for Jamábandi returns without exceeding the total number of those forms. Appendix No. I. will, therefore, be referred to later on in this report.

*Villages.*

4. Reviewing Appendix No. II. first, the subjoined table is given, and it shows at a glance the total number of villages in each collectorate of this division during the years 1875-76 and 1874-75 :—

| Collectorates. | Villages. | | | | | | Number in 1875-76. | | | | | |

| Total ... | 9,418¾ | 1,475¾ | 10,894½ | 9,419¼ | 1,475¼ | 10,894½ | 57 | 12½ | 69½ | 12½ | 12 | 69½ |

5. It will be observed that the total number of villages remains the same as in the previous year. The decrease in Government and alienated villages in Satara, and corresponding increase in Sholápur, is nominal, and is due to the transfer of the Málsiras Taluka from the former to the latter collectorate, to which it now belongs.

6. The decrease of a half Government village is caused by the continuance of the village of Baburdi in the Ahmednagar Collectorate in inam to the Purandhur family; but whereas this should occasion an increase of one in the number of alienated villages, the actual increase is half only. This is due to the rectification of an error committed last year in recording, as wholly alienated, the partly alienated village of Bhigun, in the Shrigonda Taluka.

*Hamlets.*

7. The subjoined table shows that there has been an increase of 37 Government and 1 alienated, and a decrease of 37 Government and 4 alienated hamlets, which gives a net decrease of 3 alienated hamlets as the results of the year:—

| Collectorates. | Hamlets. | | | | | | Number in 1875-76. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Number in 1875-76. | | | Number in 1874-75. | | | Increase. | | | Decrease. | | |
| | Government. | Alienated. | Total. | Government. | Alienated. | Total. | Government. | Alienated. | Total. | Government. | Alienated. | Total. |
| Poona ... ... .. | 925 | 156 | 1,081 | 925 | 156 | 1,081 | ... | ... | .. | ... | ... | .. |
| Ahmednagar ... ... | 537 | 78 | 615 | 537 | 78 | 615 | ... | ... | ... | ... | ... | ... |

| Total ... | 10,789 | 1,023 | 11,811 | 10,788 | 1,026 | 11,814 | 37 | 1 | 38 | 37 | 4<br>1 | 41 |
| Net ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | ... | 3 | ... |

8. This is attributable to the expunging of 3 hamlets hitherto erroneously included among the alienated hamlets in Satara. The decrease of 37 Government and of 1 alienated hamlet in Satara, and corresponding increase in Sholápur is due to the transfer of the Málsiras Taluka from Satara to Sholápur, mentioned in the preceding paragraph.

Land Revenue—Financial Results.

9. The subjoined table exhibits the results of the year's settlement, contrasted with the same for the preceding year.

10. It shows a decrease of Rs. 6,066-10-1 in the gross land revenue of this division; an increase of Rs. 29,065-6-4 in alienations; a decrease of Rs. 36,814-0-11 in the Government revenue; an increase of Rs. 1,682-0-6 in public works revenue from irrigation; a decrease of Rs. 71,438-5-11 in remissions; and an increase of Rs. 34,624-5-0 and Rs. 33,720-13-5 in the net revenue for collections and the actual collections, respectively. There is an increase of Rs. 891-7-7 in the balances for the current year, and also an increase of Rs. 15,128-2-6 in the balances for former years, which is not satisfactory. Owing to this, there is also an increase in the amount of balances outstanding on the 1st of August to the extent of Rs. 16,019-10-1. This increase occurs chiefly in Kanara, and is due principally to the Kanara land case not being finally settled.

| Total ... | 1,84,853 15 10 | 1,90,920 9 11 |
| | | 1,84,853 15 10 |
| | Net Decrease ... | 6,066 10 1 |

11. The net decrease of Rs. 6,066-10-1 under this head occurs, as will be seen from the figures marginally given, solely in the collectorates of Poona, Belgaum, and Sholápur. The decrease amounted to Rs.1,90,920-9-11, which, after deducting the net increase aggregating Rs. 1,84,853-15-10 in the remaining collectorates of Ahmednagar, Kaládgi, Ratnágiri, Dharwar, Satara, and Kanara, reduces the net decrease to Rs.6,066-10-1, as shown above. The causes of increase and decrease in the several collectorates will be detailed further on.

## Alienations.

12. Under this head the net increase is Rs. 29,065-6-4, as will be seen from the figures pertaining to each collectorate shown in the margin. The largest increase appears in the Dharwar Collectorate, and next in order appear the collectorates of Satara, Poona, and Kaládgi. The chief cause of these increases is traceable to the introduction of the Revenue Survey into alienated holdings, by which the assessment has been generally raised. It is also to some extent due to the re-adjustment of the revenue of some villages in the Poona Collectorate according to their kamal assessment, and in Satara to the assignment of land in inam in substitution of cash payments in the case of certain amals enjoyed by alienees in that collectorate.

| | Increase. | Decrease. |
|---|---|---|
| | Rs. a. p. | Rs. a. p. |
| Poona ... ... | 5,604 4 4 | ..... |
| Ahmednagar... ... | ..... | 232 9 4 |
| Kaládgi ... ... | 3,612 6 11 | ..... |
| Ratnágiri ... ... | ..... | 400 6 11 |
| Belgaum ... ... | ..... | 1,307 11 8 |
| Dharwar ... ... | 25,408 3 2 | ..... |
| Satara ... ... | 7,695 4 9 | ..... |
| Kanara ... ... | ..... | ..... |
| Sholápur ... ... | ..... | 11,314 0 11 |
| Total ... | 42,320 3 2 | 13,254 12 10 |
| | 13,254 12 10 | |
| Net ... | 29,065 6 4 | |

13. Of the decrease shown in the margin above, that in Sholápur, which is the largest in amount, is due chiefly to a reduction of assessment consequent on the revision of the Survey rates under the orders in Government Resolution No. 5739 of 20th October 1874; that in Belgaum to the resumption of minor inams; that in Ratnágiri, to the reduction of assessment effected consequent on the orders in Government Resolution, No. 6303, dated 10th November 1874; and that in Ahmednagar, to smaller realizations from inam lands which are valued in the accounts according to the annual revenue realized, and consequently fluctuates yearly.

## Public Works Revenue from Irrigation.

14. There is an aggregate increase of Rs. 1,682-0-6 in the realizations under this head. There is no revenue from this source in the collectorates of Ratnágiri, Belgaum, and Kanara; of the remaining collectorates, all, except Satara, exhibit an increase. The total irrigation revenue in the year under report is Rs. 24,639-2-5 against Rs. 22,957-1-11 in the year preceding; and, of this sum,

Sátara yields the most, and Kaládgi the least. The increase of this revenue in Poona and Sholápur is satisfactory, and creditable in Kaládgi, where it has more than doubled. In Poona the increase is 44¾ per cent., and in Sholápur 33 per cent. As the taking of water for irrigation is not compulsory, the appreciation of this mode of cultivation by the ryots is a healthy sign of gradual improvement. The net results are as follows:—

| | Increase. Rs. | a. | p. |
|---|---|---|---|
| Poona ... ... ... ... ... ... | 937 | 7 | 2 |
| Ahmednagar ... ... ... ... ... ... | 238 | 0 | 11 |
| Kaládgi ... ... ... ... ... ... | 161 | 11 | 0 |
| Dharwar ... ... ... ... ... ... | 29 | 14 | 11 |
| Sholápur ... ... ... ... ... ... | 432 | 1 | 1 |
| Total ... | 1,799 | 3 | 1 |
| *Deduct* Decrease in Satara ... | 117 | 2 | 7 |
| Net ... | 1,632 | 0 | 6 |

| | More in 1875-76. Rs. | a. | p. | Less in 1875-76. Rs | a. | p. |
|---|---|---|---|---|---|---|
| Poona ... ... ... ... ... | ..... | | | 62,580 | 0 | 6 |
| Ahmedabad ... ... ... ... ... | 11,133 | 11 | 9 | ..... | | |
| Kaládgi ... ... ... ... ... | 43,135 | 5 | 3 | ..... | | |
| Ratnágiri ... ... ... ... ... | 3,454 | 6 | 4 | ..... | | |
| Belgaum ... ... ... ... ... | ..... | | | 1,540 | 13 | 3 |
| Dharwar ... ... ... ... ... | 89,766 | 5 | 10 | ..... | | |
| Satara ... ... ... ... ... | ..... | | | 2,263 | 10 | 10 |
| Kanara ... ... ... ... ... | 3,232 | 6 | 8 | ..... | | |
| Sholápur ... ... ... ... ... | ..... | | | 1,21,151 | 12 | 2 |
| Total ... | 1,50,722 | 3 | 10 | 1,87,536 | 4 | 8 |
| Deduct ... | ..... | | | 1,50,722 | 3 | 10 |
| Net ... | ..... | | | 36,814 | 0 | 11 |

15. The aggregate of this item for the year under report is Rs. 1,15,76,239-7-0, or Rs. 36,814-0-11 less than it was in the preceding year. The fluctuations in each collectorate are as shown in the margin, and are thus explained by the Collectors:—

*Poona.*—Decrease Rs. 62,580-0-6, due mainly to the reduction of the revised Survey rates under the orders of Government.

*Ahmednagar.*—Increase Rs. 11,133-11-9, attributable chiefly to the revision of the Survey assessment in certain villages of the Kopargaon and Sangamner talukas.

*Kaládgi.*—Increase Rs. 43,135-5-3, caused principally by the introduction of the revised rates of assessment into the talukas of Indi, Shindgi, and Bijápur.

*Ratnágiri.*—Increase Rs. 3,454-6-4, owing chiefly to the commutation rates for the Government share of the revenue receivable in kind, being higher than in the previous year.

*Belgaum.*—Decrease Rs. 1,540-13-3, due chiefly to the transfer of certain kurans and lands to the Commissariat and Military Departments, the latter for inclusion in cantonment limits; and also, in some measure, to a decrease in the amount of summary settlement Judi, consequent on the survey rates being less than the Mamul assessment, on which the Judi was at first calculated.

*Dharwar.*—Increase Rs. 89,766-5-10, owing principally to the introduction of the revised survey rates into the talukas of Roan Gadag and Nawalgund, and to enhanced realizations from inam lands under attachment.

*Satara.*—Decrease Rs. 2,263-10-10, due chiefly to the substitution of land for cash payments in the case of certain alienees in that collectorate.

*Kanara.*—Increase Rs. 3,232-6-8, owing chiefly to larger receipts from the sale of occupancy rights, as also from certain miscellaneous items of land revenue.

*Sholápur.*—Decrease Rs. 1,21,151-12-2, caused mainly by the reduction of the revised Survey rates under orders from Government.

## Remissions.

16. The remissions granted during the year under report amounted to Rs. 1,84,740-2-2, *vide* column 34 of Appendix No. II., being less by Rs. 71,438-5-11 than the remissions granted in the preceding year. The several reasons, which necessitated this grant, are stated in columns 25 to 33 of the appendix above referred to.

17. In column 33, remissions due to "other causes," nothing is entered against Ahmednagar; and for the other collectorates, except Kanara, the amount entered is trifling and calls for no special remark. As regards Kanara, against which the large sum of Rs. 1,21,112-13-6 appears, it should be explained that the entry is nominal, representing customary deductions from the annual gross revenue as was reported in para. 21 of the Southern Division report for last year.

## Collections and Current Year's Balances.

18. The revenue for collection in the year under report amounted to Rs. 1,13,91,499-4-10 for the entire division. In the preceding year, 1874-75, it amounted to Rs. 1,13,56,874-15-10, thus showing an increase of Rs. 34,624-5-0 in favour of 1875-76, the causes of which have already been detailed in the preceding paragraphs. Of the above-mentioned sum of Rs. 1,13,91,499-4-10, Rs. 1,13,51,690-13-8 were collected by the end of July 1876, leaving an outstanding balance on the 1st August 1876 of Rs. 39,808-7-2, or Rs. 891-7-7 in excess of the balance outstanding on the corresponding date in the previous year. This is due, in great measure, to large balances having been held over in the previous year, chiefly in the eastern districts of the Poona Collectorate; and in Kanara, owing to the unfavourableness of the season in the former, and to suits pending against Government in the latter collectorate.

19. This large balance Rs. 39,808-7-2 was, however, by subsequent collections and adjustments, as shown in the margin, reduced by Rs. 12,849-3-0 up to the dates of the Collector's reports, bringing it down to Rs. 26,959-4-2. It will be observed that the whole of the balances in the Kaládgi and Dharwar collectorates have since been cleared off, which is very satisfactory. Of the balance remaining in Sholápur, Rs. 164-9-5 only were actually collected, the large amount of Rs. 4,319-14-10 having been written off as irrecoverable. In the collectorates of Poona, Ratnágiri and Satara, the collections have been comparatively larger, and only small sums have been written off. The whole of the balance in Ahmednagar and Belgaum is shown by the Collectors as recoverable, but nothing seems to have been collected up to the dates of the Collectors' reports. As was remarked in last year's report, Kanara is still behind hand in this matter, as the large sum of Rs. 14,974-7-6 still remains uncollected, owing chiefly to injunctions from the civil court rendering necessary the collections being deferred pending final settlement of certain suits brought against Government.

| Collectorates. | Balance on 1st August 1876. | Since collected. | Written off. | Balance at date of Collectors' Reports. |
|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ... | 7,032 0 4 | 1,132 13 6 | 96 1 0 | 5,802 1 10 |
| Ahmedabad ... | 2,441 5 8 | ..... | ..... | 2,441 5 8 |
| Kaládgi ... | 14 0 0 | 14 0 0 | ..... | ..... |
| Ratnágiri ... | 5,917 10 2 | 3,189 12 5 | 41 3 8 | 2,686 10 1 |
| Belgaum ... | 267 9 0 | ..... | ..... | 267 9 0 |
| Dharwar ... | 335 1 0 | 335 1 0 | ..... | ..... |
| Satara .. | 4,142 11 3 | 3,290 7 2 | 66 8 0 | 785 12 1 |
| Kanara ... | 15,173 3 6 | 198 12 0 | ..... | 14,974 7 7 |
| Sholápur ... | 4,484 13 3 | 164 9 5 | 4,319 14 10 | 0 6 0 |
| Total ... | 39,808 7 2 | 8,325 7 6 | 4,523 11 6 | 26,959 4 2 |

## Former years' Balances.

20. The balances for former years amounted at the beginning of the year 1875-76 to Rs. 81,661-11-9; and of this sum Rs. 19,375-9-7 were collected, and Rs. 4,413-3-6 adjusted during the year, as shown in the margin, leaving a balance outstanding on the 1st August 1876 amounting to Rs. 57,872-14-8 in the collectorates named below:—

| Collectorates. | Balance on 1st August 1875. | Amount collected. | Amount written off. | Total. | Balance remaining on 31st July 1876. |
|---|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ... ... | 7,800 15 10 | 5,319 10 0 | 1,683 12 0 | 7,003 6 0 | 797 9 10 |
| Ahmednagar ... | 141 13 6 | 78 15 6 | 62 14 0 | 141 13 6 | ..... |
| Kaládgi... ... | 509 8 0 | 489 13 9 | 19 10 3 | 509 8 0 | ..... |
| Ratnágiri ... | 11,889 2 0 | 5,653 2 7 | 642 8 1 | 6,295 10 8 | 5,593 7 4 |
| Belgaum ... | 585 2 3 | 51 4 0 | ..... | 51 4 0 | 533 14 3 |
| Dharwar ... | ..... | ..... | ..... | ..... | ..... |
| Satara ... ... | 5,815 11 11 | 4,746 11 8 | 542 5 10 | 5,289 1 6 | 526 10 5 |
| Kanara ... ... | 52,375 11 0 | 1,699 13 2 | 267 15 8 | 1,967 12 10 | 50,407 14 2 |
| Sholápur ... | 2,543 11 3 | 1,336 2 11 | 1,194 1 8 | 2,530 4 7 | 13 6 8 |
| Total ... | 81,661 11 9 | 19,375 9 7 | 4,413 3 6 | 23,788 13 1 | 57,872 14 8 |

| | Rs. a. p. |
|---|---|
| In Poona ... ... ... ... | 797 9 10 |
| „ Ratnágiri ... ... ... ... | 5,593 7 4 |
| „ Belgaum ... ... ... ... | 533 14 3 |
| „ Satara ... ... ... ... | 526 10 5 |
| „ Kanara ... ... ... ... | 50,407 14 2 |
| „ Sholápur ... ... ... ... | 13 6 8 |
| Total Rs. | 57,872 14 8 |

21. It is gratifying to observe that there were no balances outstanding for former years in the collectorates of Ahmednagar, Kaládgi, and Dharwar, and next to nothing in that of Sholápur. In Kanara, and also in Ratnágiri, the balances are exceptionally large; but in Poona, Belgaum, and Satara they are not of very large amount.

22. This balance of Rs. 57,872-14-8 was, by subsequent recoveries and adjustments, reduced up to the date of the Collectors' reports, as shown in the margin, to Rs. 57,558, for the adjustment of which measures are reported to be in progress. In Kanara the large balance remains outstanding, chiefly for the reason stated in paragraph 10 of this Report. The Collector considers Rs. 50,265-0-10 of the balance outstanding to be recoverable, leaving only Rs. 143-13-4 as irrecoverable. In Ratnágiri, where also the balance is in a great measure due to the actions of the civil courts and to disputes arising out of the Survey settlement, it is hoped that an adjustment may shortly be effected.

| | Amount collected. | Amount written off. | Total. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ... ... | 46 5 3 | ..... | 46 5 3 |
| Ratnágiri ... | 65 9 4 | 4 9 0 | 70 2 4 |
| Satara ... ... | 37 3 3 | ..... | 37 3 3 |
| Kanara ... ... | 161 3 10 | ..... | 161 3 10 |
| Total ... | 310 5 8 | 4 9 0 | 314 14 8 |

23. The subjoined table shows the distribution of the entire balances outstanding for both the current and former years in the several collectorates of this division. As explained above, the balance for the current year has by subsequent recoveries and adjustments been reduced to Rs. 26,959-4-2, and that for former years to Rs. 57,558, making together Rs. 84,517-4-2 as the total outstanding balance for the entire division. But for convenience of reference the balances are here shown as they stood at the close of the year under report, and not as they were actually at the time when the Collectors' reports were submitted:—

| Collectorates. | | Current Year's Balances. | Former Years' Balances. | Total. |
|---|---|---|---|---|
| | | Rs. a. p. | Rs. a. p. | Rs. a. p. |

## Tadga'i.

24. Appendix No. IV.—Huzur Form No. 13D shows the amount of Tagai advances made during the year under report, as contrasted with the advances of the preceding year. In Kaládgi, Ratnágiri, Belgaum, Dharwar, and Kanara no Tagai advances were made; but in the remaining four collectorates, advances to the extent of Rs. 16,370, as shown in the margin, were given. This amount was advanced to the ryots of 195 out of a total of nearly 11,000 Government villages comprising the division, which appears to show that the agricultural classes are not wholly dependent on Government for aid of this description.

| | | |
|---|---|---|
| Poona ... | ... | Rs. 775 |
| Ahmednagar ... | | ,, 5,690 |
| Satara | ... | ,, 3,500 |
| Sholápur | ... | ,, 6,405 |
| | Total Rs. | 16,370 |

25. The ryots of alienated villages were not hitherto allowed the benefits of such advances, but on my recommendation Government were pleased in Resolution No. 2254, dated 9th April 1877, to extend the benefits of the Land Improvement Act to the cultivators of such villages. How far the ryots of alienated villages will seek to avail themselves of this concession, remains to be seen, and the matter will be duly noticed in my next Jamábandi Report.

26. Appendix No. V.—Huzur Form 14E shows the objects for which the Tagai advances were granted. The greater portion consists of grants for sinking wells. Small advances were also given to assist the cultivators in embanking their fields. The total sum advanced in the current and past years in the division, and remaining for recovery at the beginning of the year, amounts to Rs. 55,129-15-0. Of this sun Rs. 33,954-8-0 are set down as due in future years, Rs. 18,418-7-0 as due in the current year, and Rs. 2,757 as due in past years; while the total collections made during the year amount to Rs. 20,179-11-0, of which Rs. 17,896 are on account of instalments due in the current and future years in payment of advances made in the present or former years, and Rs. 2,283-10-0 are an account of instalments which fell due in former years. The balance outstanding on 1st August 1876 is Rs. 34,950-4-0, of which not less than Rs. 33,854-8-0 fall due in future years, which shows that almost the whole of the balance outstanding is on account of instalments not yet due for collection. The sum of Rs. 622-6-0, being the balance of instalments due in the current year, and of Rs. 473-6-0, being that of instalments which fell due in past years, are small as compared with the balance which remained uncollected last year, viz., Rs. 3,260-5-0. It is gratifying to observe that not a single case occurred in which it was necessary to write off an advance as irrecoverable,—a circumstance which shows that the district officers are careful strictly to adhere to the rules regarding security and surety for repayment.

## Cultivation and Chief Products.

27. Appendix No. VI.—Huzur Form 16G gives in detail the extent of each description of culturable land bearing assessment as compared with the preceding year. The subjoined table, which is an analysis of this Appendix, shows the cultivated area in each collectorate and the increase or decrease in the land under cultivation for the year as compared with the year preceding:—

| Collectorates. | Cultivated in | | In 1875-76. | | Left waste in 1875-76. | Percentage of waste uncultivated lands. |
|---|---|---|---|---|---|---|
| | 1875-76. | 1874-75. | Increase. | Decrease. | | |
| | A. g. a. | A. g. a. | A. g. a. | A. g. a. | A. g. a. | A. g. a. |

| Kanara ... ... ... ... | ..... | ..... | ..... | ..... | ..... | ..... |
| Sholápur ... ... ... ... | 21,47,132 14 0 | 19,29,170 34 0 | 168,266 21 0 | ..... | 28,504 19 0 | 1 13 2 |
| Total ... | 1,36,02,224 6 6 | 1,35,71,528 1 6 | 2,82,624 19 0 | 2,51,928 14 0 | 4,96,599 38 14 | ..... |
| Net ... | ..... | ..... | 30,696 5 0 | ..... | ..... | ..... |

28. This table shows that Government land under cultivation has decreased in the collectorates of Poona, Ahmednagar, Belgaum and Satara by about 251,928 acres 14 guntas, and increased in those of Kaládgi, Ratnágiri, Dharwar, and Sholápur to the extent of 282,624 acres 19 guntas, showing a net increase of cultivation of 30,696 acres 5 guntas. The figures for the Kanara District cannot, for reasons explained in paragraph 37 of the last report, as yet be supplied. Those for Ratnágiri are only approximate, as that collectorate has not as yet been wholly surveyed. The large decrease in Satara and increase in Sholápur is due to the transfer of the Málsiras Taluka from the former to the latter collectorate. The decrease in Poona is caused by lands being thrown up, and also sold in default of payment of the Government revenue. These causes, in addition to the grant in Inam of the village of Baburdi Guwat to the Purandhare family, also account for the decrease in Ahmednagar.

29. Appendix No. VII.—Huzur Form 17H is prepared in accordance with the suggestions of Government made in paragraph 27 of their Resolution No. 6092, dated 20th October 1875, and in conformity with the list of products required by the India Office.

30. This appendix shows the average seed sown and the average yield per acre of each of the principal products in the several collectorates of the division. It must be remarked that this statement can scarcely be viewed as reliable. I beg, as an instance of the unsatisfactory nature of this statement, to draw the attention of Government to the figures entered against the talukas of the Poona Collectorate on the first page under "2 Barley." While the average yield per acre in Indápur is shown as 1 maund, that for the adjoining taluka of Bhimthari is shown to be as much as 9 maunds per acre. This can hardly be credited, and there is reason to fear that the returns rendered to the Collectors' Huzur by the taluka officers are not closely scrutinized. Such apparent inconsistencies demand some explanation from the officers who compile the returns; yet none has been furnished, and the returns are, therefore, of very little value as they stand. The attention of the Collectors will be drawn to this subject.

### Sayer Revenue.

31. Appendices Nos. VIII. and IX.—Huzur Forms 18*Ia* and 18*Ib* exhibit the Sayer revenues of the division for the year under report, in contrast with that for the preceding year. The subjoined table is an abstract of these two appendices, excluding the totals of Appendix No. II. (Huzur Form 10A) which have been entered at the foot of Appendix No. IX. to show in one place the financial results of both the Land and Sayer revenue settlements of the year for the entire division.

## Gross Sayer Revenue.

32. The gross Sayer Revenue of the Division for the year under notice amounted to Rs. 9,49,907-10-1. In the year 1874-75 it amounted to Rs. 9,74,324-7-7, thus showing a decrease in the year of report amounting to Rs. 24,416-13-6. The fluctuations are explained in the following paragraphs :—

### *Alienations.*

33. There are not entries under this head in the year under report.

### *Government Sayer Revenue.*

34. The net Government Sayer Revenue of the year for the entire Division is the same as shown in para. 32 above, there being no alienated Sayer revenue in the Division. The net decrease of Rs. 24,416-13-6 is obtained by deducting the total increase in Ahmednagar and Kanara from the total decrease in the remaining Collectorates as shown in the margin. The principal causes of these fluctuations are given in the review of the various items of Sayer Revenue which follow.

| Collectorates. | Less in 1875-76. | More in 1875-76. |
|---|---|---|
| | Rs. a. p. | Rs. a. p. |
| Poona ... ... ... ... | 7,844 9 0 | ..... |

| Rátnágiri ... ... ... | 292 13 7 | ..... |
| Belgaum ... ... ... ... | 2,363 8 2 | ..... |
| Dharwar ... ... ... ... | 6,276 12 8 | ..... |
| Satara ... ... ... ... | 1,464 12 7 | ..... |
| Kanara ... ... ... ... | ..... | 9,967 15 10 |
| Sholápur ... ... ... ... | 2,977 15 10 | ..... |
| | 35,421 14 0 | 11,005 0 6 |
| Deduct Increase from Decrease. | 11,005 0 6 | |
| | 24,416 13 6 | |

35. The subjoined is an abstract of the two Appendices Nos. VIII. and IX., and it shows the various items which are included under Sayer Revenue and the realizations therefrom in the year under notice, in contrast with the same for the preceding year :—

| No. | Items. | Government Revenue for 1875-76. | Government Revenue for 1874-75. | More in 1875-76. | Less in 1875-76. |
|---|---|---|---|---|---|
| | | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| 1 | Licenses for selling European Liquors ... | 6,152 5 4 | 7,060 0 0 | ..... | 907 10 8 |
| 2 | Fees from Sudder Distilleries ... ... | 3,018 14 0 | 882 0 0 | 2,136 14 0 | ..... |
| 3 | Licenses under sections 58 and 62 ... .. | 8,98,931 15 10 | 9,12,089 13 2 | ..... | 13,157 13 4 |
| 4 | Farms for tapping Date Trees.. ... .. | 690 0 0 | 775 0 0 | ..... | 85 0 0 |
| 5 | Do for selling Boja. | 1,950 0 0 | 1,168 0 0 | 782 0 0 | ..... |
| 6 | Ganja, Bhang... ... | 22,699 14 4 | 25,701 8 0 | ..... | 3,001 9 8 |
| 7 | Majum... ... ... | 975 8 0 | 944 8 0 | 31 0 0 | ..... |
| 8 | Chandol ... ... | 979 0 0 | 774 0 0 | 205 0 0 | ..... |
| 9 | Items coming under "18 Miscellaneous"... | 14,291 13 6 | 24,787 14 7 | ..... | 10,496 1 6 |
| 10 | Pendha ... ... | 35 0 0 | 14 0 0 | 21 0 0 | ..... |
| 11 | Misc. Items of Abkari.. | 183 3 1 | 127 11 10 | 557 3 0 | ..... |
| | | 9,49,907 10 1 | 9,74,324 7 7 | 3,231 5 3 | 27,648 2 9 |
| | | | 9,49,907 10 1 | | 3,231 5 3 |
| | | | 24,416 13 6 | | 24,416 13 6 |

The decrease of Rs. 907-10-8 under Fees on account of licenses for the sale of European Liquors is owing to a less number of licenses having been issued in the year under report in the Collectorates of Poona, Belgaum, and Satara.

The increase of Rs. 2,136-14-0 shown as accruing from Fees collected from Suddar Distilleries is owing to a larger quantity of liquor paying still-head duty having passed through the Distillery at Mundhwa during the year in the Poona Collectorate.

The decrease of Rs. 13,157-13-4 under Licenses for manufacture and sale of Country Liquor occurs chiefly in the Collectorates of Kaládgi, Dharwar, and Sholápur, and is due to the Liquor Farms having this year realized less than in the year preceding.

The decrease of Rs. 85 in the proceeds of the Farm for tapping Date trees occurred in Sholápur, and was caused owing to a want of brisk competition at the annual sale of the Farm.

The increase of Rs. 782 in the proceeds of Farms for selling Boja is chiefly attributable to the high bids at the annual auction sales of the Farms in Dharwar and Sholápur.

36. In Intoxicating Drugs other than Opium, there is a decrease under the item Ganja-Bhang, and in items coming under "18—Miscellaneous"; while under Majum, Chandol, &c., there is a slight increase. These fluctuations are due, in some measure, to a want of competition at the sale of the Farms, but chiefly to the items under "18—Miscellaneous" having produced less, particularly in the Poona and Dharwar Collectorates.

*Remissions.*

37. Under this head Rs. 176-12-7 are shown for the year under report. Last year no remissions of Sayer Revenue were given, except from Forest Revenue in Kanara, which, however, is not brought forward this year owing to Forest receipts, along with certain other items, having been omitted from Sayer Revenue under the orders in para. 47 of Government Resolution No. 6092, dated 27th October 1875. The Remissions for the year appear against the Ahmednagar and Kanara Collectorates only, and the amount bears a very small proportion to the gross Sayer Revenue, which aggregates Rs. 9,49,907-10-1, but of which, consequent on the remissions granted, there remain for collection Rs. 9,49,730-13-6, or Rs. 24,593-10-1 less than the revenue of the year preceding.

*Collections and Balances of the Current Year.*

38. Of the abovementioned sum Rs. 9,49,683-13-6 were collected up to the close of the year, leaving a balance outstanding on the 1st August 1876 of Rs. 47 only, which is less by Rs. 293-3-9 than the sum which remained outstanding on the corresponding date in the preceding year. This balance, which pertained to the Ratnágiri Collectorate, has since been recovered, so that no balances whatever of Sayer Revenue for the current year are outstanding, which is very satisfactory.

*Balances on account of former years.*

39. The balance of Sayer Revenue for former years remaining for adjustment at the beginning of the year was Rs. 15,627-14-11 in the Collectorates noted in the margin, out of which Rs. 2,335-14-11 were collected and Rs. 1,412 written off as irrecoverable in Kanara, leaving for adjustment on the 1st August 1876 a balance of Rs. 11,880, which is less by Rs. 3,407-11-2 than the sum which remained outstanding on the corresponding date in 1875.

| | Rs. | a. | p. |
|---|---|---|---|
| Kaládgi ... ... | 12,698 | 0 | 0 |
| Ratnágiri ... ... | 124 | 3 | 9 |
| Dharwar ... ... | 216 | 0 | 0 |
| Kanara ... ... | 2,589 | 11 | 2 |
| | 15,627 | 14 | 11 |

40. This amount remains outstanding in the Kaládgi Collectorate alone, and is being recovered, as Government are aware, by annual instalments, as sanctioned in their Resolution No. 5908, dated 9th November 1874.

41. The subjoined table shows the disposition of the balances both of current and former years, as they stood on 1st August 1876:—

| Collectorates. | | Current year's Balances. | Former year's Balances. | Total. |
|---|---|---|---|---|
| | | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Kaládgi ... | Recoverable ... ... ... | ..... | 11,880 0 0 | 11,880 0 0 |
| | Irrecoverable ... ... ... | ..... | ..... | ..... |
| | Doubtful and Disputed ... | ..... | ..... | ..... |

| | Irrecoverable ... ... ... | ..... | ..... | ..... |
| | Doubtful and Disputed ... | ..... | ..... | ..... |
| | | 47 0 0 | 11,880 0 0 | 11,927 0 0 |

सत्यमेव जयते

ENTIRE REVENUES.

42. The subjoined table exhibits the entire Land and Sayer Revenues of the Division for 1875-76, in contrast with the same for the year preceding. Fuller details will be found in Appendix No. IX. Huzur Form No. 18 I. B., of which this is an abstract. As the several fluctuations have been already explained in detail under their various headings, nothing remains to be added in this place:—

43. Appendix X. Huzur Form 20 K. exhibits the cash allowances due to Village and District Hereditary Officers in the current and preceding year, classed as under:—

1. Allowances to Village Officers and Village Expenses.
2. Ditto to District Hereditary Officers.
3. Ditto of a Miscellaneous nature.

44. This statement has been substituted for that hitherto furnished, to show the cost of collection in accordance with the instructions in para. 48 of Government Resolution No. 6092, dated 20th October 1875. It includes all the cash allowances which appear in Taluka Forms 20, 21, and 22.

45. There is a net increase of Rs. 18,223-1-7 and of Rs. 33,134-15-8 in the items appearing in Taluka Forms Nos. 20 and 22, respectively, and a net decrease of Rs. 4,764-1-3 in the items appearing in Form 21, as contrasted with the same items for the preceding year. The net increase amounts to Rs. 46,593-15-8, and the fluctuations are thus explained:—

The increase under allowances to Village Officers, &c., is due to the allowances of these officers having been revised on the expiration of the fixed period of 10 years, and to such revision having in some instances proportionately raised their emoluments.

The decrease under allowances to District Hereditary Officers, &c., is chiefly owing to the allowances enjoyed by certain Gadkaris in the Satara Collectorate having been transferred to the head of General Inams.

The increase under allowances of a Miscellaneous nature is owing principally to the larger Political pensions granted in Dharwar under the authority of Government Resolution No. 2293 of 20th July 1875 to one Jaintibai, wife of Shriniwasrao, and her daughter-in-law Ramabai, and to the pensions granted to the adopted son of the late Rani Saheb of Satara, Rajaram Bhousla, and certain dependents of Her Highness, appearing in the accounts this year.

46. Appendices marked XI. and XII. Huzur Form 21 L., with its supplement, show the area of land thrown out of, and waste land newly taken up for, cultivation, with reasons for increase and decrease during the year under report. The following statement exhibits the principal items in contrast with the same for the year preceding:—

| Years. | Total occupied Lands. | | Waste Land bought by Government of Revenue Defaulters. | | Land taken up for cultivation. | |
|---|---|---|---|---|---|---|
| | Area. | Assessment. | Area. | Assessment. | Area. | Assessment. |
| | A. g. a. | Rs. a. p. | A. g. a. | Rs. a. p. | A. g. a. | Rs. a. p. |
| 1874-75 ... ... | 13,571,528 1 6 | 87,00,959 4 9 | 8,940 21 0 | 4,634 13 1 | 69,484 8 7½ | 2,08,469 9 1 |
| 1875-76 ... ... | 13,602,224 6 6 | 86,50,382 11 6 | 7,345 39 0 | 3,588 15 0 | 1,10,374 3 8 | 2,03,258 14 4 |
| In 1875-76. Increase. | 30,696 5 0 | ..... | ..... | ..... | 40,889 35 0½ | ..... |
| In 1875-76. Decrease | ..... | 50,576 9 3 | 1,594 22 0 | 1,045 14 1 | ..... | 5,210 10 13 |

47. The above shows that there is an increase in the area under occupation and in that taken up for cultivation in the year under report; but that these larger areas have yielded a less amount of revenue than the smaller areas under occupation in the year preceding. This is owing to a defect in the form of the statement, owing to which the Collectors of Poona and Sholápur have

shown, as the assessment of the lands thrown out of cultivation during the year, the amount by which the revised assessment has been reduced consequent on the orders of Government in Resolutions Nos. 5739, dated 29th October 1874, and 652, dated 2nd February 1875. The decrease, however, in the area and assessment of lands sold for the recovery of the Government demands and bought in by Government, is satisfactory.

48. Appendix No. I, Huzur Form No. 9, comes more approximately for review in this place. The subjoined table, which is an abstract of this statement, shows the average incidence of the Government demand on dry-crop, garden, and rice lands recorded as khalsat, and of the share of the Government demand on alienated lands:—

| Collectorates. | Average incidence of Government Demand per Acre. | | | | Average incidence of Demand on both. |
|---|---|---|---|---|---|
| | On Dry-crop Lands. | On Garden Lands. | On Rice Lands. | On alienated Lands. | |
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ... ... ... | 0 7 11 | 1 5 9 | 2 3 5 | 0 3 7 | 0 8 3 |
| Ahmednagar... ... ... | 0 7 5 | 2 5 2 | 1 8 1 | 0 2 10 | 0 6 11 |
| Kaládgi ... ... ... | 0 7 6 | 1 6 5 | 1 9 11 | 0 5 5 | 0 7 0 |
| Ratnágiri ... ... ... | 0 6 5 | 9 12 6 | 4 3 5 | 0 3 2 | 0 13 11 |
| Belgaum ... ... ... | 0 10 3 | 3 0 3 | 2 14 6 | 0 5 1 | 0 8 6 |
| Dharwar ... ... ... | 0 14 3 | 5 7 0 | 2 2 5 | 0 8 8 | 0 13 2 |
| Satara ... ... ... | 0 11 5 | 3 14 5 | 3 12 0 | 0 7 1 | 0 11 3 |
| Kanara ... ... ... | 0 7 6 | 8 9 0 | 2 8 6 | 0 0 0 | 1 12 6 |
| Sholápur ... ... ... | 0 6 8 | 1 1 6 | 1 7 4 | 0 3 8 | 0 7 2 |

49. As regards Kanara, the figures relate only to lands brought under survey, and as regards Ratnágiri they are in great measure based on estimate. According to the above table the Dharwar District yields the largest average amount per acre as dry-crop assessment; and leaving out Ratnágiri, as being only partially surveyed, we find that Sholápur yields the smallest average revenue per acre on dry-crop lands.

50. As regards garden lands, Dharwar again yields the largest average revenue, and Sholápur the smallest; but as regards rice lands, Satara shows the highest average rate, while Sholápur still shows the lowest.

51. Appendix No. XIII., Huzur Form 25 P., gives the details of lands set apart for special and public purposes, as the same stood during the year under report.

As will be seen from the subjoined table, the largest areas are those appearing against forests and as lands set apart for cattle pasture and as cattle standing-places.—

| | Assessed. | | Unassessed. |
|---|---|---|---|
| | Area. | Assessment. | |
| | A. g. a. | Rs. a. p. | A. g. a. |
| Forests ... ... ... ... ... | 70,408 23 0 | 24,630 7 2 | 7,78,152 26 8 |
| Cattle pasture and cattle standing-places. | 8,010 33 0 | 2,548 14 2 | 7,94,953 29 8 |

It should be noted that the land shown as pasturage land is not in all cases free to the cultivators. A considerable portion is sold by auction and is purchased by the villagers and contractors for the purpose of grazing their cattle and supplying grass to the public in the larger towns and villages.

52. Appendix No. XIV. Huzur Form 26 Q. shows the number and extent of occupancies, including Inam lands, in the several Collectorates of the Southern Division. This statement contains all the information required by Government Resolution No. 954, dated 16th February 1875. An abstract from it is given here to show briefly the number of the smallest and largest holdings in the different Collectorates, together with their average size in each :—

| Collectorates. | Number of Holdings. | | Average size of Occupancies. | |
|---|---|---|---|---|
| | Not exceeding 5 acres. | Exceeding 1,000 acres. | | |
| Poona ... ... ... ... ... ... | 12,414 | 4 | 30 | ... |
| Ahmednagar ... ... ... ... ... | 3,712 | 4 | 38 | 38 |
| Kaládgi... ... ... ... ... ... | 2,957 | 21 | 37 | 17 |
| Ratnágiri ... .. ... ... ... | 57,629 | 10 | 12 | 7 |
| Belgaum ... ... ... ... ... | 9,018 | 19 | 25 | 10 |
| Dharwar... ... ... ... ... ... | 6,916 | 11 | 28 | 14 |

53. Appendix No. XV. supplies the statistics required by Government regarding cattle, ploughs, &c., talukwar, for each Collectorate of the Division.

To enable Government to notice the fluctuations in the number of cattle, ploughs, and carts, I have shown the last year's number for each Collectorate under the totals for the current year in the Appendix under review. Thus contrasted, the results for the year are a decrease in the number of bullocks, but an increase in the number of cows; an increase in the number of female, but a decrease in the number of male buffaloes; an increase in the number of horses and mares, but a decrease in the number of foals; a considerable increase in the number of asses, and an increase in the number of sheep and goats. In ploughs, those for two bullocks show an increase, while those for four bullocks have decreased in number; and in carts, there is an increase both in the number used for riding and in those used for carrying loads.

54. In conclusion, I would respectfully observe that the number and size of the Appendices prescribed for this Report have so much increased its bulk, that I fear the printing of it will cause a considerable amount of labour and expense; and I should be glad to see the Appendices—especially No. VII., Huzur Form No. 17 H., reduced in size by the orders of Government.

I have the honour to be,

Sir,

Your most obedient Servant,

E. P. ROBERTSON,

Revenue Commissioner, S. D.

# APPENDIX No. I.

## Huzur Form No. 9.

*Statement showing the average incidence of Government Demand for each District of the Southern Division for 1875-76, both on Government and Alienated Lands on which Quit-rent is payable to Government.*

E. P. ROBERTSON,
Revenue Commissioner, S. D.

No. 626 OF 1878.

REVENUE DEPARTMENT.

FROM

E. P. ROBERTSON, ESQ.,
COMMISSIONER, C. D.,

TO

THE HON'BLE E. W. RAVENSCROFT, C.S.I.,
CHIEF SECRETARY TO GOVERNMENT, BOMBAY.

*Ahmednagar Districts, Camp Singwa,*
*16th February* 1878.

SIR,

I have the hono[illegible] to submit the Annual Report on the Revenue Settlement of the Collectorates, noted in the margin, comprizing the late Southern Division for the year 1876-77, together with the following Appendices:—

Poona.
Ahmednagar.
Ratnágiri.
Satara.
Sholápur.

Huzur Form No. 9. — Appendix No. I.—Average Incidence of the Government Demand in each District on Government and Alienated Lands paying Quit-rent.

Huzur Form No. 10A. — Appendix No. II.—Contrasted Statement showing the Gross and Net Land Revenue, together with Remissions and Balances Outstanding.

Supplement to Huzur Form No. 10A. — Appendix No. III.—Statement showing the Minor Items of Revenue, entered in Column 22 of the above-named Statement.

Huzur Form No. 13D. — Appendix No. IV.—Contrasted Statement showing the Amount of Takávi Advances, the Sums written off and Balances Outstanding—

A.—For Advances granted under the Land Improvement Act.

B.—For Advances granted for Miscellaneous Agricultural Purposes.

Huzur Form No. 14E. — Appendix No. V.—Statement showing the Objects, for which Takávi Advances were given, the Collections made, and Balances written off—

A.—For Advances granted under the Act.

B.—For Advances granted for Miscellaneous Agricultural Purposes.

Huzur Form No. 16G. — Appendix No. VI.—Contrasted Statement showing the Extent of each Description of Culturable land bearing Assessment.

Huzur Form No. 17H. — Appendix No. VII.—Statement showing the Average Amount of Seed Sown, and Average Yield per Acre, of each of the Principal Products.

Huzur Form No. 18I. (*a*). — Appendix No. VIII.—Contrasted Statement of certain Items of Sayer Revenue.

Huzur Form No. 18I. (*b*). — Appendix No. IX.—Contrasted Statement of Items of Sayer Revenue other than those embodied in Huzur Form No. 18I. (*a*) above.

Huzur Form No. 20K. — Appendix No. X.—Contrasted Statement of the Allowances of Village and District Hereditary Officers, including Miscellaneous Allowances.

Huzur Form No. 21L. — Appendix No. XI.—Contrasted Statement showing the Area of Occupied Land thrown up, and Waste Land taken up for Cultivation.

Supplementary Huzur Form No. 21L. — Appendix No. XII.—Explanatory Statement of the Reasons of Increase and Decrease in the Area of Land thrown out of, and taken up for, Cultivation.

Huzur Form No. 25 (P). — Appendix No. XIII.—Statement showing the Details of Occupancies apart for Public Purposes

Huzur Form No. 26 (Q). — Appendix No. XIV.—Statement showing the Number and Extent of Occupancies.

Appendix No. XV.—Statement showing the Number of Cattle, Carts, Ploughs, &c., in each of the Districts of the Division.

## *Villages.*

2. The total number of villages in the five Collectorates, reported on, is the same in this as in the preceding year 1875-76, *viz.*, 5,982½. Looking at the details for each district, it will be seen that there is a decrease of one Government village in the Poona Collectorate, an increase of two Government villages in the Ahmednagar Collectorate, and a decrease of one Alienated village in the Satara Collectorate, as compared with the number registered in those districts respectively in the year 1875-76. These fluctuations are accounted for as follows:—

In Poona the decrease is due to the village of Kirki, the lands of which have been distributed among the circumjacent villages, being no longer required as a separate village.

In Ahmednagar the increase is due to two Government villages in the Nagar Taluka, hitherto erroneously omitted from the accounts, having this year been registered for the first time in rectification of such error. In Satara the decrease is caused by omitting an alienated village in the Kánápur Taluka, which had no existence, from the accounts of the year.

| Collectorates. | Villages. | | | | | | In 1876-77. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Number in 1876-77. | | | Number in 1875-76. | | | Increase. | | | Decrease. | | |

| Net... | ... | ... | ... | ... | ... | ... | ... | ... | 0 | ... | ... | ... |

## *Hamlets.*

3. So also, as will be seen from the subjoined table, the entire number of hamlets in the five Collectorates is the same this year as in the year preceding, *viz.*, 8,357, though there have been internal changes in the Poona Collectorate resulting in an increase of six in alienated and a corresponding decrease in the number of Government hamlets. These changes are due to the transfer to the Jágirdár of Belha of the six hamlets belonging to that village, which has been made continuable to the Jágirdár under the instructions in Government Resolution (Political Department), No. 4494, dated 31st July 1876—

## Land Revenue—Financial Results.

4. The table annexed to this paragraph shows the financial results of the year's settlement in abstract form. As compared with the year 1875-76, they stand as follows :—

In the Gross Revenue there is a net increase aggregating Rs. 31,636-15-1.

In Alienations also there is a net increase amounting to Rs. 4,135-8-1.

The Government Revenue, deducting alienations, shows a net increase amounting to Rs. 10,651-13-8, and there is an increase of Rs. 16,849-9-4 in the public works revenue from irrigation.

In Remissions, however, there is a net increase aggregating Rs. 82,661-9-10; so that the net Government revenue for collection is less by Rs. 72,009-12-2 than the same for the year preceding.

The Collections, moreover, show the large net decrease aggregating Rs. 19,74,475-9-6—a result due entirely to the famine,—and for which Government are doubtless prepared by the reports giving a forecast of the year's prospects which from time to time were submitted to Government; and this has also tended to the large increase aggregating Rs. 19,02,465-13-4 perceptible in the balances for the current year, and of Rs. 9,872-14-7 in the balances outstanding on account of former years. Fuller details will appear under their appropriate heads in this report.

## Gross Land Revenue.

| | Increase. | | | Decrease. |
|---|---|---|---|---|
| | Rs. | a. | p. | |
| Poona ... ... ... | 969 | 8 | 7 | ... |
| Ahmednagar... ... ... | 14,842 | 3 | 11 | ... |
| Ratnágiri ... ... ... | 8,840 | 4 | 11 | ... |
| Satara ... ... ... | 6,868 | 10 | 2 | ... |
| Sholápur ... ... ... | 116 | 3 | 6 | ... |
| Total... | 31,636 | 15 | 1 | ... |
| Net Increase... | 31,636 | 15 | 1 | ... |

5. The increase under this head aggregating Rs. 31,636-15-1, will be seen from the figures supplied in the margin, to pertain in greater or less proportions, to all the Collectorates of the Division, the largest appearing against the Ahmednagar Collectorate, and the smallest against Sholápur. The causes of these fluctuations are given further on.

## Alienations.

6. The net increase of Rs. 4,135-8-1 under this head is made up by contributions from the different Collectorates as per margin. The large increase in Poona is due chiefly to the continuance to its former holder of the village of Belha, in the Junnar Taluka, under orders from the Secretary of State for India, communicated in the Government Resolution, Political Department, No. 1494, dated 31st July 1876. The decrease in Ahmednagar is caused principally by the lapse of certain alienations on the death of the holders. The increase in Ratnágiri is due mainly to the application of the survey rates to the Inám village of Anjui, in the Khed Taluka. In Satara the decrease is owing chiefly to the separation from the revenue of the Inám village of Patkal, in the Satara Taluka, of the sums receivable by Government from Kadim Inámdárs, but which were hitherto incorporated with the revenues of that village, and shown under Alienations in the accounts by error; and in Sholápur, to the revenues of certain alienated villages having been brought to account according to their valuation in the village accounts instead of the nominal sums at which they were valued according to former practice.

| | Increase. | | | Decrease. | | |
|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. |
| Poona ... ... ... | 5,406 | 3 | 0 | ... | | |
| Ahmednagar... ... ... | ... | | | 743 | 4 | 3 |
| Ratnágiri ... ... ... | 401 | 8 | 8 | ... | | |
| Satara ... ... ... | ... | | | 607 | 4 | 0 |
| Sholápur ... ... ... | ... | | | 321 | 11 | 4 |
| Total... | 5,807 | 11 | 8 | 1,672 | 3 | 7 |
| Net Increase... | 4,135 | 8 | 1 | ... | | |

## Government Revenue.

7. Deducting alienations, the Government revenue of the year amounts to Rs. 60,62,615-11-5, which is more than the same for the preceding by Rs. 10,651-13-8. The decreases in the Collectorates of Poona, Satara and Sholápur aggregate Rs. 13,510; while the increases in the Ahmednagar and Ratnágiri Collectorates aggregate Rs. 24,161-13-8, the net increase being as above shown.

8. In the Poona Collectorate the decrease is Rs. 6,789-1-3, and is due chiefly to the entry under Alienations of the revenues of the village of Belha, which has been continued, as already shown, to the Sarinjámdár under Government orders.

9. The increase in Ahmednagar, amounting to Rs. 15,723-1-5, is caused mainly by the revision survey having been extended to a portion of the Kopargaon Taluka during the year.

10. In Ratnágiri the increase amounts to Rs. 8,438-12-3, and is due principally to the commutation rates for the Government share of the revenue receivable in kind having yielded more in this than in the preceding year.

11. In the Satara Collectorate the decrease, amounting to Rs. 3,573-7-3, is accounted for chiefly by loss receipts from notice and process fees, and sales of the occupancies of Government land.

12. In Sholápur the decrease is Rs. 3,147-7-5, and is attributable mainly to smaller realizations on account of the sale of pasture lands and occupancies of Government land taken up for cultivation.

PUBLIC WORKS REVENUE FROM IRRIGATION.

13. Under this head there is an aggregate net increase, as compared with the preceding year, amounting to Rs. 16,849-9-4. Except in Ahmednagar, where there is a decrease of Rs. 137-9-3, there is an increase in all the other Collectorates, in which such revenue is derived, the largest amounting to Rs. 11,049-5-6, or 67·66 per cent. appearing against Satara, and the Poona and Sholápur Collectorates contributing to the extent of Rs. 2,352-6-10 or 112·48, and Rs. 3,585-6-3 or 277·69 per cent., respectively. These large increases in the last-named three Collectorates are satisfactory, as showing that in them there is a growing desire among the people, as well as the ability, to have recourse to water for irrigation, when made available, to them in seasons of great drought.

REMISSIONS.

14. These amounted for the year in the five Collectorates reported on, to Rs. 1,45,014-9-4, or Rs. 82,661-9-10 more than the remissions of the preceding year. The details will be found given in columns 25 @ 33 of Appendix No. II.—Huzur Form No. 10 (A). The largest remissions are in Ahmednagar, and were given before Government decided to postpone all revenue in place of giving any remissions. Elsewhere, remissions, though largely sought and recommended by the local officers, were generally withheld, in the hope of a considerable portion of the year's revenue, which the famine made it difficult to collect in the Deccan Collectorates, being ultimately found to be recoverable. In the Konkan District of Ratnágiri, where the failure of the year's crops was partial only, the remissions given are those which pertain to ordinary years, and more has not been found necessary; but in the other districts, the withholding of remissions has swollen the year's balances, and there is some anxiety as to the probable recovery of these balances during the year now current. All efforts are, however, being made in this direction, but owing to the state of the crops in parts of Poona and Ahmednagar, it can hardly be expected that these balances will all be recovered along with the revenue of 1877-78 now due.

COLLECTIONS AND CURRENT YEAR'S BALANCES.

15. The revenue set down for collection amounted for the five Collectorates in the year under notice to Rs. 59,17,601-2-1, or Rs. 72,009-12-2 less than in the preceding year. Of this sum only Rs. 39,91,116-11-1 were collected by the close of the year, leaving as an outstanding balance on the 1st August 1877, the large sum of Rs. 19,26,484-7-0, or 32·55 per cent. of the year's revenue for future collection. The balance which remained outstanding on the corresponding date in 1876 was Rs. 24,018-9-8 only.

16. This large balance of Rs. 19,26,484-7-0 was, however, slightly reduced by later collections, &c., as per margin, to Rs. 18,12,449-3-3, and the Collectors are using their best endeavours to reduce this sum by further collections. The sum outstanding in the Sholápur Collectorate alone amounts to 43 per cent. of the entire balance. In the Poona Collectorate, which shows the next largest sum, it represents rather more than 24 per cent., and in Ahmednagar and Satara, which appear next in order, the percentage is about 19 and 13 per cent., respectively. The balance in Ratnágiri stands at about the normal amount, and will doubtless nearly all be very shortly collected.

| Collectorates. | Balance on 1st August 1877. | | | Since collected. | | | Written off. | | | Balance at date of Collector's Reports. | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |
| Poona ... ... | 4,56,827 | 10 | 9 | 10,578 | 14 | 7 | ... | | | 4,46,248 | 12 | 2 |
| Ahmednagar ... | 3,51,260 | 11 | 0 | 8,156 | 9 | 0 | ... | | | 3,43,104 | 2 | 0 |
| Ratnágiri ... | 17,057 | 15 | 4 | 5,264 | 14 | 9 | ... | | | 11,793 | 0 | 7 |

| Sholápur... ... | 8,49,489 | 8 | 5 | 67,300 | 14 | 0 | ... | | | 7,82,188 | 10 | 5 |
| Total... | 19,26,484 | 7 | 0 | 1,13,937 | 10 | 9 | 97 | 9 | 0 | 18,12,449 | 3 | 3 |

## Former Years' Balances.

17. Those amounted at the beginning of the year 1876-77 in the five Collectorates under report to Rs. 30,917-9-11, but this sum was, by collections and adjustments, as per margin, made during the year, reduced to Rs. 16,804-0-10, which is the amount that remained outstanding on the 1st August 1877.

| Collectorates. | Balance on 1st August 1876. | Amount collected. | Amount written off. | Balance on 1st August 1877. |
|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ... ... | 7,829 10 2 | 1,316 0 8 | 103 6 0 | 6,410 3 6 |
| Ahmednagar ... | 2,441 5 8 | 8 3 0 | ..... | 2,433 2 8 |
| Ratnágiri ... | 11,478 15 6 | 3,912 0 5 | 213 14 1 | 7,353 1 0 |
| Satara ... ... | 4,669 5 8 | 3,618 1 8 | 456 11 0 | 594 9 0 |
| Sholápur... ... | 4,498 4 11 | 165 7 5 | 4,319 12 10 | 13 0 8 |
| Total... | 30,917 9 11 | 9,019 13 2 | 5,093 11 11 | 16,804 0 10 |

18. From this sum of Rs. 16,804-0-10, however, Rs. 133-7-10 in Poona, and Rs. 122-4-2 in Satara, were more recently recovered and adjusted, so that the balance for former years actually outstanding at the date of the Collector's reports was Rs. 16,548-4-10. Nearly one half of the balances remaining in the Poona and Satara Collectorates are set down as Irrecoverable, and the greater portion of that in Ratnágiri is shown under the headings "Irrecoverable" and "Doubtful and Disputed," as will be seen from the subjoined table, which shows the distribution of the entire balances for both the current and former years in each Collectorate as they stood on the 1st August 1877—

| Collectorates. | | Current Year's Balances. | Former Years' Balances. | Total. |
|---|---|---|---|---|
| | | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Poona ... ... | Recoverable ... | 4,54,755 11 7 | 3,399 0 11 | 4,58,154 12 6 |
| | Irrecoverable ... | 2,071 15 2 | 3,011 2 7 | 5,083 1 9 |
| | Doubtful and Disputed. | ..... | ..... | ..... |
| | Total... | 4,56,827 10 9 | 6,410 3 6 | 4,63,237 14 3 |
| Ahmednagar ... | Recoverable ... | 3,51,260 11 0 | 2,433 2 8 | 3,53,693 13 8 |
| | Irrecoverable ... | ..... | ..... | ..... |
| | Doubtful and Disputed. | ..... | ..... | ..... |

| Ratnágiri ... | Recoverable ... | 15,379 10 7 | 364 15 2 | 15,744 9 9 |
| | Irrecoverable ... | 625 12 0 | 2,895 7 7 | 3,521 3 7 |
| | Doubtful and Disputed. | 1,052 8 9 | 4,092 10 3 | 5,145 3 0 |
| | Total... | 17,057 15 4 | 7,353 1 0 | 24,411 0 4 |
| Satara ... ... | Recoverable ... | 2,42,787 11 2 | 287 10 1 | 2,43,075 5 3 |
| | Irrecoverable ... | 9,060 14 4 | 306 14 11 | 9,367 13 3 |
| | Doubtful and Disputed. | ..... | ..... | ..... |
| | Total... | 2,51,848 9 6 | 594 9 0 | 2,52,443 2 6 |
| Sholápur ... | Recoverable ... | 8,49,489 8 5 | 13 0 8 | 8,49,502 9 1 |
| | Irrecoverable ... | ..... | ..... | ..... |
| | Doubtful and Disputed. | ..... | ..... | ..... |
| | Total... | 8,49,489 8 5 | 13 0 8 | 8,49,502 9 1 |
| Total ... | Recoverable ... | 19,13,673 4 9 | 6,497 13 6 | 19,20,171 2 3 |
| | Irrecoverable ... | 11,758 9 6 | 6,213 9 1 | 17,972 2 7 |
| | Doubtful and Disputed. | 1,052 8 9 | 4,092 10 3 | 5,145 3 0 |
| | Grand Total... | 19,26,484 7 0 | 16,804 0 10 | 19,43,288 7 10 |

19. Appendix No. IV.—Huzur Form No. 13D, is submitted in two parts (A and B), in compliance with the desire expressed in paragraph 30 of Government Resolution No. 6092, dated 27th October 1875. Part A is confined to advances under the Land Improvement Act, and Part B to advances for ordinary agricultural purposes.

20. From these statements it will be seen that advances under the Land Improvement Act, were given in 461 villages to the extent of Rs. 1,06,139, which, together with a balance of former years, aggregating Rs. 30,273-4-0, makes a total of Rs. 1,36,412-4-0 to be accounted for. Of this sum there were recovered during the year—

| | Rs. | a. | p. |
|---|---|---|---|
| On account of current year ... ... ... | 170 | 0 | 0 |
| And on account of former years ... ... | 5,571 | 1 | 0 |
| And written off as Irrecoverable in the Ahmednagar Collectorate ... ... ... ... | 66 | 0 | 0 |
| Total.....Rs. | 5,807 | 1 | 0 |

Leaving outstanding on 1st August 1877—

| | | | |
|---|---|---|---|
| On account of current year's advances ... ... | 1,05,969 | 0 | 0 |
| And on account of former years' advances ... ... | 24,636 | 3 | 0 |
| Total.....Rs. | 1,30,605 | 3 | 0 |

21. Advances for ordinary agricultural purposes were given in 566 villages to the extent of Rs. 89,905 during the current year, and adding to this sum the balance of former year's advances amounting to Rs. 325, there is a total of Rs. 90,230 to be accounted for. Of this amount Rs. 100 only on account of advances in former years were collected during the year, so that the balance outstanding on 1st August 1877, represents a sum of Rs. 90,130 as follows :—

| | Rs. |
|---|---|
| On account of current year ... ... ... | 89,905 |
| On account of former years ... ... ... | 225 |
| Total.....Rs. | 90,130 |

22. Appendix No. V.—Huzur Form No. 14 (E), which is also submitted in two parts (A and B), the former for advances under the Land Improvement Act, and the latter for ordinary Takávi grants, shows the objects for which the advances were given, and the manner in which the re-payments were made.

23. From Part A it will be seen that the total collections on account of advances under the Land Improvement Act amounted to Rs. 5,741-1-0, *viz.* :—

Rs. 5,430 5 0 on account of instalments due in the current and future years in payment of advances made in the present and former years, and
„ 310 12 0 on account of instalments which fell due in former years, while
„ 66 0 0 have been written off on account of instalments which fell due in past years.

The balance outstanding on 1st August is thus Rs. 1,30,605-3-0 as follows :—

| | Rs. | a. | p. |
|---|---|---|---|
| On account of payments due in future years, and, therefore, not immediately recoverable ... ... ... | 1,27,362 | 0 | 0 |
| On account of instalments which were due in the current year ... ... ... ... ... | 3,243 | 3 | 0 |
| Total.....Rs. | 1,30,605 | 3 | 0 |

24. Part B shows that the total collections on account of advances for ordinary agricultural purposes amounted to Rs. 100 only, thus—

Rs. 25 0 0 on account of instalments due in the current and future years in payment of advances made in the present and former years, and
„ 75 0 0 on account of instalments which fell due in former years.

The balance outstanding for future recovery and adjustment thus amounts to Rs. 90,130 as follows :—

| | Rs. |
|---|---|
| On account of balances which fall due in future years, and are not, therefore, immediately recoverable ... | 89,905 |
| On account of instalments which fell due in the current year .. ... ... ... ... | 175 |
| And on account of balances which fell due in former years ... ... ... ... ... | 50 |
| Total.....Rs. | 90,130 |

25. Before the reports of the Collectors were despatched, however, Rs. 190 in Ahmednagar and Rs. 40 in Satara were collected; in the former Collectorate, out of the balance of Rs. 440 due on account of advances re-payable in the current year under the Land Improvement Act, and in the latter Collectorate out of the balance of Rs. 50 outstanding on account of former years from advances made for ordinary agricultural purposes in the Mán Taluka.

### Cultivation and Chief Products.

26. Appendix No. VI.—Huzur Form No. 16G gives in detail the extent of each description of culturable and cultivated land bearing assessment, as compared with the preceding year; and from it the area under cultivation shown in the subjoined table is taken. It also shows the unoccupied waste, and the percentage which the waste bears to the culturable area in each Collectorate in the year under notice—

| Collectorates. | Cultivated in | | In 1876-77. | | Left waste in 1876-77. | Percentage of waste to culturable lands. |
|---|---|---|---|---|---|---|
| | 1876-77. | 1875-76. | Increase. | Decrease. | | |
| | A. g. a. | A. g. a. | A. g. a. | A. g. a. | A. g. a. | A. g. a. |
| Poona ... ... | 18,64,475 24 4 | 18,75,669 38 6½ | ..... | 11,194 14 2½ | 60,972 36 0 | 3 6 10 |
| Ahmednagar ... | 24,07,660 20 8 | 24,18,593 1 14½ | ..... | 10,932 21 6½ | 1,62,896 34 12 | 6 15 7 |
| Ratnagiri ... .. | 10,03,781 23 4 | 10,01,071 22 4 | ..... | ..... | ..... | ... |
| Satara ... ... | 14,18,004 16 0 | 14,21,055 7 0 | ..... | 3,050 31 0 | 32,093 13 0 | 2 8 0 |
| Sholápur ... ... | 21,51,617 5 0 | 21,47,432 14 0 | 4,184 31 0 | ..... | 22,805 18 0 | 1 1 15 |
| Total... | 88,45,539 9 0 | 88,63,822 3 9 | 4,184 31 0 | 25,177 26 9 | 2,78,768 21 12 | |
| Deduct... | ..... | ..... | ..... | 4,184 31 0 | | |
| Net.. | ..... | ..... | ..... | 20,992 35 9 | | |

27. From the above it will be seen that there is a decrease in the extent of Government land under cultivation in the Collectorates of Poona, Ahmednagar and Satara, but an increase in the Sholápur Collectorate. The figures for the Ratnágiri Collectorate are, as usual, approximate merely, and are not, therefore, contrasted. Appendices Nos. XI. and XII.—Huzur Form No. 21L, and its supplement, which will be duly noticed further on, give the details of these fluctuations which are briefly that, in Poona the decrease is due principally to the transfer of a considerable area to alienations by the continuance of the village of Belha to its former holder, and in a minor degree only, to lands having been thrown out of cultivation, while in Ahmednagar and Satara it is due almost entirely to diminution of cultivation, and that the increase in Sholápur is due mainly to the extention of cultivation.

28. Appendix No. VII.—Huzur Form No. 17H shows the acreage under cultivation in each Collectorate, the average quantity of seed sown, and the average yield per acre, as regards the various products, concerning which information is desired by Her Majesty's Secretary of State for India, and supplementary thereto are abstracts supplying for ready contrast particulars as regards seed sown and yield per acre of each crop. I have ventured at the bottom of this Appendix to add in red* ink for each Collectorate information showing the acreage sown in 1875-76, and the yield as compared with the yield

* Printed in black type.

of 1876-77. The results of the outturn show very clearly the severity of the crisis through which the Collectorates of this Division have passed. I hope that in course of time the information furnished in this Return may be found to be of a more reliable nature than it seems to be at present.

29. In Resolution No. 14, dated 2nd instant, Government desire that twice cropped land and fallows should be shown in Huzur Form 17H in future. Lands of the former description duly appear in the Return for this year; but fallows, including occupied lands reserved for grazing and like purposes by the cultivators, do not appear therein. Provision for this will be made in the Return to be submitted with the report for the year 1877-78.

### Sayer Revenue.

30. Appendices Nos. VIII. and IX.—Huzur Forms 18I (*a*) and 18I (*b*) give the year's Sayer Revenue in contrast with the same for the year preceding in the Collectorates of the Division reported on. The subjoined is an abstract of these appendices; and the results to be gathered from it will be found explained later on.

| No. | Collectorates. | Gross Revenue. | | Alienation. | | Government Revenue. | | Remissions | |

## Gross Sayer Revenue.

31. The Gross Sayer Revenue of the year amounts in the five Collectorates under review to Rs. 3,89,633-8-11. In the year 1875-76 it amounted to Rs. 3,56,140-9-3, thus showing an increase of Rs. 33,492-15-8 in favor of the year under notice. The fluctuations are explained in the following paragraphs:—

## Alienations.

32. There are no entries under this head in any of the Collectorates under review.

## Government Sayer Revenue.

33. The Government Sayer Revenue is thus the same as the Gross Revenue of the year. The marginal abstract shows that the net increase of Rs. 33,492-15-8 is made up by increases aggregating Rs. 36,266-14-0 in the four Collectorates of Poona, Ratnágiri, Satara and Sholápur, and a decrease amounting to Rs. 2,773-14-4 in the Ahmednagar Collectorate alone. The main heads under which these fluctuations occur are given in the following para., and it shows that the chief source of increase is the country liquor farms licensed under Sections 58 and 62 of Regulation XXI. of 1827.

| Collectorates. | More in 1876-77. | Less in 1876-77. |
|---|---|---|
| | Rs. a. p. | Rs. a. p. |
| Poona ... ... ... | 3,643 0 7 | ..... |
| Ahmednagar ... ... | ..... | 2,773 14 4 |

| 11 | Pendha ... ... | 35 0 0 | 35 0 0 | ..... | ..... |
| 12 | Miscellaneous Items of Abkári ... ... | 23 1 10 | 29 7 2 | ..... | 6 5 4 |
| | Total... | 3,89,633 8 11 | 3,56,140 9 3 | 36,745 12 7 | 3,252 12 11 |
| | | 3,56,140 9 3 | | 3,252 12 11 | |
| | Net Increase... | 33,492 15 8 | | 33,492 15 8 | |

35. The increase of Rs. 881-10-8 on account of Licenses for the sale of European Liquors is due to larger receipts from this source in the Collectorates of Ahmednagar, Ratnágiri and Satara, and that of Rs. 4,946-11-6 under Fees from Sudder Distilleries, to a larger quantity of liquor paying still-head duty having issued from the distillery at Mundhwa in the Poona Collectorate during the year.

36. The large increase from Licenses under Sections 58 and 62 has been obtained from the Country Liquor Farms in Poona, Ratnágiri, Satara and Sholápur, notwithstanding that the farms in the Ahmednagar Collectorate realized less by Rs. 3,369-2-3 than they did in the previous year. In this as well as the remaining items, the fluctuations in which are of no great amount, the chief cause of increase is that there was a certain amount of competition at the sales of the various Farms.

37. The decrease of Rs. 3,246-7-7 is the aggregate of various small items coming under "18, Miscellaneous," in which the receipts of the year have fallen short of those of the year preceding, chiefly in the Collectorates of Poona and Sholápur.

38. In order to meet the desire of Government expressed in para. 14 of Resolution No. 7467, dated 17th December 1877, the subjoined table has been prepared to show the revenue from Abkári in each Collectorate, and the incidence per head of population, for each of the years 1876-77 and 1875-76, the population in accordance with the recent orders* of Government being given according to the general census of 1872. It will be gathered from this table that the Poona District, which yields the largest revenue, gives 2 annas and 10 pies against 2 annas and 8 pies in the preceding year as the incidence per head of population; that Sholápur gives 1 anna and 8 pies against one anna and 3 pies in 1875-76; whereas Ratnágiri, with nearly as large a revenue as Sholápur, gives only 1 anna and 1 pie per head against 1 anna in the year preceding, which is owing to the denser population of that District; while Ahmednager and Satara give but 7 and 6 pies per head, respectively, as against 8 and 5 pies when compared with the previous year.

* Resolution No. 829 P., Local (Public Works Department), dated 8th January 1878.

| | Net ... | .... | ... | .... | ... | 36,145 11 9 | | | |

39. A further table is subjoined to show the revenue derived in each Collectorate from the Farms for the sale of intoxicating drugs in the year under report as compared with the preceding year. It will be observed that the revenue from this source shows an increase in the Collectorates of Poona, Ahmednagar and Ratnágiri aggregating Rs. 685-3-6, counterbalanced in part by a small decrease aggregating Rs. 91-8-0 in the Collectorates of Satara and Sholápur.

| Collectorates. | Revenue in 1876-77. | Revenue in 1875-76. | In 1876-77. | |

| Net ... | ..... | ..... | 593 11 6 | ..... |

## Remissions.

40. The only Collectorate in which remissions of Sayer Revenue were granted, is Ahmednagar, in which a sum of Rs. 94-12-3 was remitted during the year as against a remission of Rs. 158-1-1 in the year preceding. The details show that Rs. 92-7-8 were remitted, this year, to a liquor contractor, and Rs. 2-4-7 to the holder of a bhang and ganza license, on the ground of poverty.

## Collections and Balances of the Current Year.

41. Of the sum of Rs. 3,89,538-12-8 to be collected during the year, there were collected, by the end of the year, Rs. 3,85,403-3-5, which is more by Rs. 29,467-11-3 than the Sayer Revenue collections of the preceding year. The balance outstanding on 1st August 1877 thus amounts to Rs. 4,135-9-3, which is larger than the sum that remained outstanding on the corresponding date in 1876 by Rs. 4,088-9-3.

42. It is gratifying, however, to find that the whole of the balance in Ahmednagar and in Sholápur has since been recovered, and that, of the balance in Ratnágiri, Rs. 1,754-7-8 have also been since collected. These collections reduce the aggregate balance of Sayer Revenue outstanding, in the Collectorates reported on, to Rs. 537-1-7, as follows:—

| | Rs. a. p. |
|---|---|
| In Poona ... ... ... ... | 1 0 0 |
| „ Ratnágiri ... ... ... ... | 85 3 3 |
| „ Satara ... ... ... ... | 450 14 4 |
| Total...Rs. | 537 1 7 |

The whole of this sum, with the exception of Rs. 33 in Ratnágiri, which the Collector thinks it may be necessary to remit, is, moreover, reported to be recoverable.

## Balances on account of Former Years.

43. There is a clean sheet under this head in all the Collectorates reported on, which is extremely satisfactory.

## Entire Revenues.

44. The table subjoined to this para. gives, in abstract form, the entire Land and Sayer Revenues of the year, in contrast with the same for the preceding year. It is compiled from Appendices No. II.—Huzur Form No. 10 (*a*)—and Nos. VIII. and IX.—Huzur Forms No. 18 I (*a*) and No. 18 I (*b*); and as these have already been reviewed in detail, further notice of the results in this place is not necessary.

45. Appendix No. X., Huzur Form No. 20 K, is a contrasted statement of allowances to Village and District Hereditary Officers, and allowances of a miscellaneous nature, which appear in Taluka Forms Nos. 20, 21, and 22, and is submitted in accordance with the instructions in para. 48 of Government Resolution No. 6092, dated 20th October 1875. I have, in reference to the remarks in para. 16 of Government Resolution No. 7467, dated 17th December 1877, addressed Government separately through the Commissioner, N.D., under date 17th ultimo, No. $\frac{R.}{177}$, and will modify the statement in future according to such further instructions as Government may be pleased to issue on the subject.

46. Taking, however, this statement as it stands, it will be seen that in items appearing in Taluka Form No. 20 there is a net decrease amounting to Rs. 16,381-8-4; that in items appearing in Taluka Form No. 21 there is a net increase to the extent of Rs. 4,667-11-1; and that in items appearing in Taluka Form No. 22 there is a decrease of a net sum of Rs. 9,367-8-10,—the whole resulting in a net decrease of Rs. 21,081-6-1 as compared with the preceding year.

47. The decrease under the first head is due to the allowances of the Village Officers in the Sholápur Collectorate not having, as in the preceding year, been calculated on the revision survey assessment, and to the stipendiary allowances of the Talátis in the Ratnágiri Collectorate, which were erroneously shown in this statement last year, having been omitted therefrom. The increase under the second head is owing, chiefly, to larger payments falling due to the District Hereditary Officers in Ratnágiri, whose haks are calculated on the commutation revenue receipts of the year, and to arrears being payable in Poona to the Hereditary District Officers of certain villages received some years ago in exchange from His Highness Holkar. The decrease under the third head is chiefly in the item of political pensions, owing to their having lapsed, consequent on the death of the recipients and from other causes.

48. Appendices Nos. XI. and XII., Huzur Form No. 21 L, with its supplement, show the area of land thrown out of, and waste land newly taken up for, cultivation, with causes of increase and decrease, for the year under report. The subjoined table exhibits the principal items in contrast with the same for the preceding years—

| Years. | | Total occupied Lands. | | Waste Land bought by Government of Revenue-defaulters. | | Land taken up for Cultivation. | |
|---|---|---|---|---|---|---|---|
| | | Area. | Assessment. | Area. | Assessment. | Area. | Assessment. |
| | | A. g. a. | Rs. a. p. | A. g. a. | Rs. a. p. | A. g. a. | Rs. a. p. |
| 1875-76 ... ... | | 88,63,822 3 9 | 53,05,312 7 4 | 7,233 6 0 | 3,524 15 0 | 41,421 39 8 | 54,188 13 1 |
| 1876-77 ... ... | | 88,45,539 9 0 | 53,43,909 12 8 | 5,421 36 0 | 3,330 0 0 | 45,936 20 12 | 80,897 15 9 |
| In 1876-77. | Increase. | ..... | 38,597 5 4 | ..... | ..... | 4,514 21 4 | 26,709 2 8 |
| | Decrease. | 18,282 34 9 | ..... | 1,811 10 0 | 194 15 0 | ..... | ..... |

49. From the above table it will be seen that, while there is a net decrease of acres 18,282-34-9 in the occupied area, there has been a net increase, amounting to Rs. 38,597-5-4, in the assessment of the year. In land taken up for cultivation there is an increase, both in area and assessment, of acres 4,514-21-4 and Rs. 26,709-2-8, respectively. The disproportion between the area and assessment in these cases is owing to the fluctuations in the assessment due to every cause—as, for instance, the operations of the survey and variations in the commuted grain revenue—having to be shown in these returns, whether actually pertaining to the area under occupancy or not. There is, however, a net decrease of acres 1,811-10-0, assessed at Rs. 194-15-0, in the lands of defaulters bought in by Government this year, as compared with the year preceding.

50. Turning to Appendix No. I., Huzur Form No. 9, which comes appropriately under review in this place, I subjoin an abstract statement to show, briefly, the incidence of the Government demand on dry-crop, garden, and rice

lands, and of the share of the Government demand on alienated lands under occupation during the year :—

| Collectorates. | Incidence of Government Demand on an Acre of | | | | | | Incidence of Government Demand on an Acre of Alienated Land. | | | Incidence of Government Demand on both Government and Alienated Lands. | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Dry-crop Land. | | | Garden Land. | | | Rice Land. | | | | | |
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |
| Poona ... ... ... ... | 0 | 7 | 11 | 1 | 5 | 9 | 2 | 3 | 6 | 0 | 3 | 5 | 0 | 8 | 3 |
| Ahmednagar ... ... ... | 0 | 7 | 7 | 2 | 3 | 4 | 1 | 8 | 1 | 0 | 2 | 10 | 0 | 7 | 0 |
| Ratnágiri ... ... ... | 0 | 6 | 9 | 9 | 13 | 3 | 4 | 13 | 11 | 0 | 3 | 1 | 0 | 14 | 3 |
| Satara ... ... ... ... | 0 | 11 | 5 | 3 | 14 | 5 | 3 | 12 | 0 | 0 | 7 | 9 | 0 | 11 | 7 |
| Sholápur ... ... ... | 0 | 7 | 0 | 1 | 3 | 9 | 1 | 7 | 4 | 0 | 3 | 8 | 0 | 7 | 2 |

51. It should be explained that in the case of Ratnágiri the area, wherever given in this report, is, for the most part, an estimate merely, the district being as yet not wholly surveyed.

52. Leaving Ratnágiri, therefore, out of the comparison, it will be observed that the Satara Collectorate pays the largest average assessment per acre in every respect, and that Ahmednagar and Sholápur, as well as Poona, yield a very moderate assessment per acre on the whole; Sholápur paying the least on the Government lands under occupation.

53. From Appendix No. XIII., Huzur Form No. 25 P, which gives details of the lands set apart for special and public purposes as the same stood during the year under report, the following table has been prepared, and it shows that the largest areas out of an aggregrate, comprising 66,696-13-4 + 12,34,081-15-8 = 13,00,777-28-12, are those set apart as forest and as cattle pasture and cattle-standing places :—

| | Assessed. | | | | | | Unassessed. | | |
|---|---|---|---|---|---|---|---|---|---|
| | Area. | | | Assessment. | | | | | |
| | A. | g. | a. | Rs. | a. | p. | A. | g. | a. |
| Forests ... ... ... ... ... | 43,508 | 5 | 4 | 10,545 | 6 | 1 | 5,67,286 | 16 | 12 |
| Cattle pasture and cattle-standing places ... ... ... ... ... | 6,942 | 13 | 8 | 1,983 | 15 | 6 | 5,29,219 | 28 | 4 |

54. Appendix No. XIV., Huzur Form No. 26 Q, is a statement showing the number and extent of occupancies, including Inám lands, in the several Collectorates; and the following figures are taken from this statement. It shows, in contrast with the land in occupation during the previous year, the number of holdings not exceeding 5, and exceeding 1,000, acres in each of the Collectorates reported on, as well as the averags size of the occupancies in them. As already observed, the information for Ratnágiri cannot be wholly relied on, being supplied, in great measure, by estimate :—

| Collectorates. | Number of Holdings in 1876-77. | | Number of Holdings in 1875-76. | | In 1876-77. | | | | Average Size of Occupancies. | Remarks. |
|---|---|---|---|---|---|---|---|---|---|---|
| | | | | | Increase. | | Decrease. | | | |
| | Not exceeding 5 acres. | Exceeding 1,000 acres. | Not exceeding 5 acres. | Exceeding 1,000 acres. | Not exceeding 5 acres. | Exceeding 1,000 acres. | Not exceeding 5 acres. | Exceeding 1,000 acres. | | |
| Poona ... ... ... | 12,193 | 2 | 12,444 | 4 | ... | ... | 251 | 2 | 30 0 | |
| Ahmednagar ... ... | 3,499 | 4 | 3,712 | 4 | ... | ... | 213 | ... | 38 29 | |
| Ratnágiri ... ... | 57,934 | 10 | 57,629 | 10 | 305 | ... | ... | ... | 12 6 | |
| Satara ... ... ... | 19,772 | 39 | 19,933 | 36 | ... | 3 | 161 | ... | 27 11 | |
| Sholápur ... ... | 1,305 | 9 | 1,304 | 9 | 1 | ... | ... | ... | 53 5 | |

55. Appendix No. XV. furnishes particulars, as required by Government Talukwár, of the number of cattle, ploughs, and carts in each Collectorate. Compared with the statistics of the preceding year it will be observed that there is a large decrease in the number of horned cattle, as well as in the number of horses, mares, foals, asses, sheep, and goats. There is, likewise, a considerable decrease in the number of ploughs, especially in those for four bullocks. In the number of riding carts alone there is an increase, those used for carrying loads having also decreased. These results are, no doubt, attributable to the famine, and are to be deplored, as showing that the agricultural population were sufferers to a considerable extent during this year of anxiety and trouble.

56. In order that Government may be able to see how under this heading each taluka has been affected, I have ventured to add two extra tables, being Appendices XVI. and XVII., showing in the one the increase and decrease under each head in each taluka; in the other the rough total value of such increase and decrease calculated at a very low value per head.

57. Appendix VII. and these three Appendices XV., XVI. and XVII. bring out in a very clear manner the enormous loss suffered by the cultivators, and require to be very carefully considered in all endeavours that are made to recover postponed revenue. A good season will, no doubt, give the ryots large returns; but it will be many years before they recover the actual losses they have suffered, and before they are in as strong a position as they were before the famine.

I have the honor to be,

Sir,

Your most obedient Servant,

E. P. ROBERTSON,

Commissioner, C. D.

सत्यमेव जयते

# APPENDIX No. I.

## HUZUR FORM No. 9.

*Statement showing the Average Incidence of Government Demand for each Taluka of each District in the Southern Division for* 1876-77, *both on Government and Alienated Lands, on which Quit Rent is payable to Government.*

E. P. ROBERTSON,
Commissioner, C. D.

BOMBAY: PRINTED AT THE GOVERNMENT CENTRAL PRESS.

# JAMABANDI REPORT

FOR THE

# SOUTHERN DIVISION,

# 1877-78.

No. 26 of 1879.

Revenue Department.

From

L. REID, Esq.,

Acting Commissioner, S. D.,

To

The Honourable E. W. RAVENSCROFT, C.S.I.,

Chief Secretary to Government.

*Kaládgi Districts, Camp Bágalkot, 6th January* 1879.

Sir,

I have the honour to submit the annual Report on the Land and Sayer Revenue Settlement of the Collectorates comprised in the Southern Division for the year 1877-78, together with the Appendices noted below :—

1. Huzur Form No. 10 A—Contrasted Statement of the Gross and Net Land Revenue together with Remissions and Balances outstanding.
2. Supplement to Huzur Form No. 10 A—Statement showing the Minor Items of Revenue entered in column 22 of the above named Form.
3. Constrasted Statement being an Analysis of No. 10 A.
4. Huzur Form No. 13 D—Contrasted Statement of Advances under the Land Improvement Act.
5. Huzur Form No. 13 D (I)—Contrasted Statement of Ordinary Takávi Advances.
6. Huzur Form No. 14 E—Statement showing the objects for which Advances under the Land Improvement Act were given.
7. Huzur Form No. 14 E (I)—Statement showing the objects for which Ordinary Takávi Advances were given.
8. Huzur Form No. 16 G—Contrasted Statement of Cultivated Lands.
9. Huzur Form No. 17 H—Statement showing the average amount of Seed sown and average yield per Acre of each of the principal Products.
10. Huzur Form No. 18 I (A)—Contrasted Statement of Sayer Revenue.
11. Huzur Form No. 18 I (B)—Contrasted Statement of Sayer Revenue other than those embodied in Form No. 18 I (A).
12. Huzur Form No. 18 I (C)—Contrasted Statement being an Analysis of Statements Nos. 18 I (A and B).
13. Huzur Form No. 20 K—Contrasted Statement of the allowances of Village and District Hereditary Officers, including Miscellaneous Allowances.
14. Huzur Form No. 21 L—Contrasted Statement showing the Area of Occupied Land thrown up and Waste Land taken up for Cultivation.
15. Huzur Form No. 21 L—Explanatory of the reasons of Increase and Decrease in the Area of Land thrown up and Waste Lands taken up for Cultivation.
16. Huzur Form No. 9—Statement showing the average incidence of Government demand on Government and Alienated Lands paying Quit-rent.
17. Huzur Form No. 25 P—Statement showing the Details of Lands set apart for special and public purposes.
18. Huzur Form No. 26 Q—Statement showing the Number and Extent of Occupancies.
19. Statement showing the number of Cattle, Carts, Ploughs, &c.

2. Taking the Appendices in order, the following shows, in contrast with the year 1876-77, the number of villages in each district during 1877-78 :—

| Districts. | Villages. | | | | | | Number in 1877-78. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Number in 1877-78. | | | Number in 1876-77. | | | Increase. | | | Decrease. | | |
| | Government. | Alienated. | Total. | Government. | Alienated. | Total. | Government. | Alienated. | Total. | Government. | Alienated. | Total. |
| Belgaum ... ... | 894 | 239 | 1,133 | 894 | 239 | 1,133 | ... | ... | ... | ... | ... | ... |
| Dhárwár ... ... | 1,280 | 156 | 1,436 | 1,280 | 156 | 1,436 | ... | ... | ... | ... | ... | ... |
| Kaládgi ... ... | 1,009 | 195 | 1,204 | 1,009 | 195 | 1,204 | ... | ... | ... | ... | ... | ... |
| Kánara ... ... | 1,154 | ... | 1,154 | 1,152 | ... | 1,152 | 2 | ... | 2 | ... | ... | ... |
| Ratnágiri ... ... | 1,273½ | 64 | 1,337½ | 1,273½ | 64 | 1,337½ | ... | ... | ... | ... | ... | ... |
| Total ... | 5,610½ | 654 | 6,264½ | 5,608½ | 654 | 6,262½ | 2 | ... | 2 | ... | ... | ... |

3. The increase of two Government villages in the Kánara District is due to the operations of the Survey Department, certain hamlets having been brought to account as villages during the year.

## Hamlets.

4. The subjoined table gives the total number of hamlets in the Division which, as compared with the preceding year, is less by 3. The decrease occurs in the Kánara District and is due to the cause explained in the preceding para. :—

| Districts. | Hamlets. | | | | | | Number in 1877-78. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Number in 1877-78. | | | Number in 1876-77. | | | Increase. | | | Decrease. | | |
| | Government. | Alienated. | Total. | Government. | Alienated. | Total. | Government. | Alienated. | Total. | Government. | Alienated. | Total. |
| Belgaum ... ... | 340 | 121 | 461 | 340 | 121 | 461 | ... | ... | ... | ... | ... | ... |
| Dhárwár ... ... | 175 | 10 | 185 | 175 | 10 | 185 | ... | ... | ... | ... | ... | ... |

| Kánara ... ... | 2,670 | ... | 2,670 | 2,673 | ... | 2,673 | ... | ... | ... | 3 | ... | 3 |
| Ratnágiri ... ... | 4,825 | 290 | 5,115 | 4,825 | 290 | 5,115 | ... | ... | ... | ... | ... | ... |
| Total ... | 8,121 | 438 | 8,559 | 8,124 | 438 | 8,562 | ... | ... | ... | 3 | ... | 3 |

## Land Revenue—Financial Results.

5. Appendix No. 3, which is an analysis of Huzur Form No. 10 A, exhibits the financial results of the year's settlements in contrast with those of the preceding year. An abstract, showing the increase and decrease under the different headings, is subjoined :—

| Items. | 1877-78. | 1876-77. | Increase. | Decrease. |
|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Gross Land Revenue ... | 80,44,890 14 3 | 80,09,866 6 11½ | 35,024 7 3½ | ..... |
| Alienations ... ... ... | 14,50,275 13 4 | 14,76,923 6 7 | ..... | 26,647 9 3 |
| Government Revenue ... | 65,91,527 14 2 | 65,29,610 8 9½ | 61,917 5 4½ | ..... |
| Public Works Revenue from Irrigation ... ... | 3,087 2 9 | 3,332 7 7 | ..... | 245 4 10 |
| Remissions ... ... | 1,38,812 5 10 | 1,48,449 8 8 | ..... | 9,637 2 10 |
| Amount for Collection ... | 64,52,715 8 4 | 63,81,161 0 1½ | 71,554 8 2½ | ..... |
| Collections ... ... ... | 61,56,211 5 5 | 54,10,560 11 6½ | 7,45,650 9 10½ | ..... |
| Balances on account of current year... ... ... | 2,96,504 2 11 | 9,70,600 4 7 | ..... | 6,74,096 1 8 |
| Balances on account of former years ... ... | 2,45,690 0 8 | 71,020 5 8 | 1,74,669 11 0 | ..... |

## Gross Land Revenue.

| | Increase. | Decrease. |
|---|---|---|
| Belgaum ... ... | 3,129 0 6 | ..... |
| Dhárwár .. ... | 812 0 5 | ..... |
| Kaládgi ... ... | ..... | 8,991 0 9½ |
| Kánara ... ... | 12,382 0 6 | .. ... |
| Ratnágiri ... ... | 27,692 6 8 | ..... |
| Total ... | 44,015 8 1 | ..... |
| | 8,991 0 9½ | ..... |
| Net Increase ... | 35,024 7 3½ | ..... |

6. An increase under this head, amounting to Rs. 44,015-8-1, occurs in all the districts, except Kaládgi, where there is a decrease of Rs. 8,991-0-9½. The net increase is thus Rs.35,024-7-3½. The causes of the increase and decrease will be noticed further on.

## Alienations.

| | Increase. | Decrease. |
|---|---|---|
| Belgaum ... ... ... ... | 1,066 5 1 | ..... |
| Dharwár ... ... ... ... | ..... | 26,799 8 2 |
| Kaládgi ... ... ... ... | ..... | 107 0 7 |
| Ratnágiri ... ... ... ... | ..... | 807 5 7 |
| Total ... | 1,066 5 1 | 27,713 14 4 |
| | ..... | 1,066 5 1 |
| Net Decrease ... | ..... | 26,647 9 3 |

7. The figures given in the margin show a net decrease of Rs. 26,647-9-3. The fluctuations are explained below :—

*Belgaum.*

| | | | Rs. a. p. |
|---|---|---|---|
| *Increase*— | | | |
| Correction of errors in accounts ... | | ... | 1,600 10 0 |
| *Deduct Decrease*— | | | |
| Resumption of Inám and Shetsandi Lands in consequence of the holders' deaths... | Rs. a. p. 246 12 9 | | |
| Resumption of excess Inám Lands in consequence of the holders' deaths ... | 219 11 7 | | |
| Miscellaneous items ... | 67 12 7 | | |
| | | | 534 4 11 |
| | | Net Increase... | 1,066 5 1 |

*Dhárwár.*

| | | | Rs. a. p. |
|---|---|---|---|
| *Decrease*— | | | |
| Resumption of lands consequent on the reorganization of the Shetsandis and Talwars under Government Resolution No. 3036, dated 9th May 1877 ... | ... | ... | 26,677 1 8 |
| Lapse of lands on the holders' deaths | ... | ... | 109 0 0 |
| Introduction of the revised Survey rates | ... | ... | 134 14 0 |
| Miscellaneous items ... ... | ... | ... | 32 3 0 |
| | | | 26,953 2 8 |
| *Deduct Increase*— | Rs. a. p. | | |
| Correction of errors ... ... | 138 8 6 | | |
| Miscellaneous items ... ... | 15 2 0 | | |
| | | | 153 10 6 |
| | | Net Decrease... | 26,799 8 2 |

| | | Total Decrease... | 107 0 7 |

*Ratnágiri.*

*Decrease—*

| | Rs. | a. | p. |
|---|---|---|---|
| Transfer to another head of certain items of personal Ináms (known as Kowli Ináms regarding which there is no Sanad). | 653 | 3 | 0 |
| Reduction of assessment on rice lands which was erroneously included under alienations last year ... ... | 170 | 5 | 9 |
| | 823 | 8 | 9 |

*Deduct Increase—*

| | | | |
|---|---|---|---|
| On account of higher rates recovered in accordance with the leases of certain Sarakati Ináms belonging to the Kolhápur State and also on certain other lands ... ... | 16 | 3 | 2 |
| Net Decrease... | 807 | 5 | 7 |

GOVERNMENT REVENUE.

8. Deducting Alienations and the Public Works Revenue from Irrigation, the realizable land revenue aggregates Rs. 65,91,527-14-2, or Rs. 61,917-5-4½ in excess of that of the previous year, as detailed in the margin. The causes of increase and decrease are thus accounted for by the Collectors :—

| | Increase. | | | Decrease. | | |
|---|---|---|---|---|---|---|

| Net Increase... | | | | 28,499 | 12 | 3 |

9. The greatest increase is observable in the Dhárwár and Ratnágiri Districts, owing, in the former, chiefly to the reorganization of the Shetsandi holdings, and in the latter, to enhanced commutation rates for the Government share of the revenue paid in kind. The increase in Kánara is attributable to the introduction of the revised Survey rates. The notable decrease in the proceeds of grazing farms in the Belgaum, Dhárwár and Kaládgi Districts, was mainly owing to the holding off of rain in the early part of the year under report.

10. The decrease in notice fees shows that there was little difficulty in realizing the Government demands.

### Public Works Revenue from Irrigation.

11. The amount realized from irrigation is Rs. 3,087-2-9, or Rs. 245-4-10 less than that of the year preceding. There is no revenue from this source in the Belgaum, Kánara, and Ratnágiri Districts.

### Remissions.

12. These amounted in all to Rs. 1,38,812-5-10, against Rs. 1,48,449-8-8 in 1876-77, thus exhibiting a decrease of Rs. 9,637-2-10. Strict attention was paid to the orders on the subject issued by Government in their Resolutions Nos. 6508, dated 1st October 1877, and 651, dated 7th February 1878.

13. Of the large sum shown against Kánara, in column 25 of Appendix No. I., Rs. 18,260-7-7 are in fact nominal remissions, owing to the introduction of Survey rates in May last; and Rs. 6,192-5-3 are on account of concessions granted under Government Resolution No. 5573, dated 21st October 1874, on khatás of Rs. 25 and above. The other remissions of Rs. 455-1-8, detailed in columns 26 to 32 of the same appendix, are those granted under special orders, as well as the remission of assessment on lands held by the Bilgi Raja's family, under Government Resolution No. 5127 of 22nd October 1870. The remaining sum of Rs. 1,12,899-8-3 represents the customary deductions from the annual gross revenue which will gradually disappear from the accounts as the Survey progresses.

14. In Belgaum and Kaládgi no remissions were granted, except the sum of Rs. 218 annually allowed in the former on account of assessment of certain lands held rent-free by the widow of the late Chief of Kágal. In Ratnágiri, the principal item of Rs. 452-5-10 is a recurring charge on account of remissions to certain Dhárekaris in the Sangameshvar Táluka, which will cease on the introduction of the Revenue Survey. The remaining items of remissions are trifling, and call for no remark.

## Collections and Current Year's Balances.

15. The revenue for collection has risen from Rs. 63,81,161-0-1½ in 1876-77 to Rs. 64,52,715-8-4 in the year under report, the increase being Rs. 71,554-8-2½, the causes of which have been already explained above. By the close of the year, there were realized Rs. 61,56,211-5-5, or Rs. 7,45,650-9-10½ more than the preceding year, leaving a balance on the 1st August of Rs. 2,96,504-2-11, or Rs. 6,74,096-1-8 less than the sum that remained outstanding on the corresponding date in 1877. By subsequent recoveries this balance was reduced to Rs. 2,48,073-10-9 by the end of November 1878, as shown below :—

| District. | Balance on 1st August 1878. | Since collected. | Balance on 1st December 1878. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Belgaum ... ... ... | 36,796 13 1 | 3,822 3 6 | 32,974 9 7 |
| Dhárwár ... ... ... | 42,587 5 7 | 26,249 8 0 | 16,337 13 7 |
| Kaládgi ... ... ... | 2,03,962 14 9 | 11,794 12 9 | 1,92,168 2 0 |
| Kánara ... ... ... | 2,035 1 10 | *58 11 9 | 1,976 6 1 |
| Ratnágiri ... ... ... | 11,121 15 8 | 6,505 4 2 | 4,616 11 6 |
| Total ... | 2,96,504 2 11 | 48,430 8 2 | 2,48,073 10 9 |

## Former Years' Balances.

16. These stood at the beginning of the year at Rs. 10,41,620-10-3, of which Rs. 7,95,930-9-7 were collected and adjusted during the year, leaving Rs. 2,45,690-0-8 on the 31st July 1878. This satisfactory result is due to the tact and discrimination with which the several Collectors have carried out the orders of Government on the subject. The outstanding balance has since been brought down to Rs. 2,13,576-1-5, the greater portion of which, it is hoped, will, in consequence of the favourable prospects of the present season, be realized during the current year.

17. The subjoined table shows the distribution of the entire balances for both the current and the former years, as they stood on the 1st August 1878 :—

| Collectorates. | | Current Year's Balances. | Former Years' Balances. | Total. |
|---|---|---|---|---|
| | | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Belgaum ... | Recoverable ... ... ... | 18,216 9 7 | 40 0 3 | 18,256 9 10 |
| | Irrecoverable ... ... ... | ..... | ..... | ..... |
| | Doubtful and disputed ... | 18,580 3 6 | 13,693 2 2 | 32,273 5 8 |
| | Total ... | 36,796 13 1 | 13,733 2 5 | 50,529 15 6 |
| Dhárwár ... | Recoverable ... ... ... | 42,587 5 7 | 17,815 11 9 | 60,403 1 4 |

| | Irrecoverable ... ... ... | ..... | ..... | ..... |
| | Doubtful and disputed ... | ..... | ..... | ..... |
| | Total ... | 2,03,962 14 9 | 1,91,883 8 1 | 3,95,846 6 10 |

* Up to the 20th September 1878.

| Collectorates. | | Current Year's Balances. | Former Years' Balances. | Total. |
|---|---|---|---|---|
| | | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Kánara ... | Recoverable ... ... ... | 2,035 1 10 | 14,173 10 4 | 16,208 12 2 |
| | Irrecoverable ... ... ... | ..... | ..... | ..... |
| | Doubtful and disputed ... | ..... | ..... | ..... |
| | Total ... | 2,035 1 10 | 14,173 10 4 | 16,208 12 2 |
| Ratnágiri... | Recoverable ... ... ... | 9,121 5 7 | 1,922 9 3 | 11,043 14 10 |
| | Irrecoverable ... ... ... | 191 9 10 | 1,791 13 0 | 1,983 6 10 |
| | Doubtful and disputed ... | 1,809 0 3 | 4,369 9 10 | 6,178 10 1 |
| | Total ... | 11,121 15 8 | 8,084 0 1 | 19,205 15 9 |
| Total ... | Recoverable ... ... ... | 2,75,923 5 4 | 2,25,835 7 8 | 5,01,758 13 0 |
| | Irrecoverable ... ... ... | 191 9 10 | 1,791 13 0 | 1,983 6 10 |
| | Doubtful and disputed ... | 23,389 3 9 | 18,062 12 0 | 38,451 15 9 |
| | Grand Total ... | 2,96,504 2 11 | 2,45,690 0 8 | 5,42,194 3 7 |

18. The sum of Rs. 32,273-5-8 shown as "doubtful and disputed" in Belgaum, is stated to be due by poorer ryots and by those who absconded during the Famine without making any arrangements for the payment of their dues. It is probable that some portion of this as well as of the balances in other districts will eventually have to be foregone on account of poverty and emigration; but to what extent cannot be ascertained till the time of the current year's Jamábandi.

### Taga'vi Advances and Balances.

19. Huzur Forms Nos. 13D, 13D (I), 14E and 14E (I).—Appendices Nos. 4 to 7 show, in contrast with the previous year, the details of these grants and the objects for which they were made. It will be seen that Rs. 1,925 were advanced under the Land Improvement Act in 25 villages, chiefly for sinking wells, and Rs. 52,099 as ordinary Tagávi advances in 319 villages, for the purchase of seed and bullocks. No advances were applied for in the Kánara district.

20. The collections made on account of current and former years were—

| | Rs. a. p. |
|---|---|
| Under the Act ... ... ... | 4,207 0 0 |
| Ordinary... ... ... ... | 24,782 4 0 |
| Total Rs. ... | 28,989 4 0 |

leaving for future recovery Rs. 46,242-12-0, of which

| | |
|---|---|
| Fall due in future years ... ... | 40,579 4 0 |
| Fell due in the current year ... ... | 5,328 8 0 |
| Do. in former years ... ... | 335 0 0 |

21. In no district was any sum recommended to be written off as irrecoverable.

### Cultivation and Chief Products.

22. Huzur Form No. 16 G.—Appendix No. 8 gives the particulars of the extent of culturable and cultivated land bearing assessment, as compared with the previous year; and the following analysis shows the area under cultivation, the quantity of land left waste, and the percentage which the waste bears to the culturable area during the year under report:—

| Collectorates. | Total extent of Culturable Land in 1877-78. | Cultivated in | | 1877-78. | | Land left Waste in 1877-78. | Percentage of Waste on the Culturable Area. |
|---|---|---|---|---|---|---|---|
| | | 1877-78. | 1876-77. | Increase. | Decrease. | | |
| | Acres g. a. | Acres g. a. | Acres g. a. | Acres. g. a. | Acres. g. a. | Acres. g. a. | |
| Belgaum ... | 11,91,610 26 6 | 11,12,034 30 0 | 11,13,906 20 0 | ..... | 1,871 30 0 | 79,575 36 6 | 6·6 |
| Dhárwár ... | 16,51,842 37 4 | 15,65,396 10 4 | 15,43,567 2 0 | 21,829 8 4 | ..... | 86,446 27 0 | 5·2 |
| Kaládgi ... | 21,65,008 16 8 | 20,91,733 10 8 | 20,99,231 22 8 | ..... | 7,498 12 0 | 73,275 6 0 | 3·3 |
| Ratnagiri ... | 9,40,403 4 12 | 10,04,528 1 0 | 10,03,781 23 4 | 746 17 12 | ..... | ..... | ... |
| Total... | 59,48,865 4 14 | 57,73,692 11 12 | 57,60,486 27 12 | 22,575 26 0 | 9,370 2 0 | 2,39,297 29 6 | 4·02 |

23. The decrease in Belgaum and Kaládgi is owing to lands being thrown up by the occupants, while the increase in Dhárwár is chiefly due to the resumption of Shetsandi and Talwar lands. The survey having not yet been introduced into the whole of Kánara, the information regarding that district cannot be supplied. The figures for Ratnágiri, which like Kánara, is not yet wholly surveyed are approximate only.

HUZUR FORM NO. 17 H.

24. Appendix No. 9 supplies statistics regarding the area under cultivation and the average quantity of seed sown, and the yield per acre of the principal products of each district. As remarked in the last year's report, the information contained in it is not very reliable.

SAYER REVENUE, FINANCIAL RESULTS.

25. Huzur Forms 18 I (A) and 18 I (B)—Appendices Nos. 10 and 11 give the details of the Sayer Revenue, contrasted with that of the year preceding. In Appendix No. 12, which is an abstract of these forms, will be found the increase and decrease in each district under the several headings.

26. The gross revenue of the year amounts to Rs. 4,25,127-11-6. In the previous year it amounted to Rs. 6,91,887-3-8, thus showing a large decrease of Rs. 2,66,759-8-2. The items and the districts in which the fluctuations occur are shown below :—

| Items. | INCREASE. | | | | | |
|---|---|---|---|---|---|---|
| | Belgaum. | Dhárwár. | Kaládgi. | Kánara. | Ratnágiri. | Total. |

| Total ... | 52,764 13 10 | 1,25,364 9 2 | 97,972 4 9 | 2,433 11 7 | 90 11 3 | 2,78,626 2 7 |
| | | | | | | 11,866 10 5 |
| | | | | | Net Decrease ... | 2,66,759 8 2 |

27. It will be seen from the foregoing table that there has been a considerable fall of revenue from licenses for manufacture and sale of country liquor,

chiefly in the Districts of Belgaum, Dhárwár and Kaládgi. It is attributable to want of competition at auction sales owing to stagnation of trade and poverty of the people brought on by the late famine.

28. The loss of revenue, Rs. 24,364, from farms for date-trees in Kaládgi has resulted from the destruction of a large number of these trees for the sake of their hearts, which were eaten by the poor during the famine.

29. The decrease in the amounts from Ganja, Bhang, and Chandol is also due to smaller bids.

30. The increase, Rs. 4,996-1-7 in the Ratnágiri District in the proceeds of licenses for country liquor is owing to higher bids. The increase in Ratnágiri and the decrease in Kánara under the head " XX Miscellaneous " in the Financial accounts call for no remark, as they do not, strictly speaking, appertain to Sayer Revenue.

31. The subjoined table gives the incidence of the Abkári receipts per head of population for each of the years 1877-78 and 1876-77.

| Collectorates. | Population according to Census. | Abkári Receipts in 1877-78. | Payment per head. | Abkári Receipts in 1876-77. | Payment per head. |
|---|---|---|---|---|---|
| | | Rs. | Rs. a. p. | Rs. | Rs. a. p. |

## Remissions.

32. No remissions were granted anywhere during the year under report.

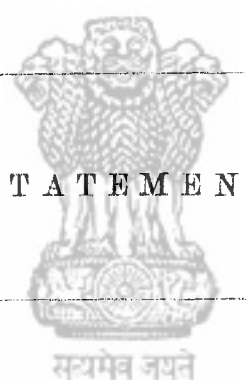

## Collection and Balances of the Current Year.

33. The sum of Rs. 4,22,142-1-5 was collected during the year against Rs. 6,10,192-11-4 in 1876-77. The balance of Rs. 2,985-10-1 at the close of the year, as well as that for former years amounting to Rs. 22,995-4-11 has by subsequent recoveries* been reduced to Rs. 13,435-3-5, the greatest portion of which pertains to Kaládgi and will be recovered in due course.

| | Rs. | a. | p. |

35. Huzur Form No. 20 K.—Appendix No. 13 is a constrasted statement of allowances due to village and District Hereditary Officers in each Collectorate of the Division. The causes of the increase and decrease in the several items have been explained at the foot of the statement.

36. Huzur Form No. 21 L.—Appendix No. 14 is a contrasted statement showing the area of occupied land thrown up and waste land taken up for cultivation in the several districts of the division. Its supplement No. 15 contains the details of the causes of the increase and decrease of the land brought under cultivation during the year of report. The principal items are exhibited below in comparison with those of the last year :—

| Years. | Total occupied Land. | | Waste Land bought in by Government of Revenue Defaulters. | | Land taken up for Cultivation. | |
|---|---|---|---|---|---|---|
| | Area. | Assessment. | Area. | Assessment. | Area. | Assessment. |
| | A. g. a. | Rs. a. p. | A. g. a. | Rs. a. p. | A. g. a. | Rs. a. p. |
| 1877-78 ... ... | 57,60,486 27 12 | 43,30,465 3 8 | 208 12 0 | 217 0 0 | 29,969 23 12 | 58,032 11 3 |
| 1876-77 ... ... | 57,39,473 25 1 | 42,03,695 13 3 | 139 11 0 | 87 8 0 | 31,859 35 4 | 1,45,633 11 2 |
| 1877-78. Increase ... | 21,013 2 11 | 1,26,769 6 5 | 69 1 0 | 129 8 0 | ..... | ..... |

37. An abstract of Huzur Form No. 9—Appendix No. 16 showing the average incidence of Government demand on dry-crop, garden, and rice lands, and of the share of Government demand on alienated lands is given below :—

| Collectorates. | Average incidence of Government demand per Acre. | | | | Average incidence of demand on both. |
|---|---|---|---|---|---|
| | On Dry-crop Lands. | On Garden Lands. | On Rice Lands. | On Alienated Lands. | |
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Belgaum ... ... ... ... | 0 10 2 | 2 15 11 | 2 13 0 | 0 5 3 | 0 8 9 |
| Dhárwár ... ... ... ... | 0 14 10 | 5 8 2 | 2 3 0 | 0 9 4 | 0 13 11 |
| Kaládgi ... ... ... ... | 0 7 9 | 1 5 8 | 1 9 9 | 0 5 1 | 0 7 1 |
| Kánara ... ... ... ... | 0 7 5 | 8 8 11 | 3 0 9 | ..... | 1 3 2 |
| Ratnágiri ... ... ... ... | 0 5 10 | 9 14 2 | 4 6 7 | 0 3 2 | 0 14 9 |

38. As observed in the last year's report, Dhárwár yields the largest average amount per acre, both for dry-crop and garden lands, and Kaládgi the smallest. The figures for Kánara and Ratnágiri cannot be used for comparison as the survey is as yet only partially introduced into those districts.

39. Huzur Form No. 25 P.—Appendix No. 17 shows the details of lands set apart for special and public purposes during the year 1877-78. Large areas are assigned for forests, cattle pasture, and standing places.

40. Huzur Form No. 26 Q.—Appendix No. 18 is a statement showing the number and extent of occupancies for each táluka and district. It also includes Inám lands in Government villages. The number of the largest and smallest holdings, and the average size of each are stated below :—

| Collectorates. | Number of Holdings. | | Average size of Occupancies. |
|---|---|---|---|
| | Not exceeding 5 Acres. | Exceeding 1,000 Acres. | |
| | | | A. g. a. |
| Belgaum ... ... ... ... | 9,058 | 19 | 25 15 9 |
| Dhárwár ... ... ... ... | 6,886 | 10 | 29 0 13 |
| Kaládgi ... ... ... ... | 3,043 | 18 | 36 22 6 |
| Kánara... ... ... ... ... | 15,253 | ..... | 10 15 11 |
| Ratnágiri ... ... ... ... | 58,024 | 10 | 10 4 14 |

41. Appendix No. 19 furnishing statistics regarding live stock, ploughs and carts will be sent hereafter, as the return from Dhárwár has not yet been received.

I have the honour to be,

Sir,

Your most obedient Servant,

L. REID,

Acting Commissioner, S.D.

# APPENDIX No. I.

## HUZUR FORM No. 10 (A).

*Contrasted Statement exhibiting the Gross and Net Land Revenue of the several Collectorates in the Southern Division for the Land Revenue years A. D.* 1877-78 *and* 1876-77, *together with the amount of Realizations, Remissions, and Sums written off, and of the Balances outstanding on account of current and former years up to the* 1st *August of each year.*

L. REID,
Acting Commissioner, S. D.

PRINTED AT THE GOVERNMENT CENTRAL PRESS.

# JAMABANDI REPORT

FOR THE

# KANARESE DISTRICTS,

1876-77.

No. 585 of 1878.

Revenue Department.

From

A. GREY, Esq.,
Commissioner, Southern Division;

To

The Hon'ble E. W. RAVENSCROFT, C.S.I.,
Chief Secretary to Government.

*Belgaum*, 19*th March* 1878.

Sir,

I have the honour to submit the following report on the Land and Sayer Revenue Settlement of the Kanarese Districts for the year 1876-77, together with the Appendices as noted below :—

1. Huzur Form No. 10 A—Contrasted Statement of the Gross and Net Land Revenue together with Remissions and Balances outstanding.
2. Supplement to Huzur Form No. 10 A—Statement showing the Minor Items of Revenue entered in column 22 of the above named Form.
3. Contrasted Statement being an Analysis of No. 10 A.
4. Huzur Form No. 13 D—Contrasted Statement of Advances under the Land Improvement Act.
5. Ditto No. 13 D (I)—Contrasted Statement of Ordinary Takavi Advances.
6. Ditto No. 14 E—Statement showing the objects for which Advances under the Land Improvement Act were given.
7. Ditto No. 14 E (I)—Statement showing the objects for which Ordinary Takavi Advances were given.
8. Ditto No. 16 G—Contrasted Statement of Cultivated Lands.
9. Ditto No. 17 H—Statement showing the average amount of Seed sown, and average yield per Acre of each of the principal Products.
10. Huzur Form No. 18 I (A)—Contrasted Statement of Sayer Revenue.
11. Huzur Form No. 18 I (B)—Contrasted Statement of Sayer Revenue other than those embodied in Form No. 18 I (A).
12. Huzur Form No. 18 I (C)—Contrasted Statement, being an Analysis of Statements No. 18 I (A and B).
13. Huzur Form No. 20 K—Contrasted Statement of the allowances of Village and District Hereditary Officers including Miscellaneous Allowances.
14. Huzur Form No. 21 L—Contrasted Statement showing the Area of Occupied Land thrown up and Waste Land taken up for Cultivation.
15. Huzur Form No. 21 L Supplementary—Explanatory Statement of the reasons of Increase and Decrease in the Area of Land thrown out of and taken up for Cultivation.
16. Huzur Form No. 9—Statement showing the average incidence of Government demand on Government and Alienated Lands paying Quit Rent
17. Huzur Form No. 25 P—Statement showing the Details of Land set apart for special and public purposes.
18. Huzur Form No. 26 Q—Statement showing the Number and Extent of Occupancies.
19. Statement showing the number of Cattle, Carts, Ploughs, &c.

## Appendix No. 1.

### Villages.

2. Reviewing the Appendices in order, I subjoin a table showing in contrast with the year 1875-76 the number of villages in each district for the year 1876-77 :—

| Districts. | Villages. | | | | | | Number in 1876-77. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Number in 1876-77. | | | Number in 1875-76. | | | Increase. | | | Decrease. | | |
| | Government. | Alienated. | Total. | Government. | Alienated | Total. | Government. | Alienated. | Total. | Government. | Alienated. | Total. |
| Belgaum ... ... | 894 | 239 | 1,133 | 894 | 239 | 1,133 | ... | ... | ... | ... | ... | ... |
| Dharwar ... ... | 1,280 | 156 | 1,436 | 1,278 | 158 | 1,436 | 2 | ... | 2 | ... | 2 | 2 |
| Kaládgi ... .. | 1,009 | 195 | 1,204 | 1,009 | 195 | 1,204 | ... | .. | ... | ... | ... | ... |
| Kanara ... ... | 1,152 | ... | 1,152 | 1,139 | .. | 1,139 | 13 | | 13 | ... | ... | ... |
| Total ... | 4,335 | 590 | 4,925 | 4,320 | 592 | 4,912 | 15 | ... | 15 | ... | 2 | 2 |

3. The increase of two in Government and corresponding decrease in alienated villages in the Dharwar District is caused by the temporary resumption by Government of the villages of Gamangatté and Begur, pending the settlement of the question of their regrant to Shivaji Tirmal of Misrikot, in accordance with Government Resolution No. 93 dated 8th January 1877.

4. The increase of 13 Government villages in the Kanara District is due to the operations of the Survey Department, certain hamlets having been brought to account as villages during the year.

### Hamlets.

5. It will be seen from the following table that the total number of hamlets has decreased from 3,454 in 1875-76 to 3,447 in 1876-77. The decrease of seven Government hamlets in the Kanara District is explained by the remarks in the preceding para :—

| Districts. | Hamlets. | | | | | | In 1876-77. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Number in 1876-77. | | | Number in 1875-76. | | | Increase. | | | Decrease. | | |

| Dharwar ... ... | 175 | 10 | 185 | 175 | 10 | 185 | ... | ... | ... | ... | ... | ... |
| Kaládgi ... ... | 111 | 17 | 128 | 111 | 17 | 128 | ... | ... | ... | ... | ... | ... |
| Kanara ... ... | 2,673 | ... | 2,673 | 2,680 | ... | 2,680 | ... | ... | ... | 7 | ... | 7 |
| Total . | 3,299 | 148 | 3,447 | 3,306 | 148 | 3,454 | | ... | ... | 7 | ... | 7 |

### Land Revenue—Financial Results.

6. Appendix No. 3, which is an abstract of Appendix No. 1, contrasts the financial results of the Land Revenue Settlement of the year under report with those of the year preceding. The subjoined figures show at a glance the increase and decrease under the different headings :—

| Items. | 1876-77. | | | 1875-76. | | | Increase. | | | Decrease. | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. | Rs. | a. | p. |
| Gross Land Revenue ... | 70,20,728 | 7 | 10½ | 68,68,451 | 11 | 3 | 1,52,276 | 12 | 7½ | ..... | | |
| Alienations ... ... | 13,97,737 | 10 | 6 | 13,41,278 | 11 | 4 | 56,458 | 15 | 2 | ..... | | |
| Government Revenue . | 56,19,658 | 5 | 9½ | 55,24,275 | 9 | 3 | 95,382 | 12 | 6½ | ..... | | |
| Public Works Revenue from Irrigation ... | 3,332 | 7 | 7 | 2,897 | 6 | 8 | 435 | 0 | 11 | ..... | | |
| Remissions ... ... | 1,47,321 | 0 | 6 | 1,22,387 | 2 | 8 | 24,933 | 13 | 10 | ..... | | |
| Amount for collection . | 54,72,337 | 5 | 3½ | 54,01,888 | 6 | 7 | 70,448 | 14 | 8½ | ..... | | |
| Collections ... ... | 45,18,795 | 0 | ½ | 53,86,098 | 9 | 1 | ..... | | | 8,67,303 | 9 | ¼ |
| Balances on account of current year ... | 9,53,542 | 5 | 3 | 15,789 | 13 | 6 | 9,37,752 | 7 | 9 | ..... | | |
| Balances on account of former years ... | 63,667 | 4 | 8 | 50,941 | 12 | 5 | 12,725 | 8 | 3 | ..... | | |

## Gross Land Revenue.

| | Rs. | a. | p. |
|---|---|---|---|
| Belgaum ... ... ... ... | 5,432 | 9 | 10 |
| Dharwar ... ... ... ... | 90,824 | 7 | 6 |
| Kaládgi ... ... ... ... ... | 48,401 | 12 | ½ |
| Kanara ... ... ... ... ... | 7,617 | 15 | 3 |
| Total ... | 1,52,276 | 12 | 7½ |

7. The increase under this head of Rs. 1,52,276-12-7½ occurs in all the Districts of this Division as shown in the margin. The causes which have led to this increase will be detailed further on.

## Alienations.

| Districts. | Increase. | | | Decrease. | | |
|---|---|---|---|---|---|---|
| | Rs. | a. | p. | Rs. | a. | p. |
| Belgaum ... ... ... ... | ..... | | | 1,113 | 3 | 0 |
| Dharwar ... ... ... ... | 43,438 | 2 | 1 | ..... | | |
| Kaládgi ... ... ... ... | 14,134 | 0 | 1 | ..... | | |
| Total ... | 57,572 | 2 | 2 | | | |
| | 1,113 | 3 | 0 | | | |
| Net ... | 56,458 | 15 | 2 | | | |

8. The net increase amounts to Rs. 56,458-15-2, as will be seen from the figures given in the margin. The increase and the decrease are accounted for as follows:—

*Belgaum.*

| | | | Rs. | a. | p. |
|---|---|---|---|---|---|
| *Decrease—* | | | | | |
| Inám and Shetsandi Lands held on life tenures having been made Khálsá in consequence of the holders' deaths ... | | | 266 | 0 | 0 |
| The revision of the remuneration of Patils and Kulkarnis... | | | 693 | 0 | 0 |
| The levy of Judi from the Inámdar of the villages of Ankli, Manjri and Nez, in the Chikodi Taluka, formerly held on life tenure, now made hereditary on payment of two-thirds Judi ... ... ... ... ... | | | 6,185 | 0 | 0 |
| Miscellaneous items ... ... ... ... | | | 346 | 15 | 0 |
| | | | 7,490 | 15 | 0 |
| *Deduct increase—* | Rs. | a. | p. | | |
| The revenue of certain Inám villages received in kind having been for the first time brought to account ... | 6,165 | 8 | 0 | | |

## Government Revenue.

9. The realizable Land Revenue of the year, deducting Alienations and Public Works Revenue from Irrigation amounted to Rs. 56,19,658-5-9½ or Rs. 95,382-12-6½ in excess of the revenue for the preceding year. The increase occurs in all the districts, as shown in the margin, and is thus explained by the Collectors :—

| | Rs. a. p. |
|---|---|
| Belgaum... ... ... ... ... | 6,545 12 10 |
| Dharwar... ... ... ... ... | 46,981 4 6 |
| Kaládgi ... ... ... ... ... | 34,237 11 11½ |
| Kanara ... ... ... ... ... | 7,617 15 3 |
| Total ... | 95,382 12 6½ |

*Belgaum.*

| | | |
|---|---|---|
| *Increase—* | | |
| The levy of Judi from the Inámdar of the villages of Ankli, Manjri and Nez, in the Chikodi Taluka, which were formerly held on life tenure, but have been now made hereditary on acceptance of the terms of the Terminable Settlement ... ... ... | | Rs. a. p. 6,185 0 0 |
| *Increase—* | | |
| Payment made by the Inámdar of the above named villages to make up the amount of Judi for 10 years under the Rules of the Terminable Settlement, the late holder having died before the expiry of that period ... | | 7,178 0 0 |
| Lapsed and resumed holdings ... ... ... | | 595 0 0 |
| Revision of the remuneration of Patils and Kulkarnis ... | | 693 0 0 |

| | | 1,956 15 3 |
| Net increase... | | 7,617 14 3 |

10. It will be observed that the greatest increase has taken place in the Dharwar and Kaládgi Districts, owing chiefly to the introduction of revised Survey rates.

11. The amount of pressure which it was found necessary to exercise in order to realize the Government demand can be judged from the large increase of Rs. 10,972 received on account of notice fees. This was owing to the widespread belief entertained by ryots who were able to pay the assessment, that in consequence of the failure of crops in the famine-stricken districts, extreme measures would not be adopted to compel payment of the Land Revenue.

| | Rs. |
|---|---|
| Belgaum ... ... | 1,578 |
| Dharwar ... .. | 7,439 |
| Kaládgi ... ... | 1,955 |
| Total ... | 10,972 |

PUBLIC WORKS REVENUE FROM IRRIGATION.

12. The realizations amount to Rs. 3,332-7-7 against Rs. 2,897-6-8 in 1875-76. The increase chiefly occurs in the Dharwar District. In the Belgaum and Kanara Collectorates no revenue is derived from this source.

REMISSIONS.

13. The remissions granted during the year amounted in the aggregate to Rs. 1,47,321-0-6, being more than the previous year by Rs. 24,933-13-10. Of this sum Rs. 15,907-0-7 are owing to the introduction of the revised Survey rates, and are merely nominal entries, and Rs. 1,17,325-7-11 represent the customary deductions from the annual gross revenue of the Kanara District. Deducting these two large sums, the net remissions amount to Rs. 14,088-8-0, of which no less than Rs. 12,969-9-9 were especially granted on account of the failure of crops consequent on the drought which occurred in the year under report, leaving only Rs. 1,118-14-3 due to poverty and desertion of cultivators, injury by accidents, and other causes for which remissions are granted in ordinary years.

COLLECTIONS AND CURRENT YEAR'S BALANCES.

14. The revenue for collection amounted to Rs. 54,72,337-5-3½, which compared with the preceding year shows an increase of Rs. 70,448-14-8½ in favour of the year under report. The causes of this increase have been already explained in the preceding paras. Of the sum of Rs. 54,72,337-5-3½ there were collected by the end of July Rs. 45,18,795-0-½, leaving balance on the 1st August amounting to Rs. 9,53,542-5-3, or Rs. 9,37,752-7-9 more than the sum that remained outstanding on the corresponding date in 1876. In consequence of the failure of the crops and the unfavourable season, the greater portion of this balance was held in abeyance under the orders of Government; but the rain that fell in the autumn enabled the District Officers to proceed with the collections, and the large deficit was brought down to Rs. 8,49,779-13-0 by the end of December 1877, as shown below:—

| Districts. | Balance on 1st August 1877. | Since collected. | Balance on 1st January 1878. |
|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Belgaum ... ... ... | 1,18,234 6 5 | 42,859 11 11 | 75,374 10 6 |
| Dharwar ... ... ... | 72,423 2 3 | 10,901 7 7 | 61,521 10 8 |
| Kaládgi ... ... ... | 7,48,382 5 3 | 49,797 7 7 | 6,98,584 13 8 |
| Kanara ... ... ... | 14,502 7 4 | 203 13 2 | *14,298 10 2 |
| Total ... | 9,53,542 5 3 | 1,03,762 8 3 | 8,49,779 13 0 |

15. The collection of this balance is still in progress; but it is anticipated that at the close of the present year, there will be a certain amount remaining uncollected in parts of the Kaládgi and Belgaum Districts. The balances in Kanara were chiefly due to injunctions from the Civil Courts restraining the collection of the Land Revenue, and their ultimate recovery will depend upon the issue of the appeal in the representative case which has been preferred to Her Majesty's Privy Council.

* At date of the Collector's report, viz., 9th October 1877.

## Former Years' Balances.

16. These amounted at the beginning of 1876-77 to Rs. 66,731-9-11, of which Rs. 3,064-5-3 were collected and adjusted during the year, as shown in the margin, leaving on 31st July 1877 Rs. 63,667-4-8, for the adjustment of which measures are in progress. It will be seen that there were no balances on account of former years in the Dharwar and Kaládgi Collectorates. The balance outstanding in Kanara is due to the causes already explained.

| Collectorates. | Balance on 1st August 1876. | Amount collected. | Amount written off. | Total. | Balance on 31st July 1877. |
|---|---|---|---|---|---|
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Belgaum ... ... | 801 7 3 | ..... | 557 9 3 | 557 9 3 | 243 14 0 |

| Kaladgi ... ... | 14 0 0 | 14 0 0 | ..... | 14 0 0 | ..... |
| Kanara ... ... | 65,581 1 8 | 1,993 11 11 | 163 15 1 | 2,157 11 0 | 63,423 6 8 |
| Total ... | 66,731 9 11 | 2,342 12 11 | 721 8 4 | 3,064 5 3 | 63,667 4 8 |

17. The subjoined table shows the distribution of the entire balances for both current and former years as they stood on 31st July 1877. As mentioned above, the balance for the current year has by subsequent recoveries been reduced to Rs. 8,49,779-13-0, and that for former years to Rs. 63,596-2-5, Rs. 71-2-3 having been collected in Kanara since the close of the year. The total outstanding balance for the entire Division as it stood on 1st January 1878 is Rs. 9,13,375-15-5 :—

| Collectorates | | Current Year's Balances. | Former Year's Balances. | Total. |

| | Irrecoverable ... ... | 46 13 0 | 107 4 0 | 154 1 0 |
| | Doubtful and disputed ... | ..... | 196 13 9 | 196 13 9 |
| | Grand Total ... | 9,53,542 5 3 | 63,667 4 8 | 10,17,209 9 11 |

## Takavi.

18. Appendices Nos. 4, 5, 6, and 7 show the particulars of these grants and the purposes for which the advances were made. It will be seen that Rs. 9,485 were granted as ordinary Takavi advances, and Rs. 7,300 under the Land

Improvement Act. The largest advances were given in the Belgaum Collectorate to ryots. No advances were required in the Kanara Collectorate.

19. The collections made during the year relate to the former years' advances, viz. :—

| | Rs. |
|---|---|
| Advances under the Act ... ... ... ... | 1,250 |
| „ ordinary ... ... ... ... | 166 |
| Total ... | 1,416 |

leaving a balance at the end of the year of Rs. 19,721, of which Rs. 18,599 are not yet due. It has not been found necessary in a single instance to write off an advance as irrecoverable.

## Cultivation and Chief Products.

20. Appendix No. 8—Huzur Form No. 16 G gives in detail the extent of each description of culturable land bearing assessment as compared with the preceding year. The subjoined table, which is an analysis of this form, shows the land under cultivation in 1876-77, as contrasted with that in 1875-76, and the percentage of waste on the culturable area :—

| Collectorate. | Total extent of Culturable Land in 1876-77. | Cultivated in | | 1876-77. | | Land left waste in 1876-77. | Percentage of Waste on the Culturable Area. |
|---|---|---|---|---|---|---|---|
| | | 1876-77. | 1875-76. | Increase. | Decrease. | | |
| | Acres g. a. | Acres g. a. | Acres g. a. | Acres g. a. | Acres g. a. | Acres g. a. | |
| Belgaum ... | 1,191,285 19 6 | 1,113,906 20 0 | 1,114,583 24 8 | ..... | 677 4 8 | 77,378 39 6 | 6·5 |
| Dharwar ... | 1,627,016 10 0 | 1,543,567 2 0 | 1,539,097 18 0 | 4,469 24 0 | ..... | 83,449 8 0 | 5·1 |
| Kaládgi ... | 2,164,638 39 8 | 2,099,231 22 8 | 2,084,721 0 5 | 14,510 22 3 | ..... | 65,407 17 0 | 3·02 |
| Total... | 4,982,940 28 14 | 4,756,705 4 8 | 4,738,402 2 13 | 18,980 6 3 | 677 4 8 | 226,235 24 6 | 4·5 |

21. The increase of cultivation in Dharwar and Kaládgi is due chiefly to the introduction of revised survey and settlement rates in certain talukas of those districts. The decrease in Belgaum is owing to the resignation of lands by occupants. The figures for Kanara cannot be supplied, as the survey has not yet been introduced into the whole of that district.

22. Huzur Form No. 17 H.—Appendix No. 9 shows the average seed sown and the average yield per acre of each of the principal products in the several districts of the division. It will be seen that the quantity of seed sown per acre under each class varies so much in different talukas, that the returns must still be considered unreliable. The Collectors have been requested to impress upon the Mámlatdárs the necessity of bestowing more care upon the preparation of these parts of the statement; but there are great difficulties in obtaining accurate statistics regarding agriculture.

23. Information regarding twice-cropped land and fallows is added to this statement, as desired in Government Resolution No. 14, dated 2nd January 1878.

## Sayer Revenue—Financial Results.

24. In Appendices Nos. 10 and 11 will be found the details of the Sayer Revenue of the division contrasted with that for the preceding year. No 12 is an abstract of these appendices, and shows the increase and decrease in each district under the several headings.

25. The gross excise revenue of the year amounts to Rs. 6,17,072-10-0 against Rs. 5,93,767-0-10 in 1875-76, or a net increase of Rs. 23,305-9-2. The fluctuations occur in the items and districts mentioned below :—

| Items. | Increase. | | | | Decrease. | | | |
|---|---|---|---|---|---|---|---|---|
| | Belgaum. | Kaládgi. | Kanara. | Total. | Belgaum. | Dharwar. | Kaládgi. | Total. |
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Licenses for selling European liquor | 50 0 0 | .. | .. | 50 0 0 | .. | .. | .. | .. |
| Licenses under Sections 58 and 62 of Regulation 21 of 1827 | 12,609 0 0 | 10,730 0 0 | 1,928 0 0 | 25,267 0 0 | .. | 110 0 0 | .. | 110 0 0 |
| Farms for tapping date trees | .. | .. | .. | .. | .. | .. | 1,160 0 0 | 1,160 0 0 |
| Do. for selling Boja | .. | .. | .. | .. | .. | 154 0 0 | .. | 154 0 0 |
| Ganja, Bhang | 21 9 0 | .. | 37 0 0 | 58 9 0 | .. | 309 0 0 | 5 0 0 | 314 0 0 |
| Majum | .. | .. | .. | .. | .. | 16 0 0 | .. | 16 0 0 |
| Chandol | .. | .. | .. | .. | 15 0 0 | .. | .. | 15 0 0 |
| Items under "18 Miscellaneous" | 544 0 9 | .. | 433 11 11 | 977 12 8 | .. | 310 14 6 | 1,034 1 1 | 1,344 15 7 |
| Other Miscellaneous items of Abkári | 77 6 2 | .. | 3 12 7 | 81 2 9 | .. | 7 14 3 | 7 1 5 | 14 15 8 |
| Total | 13,301 15 11 | 10,730 0 0 | 2,402 8 6 | 26,434 8 5<br>3,128 15 3 | 15 0 0 | 907 12 9 | 2,206 2 6 | 3,128 15 3 |
| | | | Net increase.. | 23,305 9 2 | | | | |

26. It will be seen that the large increase in the Belgaum and Kaládgi Districts occurs in the items on account of licenses for manufacture and sale of country liquors, and is due to the competition that took place at the auction sales of the farms. The increase in the other items is trifling and needs no remark.

27. The decrease in Dharwar is attributable to the absence of competition at the auction sales of liquor, ganja, bhang, and other contracts.

28. The amount of Rs. 29,020 realized exclusively from farms for tapping date trees in the Kaládgi District during 1875-76 was apparently included in the fees for licenses for the manufacture and sale of country liquor in Huzur Form No. 181 (A) appended to the Jamabandi Report for that year. It has now been shown in its proper place in Appendix No. 10.

29. The incidence of the Abkári receipts for 1876-77, as contrasted with those for 1875-76, is shown in the following table :—

| Collectorates. | Population according to Census. | Abkári Receipts in 1876-77. | Payment per Head. | Abkári Receipts in 1875-76. | Payment per Head. |
|---|---|---|---|---|---|
| | | Rs. | Rs. a. p. | Rs. | Rs. a. p. |
| Belgaum ... ... ... | 938,750 | 1,37,075 | 0 2 4 | 1,24,416 | 0 2 1 |
| Dharwar ... ... ... | 988,037 | 2,30,856 | 0 3 9 | 2,31,120 | 0 3 9 |
| Kaládgi ... ... ... | 816,037 | 1,21,593 | 0 2 5 | 1,12,023 | 0 2 2 |
| Kanara ... ... ... | 398,406 | 1,09,422 | 0 4 5 | 1,07,494 | 0 4 4 |

## Remissions.

30. In consequence of the loss of custom sustained owing to the famine, remissions to the extent of Rs. 44,656-4-0 were granted to certain liquor contractors in the Dharwar District under circumstances detailed in the Collector's letter No. 1775, dated 22nd June 1877, submitted to Government with my memorandum No. 1070, dated 6th July following. Applications for remissions from the liquor contractors in the Belgaum and Kaládgi Districts were discouraged, and were generally not entertained.

## Collections and Balances of the current Year.

31. The realizable revenue of the year amounted to Rs. 5,72,416-6-0, being less than that of the year preceding by Rs. 21,331-15-4. Of this Rs. 5,37,217-12-7 were collected by the close of the year, leaving an outstanding balance of Rs. 35,198-9-5 on 1st August 1877. This balance has by subsequent recoveries* been reduced to Rs. 29,315-3-9.

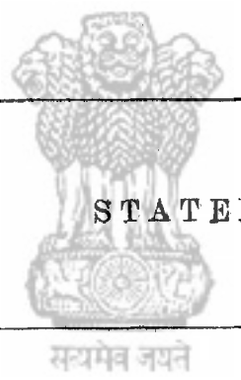

| | Rs. a. p. |
|---|---|
| * Belgaum ... ... ... ... | 306 0 0 |
| Dharwar ... ... ... ... | 2,432 3 8 |
| Kaladgi ... ... ... ... | 3,030 2 0 |
| Kanara ... ... ... ... | 115 0 0 |
| Total... | 5,883 5 8 |

32. The balance for former years appears in Kaládgi alone, and is being recovered by annual instalments, in accordance with Government Resolution No. 4686, dated 31st August 1874.

33. The current and former years' balances are as follows:—

| Districts. | | Current Year's Balances. | Former Years' Balances. | Total. |

35. Huzur Form No. 21 L.—Appendix No. 14 shows the area of occupied land thrown out of cultivation and waste land taken up. The supplement to this form, Appendix No. 15, gives in detail the causes of increase and decrease in the amount of land under cultivation during the year. The following abstract exhibits the principal items contrasted with those for the previous year :—

| Years. | | Total Occupied Land. | | Waste Land bought by Government of Revenue Defaulters. | | Land taken up for Cultivation. | |
|---|---|---|---|---|---|---|---|
| | | Area. | Assessment. | Area. | Assessment. | Area. | Assessment. |
| | | A. g. a. | Rs. a. p. | A. g. a. | Rs. a. p. | A. g. a. | Rs. a. p. |
| 1875-76 ... ... | | 4,738,402 2 13 | 33,45,070 4 2 | 123 33 0 | 64 0 0 | 68,952 4 0 | 1,49,070 1 3 |
| 1876-77 ... ... | | 4,756,705 4 8 | 34,46,623 4 10 | 139 11 0 | 87 8 0 | 28,745 6 0 | 1,08,854 4 2 |
| In 1876-77. | Increase ... | 18,303 1 11 | 1,01,553 0 8 | 15 18 0 | 23 8 0 | 40,206 38 0 | ..... |
| | Decrease ... | ..... | ..... | ..... | ..... | ..... | 40,215 13 1 |

36. Appendix No. 16—Huzur Form No. 9 gives the average incidence of Government demand on dry-crop, garden, and rice lands, and of the share of Government demand on alienated lands. The following is an abstract of this statement :—

| Collectorates. | Average incidence of Government demand per Acre. | | | | Average incidence of demand on both. |
|---|---|---|---|---|---|
| | On Dry-crop lands. | On Garden Lands. | On Rice Lands. | On Alienated Lands. | |
| | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. | Rs. a. p. |
| Belgaum ... ... ... | 0 10 2 | 3 0 2 | 2 14 6 | 0 5 3 | 0 8 9 |
| Dharwar ... ... ... | 0 14 10 | 5 8 2 | 2 3 0 | 0 8 8 | 0 13 7 |
| Kaládgi ... ... ... | 0 7 9 | 1 5 8 | 1 9 8 | 0 5 1 | 0 7 1 |
| Kanara ... ... ... | 0 7 5 | 8 8 10 | 2 8 6 | ... | 1 12 5 |

37. The figures against Kanara relate only to the surveyed portion of the district. Dharwar yields the largest average amount per acre, both of dry-crop and garden lands, and Kaládgi the smallest.

38. Huzur Form No. 25 P.—Appendix No. 17 contains the details of land set apart for special and public purposes during the year under report. It will be seen that the largest areas are assigned for forests, cattle pasture, and cattle standing places, and for village sites.

39. Huzur Form No. 26 Q.—Appendix No. 18 shows the extent and number of occupancies, including Inám lands. The number of the smallest and largest holdings, and the average size of each, are given below :—

| Districts. | Number of Holdings. | | Average size of Occupancies. |
|---|---|---|---|
| | Not exceeding 5 Acres. | Exceeding 1,000 Acres. | |
| | | | A. g. |
| Belgaum .. ... ... ... | 8,984 | 19 | 25 17 |
| Dharwar ... ... ... ... | 6,763 | 12 | 28 34 |
| Kaládgi ... ... ... ... | 2,944 | 48 | 36 18 |
| Kanara ... ... ... ... | 15,216 | ..... | 10 10 |

40. Appendix No. 19 gives the statistics regarding cattle, sheep, goats, &c. The large decrease in the number of live stock during the present year in all the districts, except Kanara, shows that the drought must have killed many of the animals belonging to the agriculturists. The increase in Kanara is most probably the result of so many animals having been driven to the jungles of that district for pasturage during the famine.

41. Huzur Form No. 20 K.—Contrasted Statement of the Allowances of Village and District Hereditary Officers—will be submitted hereafter, certain information called for from the Collectors not having been received.

I have the honour to be,

Sir,

Your most obedient Servant,

A. GREY,

Commissioner, S.D.

# APPENDIX No. 1.

## Huzur Form No. 10 A.

*Contrasted Statement exhibiting the Gross and Net Land Revenue of the several Collectorates in the Kanarese Division for the Land Revenue years, A.D. 1876-77 and 1875-76, together with the amount of Realizations, Remissions, and Sums written off, and of the Balances outstanding on account of current and former years up to the 1st of August of each year.*
